PAID A HEAVY FINE FOR SELLING LIQUOR TO BOYS ATTENDING CAMP.

Fifty Dollars and Costs. When Clerk in Liquor Store Pleaded Guilty to Charge in Police Court—Court Gives Warning that Rowdiness or Street Must Stop.

Pleading guilty to having sold liquor to two youths, under the age of twenty-one, a clerk in a King street liquor store was on Tuesday morning, fined the maximum fine for such an offence, \$50 and costs, by Magistrate Farrell. The two youths have been attending the camp at Barrieffield. They were taken very ill, after drinking the liquor, and almost died from the effects. The prompt attention of a doctor, who used a stomach pump, saved them.

When asked for an explanation, the clerk stated that as the boys were in uniform, he thought they had the privilege of getting liquor. "That's a very lame excuse," remarked the magistrate, as he imposed the maximum fine, and if there was a higher fine, I would impose it. It is just by a mere chance that you have not to face a far more serious charge. The affair is the most disgraceful I have heard of in some time.

The magistrate added that the lad had a very narrow escape from death. Indeed, at one time, it looked very serious, and had a death resulted, the clerk would probably have had to answer to a more serious charge.

Four soldiers were in trouble. Two were charged with fighting, and the other two were accused of being disorderly on the street. The fighters were each fined \$7 and costs on each day, and the other two \$2 and costs each, or fifteen days.

The fight occurred at the corner of Brook and Ontario streets, at 11.20, Monday night. Constables Armstrong and Filson brought it to an end by taking the participants to the station. When the police arrived, the men were clenching and rolling on the ground.

The cases brought forth a severe reprimand from the magistrate, who remarked that there appeared to be an epidemic of rowdiness going around the city at the present time.

"I have noticed this on the street myself," added the magistrate. "Last Saturday night, I was passing along the street, when I noticed a crowd of about fifteen boys, who were crowding and jostling the people. I want to say, that if any more are arraigned before me I will be very severe with them."

A member of the "prohibited list" was taxed \$10 and costs. He said that he secured his liquor at Ports mouth hotels. He is not on the Ports mouth list, so the magistrate will see that this "dry area" is enlarged.

The coat of arms of the city on Monday, to go to the camp, got drunk shortly after his arrival, and did not reach Barrieffield.

"Three drinks tipped me over," he told the court.

The magistrate said he understood the map was not of men, so he held the soldier over for an escort.

The Mercantile League.
None of the Mercantile baseball league games have yet been played, and the time is flying. The first game was scheduled for June 14th between the Locos and Retailers, but owing to the circus being in town, the game was postponed. Monday evening was set for a "go" between the Railroads and Live Coals, but this also did not materialize on account of the Cops not arranging for the game.

John Welch was re-elected president, but declined the honor with his worries, at the time. The executive did not elect a new president and the matter just rests there. Charles Jackson was appointed to discharge the secretarial duties and has gone a considerable distance in drawing up a schedule, which was adopted.

At the annual meeting the Live Coals were not satisfied with a rule that no junior or senior city league player or players could constitute the battery of a team playing in the Mercantile league, and signed their dissatisfaction by leaving. It was understood that the Live Coals intended dropping out for this reason, but the league was not notified through the proper channel.

Something should be done, and that in a hurry, to get this league going, which has been successful and provided much sport in season's past.

Can be Replaced.
C.L.C.'s baseball team, although it must feel the loss of the five Pittsburgh boys, who left on Monday for their homes, are not discouraged. Their loss after all is thought not to be so very great as those who have gone will be replaced by local players, and will bring to the team more support.

Flanagan to Join Johnson.
To-night Tom Flanagan will leave Toronto for Las Vegas, N.M., to put the finishing touches on "Jack" Johnson's training for the world's heavyweight championship bout with "Jim" Flynn on July 4th.

Reports have reached Flanagan from the champion that he now weighs 207 pounds. The local man thinks that the big colored boxer has reduced too much, and will rest him up until he regains about seven to nine pounds.

When Jeffries fought the negro, later weighed 207, but Flanagan is of the opinion that more weight will be needed to win from Flynn. "Abe" Orpen, Jr., will accompany Flanagan to New Mexico.

Baseball Record.
National league—New York, 5; Pittsburgh, 4, eleven innings. Boston, 4; Cincinnati, 5; Brooklyn, 3; St. Louis, 1, eight innings, rain.
American league—Boston, 4; Chicago, 1.

International league—Montreal, 7; Providence, 3; Buffalo, 1; Newark, 1; six innings, darkness. Jersey City, 1; Toronto, 0, six innings. Rochester, 3; Baltimore, 1, 5.

Notes on Sports.

