SCHOOL OF MINING

ANNUAL MEETING WAS HELD TUESDAY EVENING.

A Successful Year Reported—Changes in the Teaching Staff—Expenses Were \$327 More Than the Revenue.

The nineteenth annual meeting of the subscribers to the School of Mining was held Tuesday evening, in the engineering building, J. B. Carruthers in the chair.
The retiring governors, R. W. Robertson, H. Crawford and H. A. Callaghan, Kingston, and Sir Sandford Fleming, K.C.M.G., Ottawa, were re-elected.
The director presented the report for the year, showing that there had been decided progress. Gordon hall had been completed, and was considered the finest chemistry building in Canada. Nicol hall was nearing completion, and a number of the laboratories would be in use next month.
The treasurer presented annual report, showing total income \$86,000, an over-expenditure of \$327.
The meeting was followed immediately by the annual meeting of the governors, D. M. McIntyre in the chair.
Assistant Prof. W. C. Baker was given the standing of associate professor.
Committees were appointed to advertise for a lecturer in chemistry, to succeed Prof. Manning, who has resigned to study abroad; also for an assistant professor in physics to take the place of Prof. Kaimus, transferred to V. E. Pound, M.A., of Toronto, was appointed lecturer in physics, vice J. K. Robertson, resigned, to study abroad.
Douglas Ellis, M.A., B.Sc., lecturer in mathematics, was advanced to the status of assistant professor.
A very satisfactory report was presented on the work of the Douglas trustees, under which assistance is given by the men of the senior year to the students of the first and second years, resulting in much better work being done, and a reduction of over twenty per cent in the percentage of failures.

THROWN INTO WATER.
Capt. Constantine Saved Dean Bidwell's Daughter.
The storm wall at the city entrance to Cataract bridge, gave way, Tuesday afternoon, about five o'clock, and fell into the water below, carrying with it the young daughter of Dean H. J. Bidwell, who was sitting on it at the time. The little girl would in all probability have been drowned had it not been for the prompt action of Capt. C. F. Constantine, passing, and who jumped into the water and rescued the little girl. A companion of Miss Bidwell was with her at the time, but was not sitting on the wall, and so escaped the wet and cold experience of the dean's daughter.
It appeared that Capt. Constantine was the only person passing at the time, but the falling of the wall attracted the attention of a number of the soldiers at the barracks, and others going across the bridge. The water is quite deep at the spot, and after the artillery officer had swam to the foot of the wall, he handed the little girl up to some men above. She was taken to Mrs. Richardson's quarters at the barracks, and warm applications administered. Later she was removed to her home on King street.
The entire wall at this spot has been in a bad condition for some time, and it is thought that the frost coming out of it caused it to give way. The foundations were badly undermined, and it would take very little to topple over the remainder. The broken piece was barricaded off Tuesday evening, and the whole thing should be seen to at once.

Colds Most Fatal At This Season
This is the time of year when colds seem to turn into pneumonia or quick consumption, and to prove more generally fatal than at any other season.
With many people one cold follows another during the winter months until finally the human body becomes so run down that it can no longer resist the attack of the germs which cause lung trouble.
The best rule is to never allow a cold to get farther than the throat, and this you can do by the prompt use of Dr. Chase's Syrup of Linseed and Turpentine. Do not wait for chest colds and bronchitis to develop. Keep this well-known medicine at hand for use in case of emergency.
Dr. Chase's Syrup of Linseed and Turpentine loosens a cough, aids expectation, and soothes and heals the irritated and inflamed membranes.

DOUGALL-HENDERSON.

A Bagot Street Wedding on Wednesday Afternoon.

A pretty wedding took place on Wednesday afternoon, at the home of Mr. and Mrs. George Henderson, 76 Lower Bagot street, when their daughter, Miss Vena Henderson, was united in marriage to Harold Dougall, of Montreal. The house was prettily decorated, being finished in white and green, with floral designs of white narcissus and hyacinths.
The ceremony was performed by Rev. S. J. N. Compton, B.D., of St. Andrew's Presbyterian church. The wedding marshes were played by Miss Margaret Dougall, Miss Mac Hinckley sang.
The bride was given away by her father, Mrs. Hicks Hawkins, Mexico, sister of the bride, was matron of honor, while the bride's niece, Miss Jean MacPherson, made a charming flower girl, Harold Moore, of Montreal, acted as best man.
The bride looked charming in a frock of white French crepe, with an overdress of Brazilian point. She wore a veil of white tulle and a coronet of orange blossoms, and carried a bouquet of gardenias, the gift of Mrs. Hicks Hawkins, of Mexico.
Mrs. Hawkins wore a Paris frock of white voile over pale pink taffeta, heavily beaded in black and white, and trimmed with white silk fringe. She carried a bouquet of Killarney roses. Her hair was black clip straw trimmed with white crepe. Miss MacPherson, as flower girl, carried a basket of pink and white sweet peas. She wore a white embroidery frock, and a baby hat.
The bride's mother wore a frock of mauve silk, and carried a bouquet of purple orchids.
Some of the guests were: Mr. and Mrs. J. S. N. Dougall, Miss Margaret Dougall, H. Dougall, G. G. Henderson and Miss Grace Boulton, all of Montreal. The groom's gift to the bride was a gold watch bracelet, and to Miss Dougall and Miss MacPherson, diamond necklaces. His present to the matron of honor was a silver inlaid perfume bottle. A very fine musical programme was provided. Those taking part in the programme were Mrs. Nash, Miss Ida, Mrs. Nash, Mrs. Routley, Miss Jack and Honor Routley, Arthur Routley, John Smeaton, J. W. D. Conner and John Hughes.

AT THE POLICE COURT.
Chinaman Claimed a Man Tried to Choke Him.
The turning off of a water tap caused trouble between John McGill, employed at Bibby's, Rogers and Kim. Kim rents a flat to McGill and they had some disagreement over who should pay the water rates. The Celestial turned the water off and when asked by McGill to turn it on refused. Then there was more trouble. McGill said he tried to turn on the tap when the Celestial grabbed a knife and made an attack upon him. This the Chinaman denies. He says he did not pick up a knife but on the other hand says that McGill tried to choke him, and knocked his head against the floor. The magistrate dismissed the charge and the understanding is that McGill will seek new quarters.
Edward Holder was charged with being drunk and as per usual denied the charge. The magistrate then asked him if he used cocaine and again he said "no."
Holder said he was at Dalton's five yesterday, tripped over a line of fire and was taken in charge by the police. The magistrate imposed a fine of \$5 and costs.

WORTH MORE THAN MONEY
Here is an instance where a few words of advice by a friend helped more than a gift of \$1,000 would.
Mrs. H. Hartmann, who lives in Albany, N. Y., who was in bad health for years and is now strong and vigorous says in a letter:
"I was in a run-down condition for about six years until this spring, when I learned what a good tonic and strengthener Vinol is. It is certainly the best tonic I have ever used and it has done wonders for me."
It is very important for all who are not feeling just right, to build up their strength this spring by taking one of the delicious cod liver and iron remedies without oil, Vinol.
There is no better time than right now, for Vinol both enriches and purifies the blood and creates new strength. People who have trouble, coughs, no appetite, can't sleep, find Vinol exactly what they need to build them up. We guarantee Vinol to satisfy you and will pay back your money if it does not.
