

NO DECISION YET MADE

AS TO WHAT PAVEMENT SHOULD BE USED

On the Five Downtown Blocks—The Board of Works is Now Inclined to Lay Crossed Wood Blocks.

The nature of the pavement for the five blocks on Clarence, Wellington, Beak and Bagot streets is not decided upon yet. A meeting of the board of works was held on Tuesday afternoon, but it has no recommendation to forward to council as yet, on account of some developments.

However, the board is favorably inclined to pave these blocks with crossed wood blocks, generally acknowledged to be the best pavement in the market.

The United States Wood Block company, the manufacturers, quoted a price, by telegram, owing to the short notice. It was \$1.57 a square yard for the blocks, or \$2.98 a square yard laid on the street.

The quotation was somewhat indefinite, and it is not likely the \$2.98 includes the curbing and extras. The engineer was instructed to obtain this necessary information. The blocks are three inches thick, and treated with a chemical which insures them against damage by water or frost.

The road laid with such is guaranteed for seven years. These blocks have and are being laid in many of the heavy traffic streets in New York and Philadelphia, and this ought to be sufficient guarantee as to their wearing quality.

At \$2.98 a square yard, the price would be about \$21,450 for the blocks to be paved. The company suggests that the city do the work, under its superintendent.

John Moffett, of Westrumite, limited, Bradford, explained the qualities and process of making of this Westrumite pavement. This was the sheet pavement which is also under consideration. It is a mixture of Bernadine and Trinidad asphalt. Mr. Moffett spoke of the cooking of the mixture being by steam, stirring by compressed air, and of being shipped in barrels to the scene of operations, where it is laid cold on the street. There is a five-inch foundation of cement or concrete. After it is finished it must be covered for four or five days.

The Board of Works company guarantees a street laid with Westrumite for five years, and it is estimated that its life is for ten to fifteen years, according to the traffic. The company also has a grade "B," which is adapted to heavier traffic. A number of the cities and towns in Western Ontario, have streets laid with this pavement. The price

RESULT OF THE MOTOR BOAT RACE LAST EVENING.

The Charman Won, Although She Finished Third—City League and Sunday School Baseball Games.

A motor boat race for a special trophy for the faster boats was held Tuesday evening by the yacht club, the starters being: J. H. Sutherland's Charman, J. B. Conway's Tezpi III and William Yellowley's Emily II. The Charman and Emily sailed on even terms and allowed the Tezpi a handicap.

The Tezpi started at 7.15.10 and the other two boats two minutes and fifty seconds later, and went four times around the course, in front of the yacht club. The Emily II overtook and passed Tezpi III on last round and finished six seconds ahead. The time of finish was as follows:

|           |         |
|-----------|---------|
| Emily II  | 7:37:27 |
| Tezpi III | 7:37:33 |
| Charman   | 7:38:30 |

The boats were handicapped on the basis of their best speed, made in any of the previous races, and the conditions of the race were that if any boat exceeded this speed she would be disqualified. The results showed that the Emily II exceeded her time by fifty-two seconds and the Tezpi III by fifty seconds, and the committee was obliged to award the race to the Charman, which finished with a margin of eleven seconds to spare.

Collegiate Institute Sports. The Kingston Collegiate Institute boys are looking forward to placing a first-class hockey team on the ice next winter. It will be remembered that the K.C.I. boys won the junior trophy on other occasions, and they are right out after it again. A number of the best men will likely graduate this summer, but there will be a number of promising lads entering.

The collegiate is placing more confidence in its hockey team than in the rugby team, although it will, in all probability, have a strong team to put on the field when the time comes to kick the pigskin.

Baseball Record. National League—Brooklyn, 7; St. Louis, 4; Pittsburgh, 7; New York, 2; Philadelphia, 6; Chicago, 1; Cincinnati, 6; Boston, 3.

