KINGSTON, ONTARIO, WEDNESDAY, APRIL 10, 1912.

LAST EDITION

BOARD OF HEALTH ASKS FOR FILTRATION PLANT

In Order to Give Kingston Pure Water.

A RESOLUTION PASSED

ASKING CITY COUNCIL TO TAKE UP MATTER.

The doctors will be asked to report all cases of tuberculosis in Kingston to the Medical Health Officer.

The board of health will ask the city council to erect a filtration plant. This was decided upon at a meeting of the board of health, held on Tuesday afternoon, and the request will come before the city council at its next meeting.

The chairman, Archibald Strachan, presided at the meeting, and the other members present were J. B. McLeod, H. Taylor, and Hugh McBratney.

The board was unanimous in its decision to ask the council to establish a filtration plant, and there was little discussion on the matter beyond the fact that the members felt that the council should take this means of protecting the water from contamination.

The motion was moved by Mr. McLeod, seconded by Mr. Taylor. The Princess street and Barrack street sewers had been under consideration. Complaints have been made about them, and it was then that the other matter was taken up.

Some little time ago, Dr. A. E. Ross drew attention to the fact that the sewage from vessels on the great lake was doing great deal to contaminate the water. Mr. McBratney, in referring to this stated that he thought this was not so harmful as it was claimed to be, although it was doing some harm, of course.

Asked by members of the board, Dr. A. E. Ross, medical health officer, stated that recent tests of the city water had found it to be all right.

The board had very little business on hand, and the session was a very short one.

In a communication with the report kept of all the contagious diseases, it was decided to have the city doctors report all cases of tuberculosis, in addition to the other cases, which are reported from week to week. In view of the fact that the Sir Oliver Mowat Memorial hospital will soon be opened, for the treatment of cases of tuberculosis, it was felt that it would be a good plan to keep tab on the number of cases, as the information would be very useful.

The medical health officer will give the doctors the necessary instructions regarding reporting the cases. The medical health officer will investigate some complaints received about alleged unsanitary property.

ACQUITTED, THEN LYCHED.

Young Negro Killed by Mob After Acquittal by Court.

Shreveport, La., April 10.—Dismissed because positive proof was lacking when arraigned, yesterday, on a charge of having written letters to a young white woman, Thomas Miles, a negro, twenty-nine years of age, was lynched near the city limits, during the night.

When the body was found it was swinging from a tree and had been riddled with bullets.

BAD STORM IN GERMANY.

Several Steamers Have Gone Ashore of Heligoland.

Berlin, April 10.—A very severe storm is raging along the coasts and throughout the interior of Germany. Two freight steamers sank, and a third went ashore on the coast of the Island of Heligoland. The crews were rescued.

A four-masted schooner also went ashore near Cuxhaven. The fate of the crew has not yet been ascertained.

The Anti-Treating Law.

Toronto, April 10.—It is understood that the abolition of the treating habit in clubs is just as much a part of the government's policy as the abolition of treating in bar rooms. Between now and next session the license department will take up the consideration of regulations to enforce the anti-treating law. These will be submitted to the house next session, when the liquor license act, in its amended form, comes up.

A Good Entertainment.

The address by Mr. Herrington, K. C., of Napanea, on "Mexico, Ancient and Modern," in the city hall, on Thursday evening, under the auspices of the Canadian Club, promises to be largely attended. The stereopticon views, which will be used in illustration of the address, will give increased interest to the subject. Mr. Herrington is a very interesting speaker.

All woollen goods, sweaters, socks, etc., less than cost. Dutton's.

A musical and dramatic entertainment will be held in St. James' school room, tomorrow evening, 11th inst. Sale of corsets, special 50c. Sanitary belts and towels. Dutton's.

DAILY MEMORANDA.

Durban pictures, Grand Opera House, 8.15 p.m.

Celebration Meeting, City Council Chamber, 8 p.m.

Durban pictures, Grand Opera House, 8.15 p.m.

