CITY NOT YET OWNER

OF CATARAQUI BRIDGE AS IS SUPPOSED.
The Papers Have Not Yet Been Signed—Will the Government Accept the Bridge From the City at Once?
Mayor Hoag says that the city has not yet taken over Cataract bridge, and therefore, is not responsible for it. The solicitor of the bridge company has not prepared the papers for the transfer of the old structure to the city, which last week gave notice of its intention to take up the option secured upon it, and which expired on May 1st. It is expected that the papers will be signed next week and that the city treasurer will issue a cheque for the purchase. The bridge question will come before the civic finance committee at its meeting this evening.

The mayor did not wish to arrange any conference with the minister of public works over the taking over of the bridge by the dominion government until the city really possesses the structure, and is in a position to hand it over at once. If the government will accept the bridge as soon as the city takes it over from the company, the city will be in the happy position of not being responsible for repairs and accidents on the old structure.

PLUMBERS STILL OUT.

No Settlement as Yet in Their Strike.
The plumbers are still out on strike, and one of the boss plumbers stated to the Whig that there had been no negotiations as far as he was aware of, to bring about the settlement. It would thus look as if the bosses were not inclined to give the increase. "Are you suffering much from the strike?" the Whig asked one of the leading plumbing establishments. "No, we have quite a little work to do, but we can easily let it stand for a time, to see how matters will come out. We have all the other contractors in sympathy with us."

TWENTY-FIVE YEARS AGO.

What Happened a Quarter of a Century Ago.
Lieut.-Col. Kirkpatrick elected president of the Dominion Rifle Association.
Rev. Dr. Grant lectured on Canada First before the New York Canadian Club.
E. H. Ellis appointed treasurer of Gananoque.
Two young men, aged nineteen years, McConnell and Walker, killed on the C.P.R. crossing near Arden.
Coal selling at \$6.50 a ton, a raise of fifty cents.

Christian Endeavor Meeting.

Miss E. Hall, field secretary of the Christian Endeavor societies on Ontario, addressed the Young People's societies of the three Congregational churches on Thursday evening. The hall was well filled and the audience very attentive. Part of the evening was spent in conference on committee work, in which Miss Hall was able to give the young people a great deal of valuable help.

Meat Higher Than Ever.

The prices of meats have gone higher than ever before in Kingston. The reason of this can readily be understood when one reads that in New York beef by the carcass sells at thirteen cents a pound, and mutton as high as fourteen cents. In Kingston, prime sirloin steak in the butcher shop is retailed as high as twenty-three cents a pound, while mutton is "out of sight."

Grant Forms for Veterans.

Veterans of 1866 and 1870 have enquired about forms for their applications for the \$100 grant of the Dominion government. The forms can be secured free of charge on application to the officer commanding the 3rd division, the armouries, Kingston, or direct to the militia department, Ottawa.

Y.M.C.A. Notes.

The schedule for indoor baseball in the Y.M.C.A. gym is now being arranged and will likely be in running order by next Monday.
The oyster supper, that was to have been given the different teams that won the basketball series, will be held at the building this evening.

Browning's Centenary.

The centenary of Robert Browning, the eminent poet and author, will be celebrated on May 7th. The Whig will, on Saturday, publish a half page, fully illustrated, article of his life and works. It will be in Saturday's supplement part.

Died at Sunbury.

The death occurred at his home in Sunbury, on Friday, of Robert Greenlee, in his eighty-second year. Deceased was born in Scotland. He was for years a farmer at Sunbury, but for the past few years had been living a retired life.

Engagement Announced.

Mr. and Mrs. W. E. Topfline announce the engagement of their second daughter, Emily Ethel, to James O. Dargavel, Rock Mills. The wedding will take place early in May.

INCIDENTS OF THE DAY.

Newly Paragraphs Picked Up By Our Reporters.

Photographic supplies. Mahood's drug store.
Waterman's new \$9,000 auto fire engine is expected to arrive about May 15th.
Don't borrow your neighbor's paper. Borrow his money and subscribe for one of your own.

Kodaks and cameras. Mahood's drug store.
Work has been commenced on the new water fountain, on Clarence street, near the Golden Lion block.
Kodaks and cameras. Mahood's drug store.
J. Harrison m-m-p, Rochester, N.Y., who was attending toom's during the winter, returned home last week.
New library books. Gibson's.

