ICE IS GOING OUT

THERE IS BLUE WATER OUT FROM GARDEN ISLAND.

The Steamer Wolfe Islander Busy
Engaged in Cutting up the Honey-
combed Ice—The Pierpont to be
Out Soon.

The opening of navigation is prac-
tically here. On Tuesday morning a
strip of open water about two miles
in length, running from Garden Is-
land toward the city, and about one
mile across. The steamer Wolfe Is-
lander was out all morning mauling
furrys in the honey-combed ice.
The Pierpont will be at work on
Wednesday, and the ice which is now
very weak will soon be gone.

The Islander did not reach the city
although she started over, having
broken her way out to the open wa-
ter. She was brought to a stand-
still in the Kingston side which
was too heavy to break through.

The ice scows are still being used
to bring people from the island on
Tuesday morning and afternoon. In
the morning one of the scows came
to the city but the men experienced
quite a time getting here. They got
through the ice in a number of places.
They had to sail in the boats for
quite a distance where the water
was open. The ice in some places
was reported still to be very thick.

C. J. BANCROFT.
He will appear in "The New Boy" at
the Grand on Saturday.

DEATH OF MRS. CAVERLY

forty-four years of age, was born in
Ernestown, her maiden name being
Miss Mary J. Edward. She removed
with her husband to the city about
two years ago from Inverary, where
he had kept the general store in
that place for thirty years. She was
a Methodist in religion and a
member of Princess street church.

Deceased is survived by her hus-
band and two daughters, Mrs. O.
Robinson, Point Pleasant, Front
Road, and Mrs. R. A. Morrison. De-
ceased is also survived by one brother,
Peter Edwards, of this city, and

Road, and Mrs. James Lake, of this
city.

HEARD ADDRESS BY DR. KNAPP ON "CARE OF THE TEETH."

Council No. 121, of the C.O.C.F. held
a meeting in the Sons of England hall
on Monday evening with Chief Coun-
cillor McCormack in the chair. After
business a lecture was given by Dr.
A. E. Knapp on "Care of the Teeth."
The address was greatly appreciated by
the members and a vote of thanks
was tendered to the doctor.

The council is considering moving
into new quarters and has in view
Victoria hall, which is considered by
the members more suitable for their
purpose.

A novel lie attracts more notice
than a commonplace truth.

CITY AND VICINITY.

Penitentiary Inspector.

Penitentiary Inspector Dawson was
expected here this afternoon to make
an enquiry into the recent attempted
escape of a life prisoner.

Attended the Event.

Capt. and Mrs. Allan Palmer were
guests at a dinner given by the
Archbishop of Ottawa, and Mrs. J.
Hamilton, on Saturday evening, at
Ottawa, it being the occasion of their
golden wedding.

Queen's Examination Results.

Complete results of the examinations
will be published in the Whig as soon
as they are posted. Students who
leave name and address at this office
can have the paper mailed them with-
out delay. Price, including postage,
three cents a copy.

Cadets Had First "Dip."

To a few of the cadets at the Royal
Military College is given the credit
for having had the first "dip" in the
lake, on Monday afternoon. Some
of the cadets walked out on the ice
near Point Frederick in their
furry feet, and took a plunge into
the water at that point. They re-
port the water to be fine and dandy.

Students and the Results.

Last year the students of Queen's
ordered over 1,000 copies of the Whig,
containing examination results. The
papers were mailed to almost all parts
of the globe. This season the Whig
will again carefully attend to such
orders. Send in name and address
now. Price, including postage, three
cents a copy.

A meeting of the executive of the
Canadian Club was held, Monday af-
ternoon, to arrange for speakers to
continue the course of lectures and
luncheon addresses, which the club
has been fortunate in having this win-
ter. Those whose names were suggest-
ed, and who will be invited to ad-
dress the club are: C. H. Cahon, S.
C. Montreal; Col. Ponton, Belleville,
and Col. Smith, Kingston.

Looking Over Bathing Houses.

C. M. Meserve, general secretary,
and some of the "Y." boys have been
already out to Lake Ontario Park to
look over the bathing houses which
were erected last summer, and which
provided such enjoyment for the boys
during the swimming season. It is al-
together likely that a wharf will be
erected, and that diving will be made
possible, as well as affording the boys
of the city chance to learn to "use
their legs."

Married at Brighton.

In St. Paul's church, Brighton,
Ont., the marriage was solemnized of
Miss Helena Bullock, daughter of the
late D. C. Bullock and of Mrs. Bul-
lock, Brighton, to Stephen Y. Young,
Trenton. Arthur Jones presided at
the organ, and Rev. W. Coeswick con-
ducted the ceremony. The bride wore
white satin, with veil and orange
blossoms. She wore the groom's gift,
a handsome pearl pendant, and was
given away by her brother, Clarence
C. Bullock. Miss Winnie Young, of
Trenton, was bridesmaid. Thomas
Bigelow, of Detroit, was groomsmen.
The ushers were George Dreary and
Oscar Morrow. A reception followed
the church ceremony at the residence
of A. D. Bullock, the bride's brother.
Mrs. Bullock, the bride's mother, was
in black satin, with jet, and Mrs.
Young left for a trip to Albany and
other American cities. They will re-
side in Trenton.

AN INQUEST ORDERED

INTO DEATH OF J. F. BERRY- MAN OF CUSHENDALL.

Injuries He Received on Head Caused
Death at General Hospital
Monday Night—Rumor Says Wife
Struck Him Blow With Bottle in
Self Defence, as he Ill-treated Her.

