HOW I MADE MY HAIR GROW

Woman with Marvellously Beautiful Hair Gives Simple Home Prescription Which She Used With Most Remarkable Results.

I was greatly troubled with dandruff and falling hair. I tried many advertised hair preparations and various prescriptions, but they all signally failed. Many of them made my hair greasy so it was impossible to comb or do it up properly. I thought that many of the things I tried were positively injurious and from my own experience I cannot too strongly caution you against using preparations containing wood alcohol and other poisonous substances, which believe they injure the roots of the hair. I finally found a simple prescription which I can unhesitatingly state is beyond doubt the most wonderful for the hair I have ever seen. Many of my friends have also used it, and obtained wonderful effects therefrom. It not only cures dandruff, but stimulates the growth of the hair, and for restoring gray hair to its natural color, but it is equally good for removing dandruff, giving the hair life and brilliancy, etc., and for the purpose of keeping the scalp in first-class condition. It also makes the hair easier to comb and arrange in nice form. I have a friend who used it two months and during that time it has not only stopped the falling of his hair and wonderfully increased its growth, but it practically restored all of his hair to its natural color. You can obtain the ingredients for making this wonderful preparation from almost any druggist. The prescription is as follows:—Get 2 ozs. of ordinary Lavona de Compose (a well known and inexpensive Herb extract) and mix half of it with 1/2 oz. of common Bay Rum and 1/2 drachm (about 10 cents worth) of Mother's Crystal in a 3 oz. bottle. After three days use the other half of the Lavona should be added to properly increase the strength of the compound, when hair growth begins. Apply thoroughly night and morning, parting the hair and rubbing it into the scalp with the finger tips of a medium stiff brush. Be careful not to get any on the face or where hair growth is not desired.