Chicago nationals have sold First Baseman Agler, who was with Jersey City, to the Atlanta Club, of the Southern League.

Washington are now perched up in second place in the American League. "Barring the Giants, Cubs and Pirates, the National League teams are unusually weak this year," opines Arthur Irwin, who generally knows what he is talking about. "The American League has a way of securing the cream of the playing talent from year to year. Whether this is due to a bigger bank roll or better luck in picking up youngsters I can't say. But the fact remains that five of the National League teams are tremendously out-classed."

THE COSTLIEST MONTH.

Costs More to Live in June Than for Years.

According to trade authorities in Canada and the United States, it costs more to live in this month of June, 1912, than in any month for many years. Some people claim, in fact, that the cost of living is higher than at any time in the history of the Dominion.

The prices of food products are the highest on record. The average increase to the consumer is nearly twenty per cent, which means that the housewife must pay six dollars to fill a market basket that only cost her five dollars to fill in June, 1911. In other words, one dollar will do only five-sixths as much as it did a year ago.

The biggest advances have been in meat products. When the price of meats was advanced at Chicago the packers promptly announced that there was a shortage in live stock. The department of commerce and labor at Washington declares, however, that the receipts of live stock at seven of the principal western markets for April were greater than those of any April since 1907. The same is true of receipts of live stock at four principal Atlantic ports.

These figures would indicate that there is no excuse for the advance in prices. Various legislative bodies and several commissions have started investigations to ascertain the cost of the high prices of food products, but while these societies are investigating the consumers must go right on paying top-notch prices for food.

The question of immediate interest is how to meet these conditions in the average home. The problem is to be solved in a wider knowledge of food values. The public must be educated in dietetics. People must be shown that the more expensive foods, such as meats, are not needed in summer—in fact they are not needed at any time. There is more real body-building nutriment in cereals and fruits than in meats, and they are much more healthful and wholesome. Two shredded wheat biscuits eaten with milk or cream and some fresh fruit will supply all the nutriment needed for a half day's work or play at a total cost of five or six cents.

These biscuits contain all the tissue-building material in the whole wheat grain—made digestible by steam-cooking, shredding and baking. Being in biscuit form and ready-cooked it is so easy to prepare a delicious, nourishing meal with them in combination with berries or other fruits or creamed vegetables.

Two Guards Re-Instated.
Keeper McConville and Nightwatchman Smith, of the penitentiary, who were suspended in connection with the escape of the prisoner Chartrand, last March, have been re-instated and ordered to resume duty at once. The nightwatchman was suspended on March 13th and Guard McConville on April 3rd.

To Send Body to Ottawa.
The remains of the late Edward Fryer, who met death by being drowned at Washburn, on Sunday night, arrived in the city on Monday afternoon, and were prepared for burial by James Reid & Co. The remains will be sent to his home in Ottawa for burial. He has a sister in that city.

DR. RYCKMAN SPEAKS

ABOUT CONDITIONS HE SAW IN PALESTINE.

The People of That Country Would Like Some Other Country to Take the Reins of Government From the Turks.

One of the things that struck Rev. Dr. Ryckman most forcibly when on his recent trip through the east and the Holy Land was the dissatisfaction and almost universal under which the people of Palestine and Syria are subjected to be the Turkish government that holds sway. The Turks are the masters and inflict outrages upon them.

The venerable Methodist minister said that the people of these countries are asking that some power would come in and take the reins of government, as Great Britain did in Egypt. It stirred a good deal of his patriotic pride to see what the British constitution has done for Egypt. She has given an object lesson to the east, said the doctor, which is being admired, watched and copied. The majority, when asked, say they want England to be the relieving and freedom-bringing nation. A few want Italy, and the hope is general that the Italians will defeat the Turks in the present conflict. Even Germany would not be heralded as a foster-parent, as the emperor is and has been too much in treaty with the Turks, regarding them.

Other things that were outstanding to the doctor in the land of the Bible was the desire and apparent custom on the part of the natives to utterly ignore regarding points of Biblical interest. For instance, at the wedding feast at Canaan, one is informed in the most confidential terms, that the spot where the Saviour, His Mother, the ruler of the feast and other worthies stood at the time. Generally the tourist is tendered the same assuring information. And, also, everywhere, the traveller is pestered with poor people begging alms.

Dr. Ryckman gave this talk. Full of interest, on his trip, to the Epworth League of Sydenham street Methodist church, on Monday evening.

Said He Would Pay.
It was thought that Hum Foster, the proprietor of the Chinese restaurant on King street, who left the city so unexpectedly between Saturday night and Sunday morning, left on the midnight train. It is not known where he went, but a local merchant to whom he owed money, received a letter from him post marked "L.P.O." in which he promised to pay his account as soon as he could earn some money.
