THE SPORT REVIEW

C.L.C.'S WON THE OPENING CITY LEAGUE GAME.
 Defeated the Victorias by 15 to 5—
 Very Good Hall Was Played—
 Sunday School League Bars City League Players.
 The first baseball game of the senior series of the City League was played on Saturday between C.L.C.'s and Victorias, resulting in a victory for C.L.C.'s by a score of 15 to 5. The defeat of the score does not mean as much as the score would seem to show, for it must be remembered that they had almost no practice. The C.L.C. team, as was expected, made a fair bid for the city championship, although they may meet stiffer opposition than they expect.
 The play all through was snappy, good ball being played on both sides. The batting of the C.L.C.'s was excep-

tionally good, three three-base hits being made in the seventh innings, one each to the credit of Rettger, Dice and Nicholson. Laird, of the C.L.C.'s, won the applause of the spectators for their good fielding. Brooks, who pitched for C.L.C.'s, was at his best, and made a good showing. In the second and fifth innings Gillespie, of the Victorias, showed up at his best, putting out the first three batters in both cases.

Umpire—George Sullivan.
 There was an exceptionally good crowd at the cricket field, the weather being fine and the fans were not disappointed in the game. A score board kept by H. Newman was a great convenience to the spectators.

Sunday School Baseball.
 At the meeting of the executive of the S.S.A.A.A., held on Saturday evening, it was decided that no senior city league players will be allowed to play in the senior series. This means that the junior city league players who are over seventeen years old, will have to play senior. The meeting was well represented by all the schools. It was decided to have all entries in at the next meeting, which will be held on Tuesday evening at the same place and time. The games will likely start in about three weeks' time.

No Soccer Game.
 The soccer game to have been played on Saturday afternoon, between the R.C.H.A. and the Shipbuilding company did not materialize, the warm weather evidently, it is said, somewhat dashing the enthusiasm of the shipbuilders.

Cockfights Near Brockville.
 Sports gathered in large numbers at Old Man's Island, on May 24th, to witness cock fights between Brockville, Kingston, Gananoque and Ogdensburg birds. Several battles were fought without the slightest molestation. The island is situated in the American waters of the St. Lawrence directly opposite Brockville, which precluded the local police from interfering.

Receipts Were \$77.10.
 The collection at the game on Saturday afternoon amounted to \$77.10, which is considered a very good contribution for the opening game. Most of the people who witnessed the game contributed to the fund. One citizen put \$5 into the box.

The Queen's Plate.
 Mr. Dymott, having won the king's plate, this year with Hersey, it is interesting to learn from an old paper, in the possession of the Montreal Jockey Club, that the Queen's plate was first contested for in Canada, in Montreal, in 1830, and was won by Evald, a celebrated horse owned by G. W. Yarker. At the Montreal race, the previous year (1828), Mr. Yarker won the turf club purse, and the governor-general's cup with Midas, and the

Garrison plate, and the city purse with Rival. The races were under the patronage of the Earl of Durham, Sir Colin Campbell, Sir C. A. Fitzroy and Admiral Sir Charles Paget. The general attendance was very great, mostly of old country gentlemen, residing in Montreal and Quebec and Kingston.

MUST CARRY WIRELESS

ALL VESSELS RUNNING INTO AMERICAN PORTS.
 Bill Provides That Two or More Operators Must be on Duty all Time—An Auxiliary Power Supply is Also Necessary—Bill to Take Effect October 1st.

A bill, which has just been passed by the United States senate, will inaugurate a change in quite a number of vessels running into this port, in that they will have to carry wireless apparatus.
 The senate bill provides that after October 1st next it shall be unlawful for ocean or lake steamers of the United States, or any foreign country, carrying fifty or more passengers, whether passengers or crew, to leave any American port unless the steamer is equipped with an efficient apparatus for radio communication, in good working order, in charge of two or more skilled operators, one of which must be on duty at all hours of the day or night, the apparatus to be capable of transmitting at least one hundred miles.
 The house bill also stipulates that an auxiliary power supply, independent of the vessel's main electric power plant, must be provided, which will enable the operator, for at least two hours, to send at least one hundred miles, under all conditions of atmospheric disturbances, when it is safe for the operator to work safely.

GIRL SAVES MAN'S LIFE.

"Greatest Thing I Ever Did"—Won a Husband.
 Boston, May 27.—Love that began when the young woman leaped into the water and saved him from drowning ended in a wedding for Clarence C. Burgess, an attendant at the Medfield State asylum, and Miss Marguerite M. Pell, of Chestnut street, Woburn.
 Last week ago Miss Pell was a nurse at the Medfield asylum, where Burgess is employed. She is nineteen and he twenty-three. They had met each other in their work, but it was not until two months ago that their romance started. Both were out boating. The canoe in which Burgess had been paddling capsized and he shouted for help.
 Miss Pell paddled her canoe up close and then dived into the water. She is an expert swimmer. She told her friends afterward that saving Burgess' life was easy for her.
 "And, say, it was the greatest thing I ever did, for it has won me a husband," she added.

HE FED HER PORK.

Called Her "Bull Eyes"—Jabbed Knees Into Her.
 Boston, May 27.—Is it cruelty for a man to feed his wife on pork chops all the time?
 Mrs. Frederick E. Mallet, of Charlestown, asked support and the pork chop testimony was the feature of the story she told Judge Grant.
 "He practically fed me on pork chops," she testified. "In fact, pork chops became an exclusive diet with us and sometimes they were so fat and greasy that I could not eat them."
 "He was cruel to me at night and would jab his knees into my back in order to make me leave the bed. He wanted nearly all the bed to sleep in. I think a married woman ought to have half the bed anyway."
 "One of the pet names he called me when he got angry was 'Bull Eyes.' I didn't like it. He started a row the fourth day after we were married."

Mrs. Elizabeth Marlow, of Ogdensburg, N.Y., aged ninety-one years, died in that city on Thursday. She was born in the city of Quebec, and went to Ogdensburg seventy-six years ago.
 Leslie Pickett, eight years old, was drowned at Huntingtonville, N.Y., on Thursday. His father found the body fifteen minutes after the accident, but all efforts to restore life failed.
 The Schenrey Distillery, destroyed by fire, lost approximately \$300,000. The fire consumed 857,000 gallons of whiskey, which formed a lake of flame around the burning buildings.
 Alex. Stewart, born in New Brunswick, is dead in Washington. He made a fortune in Wisconsin lumber and was elected to Congress three times.

Keep the Skin Clear and Soft

Humors of the skin are especially prevalent in the spring. There is nothing more annoying than to have irritation of the skin and disfiguring eruptions breaking out to mar the beauty of the complexion.
 Internal treatments are slow and unsatisfactory in results, but you can depend on Dr. Chase's Ointment to heal up the sores and bring lasting relief. Unlike pore-clogging powders, Dr. Chase's Ointment cleans out the pores of the skin and makes it soft, smooth and healthy. It is a food for the skin, and a beautifier of the greatest value.
 Eczema, salt rheum, psoriasis, chafing and all forms of itching skin disease soon yield to the soothing, healing influence of this well-known ointment. It is indispensable in the home where there are babies and young children.
