

TENDERS FOR WORK

FOR THE REMOVAL OF MANUAL TRAINING ROOM.

Contract Work Will Amount to \$378 and Total Cost Will Amount to \$459—Report of the Property Committee.

A special meeting of the board of education was called for Thursday night, to receive the report of the property committee, instructed at the last meeting of the board, to consider the improvements necessary for the removal of the manual training room from the Collegiate Institute to Macdonald school.

However, there is no opposition to the report of the committee, and it will be put through with the sanction of the other members and it will not be necessary to call another meeting.

The total cost for the removal of the manual training room to Macdonald school, will amount to \$459, the contract work amounting to \$378.

Tenders were received from the Macdonald school contractors for the

improvements recommended by Inspector Leake, to be made in connection with the proposed manual training room, as follows:

Painting and glazing, T. W. Milo, \$28; carpentering, King & Grant, \$175; heating and ventilation, Simmons Bros., \$140; mason work, H. Watts, \$55; total, \$378.

The specifications include: Prisms glass placed in the windows, installation of heating and ventilation, plastering of the walls, wainscoting around the room, blackboard accommodation.

Your committee recommends that the above tenders be accepted.

"That the sum of \$50, for wiring and \$10 for lumber racks, be provided as it is not practicable at present, to get figures for this work.

"Adding the architect's fees, viz., \$21.90, the total cost of the improvements will be as follows:

Contracts, \$378; wiring and racks, \$60; architect's fees, \$21.90; total, \$459.90.

"That the finance committee be requested to provide the necessary funds."

The Buckley Hat And the Buckley guarantee at 'Ampbell Bros'.

The entire cost of \$50,000, of the new anti-tuberculosis hospital at Ottawa will be borne by George Perley, M.P.

There is a prospect that the Golden Fleece mine, near Flinton, will resume operations in the near future.

DELEGATES SELECTED

FOR THE MONTREAL METHODIST CONFERENCE

At the Closing District Meeting on Thursday—The Church Union Vote Was Decided in Favor of the Proposal.

The annual meeting of the Kingston Methodist district, closed at five o'clock, Thursday afternoon, the major part of the session being devoted to the balloting for representatives on the Montreal conference committee and the delegates thereto from the Kingston district.

The vote on church union was decidedly in favor of the amalgamation, thus:

Official boards—For, 239; against, 52. Members over eighteen years—For, 1,737; against, 398.

Members under eighteen years—For, 253; against, 15. Adherents—For, 530; against, 87. Total—For, 2,759; against, 462.

The following resolution was unanimously carried on representatives of the balloting for representatives on the Montreal conference committee and the delegates thereto from the Kingston district.

"Resolved, that we, the members of the Kingston district, desire to express our hearty appreciation of the splendid services rendered by Rev. T. W. Neal as chairman of this district, and earnestly hope that we shall have the satisfaction of, next year, being presided over by Mr. Neal as chairman."

The following were elected representatives on the Montreal conference committee:

After More Records.

The prize list of the Canadian National exhibition, Toronto, August 24th to September 9th, has been issued. It shows the usual liberal prizes in all departments of live stock, agriculture and home work, amounting to a total of \$55,000. A few of the innovations noticed are \$100 in prizes for onions, tomatoes and celery in baskets.

The list shows a distinct advantage, and as the attractions will include a review of cadets from all the overseas dominions of the empire, the Scots Guard band and a brilliant historical spectacle, the Siege of Delhi, it is safe to predict another record year for the Canadian National.

Brought to Hospital.

Deseronto Post.

Mr. and Mrs. James McVicker will have the sympathy of our townspeople in an accident that befell one of their little boys last week. A younger brother and the injured one were playing ball in the yard and in a playful way the younger one picked up a piece of glass and threw it at the other.

His aim was more true than the little fellow intended, as it struck the other in the eye. The injured child was at once taken to Kingston, where it is hoped the eye may be saved.

The Moral is Obvious.

