#### HELD THEIR FIRST MEETING.

#### Advisory Agricultural Committee of Frontenac County.

The advisory agricultural committee of the county of Frontenac, held their first meeting, on Thursday afternoon, in the Frontenac hotel. The committee is composed of four representatives of the board of Frontenac High School, also four farmers from the county of Frontenac. Smith Elliott was chosen chairman, and Mr. Shibley, of Harrowsmith, secretary.

Mr. Taggart, the instructor, appointed by the department of education, in connection with Sydenham High School, was present and explained to the members what he proposed doing. He was appointed in June, with an allowance of \$1,200 for salary and equipment. Five hundred dollars will be given for his salary, and \$700 for his equipment. The vote of the council will be voted for doing work other than in the school. He will teach in the lower forms of the high school, and will also give a short course for all farmers' sons who desire to take this course, which will be free of charge. This course will be compulsory. He will have an office in Sydenham. He was appointed to act until October 1st.

It was moved that Smith Elliott and J. L. F. Sproule be delegated to arrange for a practical demonstration in spraying, as soon as the necessary equipment arrives.

Moved by Mr. Sproule, and carried, that a vote of thanks be tendered by the board to Anthony Rankin, M.P.P., for securing for an agricultural district representative for the county of Frontenac.

The representative will try some experiments with fertilizer next year, and to do this it would be necessary to make a survey of the county.

#### INSTANTLY KILLED.

#### The Sudden Death of a Well-known Ottawaian.

Ottawa, June 20.—Edmond Gauthier, undertaker, aged sixty-eight, one of the capital's best known citizens, was found dead in bed, this morning, by his wife. Last night he was in his usual health, and after playing cards with his wife, and some others retired at 11.15 o'clock. Heart disease caused his death. Deceased was the father of twenty children, nine of whom are living.

William Grant Young, aged fourteen, met instant death at St. Lawrence hospital, to-day, a short time after his mother on his leaving for work had said, "Good-bye, Grant, take care of yourself." He lately started work operating the elevator at the hospital. He accidentally started it to-day and it shot up, catching him between the elevator flooring and beam. His neck was broken, causing instant death. Men had to use a crow bar to get the elevator down so as to release the body.

California Cantaloupes. Red and black cherries, plums, peaches, apricots, etc., at Carnovsky's.

Occasionally a man has nothing to say on a subject because he knows all about it.

"...such hazel cream," "Gibson's." In addition to the criticism he is entitled to, every man gets a lot that he can't account for.

#### To Keep Skin White, Velvety, Wrinkle-Free

(Aunt Sally in Woman's Realm.) C. M. W. says: "My arms are so coarse and rough I cannot wear short sleeves. What do you advise?" The treatment recommended to "Anise" will doubtless overcome this condition. A. F. G. asks: "What should I do for a crow's-foot and for a buggy neck?" Try a wash lotion made by dissolving 1 oz. powdered sassafras in 1 pint witch hazel. This is immediately effective in any wrinkled or flabby condition. Use daily for a while and results will surprise you.

Anise: A simple way to keep your skin smooth, soft and white is to apply ordinary mercurized wax before retiring, washing it off in the morning. This keeps the face free from the particles of lifeless cuticle which constantly appear. The wax absorbs these worst particles, so the younger, fresher, healthier skin is always in view. An ounce of mercurized wax may be had at small cost at any drug store. Use like cold cream.

## MUCH IMPRESSED.

### By the Appearance of Dominion Steel Plant.

Montreal, June 20.—James N. Vickers, of the big English manufacturing steel company of Vickers Limited, who visited the Dominion Steel plant along with the other English manufacturers, said after his visit of inspection: "Myself and the other members were deeply impressed with the Dominion Steel works. We did not know that Canada possessed such splendid works." Mr. Vickers added that he thought Canada should get a considerable portion of the steel rail trade of South America.

F. W. Molson has been elected a director of the Montreal City and District Savings bank, to fill the vacancy caused by the death of his brother, F. Mackland-Molson.

The entire issue of \$1,000,000 of the six per cent. first mortgage bonds of the Eastern Car company, principal and interest unconditionally guaranteed by the Nova Scotia Steel and Coal company, has been over-subscribed.

The London issue of Canadian Northern railway \$7,000,000 perpetual cumulative debenture stock, bearing four per cent. interest, which came out on Monday at ninety-five, had a better reception than any other offering of the kind which has appeared in London recently.

#### Traction Issues in Limelight.

Toronto, June 20.—That some new developments in the South American traction are in prospect, and that Sao Paulo, with its recent advance, has to some extent discounted the advantages accruing therefrom, was indicated by the local market yesterday.

A departure from the general practice has been made in the financing of the re-organized Tuckett Tobacco company. Instead of giving common stock as a bonus it is to be sold at \$30. The preferred stock is being placed at \$95. It is understood that the placing of these securities has been very successful.

#### C.P.R. Shows Strength.

Montreal, June 20.—In marked contrast to the rural list of railroad stocks, Canadian Pacific railway has maintained a remarkably buoyant tone of late. At the current dividend rate of ten per cent, the investor who purchased Canadian Pacific in September at 218 per share stock, in addition to the yield on the stock of 4.60 per cent, have realized a profit of \$50.50 per share on May 31st, when the stock sold around 268.

