**Known All Over The World - Known Only For The Good It Has Done.**

We know of no other medicine which has been so successful in relieving the suffering of women, or received so many genuine testimonials, as has Lydia E. Pinkham's Vegetable Compound.

In nearly every community you will find women who have been restored to health by this famous medicine. Almost every woman you meet knows of the great good it has been doing among suffering women for the past 30 years.

**Fox Creek, N. B.**—"I have always had pains in the abdomen and a weakness there and often after meals a soreness in my stomach. Lydia E. Pinkham's Vegetable Compound has done me much good. I am stronger, digestion is better and I can work with ambition. I have encouraged many members of families to take it as it is the best remedy in the world. You can publish this in the papers."—Mrs. WILLIAM S. BOUTIQUE, Fox Creek, N. B.

In the Pinkham Laboratory at Lynn, Mass., are files containing hundreds of thousands of letters from women seeking health, in which many openly state over their own signatures that they have regained their health by taking Lydia E. Pinkham's Vegetable Compound, many of whom state that it has saved them from surgical operations.

**The Elevator Ranks With The Indispensable Aid to Modern Business**

**BUSINESS** was transacted without the typewriter, telephone or electric light for thousands of years. Until invention provided these conveniences no one could realize how absolutely indispensable they would become.

Yet the business to-day that tried to get along without their aid would be a poor last in the race of competition. Many business men have yet to realize that good elevators are an indispensable part of the efficient management of the warehouse or factory, as are typewriters and telephones in the general office.

Otis Fensom Freight Elevators have made themselves indispensable wherever they have been installed. They save labor—reduce the biggest single item of expense in any business; and at the same time remove sources of worry and vexation that otherwise would seriously impair the efficiency of the present department.

**OTIS FENSOM FREIGHT ELEVATORS**

It will be to your profit to realize now that in doing without good elevator service you have been doing without a really indispensable convenience.

The Otis Fensom Freight Elevator and Traction Co. will sell you a double, double or triple passenger elevator, or a Traction Elevator. Write for it.