A few days ago it was reported that there was to be a sale of lots in Calgary for non-payment of taxes, the list of which took up several columns of the Calgary newspapers. We are now told that in the City of Saskatoon, 670 lots are to be sold for a similar reason, the majority of which are owned by easterners. The moral is obvious.

Married at Cataract.

At Cataract on Thursday evening, Miss Maggie Bedard was united in marriage to Paul Rees at the latter's home. The ceremony was performed by Rev. T. C. Cassidy, Miss Kate Bedard, sister of the bride, acted as bridesmaid and the groom's brother, Mate Rees, was best man. The young couple will live at Cataract.

Engagement Announced.

Mr. and Mrs. R. F. Spence, 302 Avenue Road, Toronto, announce the engagement of their daughter, Marjorie, to Arthur H. Britton, son of Justice Britton, Huron street. The marriage is to take place very quietly late in June.

ARRANGING FOR FLIGHT

Of an Aviator Here on the King's Birthday.

A representative of the Curtis Exhibition company, of New York, which is to provide the aeroplane flight on the King's birthday, is expected in the city in a day or so, to look over the fair grounds and make some arrangements for the exhibition of their "bird man" on June 3rd. It is understood that Dr. J. J. Hart, chairman of the sports committee, has engaged the most successful aviators in the business.

A number of Kingstonians saw a Curtis flying machine perform in Syracuse, N.Y., last year. It was a most favorable day, and the "bird man" soared from a few feet in the air, until he was out of sight. The flight will be thirty minutes in duration, and will certainly be the novel feature of the day.

GRAND OPERA HOUSE.

The Marks Company is Pleasing its Patrons Nightly.

The Marks Bros' company presented the pastoral drama, "Thorns and Orange Blossoms," at the Grand Opera House, last evening, before a large audience. The piece was entirely different from the story produced by Mary Jane Holmes, being a dramatization by Joseph Vance, and was handled in a creditable manner by a well-balanced company.

In the specialties, the Sours gave some athletic feats, in which they displayed great agility, and for their trapeze efforts they were heartily applauded. Chris. Chisholm sang two songs admirably.

Tonight the bill will be "The Bachelor Ward," and at the matinee tomorrow afternoon, "Master and Man" will be played. An amateur contest will take place in the evening after the performance.

Razor Factory for Kingston?

Here is a matter for the industries committee of the board of trade to look into.

The Clark Blade and Razor company, of Newark, N.J., in a communication to United States Consul Johnson, noted that they intended establishing an agency to handle all their hollow-ground blades, or a factory for the manufacture of the same, in Canada, in a short time. Why should not Kingston be suited for such an industry. Mr. Johnson will recommend this place, and his recommendation, followed up by the board of trade, would likely bear fruit with the Newark company, and have this city considered by them for location of their branch.

A Strong Canadian Institution.

Canadians are frequently urged to patronize home institutions. In fire insurance it is not always easy to do so and at the same time obtain that absolute security which is so essential. You can, however, accomplish both these objects by insuring your property in the Manitoba Assurance Company, which is not only a Canadian institution and thoroughly sound in itself, but is guaranteed by perhaps the strongest Fire Office in the world. Ask for a "Manitoba" policy. Agents, C. W. Wright and E. B. Thompson.

Fine For Guilty Parties.

The sanitary inspectors, who are now on their rounds, point out that in accordance with the regulations of the board of health, that all manure of any kind must be kept in a tightly covered box while it remains on premises, the said box to meet with the approval of the sanitary inspector. There is a penalty of a fine of \$20 for all guilty parties.

Election of Officers.

At the regular meeting of Kingston Lodge of Perfection, Ancient and Accepted Scottish Rite of Freemasonry, held Thursday evening, the following officers were elected for the ensuing year: A. W. Cathcart, master; J. Russell Stewart, senior warden; W. J. Saunders, junior warden; C. W. Wright, registrar; H. F. Metcalfe, M. of C.; A. E. Brough, tyler.

Rev. Dr. Ryckman Abroad.