VIENNA AGAIN ASTONISHED.

Another Non-Royal Betrothal Sanctioned by the Emperor.

Vienna, April 10.—This city is astonished over another non-royal betrothal in the imperial family, this being between Archduchess Elizabeth Francisca, daughter of Archduke Francis Salvator, and Count George of Wald-berg.

Countess Elizabeth is enamored with Count George, who is her brother's tutor and a cavalry lieutenant.

The emperor sanctioned the love match at the outset, but enquired several times until the formal announcement of the betrothal in the ceremonies in connection, which he attended on Sunday.

Campbellford's Power Problem.

Cobourg, April 10.—At a meeting of the council of the Campbellford board of trade it was decided to ask Hon. Mr. Cochrane to visit Campbellford and investigate the power question there. The secretary has received a reply, stating that the minister will visit Campbellford at as early a date as possible.

ADMIRE BUT NOT TRUST SAYS BISHOP WORRELL.

Who Again Utters a Condemnation of the Famous Ne Temere Decree.

Halifax, April 10.—Bishop Worrell, in his charge to the diocesan synod, Tuesday afternoon, referring to the Ne Temere decree said Roman Catholics had sought to make people believe that it had no reference to the Protestant world, and some Anglican brethren had aided them by accepting the Roman Catholic position in regard to the French law in Quebec.

"Allow this 'Ne Temere' thing," he said, "and before long a similar decree will be made in other matters, and gradually the old oppressions, from which the British nation freed itself at the time of the reformation act, will be introduced. The magnificent organization of the Church of Rome, and its loyal membership, may be admired, but cannot be trusted. Neither can the divided councils and internal jealousies of the Protestant churches be trusted or admired."

He hoped that in this case, where the rights of all were affected, there would be united action.

A HORRIBLE SUICIDE.

Augusta, Me., April 10.—Miss Mary D. McDavid, an assistant in the city library, died yesterday from the effect of burns self-inflicted Monday night. The young woman poured kerosene over her head and shoulders and then thrust her head in the furnace. Miss McDavid was 35 years of age, and was well known in musical circles of the state.

NOT TO HEAR BELLS.

The Pope's Physician Orders Abandonment of Scheme.

Rome, April 10.—The proposal of telephoning to the pope the sounds of the bells which will be rung at the inauguration of the newly-constructed Campanile has been abandoned on orders from Dr. Marchisava, the physician in attendance upon his holiness. Dr. Marchisava fears the emotion which will be caused by the pope by the sounds of the bells would affect his heart in a dangerous manner and increase his depression due to homesickness, which has been lately very pronounced. The pope often thinks of his former residence in Venice, and was very happy when he heard that he could once again hear the bells of the Campanile.

The truth of the abandonment of the telephoning proposal has been hidden from the public. He has been informed that the cancellation is due to the insurmountable difficulties.

PREACHING ANARCHY IN CANADIAN WEST.

Leaders of Industrial Workers Said to Be Urging Policy of Destruction.

Kanaboo, B.C., April 10.—"Sabotage," that form of industrial warfare which the French syndicalists have perfected, is not being advocated, it is said, by some of the leaders of the camps of the Industrial Workers of the World strikers along the line of the Canadian Northern. These leaders explain that the costly machinery of contractors is wholly in the hands of the workers, and that it is the easiest thing in the world to see that some important belts disappear mysteriously, that some nuts rattle off, and that the machinery is allowed to shake itself to pieces.

It is easy to have a stove upset some night in camp and the camp go up in smoke. It is easy to have a blast go off at the wrong time and in the wrong place, rock slides and creeps can be caused with a little ingenuity, and the blame can be traced back to an eye.

PEST IN PINEAPPLES.

Hon. Mr. Burrell May Put Embargo on Fruit From Hawaii.

Ottawa, April 10.—Hon. Martin Burrell, minister of agriculture, is considering the prohibition of the importation of all fruit from the Hawaiian Islands to Canada owing to the ravages of the Mediterranean fly. It is one of the most destructive pests in the world to fruit and attacks northern as well as tropical fruit. It can live in northern or southern climes.

