Security First.

Absotlute security is the first essential in fire insurance. Cost is a secondary consideration. You may save a trifle on the premium but as a rule it does not pay in the long run. The facinating melody of "In the Shadows" was given splendid applause. Bandmaster Light has the band in

The evening chill is not yet off the water, and although a goodly number were present to enjoy the music from the shore, the water front was almost clear of boats.
