CITY SOLICITOR IN TORONTO

With Reference to Change in Telephone Bill.

On Wednesday afternoon, the civic finance committee met and appointed City Solicitor McIntyre to go to Toronto and appear before the private bill committee of the legislature with reference to the Lucas telephone bill, which proposes to place in the hands of the ratepayers of municipalities this giving of franchises to telephone companies. The Kingston city council is satisfied with the law as it at present stands. The Bell telephone company in Kingston for a term of five years, for which right it pays the city \$700 a year and gives the corporation a certain number of free telephones. The finance committee did not have a copy of the bill, and did not know its exact terms. However, it instructed the solicitor to take a stand for the maintenance of the present arrangement.

Made a Presentation.

A number of the city corporation employees, with Douglas Campbell as master of ceremonies, waited upon George Acton at his home, 137 Colborne street, on Wednesday evening, and presented him with an address and a fine meerschaum pipe, as a token of their esteem. Mr. Acton and his family leave next week for Calgary to reside. The address was read by Daniel Goodman, and the presentation made by William Dickson. A very social time was spent by the company. Mr. Acton has been a corporation employee for many years.

Real Estate Transfer.

Howard S. Folger, real estate broker, has sold three brick houses on Albert street, owned by John Cooper, to Messrs. Susman & Cohen. The deal was completed yesterday.

HAD VERY GOOD YEAR THE HALLS OF QUEEN'S

PATRONS DAIRY SCHOOL CREAMERY HELD ANNUAL MEETING.

AGRICULTURAL COURSE TO BE INAUGURATED

G. A. Putnam Was Present and Gave Patrons a Timely Address.—In the Future Only the Cream will be Brought in From the Country.

With a good attendance of members the annual meeting of the patrons of the Dairy School creamery was held in the school, on Thursday morning. The annual report was presented and it was regarded as one of the best ever received.

The report was submitted by the auditors, Messrs. E. M. Vanliven and M. Fowler, and showed a net return to the farmer of \$1.03 per hundred pounds, this in addition, of course, to the skimmed milk. This was a very good showing, in fact better than the cheese factories did last summer.

After some discussion, it was decided to make a change from a pure milk creamery, and place it on a cream gathering basis. This will mean that the cream separators will be used. The product will be separated on the farm, and only the cream brought to the school.

The patrons decided, by a unanimous vote, to make the change. The members expressed great pleasure at the way matters were carried on at the creamery, during the season, and were satisfied that everything was being well conducted.

The patrons had a discussion in regard to the best way of handling cream, and much valuable information was received by the members as a result.

G. A. Putnam, superintendent of Farmers' Institutes, was present at the meeting, and addressed the patrons on important matters in their business. His address was a most helpful one, and was much appreciated by the members. Mr. Putnam also addressed the class of dairy instructors, at present at the school.

MISSION AT ST. GEORGE'S

Opened on Thursday Morning With Holy Communion.

The ten days mission opened to-day with a celebration of holy communion, at 7.30 o'clock. There was a good attendance. The other services to-day are children's mission at 4.15, and the mission service at 8 p.m., to which all are cordially invited.

The missioner gave a brief address at the Wednesday evening service and spoke of the great privilege and pleasure he felt it to be to conduct the mission. He came with the commission of the Bishop of London, who is well known and loved all over the world, and hoped that some of his fruit might be upon him. The church in which he ministered in London, was built seven hundred years ago and so in comparison their beautiful cathedral was new, but he felt entirely at home in it as there was exactly the same service and even the same hymns as in England. He hoped that there might be a blessing from God on the mission.

The matins will be said as usual at 9.45 o'clock in the winter chapel, every day throughout the mission.

Rockwood Curlers Lost.

The Rockwood curlers lost again to the Kingston curlers at the Rockwood rink, on Wednesday afternoon, by a score of 13 to 9. The curlers do not seem to want to stop curling until they absolutely have to. The local rink is now out of business on account of the ice getting so soft, but the Rockwood rink is still in operation. The teams were:

Kingston—S. S. Corbett, C. Smith, J. Hooper, W. H. Montgomery, skip—13.

Rockwood—Mr. McCauley, W. Govan, J. Davidson, J. Hogan, skip—9.

Drop Protest in South Renfrew.

Brockville, March 28.—The Times, the local conservative organ, in a leading editorial, yesterday, advises conservatives of South Renfrew to drop the protest proceedings against Hon. George P. Graham. The editorial says the time to have beaten Mr. Graham was on February 22nd, not by post-election protests a month later.

Shadows of Great City.

HE TRIED TO BREAK JAIL.

Youthful Prisoner Was Brought Down for Seven Years.

Deputy Sheriff Benjamin Waterworth, of London, and Chief of Police A. E. Wilson, of Strathroy, Ont., arrived in the city on Thursday morning with Gordon Lamotte, who was sentenced in London to seven years in the penitentiary on a charge of robbery and shopbreaking, in Strathroy, to which he pleaded guilty some time ago. There was also another charge against him, that of trying to break jail, at London, and on this he was sentenced to one year, but the two sentences will run concurrently.

This is the second term given Lamotte in the penitentiary. Two years ago he was given a short term and after serving about a year was allowed out on parole. Lamotte was in jail at the time a number of prisoners made their escape and were with the prisoners who were caught by the city police, just as they were about to make their escape. He is about twenty-four or twenty-five years of age.

THE AXE FALLS AGAIN.

The Four Mile Lighthouse Keeper Has Been Dismissed.

The Borden axe still continues to fall and separate government employees from their positions. This time the axe has fallen only a few miles from the city. John Whitmarsh, for ten or twelve years the keeper of the Four Mile lighthouse, has been given notice that "his services are no longer required," and Victor Sudds has been put in his place. It is understood that a petition is being circulated among the prominent conservatives asking the department of marine and fisheries to reinstate him.

WALKED OUT IN BARE FEET.

Frederick Johnson Must Have Suffered From Cold Feet.

The police have found no trace of Frederick Johnson, the youth who made his escape from the general hospital on Tuesday night. When he made his escape he was clad only in his night attire and was in "bare feet," and must have suffered a great deal in making the trip from mile or more away. He is in very delicate health and it is feared that this exposure which he suffered will be very severe upon him.

At Tete De Pont Barracks.

Nine more horses arrived Thursday morning from Brampton, for the R.C. H.A. brigade. An auction sale of ten animals, unfit for military service, will be held Saturday morning.

Since the bear at the barracks broke loose and caused excitement Wednesday morning, "Bruno" has been rather quiet and sulky. It is unlikely the soldiers will take him to Petawawa camp this season. He was bought about four years ago when four months old at Petawawa camp, and has since been a pet at the barracks. However, "Bruno" seems to feel he is getting old, and is not as amiable as he used to be, and the boys are considering whether they will give him to the "zoo" at Toronto. He slept in his kennel all winter. A deputization visited his winter home on the 14th of February, but found he continued to slumber.
