3,000 PEOPLE KILLED NEWS OF THE WORLD

AS RESULT OF MARMORA SEA EARTHQUAKE.

United States Gunboat Scorpion Returns With First News—Rescue Ships of Nations to Carry Aid.

Constantinople, Aug. 17.—Three thousand dead, six thousand injured, ten thousand homeless. This is the appalling list of the casualties reported to-day by the United States gunboat Scorpion, which has returned after visiting the scenes of the recent earthquake in the sea of Marmora. The conditions were much worse than thought at first. All cable communication with the islands and coast towns was cut off by the shocks and this is the first definite report available. It was found impossible to approach some of the towns owing to odors from burning bodies. The Scorpion left such foods and medical assistance as possible, and will return with more, accompanied by rescue ships of other nations.

TO WARM MOTORISTS

Of Places Where Official Constables Are Watching.

Toronto, Aug. 17.—In several countries in Ontario are "traps" where motorists are held up by police officials on charges of excessive speeding, and fined various amounts. The Ontario Motor League is convinced that in many cases motorists do not travel in excess of the speed limit and that they are persecuted by county police, who benefit from fines imposed. As a protection for its members against these "traps," the league announced yesterday that men will be stationed at various points to signal to passing motorists the location of these "traps" or police officials.

ROOSEVELT IS HURLING

Bolts at President Taft, Whom He Likens to Lorimer.

Boston, Aug. 17.—In a speech to-day at Beverly Beach, Mass., Col. Roosevelt fired another broadside in his campaign for the presidency on the progressive platform. He has so far secured the lead of his rivals in getting the ear of the public and press. To-day he said Woodrow Wilson had referred to the democratic platform in terms that gave the impression that he either entirely repudiated it or entirely supported it. He coupled President with such men as Senator Lorimer. His utterances were well received.

RAIN THROUGHOUT ENGLAND

Is Causing the Rot of the Crops in the Ground.

London, Eng., Aug. 17.—A special cable from London today says that the sustained spell of cold and rainy weather throughout England, which at first was merely an annoyance, is now rapidly developing into tragedy. The weather is colder than in many October, and crops are rotting in the ground. The holiday season is spoiled. All the people who can afford it have gone to the continent. Things look very gloomy throughout.

A BIG TRAIN WRECK.

C.P.R. Express Plunged Down an Embankment.

North Bay, Aug. 17.—The Winnipeg-Toronto express, eastbound on the Canadian Pacific, left the rails near Carter, one hundred miles west of here, this morning, plunging down an embankment on a broken rail. Some cars were smashed to kindling wood, and it is feared that lives were lost. Wires are down and the Canadian Pacific here will give no particulars.

SIGNS OF IMPROVEMENT

In the Condition of the Salvation Army General.

London, Eng., Aug. 17.—It is reported unofficially that contrary to all expectations of his physicians, General Booth's condition showed some signs of improvement during the night. The fever has abated somewhat and the general rested easier, but is still unconscious.

"Baboo English."

The "baboo English" of India is usually commercial; but recently, a baboo lawyer offered a fine example in his defence of a woman client. "My learned friend with mere wind from a teapot thinks to brow-beat me from my legs," he asserted. He had probably a "tempest in a teapot" in mind. "I only seek," he continued earnestly, "to place my bona fide contention clearly in your honor's eyes."

An Indian station master having been annoyed by a certain female milk-hawker, addressed the following remonstrance to her employer: "Honored Sir,—I beg you will remove your handmaidens of milk, as she is not good-fellow, and we cannot stand her cheeks."

BEAR CAUSED EXCITEMENT.

Frightened Horses and Smashed up a Couple of Rigs.

Two traveling Frenchmen, with a dancing bear, created all kinds of excitement near the Grand Trunk station Saturday forenoon.

While the bear was doing his little "stunt" for the amusement of quite a crowd a young man drove up with a rig. The horse objected very strongly to the bear and started in to make things lively. It dashed into a coal cart, on its way to Swift's, and the two rigs were badly smashed. The owners of the rigs then set out after the men with the bear, so as to seek damages.

The police were notified, but in the meantime the men had made off, but they were finally located on Barrack street, by Constables "Tom" Mullinger and Samuel Arniel. The two constables took the entire "show" to the police station.

The bear attracted the attention of all the boys in the neighborhood, and when the party arrived at the police station they were besieged with a furious throng. The owners of the bear were called upon to pay damages to the extent of \$10, and were also ordered to leave the city, and at noon they were headed towards Barriefield, thinking that Kingston was a "hard-luck" town for their show. The man who paid the fine had a five-dollar bill and made up the other five in small change, which went to show that he had been meeting with great success.

ESCAPED FROM ROCKWOOD.

But Was Captured in Short Time on Penitentiary Hill.

He made a lively "sprint" through the village, attired in his hospital gown, and created a good deal of excitement. He also wore a pair of white gloves. He was missed shortly after getting away and was rounded up in short order.

TAFT'S VETOS SUSTAINED

By the United States Senate on Friday.

Washington, D.C., Aug. 17.—The senate, to-day, voted to sustain the vetoes of the president on the wool and metal tariff revision bills. On the metal bill, the motion to override the president did not even obtain a majority. On neither measure did the vote approach the necessary two-thirds. In a picturesque, spontaneous outburst during the debate on the president's wool tariff veto, Senator La-Follette attacked the new progressive party and swore new allegiance to progressive republicanism.
