## SITE HAS BEEN CHOSEN

### FOR GANANOQUE NEW POST OFFICE BUILDING.

O'Brien Was Third in the St. Catharines Race—Accident to R. G. Graham, Principal of the High School.

Gananoque, April 8.—W. B. Carroll, K.C., town solicitor, received instructions during the past week to close negotiations at once for the purchase of the Boyd property, corner of King and Stone streets, for the new post office site. This will mean that operations will be started at an early date. The building, it is understood, will be similar to the new office at Oshawa. A new armory is also among the list of improvements for the town this season.

A SPRING HAT TRIMMED WITH FEATHERS. The arrangement of ostrich plumes on this spring hat of gray rib is exceedingly ladylike and pleasing. The hat itself is unexcaggerated in shape and sets well on the head. The plumes are handsome ones in faded gray and cerise tones and are arranged at the back of the hat with the full tips tumbling forward on the crown. This hat accompanied a Palm Beach afternoon costume of white embroidered pique with white buckskin buttoned boots, a cerise parasol and white silk gloves embroidered with small cerise medallions on the wrists.

## Wolfe Island News.

Wolfe Island, April 6.—Considerable difficulty was experienced in travelling on the roads the past few days. The ever-obliging Harry Card and P. McDermott did a good business on Saturday conveying tourists to and from the island, many fearing to place their horses on the ice. Many of the more venturesome ones drove their own rigs. Air holes are very plentiful and it will be only a matter of a few days until the channel will be open. Great regret is expressed over the sudden death of Michael Boyle. He deceased was an especial favorite with everybody and was very charitably disposed towards those in need. The funeral will take place on Monday, to the Church of the Sacred Heart. Mrs. Cornelia Pyke is seriously ill.

## WHY TRAVEL FOR THIS?

Many people travel for distant points for a "change of climate" to build up their strength. Now what does this change of climate do for them? Usually if it does any good at all, its effect is to make them eat more. But if you need more strength and can't afford the time and expense of travel you need not be discouraged. A. M. Stutz of Bronx Borough, N.Y., suffered from weak, tender tungs and almost continual headaches for over two months. In a letter he says: "Since I have been taking Vinol, the symptoms of lung trouble have disappeared and I have no more headaches. Vinol has built me up and made me feel even much better than I did before this trouble came on." Vinol, our delicious cod liver and iron remedy without oil, builds you up by making you eat more and digest better. It enriches the blood with tonic iron at the same time. Try it where he will visit a brother. Mr. and Mrs. H. E. Calnan, Pieton, have moved into the residence lately purchased from C. H. Jones.

## ALL YOU NEED IS A CASCARET TONIGHT

No Sick Headache, Bilious Stomach, Coated Tongue or Constipated Bowels by Morning. Turn the cascals out—the headache, the biliousness, the indigestion, the sick, sour stomach and foul gas—turn them out to-night and keep them out with Cascaret and women take a Cascaret now and then and never know the misery caused by a lazy liver, clogged bowels or an upset stomach. Don't put in another day of distress. Let Cascarets cleanse and regulate your stomach; remove the sour, indigestible and fermenting food and that rickety-making gas; take the excess bile from your liver and carry out of the system all the decomposed waste matter and poison in the intestines and bowels. Then you will feel great. A Cascaret to-night will surely straighten you out by morning. You work while you sleep. A 10-cent box from any drug store means a clear head and cheerfulness for months. Children love to take Cascarets because they taste good—never gripe or sicken.

## DEATH OF M. K. EVERETTS.

One of Pioneer Cheese Manufacturers of Leeds County. Smith's Falls, April 8.—The death of M. K. Everetts, at his home here, Friday, will be heard with regret by a large number of friends and acquaintances throughout the province. He was in his eightieth year and for more than forty years had been engaged in the dairy business. In 1868 he built the first cheese factory in the county of Leeds at Frankville, and from that date he has maintained a leading interest in the industry. He came to be recognized as an authority in the cheese business and to the end his enthusiasm in the improvement of Canadian cheese and the development of larger markets continued.
