**WAS NABBED BY POLICE**

AS HE WAS MAKING BOLT OUT OF HIS BACK DOOR.

Napoleon Newell Heavily Fined for Creating Disturbance on Street Car—Also Fined for Being Drunk.

It does not pay to refuse to pay car fare, and create a disturbance, while in a public conveyance. Napoleon Newell found this out, in police court, Saturday, when he was fined \$10 and costs, for such an offence. On April 27th, Newell got on a Bagot street car, refused to pay his fare, and during the disturbance, which he created, he put his fist through a pane of glass. The magistrate gave him a severe reprimand for his conduct. Newell used bad language on the car. His only excuse was that he did not remember acting in the way alleged.

Newell had a second charge to face, that of being under the influence of liquor, when a member of the "prohibited list."

He pleaded guilty to this charge, and was fined another \$10 and costs. Newell was summoned to court several days ago, but ignored the summons, and a warrant was issued. He managed to dodge the police, until Friday afternoon, when he was nipped by Constables James Bateson and John Naylon, at his home. Constable Bateson went to the front door of his home and knocked, and when Newell heard the rattle he ran to the back door to make his escape, but Constable Naylon caught him as he was about to make a bolt. Newell told the magistrate that a man named David Walker secured the liquor for him. Walker is at present serving time for securing liquor for a member of the "prohibited list."

Two sailors of the steamer D. A. Gordon, who went on a spree, Friday, were given a chance.

**IN SPORTING CIRCLES.**

Some Notes About the Local Baseball Clubs.

Two weeks from to-day the baseball season will open at the cricket field, with C.L.C.'s and Victorias on the field. As yet neither of the teams is doing much practising. No person seems to know anything about the boys from the engine works. All the men on the team are practically strangers to this district.

As new men will figure on the C.L.C.'s and the Athletics, this year, it is said that the Victorias will also have four new performers.

The Tecumsehs, who this year make their debut into the City League, will have a raffle on May 24th. Several say they have the lucky numbers. As the colors of the club are a blend of blue and pale blue, it may be necessary to make a change in them in order to get a suitable baseball uniform.

The Regiopolis Baseball Club, though not playing in a league, will "spread themselves," as usual, this season. This week they gave the Tecumsehs a game, and they are arranging for a "go" with a Watertown team in that northern New York city on July 4th.

Also, there has been practically nothing done in the Merchantile and Sunday School Leagues regarding baseball, though a meeting of the latter's executive was called for last Thursday evening, and had to be postponed for lack of a quorum.

**Baseball on Friday.**

International League—Toronto, 14; Baltimore, 5; Jersey City, 7; Montreal, 3; Buffalo, 8; Providence, 4; Newark, 9; Rochester, 8.

National League—New York, 4; Chicago, 9; Cincinnati, 6; Brooklyn, 5; St. Louis, 3; Boston, 1; Pittsburgh, 8; Philadelphia, 4.

American League—Chicago, 5; Washington, 2; New York, 3; St. Louis, 2; Detroit, 7; Boston, 5; Cleveland, 11; Philadelphia, 3.

**Working Out the Trotters.**

Some of the horses that are expected to run at the races on the 3rd of June were on the turf for a workout at the fair grounds on Friday morning, and showed material for good work. May Wax, with "Jack" Lambert "up," stepped a quarter of a mile in thirty-five seconds. Percy Ward's mare from Cataract was there and did a nice mile. James Robbs will have his chestnut mare, Butcher Maid, ready for the running class. Trudale's pacer, D.O.D., did well under the training of "Sandy" Bearance. Burns McKane was there, preparing Little Mack, owned by William Metcalfe, of Seely's Bay.

**That Was "Willie."**

The late Bishop William N. McViekar, of Rhode Island, harbored a large soul in a body to match. He was a bachelor, whose sister kept house for him.

On one occasion he telephoned to his tailor that he wished to have a pair of trousers pressed, and the tailor sent a boy to his residence to get them.

The Bishop's sister admitted the messenger and called upstairs:—"Willie, the boy has come for your trousers!"

When her brother appeared the youth's astonished gaze traversed the prelate's impressive "corporosity," then he murmured:—"Corporosity?" "Gee! Is that Willie?"

"Sanitol" creams. Gibson's.

A London cable on the home rule division says:—"The result is regarded by the opposition as a good augury, as it fell below the confident expectation of the government, whips."

"Magic" silver polish. Gibson's.

Vice-Admiral J. Wentholt, minister of marine for the Netherlands, resigned in consequence of the defeat of the proposal to build a battleship for service in the Dutch East Indies.

Flood conditions are looking serious along the Assiniboine river. The water has risen two inches in the last twenty-four hours. A bridge over the Elbow river at Fort Pelly has been swept away.