J. F. Berryman, for many years
proprietor of an hotel at Cushendall,
died in the general hospital, on Mon-
day night, and as a result of his
death, Dr. D. E. Munnell, who has
been making an investigation, has or-
dered an inquest to be held at the
police court room, on Wednesday
afternoon.

Mr. Berryman died from injuries he
received to his head, and Mrs. W. T.
Connell and Dr. H. E. Day were called
upon to make a post-mortem on the
body this afternoon. Their report will
be submitted at the inquest.

Dr. Munnell, when asked by the
Whig, stated that death had been
caused by injuries of some nature to
the head, and that an inquest would
be held. Apart from this he had no
information to give.

A rumor going the rounds during
the day was to the effect that Mr.
Berryman and his wife had a row in
his home, and that he threatened to
take her life, whereupon she picked up
a bottle and struck him over the
head, in self-defence.

The truth of this story, however,
will be made known at the inquest,
when Mrs. Berryman will be the chief
witness.

Another story going the rounds was
to the effect that for some time
Berryman had been ill-treating his
wife, and that she often had to go
away from the home, with her chil-
dren for a week or two at a time in
order to save herself from his cruelty.

During the afternoon, arrangements
were made for the summoning of several
witnesses to give evidence on the
case, including people who lived
around Cushendall.

Deceased was fifty-four years of age,
and had lived at Cushendall for many
years.

Mrs. Berryman was in the city, on
Tuesday morning, and will be on hand
for the inquest on Wednesday after-
noon.

Deceased was a native of Almonte,
and S. S. Corbett, who was given
charge of the remains, will have them
forwarded to Almonte, after the in-
quest. Before going to Cushendall de-
ceased for some time, resided at Lynd-
hurst.

The inquest was called by Coroner Dr.
Munnell, for 3.30 o'clock on Wednes-
day afternoon.

The Specialist.

The eminent specialist looked the
patient over.

"Yes," he said, "what you need is a
gradual gain in muscular tissues. Go
at it slowly. Commence by lifting a
ten-pound weight. Add to this from
time to time until you can raise fifty
pounds, with comparative ease. Then
come to me again."

The patient hesitated.

"I guess," he said, "you ain't
gittin' no suit right."

The specialist frowned.

"What do you mean by that?" he
demanded.

The patient still hesitated.

"Why, you see," he said, "I'm the
feller that carries the trunks down
stairs at 'Levy's' on into the transfer
company's baggage wagon!"—Cleve-
land Plain Dealer.

he says about himself.

character and sometimes reforms it.

"AXEMAN" SLAYS FOUR MORE.

Forty-five Negroes Slain in Texas
and Louisiana.

Hempstead, Tex., April 16.—The
mysterious "axeman" who killed forty-
one negroes in Louisiana and Texas
during the last few months visited
Hempstead Sunday night and murder-
ed four more negroes in one house.
Mrs. Alice Marshall was killed out-
right, her sister, Carrie Martin, and
father, Perry Martin, and the Barney
were fatally wounded. All were struck
on the head with an axe, which was
left on the premises by the slayer.

Officers found the cloths in which the
murderer had wrapped his spades to
hide his footprints, and also one of
his shoes. Sunday morning notes
reading, "The axeman is in town; be-
ware!" were found in the yards of
negroes here. It is said the murderers
belong to a fanatical religious sect
called the "Church of Sacrifice."

CHINA'S POSITION UNCERTAIN.

Methodist Missionary Says It is Not
Likely to be Worse.

Toronto, April 16.—Rev. T. Egerton
Shore, of the Methodist Foreign
Mission Board, called, yesterday, to
Rev. O. L. Kilborn, a missionary at
Cheng Tu, China, enquiring as to
the state of the country, and received
the following reply: "Government
weak. Position uncertain. It is
not likely to be worse." Mr. Kil-
born, who was in Toronto recently,
was one of the first missionaries to
return to Cheng Tu, where the field
headquarters of the missionaries are
situated, since the revolution.

PIRATES MAKE A RAID.

Japanese Boat Found Looted and
Crew Supposedly Murdered.

Manila, April 16.—A pirate raid
is reported from Jolo. A Japanese
pearl fishing boat has been found
adrift and looted. The crew of the
vessel is missing and all hands are
believed to have been murdered.

The Matsui Lightship has also been
attacked and plundered, presumably
by the same band. Gunboats have
been dispatched to investigate.

She Was Sure.

A woman who may be called Mrs.
Smith placed her umbrella against the
counter at which she was making
some purchases in a department store
the other day, and when she finished
picked it up and started away. At
least, that was the way it ran through
her mind.

"Pardon me," said a strange woman,
"but you have my umbrella."

"Oh, no," said Mrs. Smith, "that is
my umbrella."

"Pardon me again," insisted the
strange woman, "but it is mine."

"I guess I know my umbrella," said
Mrs. Smith, beginning to show fight.
"If you have lost your umbrella I am
sorry, but I can't give you mine."

"Did you carry two umbrellas when
you left home?" asked the stranger.

Then Mrs. Smith discovered that she
had an umbrella in each hand and she
surrendered.

A Predicament.

"Astronomy tells us," began Mr.
Blodge, at a banquet, "according to
our learned friend, who has just sat
down after his most interesting re-
marks on that fascinating science, that
an express train, travelling at the rate
of one hundred miles a second, would
take several million years to reach a
certain star."

He paused, and seemingly looked
round on the assembled company.

"That was the statement," said a
neighbor.

"Well, I was just thinking," went
on Mr. Blodge, "what a predicament
a man would be in if he missed the
last train and had to walk!"

Miss Catherine Fagan, and Patrick
Byrne, of Brockville, were married on
Monday.
