

YOUR GUARANTEE OF QUALITY "SALADA"

on a sealed lead package of Ceylon Tea, is your safeguard and guarantee.

"SALADA" means freshness, purity, exquisite aroma, delightful flavor.

"SALADA" means purity, healthfulness, satisfaction.

BLACK, GREEN or MIXED

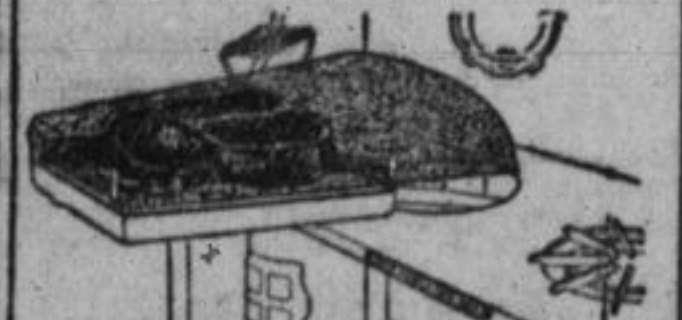

Our New Perfection Broiler

Is pleasing many women. It enables the housewife to broil as well on the New Perfection Stove as over a coal fire.

It uses all the heat.
It cooks evenly.
It broils both sides at once.
It doesn't smoke.

And of course you are familiar with the **New Perfection Oil Cook-stove**

It is such a convenience all the year round. It will bake, broil, roast and toast just as well as a regular coal range.

THE IMPERIAL OIL COMPANY, Limited

The Latest Chicago Fad.
Fur-lined and trimmed bathing suits are to be worn in Chicago this summer. Dressmakers are busy with costumes made with skins, of seals, otter, muskrat, beaver and other aquatic animals, but it is not believed that fact will aid the owners to swim any better. Protection from the cold is the one idea.

could not have been termed exactly chilly, but they did not keep the wearers as warm as might have been supposed. This year the water is particularly icy, and the new fur-lined affairs will maintain an even temperature in the water, allowing those most susceptible to cold to venture into the breakers.—Chicago Dispatch New York Herald.

THE SPORT REVIEW

C.L.C. TEAM WILL BE BROUGHT UP TO STRENGTH.

St. James and Cooke's Will Not Play in Sunday School League—St. John's Enters a Junior Team.

The city baseball league executive was to meet tonight to re-organize the five C.L.C. players, who left for Pittsburgh, Pa. The C.L.C. management, however, does not seem to be "up a gum tree" about the matter, and when asked about it said they would have a team for the game on Saturday, and there was no cause for alarm. The meeting of the city league was accordingly called off, as there seemed to be nothing to do.

Sydenham Street Juniors.
Sydenham street baseball juniors have organized and will be out to have their first practice in a few days. All of last year's players are on hand again, besides a few new ones.

Two Teams Drop Out.
The Sunday school baseball executive is surprised to see that St. James and Cooke's are not in the league this season. Last year both these teams kept each other hustling for the honors, but for unknown reasons they have dropped out. Now that they have withdrawn St. John's, Portsmouth, is the new team.

Speed of a Batted Ball.

Ask any baseball enthusiast how fast an average grounder travels during its first hundred feet from the bat and his answer will be anywhere from 20 to 200 miles an hour. Split second watches and careful timing of many grounded balls have established, says the Technical World, the fact that the average speed of grounded balls—that is, those struck by the bat of the batsman, from a fairly pitched ball, which strikes the field before they land in a fielder's hands—is at the rate of almost sixty miles an hour. Sixty miles an hour is eighty-eight feet per second. The bases are ninety feet apart. A man who can run 100 yards in eleven seconds, which is fast running for anyone, particularly so for a man with baseball shoes and uniform on, can run ninety feet in 3.3 seconds. Is it any wonder that a ball which is fielded in its first 100 feet of travel usually reaches first just a fraction of a second before or after the runner sets foot upon it? Every fan knows that the many close decisions at first base form one of the fascinations of the game. The speed of the batted ball, the speed at which a fielder can travel from his position to the point where he can meet and field the batted ball, pick it up, set himself for the throw, the speed of the ball across the diamond from his throw, and the speed of the travelling runner are so nicely balanced that it is always a question of whether or not the runner will get there in time for the crowd to see the umpire's hand go down or whether he will face a thumb over a shoulder.

Baseball Record.
National League—Boston, 4; Cincinnati, 3. Chicago, 2; Philadelphia, 1.

Brooklyn, 9; St. Louis, 5; Pittsburgh, 7; New York, 2.
American League—St. Louis, 4; Chicago, 3; Detroit, 5; Cleveland, 4; Washington, 5; Philadelphia, 4.
International League—Newark, 2; Buffalo, 0-3; Providence, 8-5; Montreal, 4-7; Toronto, 10-17; Jersey City, 4-2; Baltimore, 8-2; Rochester, 7-6.

Notes on Sports.

Davy Drohan has replaced Jempin as manager of Peterboro baseball team.

E. W. Smith, of Chicago, has been selected to referee the Johnson-Flynn fight at Las Vegas, N.M., July 4th.

Manager Lee has released First Baseman Schafer and has signed Catcher Welch, formerly of Berlin and last year with St. Thomas.

Edward Killian, ex-big league pitcher, and Hemlock, an Indian catcher, have been released by Guelph, and Daniels, a catcher, has resigned.

English critics are doubtful of the chances of the British Olympic team because of the vast improvement in continental athletics and the lack of systematic training on the part of the British men.

The London officials deny that they are trying to disrupt the Canadian Baseball League. On the contrary, they are working in harmony with the other club-owners, and will support President Fitzgerald in all his actions.

