A Nice Home Won't Cost You Much.

Don't think that only the wealthy can afford their own homes. That only serves to stifle your desire to own a home yourself.

We want to correct that mistaken idea--to prove to you that you can own your own home for the price you are now paying for rent.

Just figure how much that item has cost you in the last ten years.

Let us suppose that you paid on an average \$20 a month. That would mean \$2,400. Think what a beautiful home you could have bought with that sum.

It's not too late. Come around and let us explain our plan.

And let us show you some of the properties we have on our list.

Mr. Hewton had been ill for quite a long time, having undergone an operation in the general hospital, last spring, from which little hope of recovery was held out, although he was able to get around after some months.

The deceased was born in Battersea and lived all his life in this vicinity. Under his management the hosiery mill progressed most satisfactorily. Deceased was alderman for Victoria ward in 1896. In politics he was a

RELIEVES BAD STOMACHS.

Your Out-of-Order Stomach Will Feel Fine in Five Minutes.

If your meals don't fit comfortably or you feel bloated after eating, and you believe it is the food which fills you; if what little you eat lies like a lump of lead on your stomach; if there is difficulty in breathing after eating, eructations of sour, undigested food and acid, heartburn, breath or a belching of gas, you can make up your mind that you need something to stop food fermentation and cure indigestion.

To make every bite of food you eat aid in the nourishment and strength of your body, you must rid your Stomach of poisons, excessive acid and stomach gas, which sour your entire meal--interfere with digestion and cause so many sufferings of Dyspepsia, Bilio-sourness, Constipation, Griping, etc. Your case is no different; you are a stomach sufferer, though you may call it by some other name; your real and only trouble is that which you eat does not digest, but quickly ferments and sours, producing almost any unhealthy condition.

A case of Pepp's Diapensin will cost fifty cents at any Pharmacy here, and will convince any Stomach sufferer five minutes after taking a single dose that fermentation and sour stomach is causing the misery of Indigestion.

No matter if you call your trouble Catarrh of the Stomach, Nervousness or Gastritis, or by any other name--always remember that a certain cure is waiting at any drug store the moment you decide to begin its use.

Pepp's Diapensin will regulate any out-of-order Stomach within five minutes and digest promptly, without any gas or discomfort, all of any kind of food you eat.

About 150 members and friends of the Congregational churches of the city met in the church parlors to bid them God-speed. It was a real missionary event in the life of the church and the spirit of the gathering will long remain.

During the evening short addresses were given by Rev. D'Arcy Whitmore, Rev. A. Merahon, Rev. Frederick McCallum, Rev. J. T. Tucker, B. W. Robertson, and C. N. GIFT TO A. J. ROBINSON.

Of Livingston Bros. Who is Moving to Toronto.

Livingston Bros.' tailoring department was the scene of a pleasing incident on Monday afternoon when A. J. Robinson, who is soon to leave for Toronto, to accept a position there, was presented by the staff of the tailoring department with a neat little gift as a token of their regret at his leaving. The gift consisted of a nice travelling clock, encased in soft leather like a purse, for use in a club bag or as an easel clock for a dressing table.

A brief address was read by the foreman of the department, J. A. B. Smith, in which he expressed the regret of the department at his leaving, their appreciation of him as a fellow-workman and their sincere wishes for his future success. Mr. Robinson answered in a fitting manner and assured the department that he would always remember with pleasure the time he had spent with them. Mr. Robinson has been in the employ of Livingston Bros. for the past ten years and is well known in the city. He will be much missed by his many friends.

HOSPITAL WOMAN'S AID

Preparing for "Festival of Empire" Next October.

An interesting and well-attended meeting of the Woman's Aid Society was held yesterday afternoon, in the board room of the general hospital.

The routine business was first taken up, which consisted of reports from the different departments of the work as well as from special committees, all of which were very encouraging and satisfactory, and adopted by the society.

The most important matter under discussion was the proposal "Festival of Empire," which will be held during the early part of October next. It was decided to call a public meeting in the council chamber about April 18th, when every citizen will be cordially invited to be present and assist in the work for the hospital.