A dispatch from London says: London finance houses are underwriting the city of Edmonton loan of £585,000 four and a half per cent, to be issued at 99. The exceptionally high underwriting commission of 1 1/2 per cent is being paid.

July U. S. dividend and interest disbursements will total \$256,810,564 against \$224,553,243 a year ago.

#### INFANTRY ASSOCIATION.

#### A Meeting Was Held at Barriefield Camp.

That the officers of the Infantry Association of the third division are in favor of the building of unit armours, for the rural corps, in the various towns and villages, where their company headquarters are located, was the most important resolution carried at the first full meeting of the association in the lecture tent at Barriefield camp, on Wednesday afternoon. It was felt by the large number of officers present, this deficiency was probably the greatest drawback to the rural corps. The idea of the scheme is to construct these armours at an expense of from \$2,000 to \$3,000, and if the unit requires larger, Lieut.-Col. Rogers moved the resolution. The prizes of \$25 and \$15 will be offered for the best plans for such, the cost not to exceed \$2,500 each.

A resolution was carried asking the government to construct a building on the Barriefield training ground for the storage of clothing and equipment, used yearly, which would be a great saving in transportation, and convenience to the units annually.

The executive was instructed, on the suggestion of Lieut.-Col. A. B. Cunningham, to ask the government to provide coats for the officers.

A good deal of discussion arose over the efficiency pay in camp, and higher pay for officers.

The officers of the association were re-elected as follows: Patron, Hon. Sam Hughes, minister of militia; honorary president, Col. T. Benson, O.C., 3rd division; honorary vice-president, Lieut.-Col. Sir A. P. Sherwood, C.M.G., M.P.O., A.D.C., R.D., president, Lieut.-Col. John Hughes, 9th Infantry Brigade; vice-president, Lieut.-Col. R. E. Kent, 7th Infantry Brigade; secretary-treasurer, Major W. St. Pierre Hughes, 7th Infantry Brigade.

Executive members: Lieut.-Col. R. E. Sylvester, 45th Regiment; Lieut.-Col. W. S. Buell, 41st Regiment; Lieut.-Col. A. G. F. Macdonald, 59th Regiment.

Rev. E. Lawson, pastor of the Aylmer Methodist church, has raised \$10,000 for his church.

Albert V. Marsh, steward on the Victorian, rescued three men from drowning at Montreal.

Mayor Foster, of Smith's Falls, suspended Chief Sweet for refusing to take orders from him. The council reinstated him.

A New York cripple was arrested in Toronto as the result of an alleged plot to defraud railways and insurance companies.

Frederick Mokoewu was awarded \$3,000 against the city of Ottawa for injuries received by falling into an open manhole last October.

Frederick Seybold, Montreal, found guilty of beating Margaret Burne to death with a curtain pole, got off with a six months' sentence in jail.

Opposition has developed against the naming of Judge Alton B. Parker, of New York, for temporary chairman of the democratic national convention.

Samuel R. Myers, an alderman of Brooklyn, N.Y., aged eighty-three, is defendant in a breach of promise suit, brought by a widow, who says she is "about fifty."

The railway commission has reaffirmed the judgment of the late chief, Hon. J. P. Mabey, in the case of the location of the G.T.P. station at Hazelton, B.C.

Dr. William Beattie Nesbitt will appear for trial at the fall assizes, of Toronto, to answer four charges of concurring in the falsifying of the returns of the Farmers' bank of Canada.

A. W. Greene, reeve of the township of Zone, was sentenced to one month in jail. The charge was one of misappropriation of public funds, and it is understood that restitution has been made.

Five persons were injured at Watertown, N.Y., on Wednesday, in an auto accident. A cow suddenly leaped up on the road, auto hit it, turned turtle, broke two ribs of the chauffeur.

Grand Chief Templar Frederick S. Morrison, of Hamilton, in his address to the Grand Lodge of Good Templars of Ontario, gloried in the statements of Sir James Whitney and N. W. Howell, as to their temperance ideas.

An eighteen old employee of the Wilcox Lard Refinery slipped into the hopper, on the fourth floor of the factory and was carried through an eighteen-inch pipe way to the ground floor. He was dead when they got him out.

The strike of the Marseilles seamen has tied up the port and several liners have cancelled their sailings. The government is sending blue-jackets to replace the strikers and holding destroyers in readiness to convey the mails, if necessary.

Governor Hadley led the fight on the convention floor to oust ninety-two contested Taff delegates, and to seat ninety-two Roosevelt men in their places. The convention finally refused to entertain the motion by a vote of 561 to 510.

James Quinn, alias John Vick, is coming to visit the Portsmouth penitentiary for three years. He made a mistake and took some clothes that did not belong to him, so the police magistrate at St. Catharines, on Wednesday, thought a trip east would do him good.

#### Very Big Crop Soon.

Winnipeg, June 20.—The estimated average under crop in the three western provinces according to figures supplied by the North-west Grain Dealers' Association up to June 1st, 1912, compares well with the figures for 1911, wheat, passing the ten million mark by 74,000 acres.

Reports indicate the growing crop to be in excellent condition, though probably a few days late owing to the prevailing cold weather after seeding.

A spinster thinks it's up to her to take a bachelor seriously—otherwise she may not get a chance to take him at all.

"Witch hazel cream," "Gibson's." It's a safe bet that every woman who owns a princess gown honestly believes that she has a perfect figure.