H. W. Newman has received the contract for doing electrical work on the oil steamer Toiler, now in Kingston dry-dock.
Photographic supplies. Mahood's drug store.
Mallory Shaw, of Lansdowne, who has been attending toom's, left last week for Bradford, Pa., where he will spend the summer.

Wilfred Burrows, B.Sc., Queen's, has left the city for the Helen mine, near Lake Superior, where he has accepted the position of chief engineer.
Special "week end" cigar bargains. Mahood's drug store.
The many friends of James Daley, weigh scales clerk, at the hay market were pleased to see him out, to-day. He has been ill with bronchitis for five weeks.

Joseph Cross, of Peterboro, was brought to the penitentiary, on Friday afternoon, to serve a five-year sentence for burglary. This is his second term.
See Jenkins' double knee, double seat pants for double wear boys.

James Stinson, of Stratford, was in the city on Friday burying his mother, who died in Chicago during the winter. The remains were placed in the family plot at Cataract.

SON DIES IN HALIFAX

The Day Following Father's Return to Kingston.
Sergeant Frederick Ward, Balacava street, master tailor of the R.C.H.A., received a telegram from Halifax, Thursday, which conveyed the shocking news of the death, in the military hospital of that garrison, of his sixteen-year-old son, Frederick, a young soldier of the Canadian Permanent Army Service Corps. The deceased young man was stricken a few weeks ago, with a rare and curable disease known as leukemia, the germs of which, it is claimed, have been in his system all his life. His father had been in Halifax nursing him, and returned to the city Wednesday, rejoicing that, as he thought, his young son was on the road to recovery. The feelings of the family can be imagined when they received the fatal telegram.

The late young soldier was born in the Isle of Mauritius, in the Indian ocean, and has been brought up in the service. The family came out to Canada last June, for a short time, and at Halifax, but later the father and part of the family came to Kingston.

The deceased, whose funeral took place in Halifax Friday, was the brightest son of the family, and an active member of the Church of England. He is survived by his father and mother, three brothers and two sisters.

Trumpeter Thomas Ward, one of the brothers, who was attached to the R.C.G.A., of Halifax, of Kingston, and accompanied his father here.

WAS ALMOST RUN OVER.

Patrick Murphy, Drunk, Fell on Rails and Held Up Train.
Patrick Murphy, owes his life to the men on the suburban train, on the Grand Trunk. While under the influence of liquor, Friday afternoon, he fell on the railway tracks, near Davis' tannery, and had not some of the crew of the train noticed him there, he would certainly have been killed.

The train was stopped a short distance from him, and he was taken off the rails. He was very drunk. A call was sent to the police station, and Constables McCarrey and Downey took him in charge. He was so drunk that a cab had to be procured to get him to the police station. On arrival of the cab at the police station Murphy came out of his sleep, and with assistance, was able to walk into the police station, where he was registered, and afterwards given the best accommodation for the afternoon and night.

Murphy has only been out from Ireland a short time, and just recently came to Kingston. For some time he has been living in the state of Maine. He could stand Irish whiskey, but the Canadian brand was too much for him. He will have a chance to tell his story to the magistrate in the morning.

FIRE AT SHARBOT LAKE

Destroys the House of a Railway Sectionman
The residents of Sharbot Lake were awakened from their sleep on Thursday night by the ringing of the church bell and found that the home of Mr. Buchanan, a sectionman on the railroad, was a mass of flames. The villagers were soon on the scene and with the use of the bucket brigade, they tried to extinguish the fire, but with no success. The house and contents were completely destroyed, with the exception of the piano. For a time it looked as if the fire might spread to other buildings.

BURIED IN WRONG GRAVE.

A Mistake Made at Wolfe Island on Thursday.
The interments have been going on at Wolfe Island cemetery since the frost was out of the ground. A mistake occurred on Thursday when the remains of one man were buried in the plot which should have been kept for another. The body will have to be exhumed and those of the other interred in its place.

THE SPORT REVIEW

THE SOCCER LEAGUE ARRANGES FOR MATCHES.