In view of this meeting and the work in connection with it, the tea and sale during Easter week will be withdrawn. The hospital visitors for the month of April are Mrs. McGowan and Mrs. Mowat.

BOSS CARPENTERS DECIDED

They Would Not Give Men Increase in Wages.

The carpenter contractors in the city, have decided that they will not give their men an increase in wages. This matter was finally decided upon, at a meeting of the bosses, held Monday night.

The men have been receiving \$3.80 per day, and made a request for \$4.00. It is not known just what action they will take in the matter. They may, of course, go on strike, but this is not known.

A contractor stated to the Whig, this morning, that the question had been discussed finally and that the bosses would not stand for a further increase. He thought the men were being well paid and that they would not go out on strike.

WORK ON NEW HOTEL

Will be Commenced as Soon as By-Law Finally Passed Upon.

Work on the new hotel will be commenced just as soon as the by-law, as passed by the city at the municipal elections, is finally passed upon. All that is now necessary, is that it pass the lieutenant-governor, it having gone through all the other parliamentary stages. Monday afternoon there was a meeting between Mr. Phoenix, the Boston promoter, and local parties who are looking after the city's interests, and this morning another conference was held, and everything is reported to be progressing nicely. City Solicitor D. M. Melnyre, C. A. Maccherson, H. W. Richardson and J. M. Farrell were present.

Lecture to Cooke's Guild.

A lantern lecture was given in Cooke's church on Monday evening to the members of the guild. The lecture was not finished on account of the lantern playing out so the rest of the entertainment will be given next Monday evening.

H. W. Newman was appointed by the guild to represent them at the Presbyterian convention which is to be held in Belleville on Good Friday.

Nothing at Headquarters.

CURLING SEASON ENDS

LOCAL CLUB HAD BIG MEETING MONDAY EVENING.

Prizes Were Presented--Reports of the Executive Officers--The Rink Will Likely be Leased From Queen's University.

A meeting of the Kingston Curling Club was held at the curling club rooms, on Monday evening, when the final business and the presentation of the cups and prizes for the season were made. There was a very large attendance.

The secretary gave his report, which showed that the club had one of the busiest seasons in its history. It showed that games had been played with seventy rinks from outside places. Out of the games played the local curlers have won thirty games, tied seven and lost thirty-one.

The local club has entertained some 200 outside curlers, including the touring Scotch curlers. The other visitors came from Prescott on the east, to Toronto on the west. Taking in the inter-club games and other matches there have altogether been 520 games played on the rink.

The records show that at the present time there are 184 members. The club is in a very prosperous condition. The club this year did not win any new trophies, but retained the one it won last year. It still holds the Rockwood tankard and the junior Central Ontario Curling League trophy which it had held for two years.

The treasurer's report showed that the net income of the club for the season was \$1,000, and the expenses amounted to a little more than that sum, but by the time all the fees are in it is expected that the deficit will be wiped out.

T. M. Asselstine reported with regard to Queen's taking over the rink. No change will be made whatever as far as the local club is concerned, only that the management will rent the rink from the trustees of Queen's instead of the Kingston Skating Club. Rent and terms for the rink will be settled later. The club appointed a committee of T. M. Asselstine, George H. Smythe and E. Lyons, to represent the club at the arbitration about the rink and to put in a claim on behalf of the club for the improvements.

In Dread of Croup

The inexperienced mother is always in dread of croup. There is seldom any warning until the child awakens at midnight with the hard, metallic cough and gasps frantically for breath.

There is no time to send for a doctor, no time to go to the drug store, even; relief must be obtained at once. If you are not so fortunate as to have Dr. Chase's Syrup of Limesed and Turpentine in the house, cause the child to vomit with a spoonful of warm lard or by tickling the throat with the finger.

Then get Dr. Chase's Syrup of Limesed and Turpentine so as to prevent the more serious attack which usually comes the second night. This treatment is wonderfully effective for croup, bronchitis and colds in the throat.

Mothers who make a practice of always keeping it in the house find that they can depend on it in case of emergency.