American League—Detroit, 6; New York, 2; Chicago, 2; Washington, 1; Philadelphia, 5; St. Louis, 1; Boston, 3; Cleveland, 4 (12 innings). International League—Providence, 10; Montreal, 8; Newark, 7; Buffalo, 6; Jersey City, 4; Toronto, 2; Rochester, 5; Baltimore, 2.

Notes on Sports. President J. J. McCallery, of the Toronto ball club, has completed arrangements for the visit of the world famous Philadelphia Athletics, the pennant winners of 1911, who will perform before the populace of the Queen City on the Island diamond, September 9th.

Bruce Stuart, the former Ottawa and Wanderer hockey star, is in Toronto and rumor has it that he will manage one of the professional hockey clubs in Toronto this winter. Stuart is now proprietor of a large shoe emporium in the capital and has retired as a player.

The Toronto baseball club is now on tour and will visit Jersey City for three games, Providence for six games, Newark for four contests, closing with three at Baltimore. Out of the sixteen games, "Joe" Kelley is contending that he will do better than an even break. He expects another right hander before many days have passed, and with any sort of luck will pull up on the Rochester club before he brings his hired help back again.

HYLAND-COWIE WEDDING. Performed by Prof. Alexander Laird, Tuesday Evening. A quiet wedding took place at the home of Rev. Prof. Alexander Laird, on Johnson street, on Tuesday evening, at nine o'clock, when Miss Ethel Hyland, daughter of Robert Cowie, John street, was united in marriage to Melville Hyland, of this city. The wedding was very quiet, only the immediate relatives being present. After the ceremony the couple returned to the home of the bride, where the wedding repast was served. The couple were recipients of a number of beautiful gifts, showing the high esteem they are held in by their numerous friends. Among the number was a beautiful clock from the employees of Macnee & Minnie, where the groom is employed.

At Lake Ontario Park. There was a very good attendance at Lake Ontario park, last evening. Zampa, the drummer girl, with her singing and the artistic way in which she handled her various instruments, secured a triumph. Arthur Cosman and Maude Emmett, with their singing and their life-like manikins, deserved the encomiums they received. On Thursday evening there will be an entire change of programme, new pictures and new vaudeville.

After the conclusion of the performance the Twilight Club held a pleasant dance, Salisbury Bros. furnished the music for dancing.

No Applicants Here. No pupils of the Kingston Collegiate Institute applied for honor classification in connection with the junior matriculation examinations. Principal Sizer does not see any advantage in this new marking. All at the local institute who wrote in June tried the straight junior matriculation and the scholarship or senior matriculation.

Motor Boat Caught. While running near the yacht club wharf, on Tuesday evening, the wheel of a motor boat owned by Richard Waldron, caught on a rope dragging in the water, from a schooner. The stern of the motor boat was raised at the side of the schooner, and the rope taken from the wheel.

Major Morgan Made Judge. Major W. J. Morgan, V.S., of this city, has been appointed judge of the roadster race at the Cobourg horse show next week, and will go up on Tuesday next. The Cobourg show ranks as high as that of Montreal.

225 Profits a Year

A fruit and vegetable pedlar in Detroit turns his stock every day—he makes 225 different profits a year and doesn't work in bad weather.

He buys only what he can sell in one day. He carries no dead stock.

He undersells the grocer, yet his profits are making him more money with only a wagon load of stock than lots of grocers make with a car load of stock.

"Stretching the Capital" and "Buying for Profit," two chapters of the new Burroughs retail book "A Better Day's Profits," explain how.

The manager of any retail store can get one copy without charge or obligation by asking for it on his letterhead. Others can get the book at 50 cents a copy—stamps or money.

GIVEN A SILVER SHOWER. Mr. Hanson Remembered by the Whig Company. On Tuesday afternoon, at the close of a meeting of the directors of the British Whig Publishing company, opportunity was taken to present George Hanson, one of the directors, who was married recently, with a cabinet of sterling silver cutlery. The cabinet was of mission wood and given satin and was a very handsome affair. J. G. Elliott, president of the company, made the presentation address, briefly referring to the qualities of head and heart of Mr. Hanson, complimented him on his wise step and, on behalf of the company, wished both himself and Mrs. Hanson the happiest of married life. Mr. Hanson, taken by surprise, was very appreciative of the present and thanked the directors for their kind wishes. He was sure that the gift would be long cherished, not only for its value, but also because of the donors, whose appreciation, he most highly esteemed.

