TWO CABMEN IN COURT

THEY VIOLATED BY-LAW AT CRICKET FIELD.

Drive on to Grass so That People in Cabs Could Get Better View of Baseball Match—Were Allowed to Go With a Warning—Police Court Cases.

A couple of Kingston "cabbies," who violated a city by-law, on Saturday afternoon last, at the cricket field, by driving their cabs off the roadway, on to the grass, so that the people in the cab might secure a better view of the game, and at the same time have a comfortable seat, found themselves "on the carpet" at police court, Wednesday morning. Constable Samuel Arnes had the offenders summoned. The magistrate allowed the two to go with a warning, but promised a fine for all others upon a similar charge. One of the cabmen claimed he had been given permission from a committee in charge of the baseball match, but he could not give the details. The other cabman admitted being on the grass, but stated that he did not know there was a by-law against it. He will know better in the future. Three drunks were in the line-up. One who made his first appearance in two years, was given a chance, and two others were fined \$1 and cost. A case, rather out of the ordinary, was on the docket, but as the complainant did not appear, the case was dismissed. A citizen was accused of allowing his hens to run at large. He appeared when the case was called, but the complainant could not be located.

At any rate, no person had authority to give such a privilege. This should be a warning to all drivers in the future. CAUSED GREAT EXCITEMENT.

Thought Burglar Had Secured Entrance to a Store.

There was great excitement in front of a downtown store at midnight, Tuesday night. Loud smashing of bottles in the window, gave the alarm, and people in the neighborhood, with visions of a burglary, hurried to the scene. It was found that one of the employees had entered the store to secure something and that he had knocked over the bottles in the window. In the excitement, the police were also notified, and in less time than it takes to tell it, several bluecoats were on the scene.

PRISONERS OF WAR

SURRENDER OF NICARAGUAN GARRISON.

Defenders Outnumbered—Forced to Yield Their Arms, Captives are Slaughtered—Bloody Event Marks Spread of Rebellion to Leon.

Managua, Nicaragua, Aug. 18.—(Delayed in transmission.)—Nearly the entire detachment of 500 Nicaraguan troops comprising the garrison of the city of Leon, north of Managua, was massacred by a force of insurgents last night, according to reports which reached the capital to-day. On Friday news was received by the government that the liberals at Leon had risen in revolt and Gen. Chamorro dispatched a force of troops to suppress the movement and to reinforce the garrison of the city. The government troops on reaching Leon camped on the plaza in the centre of the town. The insurgents, who greatly outnumbered the government force, attacked the city Saturday, and after a fierce engagement the garrison surrendered.

Instead of holding their captives prisoners of war after their submission, it is reported that the troops were slaughtered by the rebels. Out of a force of 200 men all were killed except seventy.

He was taken to the Hotel Dieu in Corbett's ambulance, but it is feared that he will not recover.