It has been doing a great deal of damage in the Hawaiian Islands, and it is feared that it will be brought over to British Columbia with pineapples, which are the principal export of the island to Canada, and thence spread to the whole of the dominion.

Mr. Burrell has been in communication with the American authorities, and it is understood they are also alarmed at the situation and may pass legislation on the subject at the present session.

FAIRS FOR CHILDREN.

Ontario Has Scheme to Encourage Agriculture.

Toronto, April 10.—The department of agriculture for Ontario has decided to encourage the study of agricultural subjects by the children of the public schools by establishing a system of school fairs to be held each year, independent of all the other fairs. A children's day will be set apart when the youthful competitors may come together with their seeds, vegetables and poultry. Under the present system where school children enter exhibits at the various fairs these are invariably given second place and relegated to some back corner of a building. Then again, with no many other lines of exhibits to divert attention children's exhibits are not given as much prominence as they deserve. The department is in charge of Prof. McCrowdy, of Guelph College.

THE CRISIS IS NEAR.

In the Mississippi Flood at Memphis, Tenn.

Memphis, Tenn., April 10.—The crisis in the Mississippi Valley's tremendous flood is imminent. The chief anxiety centres in the situation along the river's reaches south of Memphis. If the dikes of Arkansas, Mississippi and North Louisiana hold for another two or three hours the fertile valleys of the Delta and Yazoo, south of Memphis, will be spared.

There has, however, been tremendous suffering among the homeless. Of thirty thousand or more persons who have been driven forth by the raging tide, hundreds have gone hungry and without water for many hours before succor reached them. Hundreds have been imprisoned on house-tops, in trees, and anchored on rats for long periods.

In Memphis proper the situation is rapidly becoming normal. The street cars have resumed service in the comparatively small flooded district of the city's lowlands.

URGENT THE ELIMINATION.

Of French Schools in Ontario—A Committee Appointed.

Toronto, April 10.—Bilingual schools came in for a round thrashing at yesterday afternoon's session of the public and high school trustees' department of the Ontario Educational Association. The discussion was stirred up by a paper by J. R. Lumby, of Fort William, on "The Stranger Within Our Gates," and as a result a committee, consisting of J. G. Elliott, Kingston; James McEwing, Drayton; and P. W. Gladman, Exeter, was appointed to consider the question and urge on the advisory council of education the necessity for an amendment to the school act to make it impossible under the truancy section of the act for schools to teach a foreign language to the exclusion of English.

A ROOSEVELT LANDSLIDE.

Ex-President Carried Nearly Every County in Illinois.

Chicago, April 10.—Colonel Theodore Roosevelt and Senator Champ Clark of the national house of representatives are the choice of Illinois for the republican and democratic nominations for president of the United States. Both swept Illinois yesterday in the primaries in a landslide vote.

Incomplete returns indicate that Roosevelt has carried nearly every county in the state. He defeated President Taft by a vote of at least three to one from Galena to Cairo—one end of the state to the other.

Sale of securities. Special \$1.50. Great values. Variety to choose from. Dutton's.

Louisa Mary, widow of Rev. Dr. Jenkins, of Montreal, died in London, Eng., Monday.

Women's \$3.50 gun metal boots, \$2.50. All new spring goods. Low prices. Dutton's.

The Niagara Falls, N.Y., common council decided to close moving picture shows on Sunday.

Men, save money by buying your boots at Dutton's.

Sir James Whitney declines to debate the bi-lingual school question.

Men's \$8.75 extra heavy sole, leather-lined boots, \$2.75. Dutton's.

WAO IS ALLEGED TO HAVE BEEN INTOXICATED.

IT FAILED TO AROUSE MR. FOY, WHO SAID COMPLAINT NOT SPECIFIC.

Sir James Whitney Would Make No Promise of Bilingual Policy—He Was Evasive as to the Government's Position.