E. P. Jenkins, Princess street, has received a letter from Rev. Dr. Ryckman, of this city, who, in company with his daughter, is now travelling on the European continent. The letter was posted from Venetia, Italy. The reverend gentleman reports to be in good health, and enjoying the trip immensely. They lately spent some time in Rome.

Farmer Drugged by Horse.

The axle of a buggy belonging to a farmer, broke on Upper Queen street, about six o'clock Thursday evening, frightening the horse, which cleared itself of the outfit. The man who was driving the animal was dragged down the street, and received quite a shaking up, but was not seriously injured.

OTTAWA HOTEL SOLD

SECURED BY W. B. DALTON & SONS FOR WHOLESALE.

Deal Made Thursday for Sale of Hotel and License for \$10,000—James Norris Retires From Business After Quarter of Century.

The Ottawa Hotel, at the corner of Princess and Ontario streets, one of the oldest hotels in the city, has been sold by the proprietor, James Norris, to W. B. Dalton & Sons, and will be fitted up for a wholesale hardware.

The sale of the hotel and liquor license was put through on Thursday, for the sum of \$10,000.

Mr. Norris will give up the property in three weeks' time and work will then be commenced in fitting the building up for a wholesale. Ever since their big fire this well-known hardware firm has been endeavoring to secure suitable property for their wholesale trade and in the securing of this building they have made a good choice, as it is convenient to the railways.

It is understood that Lewis Martin, of the Revere Hotel, whose license was recently cut off, with nine others, will make application to secure the license of Mr. Norris. As yet no action has been taken in the matter. The license will first have to be advertised for sale for a couple of weeks.

Mr. Norris is retiring from the hotel business after a service of close on to a quarter of a century. He came here from Howe Island and is well-known throughout this district. He was the keeper of one of the best regulated hotels in the city and always had the respect of all classes of citizens. He catered to the farming trade especially, and carried on the business in an able manner. Before conducting the hotel he kept a grocery on Ontario street.

In addition to the Ottawa Hotel Mr. Norris has also sold the store next to the hotel to the hardware firm. This has been occupied by F. W. Cooke, manufacturer's agent.

Man With Youthful Spirit.

The Atlantic Monthly. Oh! the eagerness and freshness of youth! How the boy enjoys his food, his sports, his companions, his truant days! His life is an adventure, he is widening his outlook, he is extending his dominion, he is conquering his kingdom. How cheap are his pleasures, how ready his enthusiasms!

In boyhood I have had more delight on a haymow with two companions and a big dog—delight that came nearer intoxication than I have ever had in all the subsequent holiness of my life. When youth goes, much goes with it. When manhood comes, much comes with it. We exchange a world of delightful sensations and impressions for a world of studies and meditations.

The youth enjoys what the man tries to understand. Lucky is he who can get his grapes to market and keep the bloom upon them, who can carry some of the freshness and eagerness and simplicity of youth into his later years, who can have a boy's heart below a man's head.

THE PEOPLE WERE STUNG

When They Bought Customs House Unclaimed Goods.

The sale of unclaimed goods at the customs inspecting rooms, on Clarence street, caused a great deal of amusement for a number of citizens on Friday morning. The various purchasers got stung in all directions. A number of packages were bought up like hot cakes, but when the purchasers opened the "prize bundles," in a number of cases they found advertising posters. One of the most amusing packages of the lot was a valise that was sold for nearly two dollars, and all it contained was some old clothes. Another man got stung when he purchased a box which contained two wrenches.

Where Hearing Ceases.

Harpers Weekly.

In England experiments have been made, showing, it is said, that a vibration of sound having an amplitude of less than one twelve-hundredth of a centimeter could still affect the sense of hearing. Such a vibration would be so short that it would have to be enlarged 100 times before the most powerful microscope could render it visible, supposing that it were susceptible of being seen at all. Aged persons, it is said, do not hear high notes which are audible to young people, and there is reason to believe that babies hear notes that are inaudible to their elders.
