UNITED STATES ROMAN CATHOLICS ARE ACTIVE.

The Migration Has Prompted the Church to Acquire a Large Acreage and Establish a Colony for its People.

Toronto, July 25.—So great has been the migration of United States farmers to western Canada during the past few years that the Roman Catholic church in the United States, finding that the movement included many of its members and communicants, has formed an association for the purpose of aiding and directing the settlers to a section where they could be in touch with communities of their own faith.

Negotiations were entered into with a land company, and the association acquired a large acreage, which is now known as St. Peter's colony, in the Quill Plains district of Saskatchewan. A monastery was established, and there is now a considerable Catholic population.

The association, which has headquarters in Waterloo, Iowa and covers ten states, embracing 6,000 Roman Catholic parishes, has made arrangements to run a weekly train from St. Paul, Minn., through to the colony, and parties from the several states are assembled at St. Paul, under the direction of the association, and accompanied to the colony by its agents.

The following report of immigrants setting in western Canada for the year ended March 31st, 1910, indicates the extent of the movement from the United States: From Great Britain, 84,100; from other than English-speaking countries, United States, 163,798.

The wealth of the immigrants settling in the west during the five years ended March 31st, was estimated as follows: British, cash, \$37,500,000; effects, \$18,773,000; United States, cash, \$137,200,000; effects, \$110,982,000.

HAZEN ON NAVAL QUESTION.

Says Canadians Favor Doing Something Fairly Substantial.

London, July 25.—Replying to a deputation from the Maritime League the Hon. J. D. Hazen declared that the question of the protection of trade routes in time of war by the conversion of merchant ships into cruisers had been overlooked by the Canadian government, and further, that he was sure he revealed an opinion by saying that this important question had been the subject of negotiations with the admiralty.

BECKER WILL TESTIFY

Before Grand Jury in the Rosenthal Murder Case.

New York, July 25.—Police Lieut. Charles Becker, who has been in the spotlight since the murder, nine days ago, of Herman Rosenthal, the gambler, appeared in the criminal courts building, this afternoon, with his attorney, prepared to submit to an examination by District Attorney Whitman, before the grand jury. The proceedings were delayed while Lieut. Becker sought to get permission from Commissioner Waldo to give evidence in his case.

BULL WRECKED TRAIN.

Charged Way-Freight, Derailing Engine and Eight Cars.

London, Ont., July 25.—A bull which got out of a field and tried to amuse himself by racing down the Grand Trunk tracks and charging eastbound way freight No. 732, en route from the tunnel to Toronto, wrecked the train at Ingersoll. Engineer Bailey was unable to stop, and the engine and eight freight cars were thrown off the track and badly smashed up as a result of the bull getting under the wheels.

BURGLARS REMANDED

When Confronted With Revolvers in Toronto Store.

Toronto, July 25.—Frank Vardon, liquor dealer, lying awake at two o'clock, this morning, heard burglars in his store below. He awakened his brother, got revolvers and confronted three young men, who surrendered. In police court, to-day, they gave their names as William A. Bell, Patrick Lyons and John Mallarky. All are believed to be wanted in other parts of Ontario. They were remanded.

INSIDE VILLAGE 68 YEARS.

Berlin, July 25.—Taken to the village of Wellesley when a bride, and never having been away since up to the present, Mrs. Maria Shelter, aged 67, has been brought to Berlin and placed in the House of Refuge. She has reached the age of eighty-eight years, and was a resident of Wellesley village for about sixty-eight years. She is of German birth and has never known any other tongue.

ALDERMAN FINED.

Windsor, July 25.—Police Magistrate Leggett is no respecter of persons, even when the offender is one of the city fathers, and he showed the courage of his convictions to-day when he imposed a fine of one dollar and costs upon Ald. Euclid Jacques, chairman of the board of works, for operating his automobile without a proper license. The alderman pleaded guilty.

PITH OF THE NEWS.

The Very Latest Called From All Over the World.

The Albanians captured Pristina and Prirend from the Turks. Floods in Wausau, Wis., on Wednesday, did damage to the amount of \$1,000,000. Little two-year-old Arletta Bice, of Tibury, died from drinking water out of a fly-pod sewer.

The town of Guayaquil, Ecuador, was shaken by an earthquake on Wednesday, the heaviest for years. Robert Lemarsh, ex-reeve and councillor of Essex county, died in Leamington at the age of eighty-five.

F. E. Shepard, former harbor master and reeve of Port Stanley, died of pneumonia at St. Thomas. Fifty thousand strikers paraded London, Wednesday. There was a fight between strikers and "blacklegs."

The line which the C.N.R. company is building between Toronto and Ottawa will be ready in the autumn. Edward Davies, recently arrived from Wales, hanged himself in a chicken coop at London in a fit of despondency.

The attendance at the Roosevelt convention in Chicago will not be over 100. The republican convention had three thousand. Miss Chandler and Stephen Cutler were married in New York, on Tuesday. Both belong to well-known families in New Brunswick.

Sixty thousand building trades workmen stopped work for ten hours on Thursday in Chicago, during the interment of Martin Madden, a veteran labor leader. Democrats of the house in caucus at Washington, Wednesday evening, voted seventy to sixty-two not to proceed from their "no battleship" programme in the naval appropriation bill.

F. W. Wensley predicts Wilson's election in the United States. It will be remembered that he backed Roosevelt. He believes the political campaign will have an effect on business. A map under the name of Harold Boyd, advertising in Buffalo, N.Y., and Niagara Falls, Ont., papers for a companion for his daughter, was ordered to "move on" on Wednesday, as all replies were to be made by mail with a cash deposit of \$5. The authorities said it was "too thin."