The League Games Will Not be Played Till the Fall—Exhibition Contests to be Arranged for the Summer.
A meeting of the soccer league was held in "A" battery office, R.C.H.A., Barrack street, Thursday evening. The representatives were present from the city teams—R.C.H.A., Sgt. Major Gray, Sgt. F. W. Hossinger, Kingston Shipbuilding company, H. Harrison; Canadian Locomotive company, A. Jenkins, W. Lifford. The election of officers resulted as follows: Honorary president, Harvey Milne; president, David Murray; secretary-treasurer, Sgt. Major Gray.

The regular scheduled games of the league will not be open until the fall when Queen's soccer team will be able to take part, but exhibition games will be pulled off weekly during the summer months, the first to be played Saturday afternoon between the R.C.H.A. and the Shipbuilding company.

The games in the fall, in which the four teams will compete, will be for the trophy which Harvey Milne has donated, and which the boys and followers of soccer are very grateful to him for. The boys are very keen and close and exciting struggles may be expected.

There is a little indifference as to where the games will be played as the cricket field is generally taken by the baseballers on Saturday afternoons. Efforts may be made to secure the Queen's lower campus. The rules governing the trophy will be decided later.

The League's Games.

The opening games of the City Baseball League will be played on the cricket field, on Saturday afternoon, May 25th, or, if possible, the Saturday before. The president of the league, S. E. Trotter, was authorized at the meeting, Thursday evening, to draw up the schedule, and it was announced, Friday morning that this would likely be the date of the first games. The teams to meet in the initial game will be the Victorias and C.E.'s in the senior series, and the Tecumsehs and Park Nines in the junior.

As noted in the Whig, Thursday night, representatives were present at the meeting from six teams, and the Victorias, Tecumsehs and Park Nines were entered, making six teams in the league. Victorias, Athletics and C.E.'s in the senior series, and Ponies, Tecumsehs and Park Nines in the junior.

The league executive is now waiting for the reply of the finance committee of the city council, regarding the request for \$75 to expand in the diamonds in the cricket field.

The executive transacted a good deal of routine business, the purchase of supplies, etc. A meeting will be held Monday evening, to adopt the schedule.

Mercantile Baseball League.

As yet no meeting has been held of the Mercantile Baseball League, though one was called and had to be postponed, but it is understood the initial meet will be held some evening next week, when the officers will be elected for the season, and, as far as possible, the entries received to hasten the drawing up of the schedule. One officer who will be out of the running this year, owing to pressure of duties, is John Welch, who last year acted in the capacity of president.

Loungboat's Feet Too Sore.

Tom Loungboat, to have been a starter in the fifteen-mile championship race at New York, on Sunday has declared out. His feet are in such bad shape as a result of indoor races at Stratford and Stratford that he decided to let up, and get them right for the fifteen-mile relay race at Toronto on May 24th. Strubbe, who is in fine fettle, may go down to replace the Indian.

Age Limit Remains Same.

The notice of motion to amend the clause of the constitution regarding the age limit of the junior players in the city baseball league, coming in from nineteen to twenty years on the first of May, which was given notice of at the last meeting of the city league, was not acted upon at Thursday night's meeting. The players will have to lay below the age of nineteen on the first of May, as formerly.

BODY OF BERNARD MCCOLL

Found in Woods Near Newburgh With Rifle at Side.
The mystery in connection with the disappearance of Bernard McColl, of Camden East, last autumn, was solved, on Thursday, when the body of the young man was found in the woods near Newburgh. Beside it lay the rifle of the deceased, McColl had gone out hunting, and had never returned. He was about twenty-three years of age, and had just returned a short time before from Rochester, N.Y.

The body was taken in charge by T. A. Dunwoody, undertaker of Newburgh. It was impossible to say how the deceased came to his death, but it is supposed his gun was accidentally discharged and that he received a wound which may have caused instant death. Little more than the bones remained. The rifle lay in front of the remains and was discharged. The mother of the deceased is a widow, residing at Camden East.

ELECTRICITY THE SOLUTION.

Employed on Hand to Raise Gold Ore.
Cassler's Magazine.
It is unknown as yet to what depth mining operations on the Hand will be carried on in the future. So many different factors enter into the question, such as value of the reefs, working costs, underground temperature, etc., that it is impossible to speak definitely on the point, but it may be anywhere between 6,000 and 12,000 feet from the surface.
