Thos. Lambert—Merchant Tailor

You are going to buy a new suit. Why not have it made to order by Lambert, the Tailor. It is the most satisfactory way of getting clothes, because then you can have the suit made to your own particular form and style. The skill of the man with the needle and pressing iron counts a lot in good clothes.

Shades of Brown, Tan and Light Greys; also Indigo Blues are the right clothes to buy.

Will you try us with your next suit?

ABERNETHY'S

DESERVES SUPPORT

HELP CELEBRATION COLLECTORS NEXT WEEK.

King's Birthday Celebration Will be Helpful to the City—Let Everyone Support it Most Heartily.

On Monday morning next, the members of the various committees, which have charge of the collections on behalf of the King's birthday celebration, will begin their work. As outlined in the Whig some days ago, a thorough canvass of the business and mercantile sections of the city will be made, and it is hoped that the citizens will, respond in a manner deserving of the cause. This year the city is fortunate in having secured the services of many of our best citizens on behalf of this celebration. They are devoting a great deal of valuable time to the public cause and the citizens generally should give them hearty support.

The loyalty of Kingstonians to their city should be strong enough to back up every commendable enterprise on behalf of the city. This monster celebration of the King's birthday, which is not a statute holiday, the stores will remain open, as it is felt that many country people coming into the city for the celebration would like to combine a little business with their pleasure.

The June 3rd celebration will be one of the largest and best that Kingston has ever seen. New features have been introduced, which will make the programme unusually attractive to citizens and outsiders. This programme is being extensively advertised throughout Eastern Ontario and Northern New York. The expenses incidental to such a demonstration will be large and the committees of business men who are taking the responsibility should be supported by a generous public patronage. Therefore, let every one be ready when the collectors approach them next week to open their hearts and their pocket books to help in this good cause. These celebrations have in the past been very successful. It is Kingston's one big day the whole year. Let us all unite to make it a day to be proud of.

NINETY YEARS OF AGE

MRS. GRIMASON, KINGSTON'S GRAND OLD LADY.

Celebrated Her Birthday on Saturday—She Was Born in Armagh, Ireland, in 1822, and Came to Kingston in 1847.

One of Kingston's oldest residents, in the person of Mrs. Elizabeth Grimson, celebrated the ninetieth anniversary of her birth at her home, on Union street, Saturday.

The old lady is of Irish descent, born in the county of Armagh, in the year, 1822, and came to this country in 1847, settling in Kingston.

Mrs. Grimson was connected with the hotel business nearly all her life in this country, her husband first conducting one where All Saints' church formerly stood, on Division street. Then Mr. Grimson took the Grimson house on Princess street, and conducted it until the time of his decease, after which was carried on by his wife, until ten years ago, when she retired. Her husband has been dead over forty years.

Mrs. Grimson has always been looked upon as one of the most tender-hearted of women in this city and district, where she has hosts of friends and acquaintances. She was, for years, an Anglican in religion, but for the last three decades, has been a devotee of the Presbyterian persuasion, and a member of St. Andrew's church. The late Sir John A. Macdonald numbered among his stalwarts or years, Mrs. Grimson, and she still holds strongly to the conservative opinion in politics.

Mrs. Grimson spent her anniversary day quietly, with her family. In health, bodily, she is very well, her only disability being her somewhat defective sight, which has come on in this last few years.

She has a family of one son and six daughters living: Thomas, collector of inland revenue, of this city; Mrs. J. Gray, Toronto; Mrs. H. Reid, Mrs. J. McCannan, Mrs. S. Harkness, Mrs. W. Knox and Mrs. W. Marshall, of this city, as well as a host of grandchildren and great-grandchildren.

The Whig wishes to extend the happiest returns of the day to the aged lady, with the hope that she may still enjoy years yet of health and happiness.

Mrs. Grimson is to christen the new government tug, Belleshaire, to be launched at the dry-dock on Wednesday afternoon.

Played at Portsmouth.

The young people of Sydenham Street Methodist church Epworth League repeated "The Spinsters' Convention" at Portsmouth Orange hall, Friday evening. Though the attendance was not large, those who were present, a number from the city, enjoyed the business of the convention of the "Young Ladies' Single Blessedness Debating Society."

Previous to her departure for Kingston Miss Harrietta Young, Pictou, was presented with a fine leather hand bag, as a parting gift from the Women's Guild, and the Sunday school of St. Mary Magdalene's church.

DAUGHTERS OF THE EMPIRE.

Are Enthusiastic Over Tuberculosis Hospital.

The following proposals were received from the board of the new tuberculosis hospital at the meeting of the Daughters of the Empire, held in the Y.W.C.A. parlors, this week, with the president, Mrs. J. B. Carruthers, presiding.

First, that there should be representatives from the Daughters of the Empire in co-operation with the superintendent of the hospital, should undertake the furnishing of the hospital.

Secondly, that the Daughters of the Empire should build the new shack, to cost \$800, according to the plan laid before the board.

The first proposal was agreed to and five representatives appointed, and the second was also accepted, a house committee being appointed. The third proposal was warmly endorsed by the meeting and a special meeting will be held next week to vote on it.

The report showed that twelve patients are under the care of the Daughters, one being in the shack at the hospital.

Source of Cannon's Wealth.

Rockingham Express. The proposition to cut down the mileage allowance of congressmen, Former Speaker Cannon remarked that his wealth had been rated anywhere between a million and a billion. He had, in his thirty-eight years of public life, drawn regularly a quarter of a million from the public treasury, but he had spent half a million in that time and yet had lived carefully, boarding at a hotel in Washington, instead of occupying a house, until he was elected speaker. How did he do it? Years ago he invested in the black, rich mine of Illinois, and by its appreciation now had a comfortable income. The present mileage is not more than sufficient, in his opinion, to transport a representative and his family to and from the capital city.

Ceremony at Gananoque.

Gananoque Journal.

On Sunday afternoon last Rev. H. Rothblat, the rabbi of the Jewish synagogue in Kingston, was in Gananoque and performed the ceremony of the rite of circumcision on the infant child of Joseph Stutsan, at his residence on Brook street. As there are only five male Jews in town he brought five more with him from Kingston, as it is necessary to have at least ten members of the Jewish sect present at the ceremony.

For Our Industrial Committee.

William H. Wardwell, mechanical engineer, Montreal, is seeking a site for an industrial plant to employ in the neighborhood of 600 hands regularly throughout the year. He requires between five and ten acres of land, with, of course, good shipping facilities. He will be pleased to learn inducements places can give.

See the "Galboy."

The new low crown derby, in Buckley's celebrated guarantee make, to be had in Kingston only at Campbell Bros., the style centre for men's hats.

Mrs. M. L. Hughes and Miss Aggie, trained nurse, of Kingston, are visiting Mr. and Mrs. George Shibley, Napawa.

Keep Milk Without Ice.

G. W. McMullen, Pictou, whose discovery of a new milk food was described several months ago, has also found, it is said, that milk can be kept for six or seven days without ice. This is done by smothering the germ, but Mr. McMullen is not willing at present to take the public into his confidence to the extent of explaining his process.
