

OMO does three things well

OMO cleanses white clothes perfectly—
OMO bleaches white clothes without the aid of the sun and makes them spotlessly white—
OMO purifies white clothes and makes a wholly sanitary wash.

OMO does all this in one operation without rubbing or hard work. It will not harm the finest fabrics and will save much time and much labor. Doesn't hurt the hands either. OMO removes tea, coffee, cocoa, fruit stains, etc., like magic.

Simply add a tablespoonful of OMO to a gallon of water, thoroughly dissolve, cover article completely with this water, boil for half-an-hour or an hour. Let the clothes soak for an hour longer and hang out to dry. Get OMO at your grocer's. 10c.

Whipping Up Tired Nerves

The driver reaches his destination sooner by whipping up his tired horse but no one supposes that the whip imparts strength to the horse; it merely causes the more rapid expenditure of strength.
And so it is with stimulants. When the system is run down the use of stimulating medicines merely calls forth the additional expenditure of the waning vitality and in reality hastens the breakdown.
Dr. Chase's Nerve Food is not a stimulant. It does not give rise to false hope by whipping up the exhausted system. It is a true tonic and cures by gradually and naturally building up the feeble, wasted nerve cells and adding new, firm flesh and tissue. You need not expect any startling results from the first few doses, but can be certain that the benefits to the body are thorough and lasting.
From Class II to Junior III—Andrewena Nicholson, Olive Cross, Charles Ross, Gladys Forsythe, Nora