Toronto, April 10.—Charges that the police magistrate of Cochrane was intoxicated and incapable of attending to his duties for several days after the big fire last summer, and that the attorney-general's department had notified his conduct, were made in the legislature yesterday afternoon by Sir J. McQueen, M.P. for North Westport.

Hon. J. J. Foy admitted that he had received information that the police magistrate referred to had been guilty of what was termed "disgraceful conduct," but he said no specific charges had been made. Accordingly, he had not deemed it incumbent on the department to make any investigation.

The matter was brought up in the house in the form of a motion by Dr. McQueen for a return of correspondence and protests in connection with the conduct of S. J. Dempsey, police magistrate in Cochrane, and with respect to the alleged participation by S. J. Dempsey in the recent provincial elections, and the federal contest in South Renfrew.

On the resubmission of the legislation after the Easter recess yesterday afternoon, N. W. Rowell again brought the bilingual school question to the attention of the prime minister.

"Before the orders of the day are called will the prime minister tell us when we may expect the statement of the government's position in connection with bilingual schools?" he asked.

"Mr. Speaker," replied Sir James Whitney, "I have only to say, as I have said, that if the government think it wise or a matter of duty on their part to make any statement, or to ask the house to do anything with regard to bilingual schools, they will do so." (Conservative laughter.)

There is a strong feeling that the opposition will precipitate a discussion before long.

The prime minister and Mr. Rowell almost came to close grips over a resolution, providing for the expenditure of \$5,000,000 for Northern Ontario development. The resolution enumerated the purposes for which the money was voted, namely: (a) for the construction of works and improvements; (b) the making of roads; (c) the improvement and development of water powers; (d) the advancement of settlement; (e) the improvement of means of transportation and assistance in the north and north-western districts of the province; and for such other public purposes of a like character as the lieutenant-governor-in-council may deem expedient."

Mr. Rowell objected to the last clause of the resolution. Such an expenditure should be governed by statute and not by resolution. He moved the amendment of the lieutenant-governor-in-council.

WOMAN'S SIXTEEN SONS WENT TO CIVIL WAR.

United States Congress is Asked to Give Mother \$100 a Month Pension.

Washington, April 10.—The house committee on invalid pensions has been asked by Representative Francis Kuttaka Khan of Missouri to consider immediately a bill granting a pension of \$100 a month to Mrs. Sarah Brandon, who furnished sixteen sons to fight for the union during the civil war.

Mrs. Brandon, who lives at Jacobusburg, Ohio, is said to be 111 years old. She has been married twice and has had thirty-three children.

TO RAISE RATES ON COAL.

Probably Means Advance in Price to Consumers.

Ottawa, April 10.—The advance of rates on hard coal from the Niagara frontier to Canadian points by the railways on May 1st is the latest news to develop for an increase in prices. The minister, sitting in Ottawa, April 16th, heard the protest of the Canadian Retail Coal Association and others relative to the proposed tariff of the companies embodying the advance.

Brockville Lad's Narrow Escape.

Brockville, April 10.—A lad named Parslow, while playing on one of the bridges of the Brockville and Western railway, fell into the raging stream, and was being carried down, when Superintendent Curle notice his predicament. The lad's hands were then only visible above the surface of the water. Mr. Curle plunged in, and at great personal risk, saved Parslow, in whom he was almost extinct when he was pulled ashore.

MAN NEARLY KILLED IN FIGHT WITH EAGLE.

Was Saved By His Companion Who Kills Huge Bird With Club.

Gleba Falls, April 10.—Milton Steeves, of this city, was nearly killed in a fight with a bald eagle near North Creek, lumber camp. He was rescued by a fellow woodsman, by a fellow woodsman and is under the care of physicians.

Steeves was returning from the woods to his cabin when he came upon two eagles perched upon the carcass of a fall. He shot one of the birds. Before he had time to reload, the second eagle attacked him. He shouted for aid, at the same time striking the eagle with his rifle butt.

