Trusses Like These Are A Crime

Get Rid of Elastic Bands, Springs and Leg-Straps - Such Harness Has Forced Thousands to Undergo Dangerous Operations.

Trusses like those shown above-the belt and leg-strape elastic and spring contraptions sold by drugstores, surgical supply houses and many selfstyled "Hernia Specialists"--make life miserable for everybody who wears

And-even when drawn so tight you can scarcely stand to keep them onthey do no good whatever. Instead, they often do immense harm-they squeeze the rupture, often causing strangulation-dig into the pelvic bone in front-press against the sensitive spinal column at the back.

The Pinin Truth is This. Rupture-as explained in our free book-can't be relieved or curedcan't even be kept from growing olace. Just as a broken bone can't "knit" unless the parts are held securely together.

And—just as a bandage or splint is the only way a broken bone can be held—the right kind of truss is the only thing in the world that can keep a rupture from coming out. What a difference it will make when you get that kind of truss. And you can get exactly that kind of truss-without risking a cent of

It's the famous Cluthe Truss or Cluthe Automatic Massager. Far more than a truss-far more than merely a device for holding the rupture in place. So different from everything else

for rupture that it has received 18 Thousands say it is as comfortable as their clothing. No belt, elastic belt or springs around your waist, and no leg-straps

-nothing to pinch, chafe, squeeze or bind. Self-regulating, self-adjusting. It is held in position by suction—can't shift or slip—the only truss in existence that is honestly guaranteed never book." In writing us, please give our box number as below:—

Sent on 60 Days' Trial to Prove It. Truss-we have seen it work wonders -- Box 103-GLOTHE COMPANYfor so many others-that we want to make one especially for your case and We'll give you 60 days' time to test from coming out, when you are working and at all other times-if it doesn't put an end to the trouble you've heretofore had with your rupture off you don't get better right-pway then the truss won't cost you
