## LEGAL QUESTION OVER BY-LAW

**Does New Act, Brought Into Force Since Voting, Apply.**

Woodstock, April 19.—A curious situation has arisen here over the two money by-laws voted on by ratepayers on Monday. The official count on the by-law to raise $75,000 for a new city hall shows a tie, 492 for and against. In the by-law to give a bonus of $3,500 to the automobile company the city clerk refuses to make a declaration until he is sure whether the new amendment to the act, signed yesterday, will apply. If it does the by-law is carried by having more than two-thirds of the total vote cast, if not it is defeated. A Toronto lawyer consulted says the law in operation at the time the clerk's declaration is made applies, not that in force at the time of voting.

### Maude Adams' Start.

Matthew White, Jr., in his stage comment in The Munsey for March tells a number of interesting stories about the Salt Lake theatre that celebrates its fiftieth anniversary this month. This theatre was built by Brigham Young, president of the Mormon church, to accommodate a stock company of Mormon players.

"In my day there," writes Mr. White, "two leading women were the reigning favorites. One of them, Sara Alexander, is now living in retirement in New York. The other was Annie Adams.

"Later, when Annie Adams had become Mrs. Kiskadden, her baby-daughter, Maude, was carried upon the stage of the Salt Lake theatre on a dinner tray—thus beginning that most notable career that has fallen to any actress now on the American boards. Indeed, this old house has helped to train so many well known players that historically, at least, it is one of the most interesting theatres in the United States."

## Ill-Health and Success

Is ill-health in the way of your success? Do you lack the energy and vitality, the red blood which is necessary, to good health and success in life? What have you done to overcome this condition? For it can be overcome by a little patient treatment.

There are combined in Dr. Chase's Nerve Food the elements which go to form new, rich blood. By using this food cure regularly you increase the quality and quantity of blood in the body. The wasted nerves feed on this rich blood and become revitalized. Mind and body regain snap, vim, energy and all that accompanies health and strength.

Nervous headache and indigestion, nervous prostration and exhaustion, give way when this great restorative treatment is used to put new health and vigor into the blood.

You can make old furniture harmonize with new surroundings by applying one coat of Campbell's Varnish Stain. These stains are transparent, and impart a fine color and finish without obscuring the grain of the wood. Any inexperienced person can use them. Apply to W. A. Mitchell, for color card.

## G. H. WARREN IS HELD FOR BIG LAND FRAUD

**American is in the Toils at Calgary on a Serious Charge.**

Calgary, April 20.—Arrested after almost a year of investigation upon a charge of conspiring to defraud a British syndicate, George H. Warren is held at the local police station, and will not be released until after his trial, at least unless bonds in the sum of $20,000 are secured.

Warren is an American, who for some years has been actively engaged in dealing in Western American and Canadian farm lands. The complainant is H. P. Dyer, of London, England, representative of a big syndicate which is behind the prosecution.

It was during last May that Warren is alleged to have contracted with Albert Jenjensky to buy for the Western Canada Grain and Land Unit company a block of 1,920 acres of farm land near Kindersley, Sask. The company was formed in England.

It is alleged that a sum of money in the neighborhood of $45,000 was entrusted to Warren and Jenjensky to secure land. It is alleged that Warren and Jenjensky entered into a conspiracy to defraud the syndicate. It is claimed that Jenjensky bought the land for $15.60, and that he resold it to Warren for $19.50 an acre, who, after tacking on the legitimate commission turned it over to the company at $21.95 an acre.

The Best Proof That Tea and Coffee Hurt

Often comes from those who formerly said, "Tea and Coffee don't hurt me," but who finally changed to

POSTUM

When such persons find relief from tea and coffee troubles, and the way back to old-time health and comfort, they have something to say worth while

Read letter to the right.

"There's a Reason" for POSTUM

### TALES THAT ARE TOLD.

"I was one of the kind who wouldn't believe that coffeee was hurting me," says a N.Y. woman. "You just couldn't convince me its use was connected with the heart and stomach trouble I suffered from most all of the time." (Tea contains caffeine—the same drug found in coffee, and is just as harmful.) My trouble finally got so bad I had to live on milk and toast almost entirely for three or four years. Still I loved the coffee and wouldn't believe it could do such damage.

"What I needed was to quit coffee and take nourishment in such form my stomach could digest. I had read much about Postum, but never thought it would fit my case until one day I decided to quit coffee and give it a trial and make sure about it. So I got a package and carefully followed the directions.

"Soon I began to get better and was able to eat carefully selected foods without the aid of pepsin or other digests, and it was not long before I was really a new woman physically.

"Now I am healthy, hearty and sound, can eat anything and everything that comes along, and I know this wonderful change is all due to my having quit coffee and got nourishment I needed through this delicious Postum in place of the dangerous coffee and tea.

"My wonder is why everyone don't give up coffee and the troubles that go with it and build themselves up as I have done, with Postum." Name given by Canadian Postum Co., Windsor, Ont.

Easy to prove by 10 days' trial of Postum in place of tea or coffee. The reward is big and worth the test.