The eagle, although one of its wings was broken by the first blow, was getting the best of the battle when Steeves' companion killed the feathered fighter with a club.

The bird weighed seventy-two pounds and measured nine feet from tip to tip. The other bird weighed seventy-five pounds.

CHARGE IN LEGISLATURE AGAINST A MAGISTRATE

Who is Alleged to Have Been Intoxicated.

IT FAILED TO AROUSE MR. FOY, WHO SAID COMPLAINT NOT SPECIFIC.

Toronto, April 10.—Charges that the police magistrate of Cochrane was intoxicated and incapable of attending to his duties for several days after the big fire last summer, and that the attorney-general's department had notified his conduct, were made in the legislature yesterday afternoon by Sir J. McQueen, M.P. for North Westport.

Hon. J. J. Foy admitted that he had received information that the police magistrate referred to had been guilty of what was termed "disgraceful conduct," but he said no specific charges had been made. Accordingly, he had not deemed it incumbent on the department to make any investigation.

The matter was brought up in the house in the form of a motion by Dr. McQueen for a return of correspondence and protests in connection with the conduct of S. J. Dempsey, police magistrate in Cochrane, and with respect to the alleged participation by S. J. Dempsey in the recent provincial elections, and the federal contest in South Renfrew.

On the resubmission of the legislation after the Easter recess yesterday afternoon, N. W. Rowell again brought the bilingual school question to the attention of the prime minister.

"Before the orders of the day are called will the prime minister tell us when we may expect the statement of the government's position in connection with bilingual schools?" he asked.

"Mr. Speaker," replied Sir James Whitney, "I have only to say, as I have said, that if the government think it wise or a matter of duty on their part to make any statement, or to ask the house to do anything with regard to bilingual schools, they will do so." (Conservative laughter.)

There is a strong feeling that the opposition will precipitate a discussion before long.

The prime minister and Mr. Rowell almost came to close grips over a resolution, providing for the expenditure of \$5,000,000 for Northern Ontario development. The resolution enumerated the purposes for which the money was voted, namely: (a) for the construction of works and improvements; (b) the making of roads; (c) the improvement and development of water powers; (d) the advancement of settlement; (e) the improvement of means of transportation and assistance in the north and north-western districts of the province; and for such other public purposes of a like character as the lieutenant-governor-in-council may deem expedient."

Mr. Rowell objected to the last clause of the resolution. Such an expenditure should be governed by statute and not by resolution. He moved the amendment of the lieutenant-governor-in-council.

"Before the bill to express the consent to the legislature to an extension of the limits of the province," Mr. Rowell took occasion to again form a protest of the opposition against the readjustment of financial terms which are so favorable to Manitoba. He pointed out that the federal act specifically set forth certain sums which would be paid to Manitoba in respect of debt allowance. He moved in amendment to the clause providing for the extension of the limits of the province, that the territory be subject to the jurisdiction of the province on the same terms as Manitoba.

He also moved that the clause consenting to the provisions made by the Dominion parliament affecting the territory be struck out. The amendments of Mr. Rowell were lost.

ROBBED POOR BOX.

Man Thief Was at Work in St. Mary's Cathedral.

A man thief has been reported to the police. On Monday night same person, while in St. Mary's cathedral broke open the poor box, and made off with the contents. It is too bad that a person who would do such a trick as this could not be caught in the act.

A good spring tonic, at Gibson's. B. I. Bell, former principal of St. Mary's school, leaves on Friday to take charge of a summer school in Saskatchewan. He has just completed his year's work in Queen's University.

Nyal's family remedies are sold under a positive guarantee. Money back if you want it. Fresh spring shipment at Best's.

"Songs, 10c." "Daily Question," "Voices of the Woods," "Shady," "Lost Chord," and many others Dutton's.

Mrs. David O'Shaughnessy, of Napanee, who spent the past week in this city, has returned home.

Book sale at College Book store. See advt. page 2.

BOOKS UNSUIT FOR PUBLIC.