THE BARBERS PREPARING

To Give a Shocking Exhibition of Baseball.

The barbers have been asked to hold their barbers' baseball games at Brophy's Point, on July 29th, but some of them would rather play in the city and are raising strong objections. They would certainly deprive a great number of citizens of the chance of a lifetime to study the fine points of the game. The white-coated sluggers are very noticeable in back yards and laneways between shaves, pitching and hitting up their tired muscles with hair tonic. It has been a matter of grave consideration whether they will need only one diamond or the whole cricket field, also whether three fields or six will be required on each team. A special committee of men not biased by team prejudices will decide as to these weighty problems.

CITY LEAGUE SQUABBLE.

At a meeting of the City Baseball League executive, on Wednesday evening, it was decided with regard to the playing of Mathis, on Saturday, that if C.L.C.'s played him and won, their victory would go to the other team. Manager Kennedy called the attention of the executive to rule No. 15, which, he said, was the only one in the constitution bearing on his case. Rule 15 reads: "If it be found that any player has obtained a certificate and is not entitled to one, the club to which he belongs shall be liable to suspension from the association."

Mr. Kennedy pointed out that in keeping with the constitution, the only ruling the executive could legally make was to suspend the C.L.C. club. He said that there was nothing there about forfeiting victories to the opposing team. The ruling of the executive was, however, not withdrawn, and the ruling will, on Saturday, prevent C.L.C.'s from counting the victory if they win.

BOWLING MATCHES.

Two closely contested bowling games were played at Queen's green, on Wednesday evening. Skip E. Lyons, with J. E. Searle, W. H. Wormwith and Dr. A. E. Knapp, defeated Skip R. S. Graham, with C. Smith, A. B. Williams and G. M. Deekert, by 13 to 12. The first skipper by R. J. McKelvey, with E. C. Sizer, B. Udow and Dr. Buchanan, were victors by 14 to 13, by shutting out the quartette skipped by J. Leckie, with J. C. McConachie, F. S. Zuffli and C. Crozier. In the singles, J. C. McConachie won from Dr. A. E. Knapp.

ITALIAN STREET MUSICIANS.

Four travelling Italian musicians from New York city, a class of which that city contains thousands, who can hardly earn a living are touring the country and living on the proceeds of silver collections. These men obtained permission to play on the streets of the city for two days from the civic authorities and were the centre of attraction on Wednesday night for large crowds who were treated by them to some very good music.

PORT HOPE RESIDENT DEAD.

John Quinlan, aged fifty years, died in Rockwood hospital, Thursday morning. He had been in hospital since last Monday for treatment. The deceased was born in Newcastle, and the remains were sent to Port Hope, on Thursday afternoon.

Laurence Immerson, twenty-five years of age, a young farmer of Brimmond, died very suddenly on Wednesday. He is survived by his widow, father and mother. James Kelly, of South Elmsley, passed away on Saturday, at the age of eighty-eight years. Three sons and three daughters survive.

A SCARCITY OF LABOR

LOSSES KINGSTON A GOOD MACHINERY INDUSTRY

Which Might Have Been Established Here—Syndicate Forwarding Plans for Workingmen's Houses.

Kingston has been again passed over by prospective industry founders. W. Sayle and H. Bobins, president and vice-president, respectively, of the Cleveland Crane and Machinery company, of Cleveland, Ohio, were in the city on Wednesday, for the purpose, chiefly, of considering Kingston as a suitable site for the establishing of a Canadian foundry. They were in conference with W. A. Wheatley, general manager of the Canadian Locomotive company, who pointed out the city's advantages for such a concern.

But it is understood that they were forced to pass over the city principally on account of the scarcity of labor men, and back of this the scarcity at houses and homes for such. Messrs. Sayle and Bobins were in Hamilton to-day. The new Canadian plant will employ, in time, thousands of men.

It is encouraging to know that a syndicate is now forwarding plans to provide this necessity, which, if not successful, will have to be taken up by some of the larger labor employing companies.

HOCKEY PLAYERS GOING.

Has Caused Much Gossip in Sporting Circles.

The reported removal of several of the members of the Frontenac hockey team, to Hamilton, to join a team which is being organized to enter the senior O.H.A. series, has caused a great deal of talk in sporting circles. Regret is expressed on all sides, that the "speed boys" should leave the old town, which won such a great name for itself in hockey.

In the leaving of the Kingston boys they are departing from a band of loyal hockey fans, and will be much missed. There is a report going the roads, and on good authority that it is the intention of the O.H.A. to make the residence clause date July 1st, and if such is the case, the Kingston boys will be out of the game, and this would be an unfortunate thing for them.

Although some of the boys have decided to go to Hamilton, there is a good deal of time yet before the hockey season commences, and it may be that they will alter all their plans, and decide to stay in their home town.

DUMPED OUT OF CANOE.

Russell Kelly, Barrie street, who is camping on Belle Island, got a good ducking on Wednesday, as a result of taking too many liberties with a canoe. He was at camp and had paddled out some distance from the shore. He was fooling with the boat and leaning over the side when, true to its nature, when not properly handled, the canoe upset and dumped him in the water. With one hand on the overturned boat and the other being used to swim he finally reached the shore.

HOTEL TRANSFER OFF.

A meeting of the county license commissioners was called for Thursday afternoon to deal with a transfer of the license of the hotel at Fermooy from William Potter to H. Robertson, but the deal was reported off, and, therefore, the commissioners had no business. E. K. Purdy, the chairman, was present, also Isaac Carscadden and the inspector, John Moreland.