Adjutant McVane, of the Salvation Army, was fined \$10, in Quebec, for holding a public meeting on the streets there. He refused to pay and will go to jail. Interesting developments are expected.

"Nyal's" furniture polish. Gibson's.

**MOTHERS' DAY.**

Sunday is the Fifth Anniversary of Event.

Sunday, May 12th, will mark the fifth annual celebration of Mothers' Day. This year, the white carnation will be worn in every state and territory of the union, as well as in Canada, Hawaii, and Puerto Rico. The movement to honor the source of all that is human is destined to girdle the globe. The simple celebration was conceived by one woman as a tribute to her own mother, who had passed away, and its rapid adoption by so vast a spread of territory has been but little short of epoch making in the crystallization of those feelings which are natural to every human heart. Not only the dead mothers are accorded honors, but the living ones have felt the wealth of love and esteem that has too often been concealed by sealed lips. For this outpouring of attention the world and the mothers are indebted to Miss Anna M. Jarvis, Philadelphia, who in founding the custom adopted this characteristic motto:

"To honor the best mother that ever lived—your own."

When five years ago, Miss Jarvis ventured to suggest that one day of the year be dedicated to the recognition of what the world owes to mother love, the utmost she hoped for was that it would in time become a national event; yet so rapidly did the idea spread, so universal has become the recognition of the beauty of the sentiment, it could inspire, that the observance of this promise soon to become international.

**A BOY SHOT DEAD**

When Troopers Charged Foreign Rioters at Mines.

Seranton, Pa., May 11.—One boy was shot dead and several troopers and civilians were more or less hurt when troopers charged foreign rioters at the mines near here where strike is on. Reinforcements of mounted police have arrived and the situation is now well in hand.

Nineteen Spoons in Stomach.

Bangor, May 11.—A surgical operation has just been found necessary to recover a lot of teaspoons, which disappeared one at a time from a ward of the Eastern Maine Insane hospital, here. When the mystery was solved by the discovery that one of the patients was swallowing the missing articles. Dr. W. C. Mason and Dr. E. B. Sanger recovered from the man's stomach nineteen teaspoons. Seventeen of them belonged to the hospital and two had been swallowed evidently before the man was committed.

Collared the Rooster.

The tragedies of roosterdom were brought to a climax, on Saturday, when a game rooster belonging to a farmer on the market, escaped from his prison, where he was, doubtless, awaiting execution, and made a wild dash for liberty across the market square. He was hotly pursued by a number of newsboys and brought to bay in front of the Whig office. He was soon strangled into submission by overpowered numbers and brought back to his prison.

Lodge Reorganized.

Lodge Frontenac, No. 200, of the Knights of the Macabees of the World had a meeting, on Thursday evening, in the Sons of England hall. They were reorganized, under the supervision of A. W. Merritt, of Smith's Falls, commander of district No. 8. New officers were elected and installed by the district commander. Mr. Merritt and his wife are remaining in the city for some time and are expecting to organize a hive of Macabees in this district.

Deputation to Ottawa.

On Monday, Mayor Hoag and Alds. Rigney and Carson, representing the city council, together with Dr. Edward Ryan, G. Y. Chown, Capt. Robert Fraser and Francis King, representing the board of trade, will leave for Ottawa. On Tuesday morning they will have a conference with the minister of public works regarding the Kingston harbor improvement scheme, and offer the minister the Cataract bridge, lately purchased by the city.

Municipality to Control Trade.

Madrid, May 11.—In order to counteract the rise in the price of meat the municipality of Madrid proposes to bring the meat trade under its control and also to slaughter cattle. A commission will be appointed and it will have the power to borrow half a million pesetas from the Bank of Spain. The commission will deal directly with the cattle breeders and will eliminate the middlemen.

Finished Her Work Here.

Miss E. Hall, field secretary of the Christian Endeavor Societies of Ontario, concluded her work in the city, Friday evening, by holding a meeting in the Union Street Baptist church, and left Saturday morning for Martintown, Glengarry county. There was a large attendance of the Baptist Young Peoples' Societies of the city, at the meeting, and after Miss Hall's address an hour's conference was held.

The Plumbers' Strike.

The plumbers have now been out two weeks. They state that they must have \$2.75 for an eight-hour day, and refuse to classify the men. Next May they will require \$3 a day. The boys plumbers refuse to accede to their request. One of the bosses said that two old country plumbers have arrived here, and that more are coming.

At the annual convocation of McGill university, held on Friday, the degree of doctor of laws was conferred on Sir Melbourne Tair and Justice C. P. Davidson, both of the superior court of the province of Ontario.

The first work on the construction of the Grand Trunk in the state of New Hampshire was started this week. Seventeen engineers met in Concord, received their general orders, and dispersed to the various parts of the line for the purpose of making a general survey for the double track system.