Published in the Methodist Book Room, Toronto.

Toronto, April 10.—Two works of light literature, published by the Methodist Book Room, have been excluded from the Toronto library as unfit for public reading. The announcement caused consternation at the book room when the news reached there, as the tone of the fiction published there has been under hot fire at several of the Methodist conferences.

It has also transpired that some of the books for which a Yonge street retailer was fined for offering for sale were from the wholesale department of the Methodist Book Room. They happened to have been seized there before they had been prominently displayed at the book room store.

One of the former Methodist critics of the kind of fiction published and handled by the book room said that the action of the Toronto library authorities would set the theater on fire at the coming Toronto conference.

Hibbert, he said, whatever Dr. Briggs authorized was regarded as beyond criticism.

ROOSEVELT OPPOSES CANADIAN RECIPROACITY.

The Former President Has Changed His Views Regarding the Taft Agreement.

Decorah, Ill., April 10.—Theodore Roosevelt in a speech here, yesterday, recounted his approval of the Taft-Fielding reciprocity agreement, which was debated at the Canadian elections last September. When the agreement was under discussion in congress, Roosevelt came out strongly in support of it. Now he explained that he did so merely because he believed it to be his duty to uphold, at that time, the hands of the Taft administration.

"My desire was to support the administration on every point where I possibly could, and at first I supposed that the reciprocity agreement was one upon which I could support it and was glad to do so," explained the colonel, addressing an audience of farmers. "I have looked into it carefully and under no circumstances, as far as I have any power, will I ever sanction the reintroduction of such an agreement. I am perfectly willing, and I am sure I speak for the farmers, when I say that the farmers should pay their fair share, but they are not to be required to pay everything for an agreement like that, and in any future tariff agreement I wish to see it made as a square deal in the interest of all."

HOTEL DIEU EUCHRE PARTY.

Held in the City Hall on Tuesday Evening.

The euchre party given in the city hall by the Ladies' Auxiliary of the Hotel Dieu on Tuesday, was a grand success. The refreshment tables were beautifully decorated. A splendid luncheon was served between twelve and two o'clock, in the afternoon. The refreshment room, which was under the supervision of Mrs. Devlin, deserves special mention. The ladies worked hard and were amply rewarded by the success of the affair.

After the euchre in the evening the party passed the remainder of the night in dancing. McAuley's orchestra furnished good music. The officers of the auxiliary were highly pleased with the results of the affair. The officers are: Mrs. Joseph F. Swift, president; Mrs. Hickey, vice-president; Miss Bolger, treasurer; Miss Roman, secretary.

These prizes were won: First prize, hand-painted cup, saucer and plate, Miss E. Gallagher; second prize, hand-painted cup and saucer, Miss Pansy Cherry; consolation prize, Miss Mary O'Hara.

CELEBRATION JUNE 3RD.

A public meeting will be held, tonight, in the general committee room at the city hall, called by Mayor Hoag, to consider the question of holding a celebration on the king's birthday, June 3rd. Plans will be discussed, and it is hoped that the meeting will be well attended.

BRITISH GOVERNMENT CALLED TO WITNESS.

London Times Directs Its Attention to Anti-Home Rule Demonstration.

London, Eng., April 10.—The Times comes out in its old-time vigor this morning and calls the liberal government to witness that yesterday's demonstration in Belfast was one taken part in by thousands of men who have suffered for the unity of the empire, and will not permit this heritage to be lashed from them by the home rule bill.

"These men," says the Times, "cannot be persuaded to accept home rule. Are Englishmen and Scotchmen prepared to foster it on them by military force?"

Prevost, Brock street, has received all his spring and summer goods for his order clothing department, and ready-made clothing and gent's furnishing department. All well assorted with new goods.

All the latest popular and operatic music at Dutton's.

WEATHER PROBABILITIES.

Toronto, Ont., April 10th, 10 a.m.—Ontario Fair, Upper St. Lawrence Moderate winds; fair to-day and on Thursday, with a little higher temperature.