The Brockville Football Club has received an invitation to join the intermediate series of the Quebec Rugby Football Union and a meeting to consider the proposition and talk over the prospects for next season has been called. Through the generosity of Mayor MacLean the Fulford athletic grounds are being greatly improved and, with good playgrounds in sight, lacrosse, football and baseball is expected to boom here. The leaders in football heartily entertain the Quebec invitation.

IN MARINE CIRCLES.

Movements of Vessels in and Out of Harbor.

The steamship Cataract, which was damaged by fire in the Tunnel Bay, a year ago, and which was made into a barge, cleared from Brockville for Montreal.

The barge Hiawatha arrived at Richardson's elevator with 5,000 bushels of grain, taken off the barge Winnipeg, which met with a mishap in the Cornwall canal a few days ago.

The steamship John Randall was in port from the Rideau and cleared for Oswego to load coal.

M.T. Co.'s elevator. The tug Emerson arrived from Montreal with three light barges; the steamer Rosemount discharged 74,000 bushels of wheat from Fort William, and cleared for Belleville to load cement for Fort William.

The steamer Tagona, grain-laden, from Fort William, passed down last night, on her way to Montreal.

The schooner Abbie L. Andrew's cleared for Oswego.

Swift's wharf. Steamer Toronto, down and up; Alatha, down and up; Rideau Queen from Ottawa; Buena Vista cleared for Smith's Falls; Belle ville, up, to-night.

The schooner Kewatin cleared from Swift's for Oswego for coal Tuesday night.

The steamship Vernon Junior, of Brockville, stopped at Swift's Tuesday and stayed over night.

A. E. Knapp, at Cataract bridge has launched and is completing a fine gasoline launch for H. G. McMaster, of Ottawa, who is expected in the city Thursday, to take his new craft up the Rideau to the capital. Her length is twenty-six feet, with a five foot beam. The engine will develop twelve miles an hour.

The India, Ceylon and Cornwall, of the Calvin fleet, were expected up on Wednesday.

COMMITTEES APPOINTED

For the General Hospital Festival of the Empire.

A meeting of the general committee of the general hospital "Festival of the Empire" was held in the board of trade rooms on Tuesday evening and the following sub-committees were appointed, the first named in each to be chairman:

Arranging building—W. Newlands, H. W. Newman, H. W. Snelling, Lieut. Col. Massie, and G. A. McGowan.
Pageant—J. M. Farrell, Prof. W. L. Grant, Prof. J. L. Morrison, Col. Crowe, F. King, J. M. Strange, Major W. S. Hughes, Lieut.-Col. McGill, A. Klugh.

Demonstration—R. Uglow, D. J. Laidlaw, H. J. McKelvey, F. G. Locutt, H. N. Robertson, John McKay, W. Mitchell, D. Couper, James R. Henderson, W. Anderson and James Redden.

Fair Products—James A. Minnes, H. D. Bibby, A. Glover, T. F. Harrison, A. F. Chown, D. A. Shaw, and W. O'Shea, together with Messrs. Simpson and Bolton, of the county.
John Macdonald, Hugh Macpherson, Robert Meek, and Miss Hunter, were appointed joint secretaries. Miss Hunter not act as general secretary. David Murray was appointed treasurer.

LOOKING FOR MEN.

The Securing of Help Still Quite a Proposition.

The securing of men for various kinds of work in the city is still quite a proposition. Especially so in this case, in regard to marine work. Captains say that it is very hard to get men for the boats, and in some cases it has been quite a task to get men to unload vessels.

This morning, while a man was on his rounds, endeavoring to get a couple of men to work, he spotted two husky-looking chaps, loafing near one of the wharves, but when he mentioned work to them they replied in chorus, "Not for me," and turned away. They were not of the working sort, and the man who was looking for help had to search elsewhere.

Mrs. H. Wineberg, has returned to Toronto after spending a few weeks with her parents, Mr. and Mrs. Joseph Abramsky, Princess street.

Summer cooking with comfort

NO need to stew your life out over a coal range during the hot weather. Gas is a much cheaper cooking fuel than coal, and far more convenient in the summer time. Why fatigue yourself and make the house uncomfortable for the whole family when you can save money by cooking with gas. Any "McClary" Gas Range will pay for itself in a very short time by the actual cash it saves, not to say anything about its handiness.

The Model shown in the cut is a handsome Gas Range—'McClary's' 1912 Model—and considered the biggest range value on the market. You will see at a glance that the convenience and comfort of the housekeeper has been considered by the designers and makers. The Ovens are elevated—just conveniently high—so that there is no "stooping or bending" when cooking with this range.

This Model like other McClary Ranges has the bright black enamel finish—white enamelled broiler and drip pan—Ovens just the right size with proper flue construction. Also Anti-Rust linings and plain smooth nickelled finish.

Better see the McClary dealer and ask him to tell you the reasons why you should buy a McClary gas range. He will explain the exclusive features of the range suitable for your kitchen without placing you under any obligation to buy. All we want you to do is to make perfectly certain that the Gas Range you buy will pay for itself very quickly.

MOGUL EGYPTIAN CIGARETTES

The tobacco used in MOGUL Egyptian Cigarettes gets as much attention as is given to a delicate infant.

Every leaf, no matter how slightly injured, has to be removed.

Then the leaves are carefully watched until they acquire a yellowish tint and begin to droop.

When this takes place they are gathered.

These precautions are absolutely necessary, otherwise the tobacco would not be acceptable for MOGUL Cigarettes.

MOGULS are put up with cork tips in boxes of 10, for 15c.

Try a box to-day.

S. ANARGYROS.
