ABUNDANT FLUFFY HAIR IS IMPOSSIBLE IF YOU HAVE DANDRUFF

How often do we hear or see this expression used in describing a beautiful woman.

Denude that head of its hair and instead of a queenly, royal bearing we have a fright. The hair makes all the difference. To have that glorious abundance of radiant hair which always crowns "a regal head," one should use Newbro's Herpicide.

Herpicide represents the last word in scientific hair culture. It destroys the dandruff germ, checks falling hair and corrects generally diseases of the hair and scalp.

The positive results and its delicate but refreshing odor recommends Newbro's Herpicide to ladies of refinement everywhere.

Send 10c. in postage for sample bottle of Herpicide and booklet to The Herpicide Co., Dept. R., Detroit, Mich.

Newbro's Herpicide in 50c. and \$1 sizes is sold by all dealers who guarantee it to do all that is claimed. If you are not satisfied your money will be refunded.

Applications may be obtained at good barber shops and hair dressers. James B. McLeod and L. T. Best, special agents.

ABERNETHY'S

SMALL SIZED REGIMENT

WILL GO TO PETERBORO FOR DOMINION DAY.

Probably Only 200 14th Men Will Take the Trip—Bugle Band Presentation to Sergt. Bert Simpson.

At parade, Friday evening, preparatory to leaving for Peterboro, on Sunday morning, the number of men present at the 14th Regiment, P.W.O. titles, was surprisingly small to what was expected two weeks ago. Lieut. Col. A. B. Cunningham, officer commanding, and the officers accepted the invitation of Lieut. Col. Clegg, officer commanding, on behalf of the officers of the 57th Regiment, of Peterboro, because the men of the 14th were, apparently, as a body, enthusiastic over going to the "Electric City" for Dominion day. But instead of 275, as expected, there will not likely be over 200 leave here, via C.P.R., to-morrow morning at eight o'clock.

An excellent time is promised those who go on the trip, as well as see the "sights" of Peterboro. There will be a church parade on Sunday, at which the visiting regiments, the 41st, of Brockville, and the 14th, as well as the 57th, will attend. On Monday morning a military parade and review will be held, and sports in the afternoon, and a band concert and tattoo in the evening. The officers will be guests at motor rides, a dinner, on Monday night, as well as other functions.

It is hoped that as many men as possible of the Kingston regiment will go and enjoy the trip, as well as holding up the reputation of the 14th, which is, at this time, considerably at stake.

The regiment will arrive back in the city during Monday night. Major C. A. Low has returned from Peterboro, where he was making the arrangements.

Gift to Sergt. Simpson.

After parade, Friday evening, the members of the bugle band of the 14th gathered in their room, where a pleasant affair took place, in the form of a presentation. Sergt. Bert Simpson, who has had charge of the band for some years, was made the recipient of a purse of \$25 by the boys of the band. Matthew Donnelly read the address and Percy Reeves made the presentation. It is likely that Sergt. Simpson will conclude his connection with the band this season, after thirteen years' service, during which his work in every capacity, has been invaluable. "Bert" made a neat reply to friends.

THE BAPTIST PIC-NIC

Cumatock when asked how he had secured his liquor, said that another Indian named Mitchell had given it to him, but the police have so far been unable to find Mitchell.

MAY HAVE NEW TRAIN,

And it Will Run Through Kingston in Afternoon.

There is every prospect that within a very short time another through train will be placed, on the Grand Trunk railway, from Montreal to Chicago. This train, it is hoped, will make as good time, if not better, than is made by the International Limited. It will likely leave Montreal in the neighborhood of noon, passing here between four and five o'clock, and will be a source of added strength to the Grand Trunk railway system. The railway men are talking of it as a growing necessity.

A Company Incorporated.

The Rothert Steel and Iron company, which has been incorporated in the state of Colorado, and which, a short time ago, purchased property in the counties of Frontenac and Hastings, has issued a pamphlet setting forth its project. D. E. Rowe, vice-president, and secretary of the company, was in the city regarding the acquiring of the properties. The company has been incorporated for the purpose of manufacturing iron and steel from titaniferous magnetic ores of iron by the Rothert process, having acquired that right.