HORSES CAUSE TROUBLE. Tear Up Lawns on Victoria Street, and Citizens Are Angry. Some horses have been running wild on Victoria street, and causing a lot of trouble. An angry resident of that street complained to the police. Wednesday morning, that damage, amounting to about \$25, had been done to her lawn by horses. The pound-keeper was notified, and if the stray-away horses continue to annoy the residents of the street, they will be locked up.

Groom's Comrades Were There. The employees of the wholesale dry goods house of Macnee & Minnie did not fail to let their comrades, Melville Hyland, know that they were near at the time of his marriage, last evening. They engaged a large flag-wagon and about twenty of them accompanied the wedding party to and from the minister's residence, and made a hubbub with firecrackers and cowbells, in honor of the event.

Had Busy Day. There is an old saying that it is an ill wind that blows no person good. All the local restaurants found the truth of this old saying when a large party of excursionists arrived in the city from river points. A few minutes after twelve every restaurant in the city was filled to overflowing and many of the "regulars" were forced to take a back seat and give way to the visitors.

Excursion From Napanee. About 125 excursionists came down on the local train from Napanee, Wednesday morning, and took the steamer North King down the river, returning in the afternoon. This was a portion of the Oddfellows' excursion which was cancelled for Ottawa, owing to the epidemic.

NEW BOOK OF NAMES Our Big Midsummer Sale

DIRECTORY PUBLISHED FOR CITY OF KINGSTON. Staff Making Rounds Report Very Few Vacant Houses in City—Some Interesting Things Taken From the City's Name Book.

The directory for 1912 has just been issued by the publishers, Messrs. Leman A. Guild and George Hanson, the first copies being placed around the city on Tuesday.

The staff who made the rounds of the city report that they found very few vacant houses, in fact to use their own words they were "as scarce as chickens' teeth." Surely this should speak well for Kingston. Houses are certainly scarce in Kingston. Any real estate dealer will tell you this. The men engaged in making the directory also have another good piece of news, and that is to the effect that there is a large amount of building going on all over the city, and they had a bunch of new names to put on their list. It is to be hoped that the city will continue to grow, and that the size of the directory will have to be enlarged every year.

"What's in a name?" Every day or so one will hear this expression. Did you ever read over a few pages of names in a city directory, just for curiosity's sake? There are a whole lot of interesting things in the city's name-book.

For instance, there are enough Smiths to form a village. There are upwards of one hundred and forty of that name listed in the name-book. And then how often one hears the question asked, "Is it Mc or Mac?" Actual count shows that three hundred names in the directory start with "Mc", while only about one-fifth of that number start with "Mac."

Hunter does not figure in the line-up of names, but there is many a Walker. There is but one Battle, but no Victory is recorded. Bell is mentioned eighteen times, but Bellingier only twice. Barber appears four times, while Shaver is shown in the book twice. There are but two Goings, and few Cummings.

Atkins is a name registered several times, but "Tommy" Atkins is missing. Adam is mentioned, also Eve, but no Eden. Ab- is mentioned several times, ditto Cain.

The new directory is well bound, the information has been collected with a system that is first-class in every respect, and a copy of it should not only be in every place of business in the city, but in every home as well. It is brimful of information such as is needed day by day. Every word in it is information. The publishers have every reason to be proud of their production.

Wedded by Two Clergymen. The marriage of G. A. Ferguson, Toronto, to Miss Lulu Staley, of this city, on Tuesday, was performed by clergymen of two denominations. The couple were first wedded in the Roman Catholic archbishop's palace, by Rev. Father Macdonald, and afterwards at St. Andrew's Presbyterian manse by Rev. S. J. M. Compton, B.D.
