REV. J. O. TROOP, M.A.

PREACHED IN ST. GEORGE'S CATHEDRAL ON SUNDAY.

Eminently Earnest and Presses Conviction Upon His Hearers—Touching on Great Disaster.

The saintly rector of St. Martin's, Montreal, and a canon of the cathedral of that city, the Rev. J. Osborne Troop, M.A., preached at mass and evensong at St. George's cathedral on the third Sunday after Easter. Mr. Troop's earnestness is so great, his belief in that which he preaches so sincere, that whether or no a congregation could at all times feel moved with his view of the paths of the faith and the revelations of Scripture, that there are few if any, of the congregation's members who does not feel it a privilege to be preached to by such a man as he.

At matins Canon Troop touched on the great disaster, still the chief thought of men's minds, and at evensong his theme was St. Paul's testimony to the Resurrection. Briefly surveying the qualifications which led St. Paul to be chosen as the exponent of the great doctrine, the canon said his sincerity stood out above the others. Enthusiastic as a persecuting rabbi he was equally enthusiastic in extending the Christian faith. He was never lukewarm.

WORK HAS EXPANDED.

Principal Dyde Complimented on His Work.

Robertson College, Edmonton, Alberta, over which Dr. S. W. Dyde presides, has just concluded a very successful term and various speakers at the closing exercises referred in complimentary terms to "the splendid man at the helm." Dr. Dyde intimated that the college work had expanded beyond all its expectations and that an additional professor was absolutely necessary to insure the best results. At present he only asked for the strength to do the work required of him. Four new scholarships were announced, one of them for \$25 by Dr. T. H. Farnell, of Utica, N.Y., a brother-in-law of the principal.

He will open his tour next season in the English provinces, and then after a London engagement, will make a special continental tour, appearing in Paris, Berlin, Vienna and St. Petersburg. Mr. Boak was one of Queen's most distinguished graduates, having taken his M.A. degree in 1906 when eighteen years of age. The young scholar is the son of H. W. C. Boak, barrister, of Vancouver.A May Day Concert.
One of the most important and artistic events of the musical season in Kingston will be the appearance of Albert Spalding, in the city hall, Friday, May 3rd.

Albert Spalding is without a doubt the most interesting figure in the musical world to-day. He has been reared in an atmosphere of culture, and received his training from the great masters of Europe. He is withal gifted with that divine fire we call genius, and which has made him famous as an exponent of the classic composers. There is a fitness about him which bespeaks the scholar and the poet, and which one feels in certain of his interpretations which always keep the keys well in hand, but which is brilliantly displayed in Tschaikowsky's music.

THE SOCCER LEAGUE

ARRANGES FOR SERIES OF SCHEDULED GAMES.

There Will be Four Teams, R.C.H.A., Locomotive Works, Shipbuilding Company and Queen's.

A meeting of the city soccer league was held Friday evening with representatives present from the R.C.H.A., the Canadian Locomotive company and the Kingston Shipbuilding company. Sgt.-Major Bray, of "A" battery, presided.

The prospects for a league during the summer and fall were discussed. There is plenty of material on hand, many of the players having chased the pigskin for years, and have become rather pastmasters. Last year the schedule was played off in the fall with Queen's, the R.C.H.A. and the Locomotive Works contesting. The Shipbuilding company is the extra team entered this season.

Owing to Queen's not being able to play until the 11th, it is likely that the scheduled league games will not be pulled off until the 11th, when all four teams may take part.

Alfred Jeulies, manager of the Locomotive Works team, was authorized at the meeting, to draw up a schedule of exhibition games to be played between the three city teams during the summer months to provide sport for that time and keep up the interest until the regular schedule opens with Queen's in the fall. It is likely that the first of these exhibition games will be between the R.C.H.A. and the Kingston Shipbuilding company, next Saturday afternoon.

A meeting of the league will be held next Thursday evening when the officers will be elected, the schedule for the summer games adopted, and the rules under which the games will be played decided.

The soccer league is somewhat crippled with regard to a field where the games may be played. Owing to the fact that the field being taken Saturday afternoons by the baseballers, an effort will be made to secure the Queen's lower campus for these exhibitions.

Left \$200 to Church and \$100 to Missions.

The gifts are cheerfully accepted as coming from one who had been a long time associated with the church and interested in the work of the church.

IMPORTANT NOTICE.

To Horse Owners—Boarding Stable Opened.

For many years it has been advocated, and rightly so, that a Repository and boarding stable be opened in the city. Having secured the old livery stable property, foot of Princess street, we propose overhauling this property at once and putting it into good condition, to take care and board horses of all classes, heavy draught, general purpose, express and delivery horses, carriage, cab, saddle and road horses. We guarantee to employ first class men to take care of them. We shall also sell horses as commission agents only, and the commission is our only interest in the sale of any horse. All horses sold under any warranty are returnable by noon of the day following sale, if not fully represented. We will be able to take care of a limited number of horses on 1st May. A trial will prove that we will give satisfaction. Kingston Repository, R. W. Smith, mgr.
