## McClary's THE SPORT REVIEW

## SCOTTISH VIEW OF AMERICAN BASEBALL

Given by a Returned Teacher—  
News of the Rugby Teams—  
Varsity Expects to be as Strong  
as Ever.

The Scottish teachers, under the  
conductship of W. A. Main, of  
Whitehill school, Glasgow, have just  
returned from their Canadian tour.  
Glasgow is the Glasgow defence. Giving his  
impressions of a baseball match at  
Toronto one of the party says that  
the game may be called "The perfec-  
tion of rounders." It is played by  
teams of nine men a side, the pitcher  
and the catcher being the most highly  
paid. Each man wears a padded glove  
on one hand for stopping the ball,  
which somewhat resembles our cricket  
ball, though a little smaller, while  
with the other he throws ball with  
surprising swiftness and dexterity.  
The pitcher's skill consists in the clemency  
with which he can put a twist on the  
ball and so elude the bat of the play-  
er. His latter requisite pretty much  
resembles a Glasgow policeman's bat-  
ton, and with it an expert batter will  
occasionally drive a very long ball, as  
they say in golf, although the great  
skill of the fielders in catching and re-  
turning the ball to the men on the  
bases was very marked. After reading  
about the enthusiasm of the Americans  
and Canadians over the ball game,  
as they call it, the visitors were  
very much surprised at the meagre  
support it seemed to receive. Indeed,  
it would seem that we at home give  
very much more encouragement to  
football than they do to their na-  
tional game.

## Rugby Tidings.

Ottawa Journal: Followers of the  
Canadian style of rugby may have an  
opportunity of witnessing an Ameri-  
can and Canadian team play this fall,  
the game to be contested under both  
Canadian and American rules, half  
and half. Last season Ottawa College  
made an offer to arrange such a game  
with Syracuse University and this season  
the project is again being taken  
up. Father Stanton will probably  
have the game definitely arranged  
within the next month, bringing the  
American team up to Ottawa for the  
game.

Toronto Telegram: Queen's will  
no doubt miss Leslie, who has been  
a great stand-by on their back division,  
but with the team under the watertiful eye of Mr. Sliter, from King-  
ston Collegiate, Queen's should this  
year show a marked improvement  
over last fall.

At the annual meeting of the Can-  
adian Rugby Union last fall little or  
no change was made in the playing  
rules, efforts largely being made to  
simplify the wording so that the in-  
terpretation by officials would in all  
cases be the same. The Ontario,  
Quebec and Interprovincial unions  
will play. Canadian rugby rules  
but the intercollegiate rules now are  
practically the same as the Canadian,  
so all of the unions will be on the  
same level and no inconvenience ex-  
perienced when they come together  
for Canadian honors.

The Varsity team will have mater-  
ial gaiety. "Jack" Maynard, last  
year's captain, will do the kicking  
this year, notwithstanding the fact  
that Allan Ramsay, who is at present  
in Vancouver will be back at college. M. Brock, the runner, will  
be a candidate for the half-back line.  
Herb Smith, of Ottawa, who played  
with Queen's last fall, leaves for  
England the 21st of September. Her-  
b is a Rhodes scholarship student and  
will enter Oxford.

Elliot Green, of last year's Toron-  
to Varsity team, was a conspicuous  
figure in the first practice game of  
the year held by the Montreal rug-  
by football team. He is now located in  
Montreal and will play with M.  
A.A.A. Green is a centre-half of  
some ability, being a splendid kick-  
and tackler.

Two Varsity rugby stars are on the  
Toronto exhibition hospital staff—  
Jack Maynard, captain of last year's  
Canadian champions, and "Jack" Mc-  
Collum, captain of the team about  
eight years ago.

Baseball Notes.

A major league baseball trainer says  
that ball players eat too much, smoke  
too much, and do not train properly.  
He says there is one big league star  
who invariably eats pie for break-  
fast.

The New York Highlanders have  
signed George Love, a seventeen-year-old  
pitcher from Ridgefield Park, N.J.

The Texas league has produced a  
mighty peg-leg race this season, with  
Houston, San Antonio, and Waco  
leading the bunch.

The Detroit Tigers fell down badly  
on their western trip. Even the mighty  
Ty Cobb couldn't start anything that  
would help the "Tigers" climb.

President McCaffery, of the Toronto  
Basball Club, announced yesterday,  
that he had sold Pitcher Gaspar to  
the Walkers Club, of the New York  
state league.

If the Torontos can retain their pro-  
minent margin on the champion and go  
to Rochester on Monday and Tuesday  
a game and a half or two games to  
the good, there will be nothing to  
fear. The disquieting Royals will be  
engaged at Montreal, and then the  
Kelleys will return home to finish the  
season. Manager Kelley, yesterday, de-  
clined to say that he thought the  
team would win the pennant. The  
strain of this week, with its twelve  
games, is bound to tell on the pitch-  
ers.

General Sport.

The St. Catharines lacrosse team  
have to win one game from Eatons  
in the U.L.A. and they will then be  
the team Almonie will have to beat  
for the championship. St. Kitts have  
made all preparations to go west af-  
ter the Mann cup.

A San Francisco promoter is willing  
to book "Jim" Flynn for a "go  
with ex-champion 'Tommy' Burns."

"Bob" Fitzsimmons, "Tom" Shar-  
key and Peter Maher threaten to  
return to the ring and go after the  
"white hopes."

Angus McLeod, of Detroit, formerly  
of Sarnia, and in his day one of the  
best bicycle riders in the country, will  
undergo an operation this week for

the removal of his left leg, blood-  
poisoning having set in. Mr. McLeod  
is engaged in the hotel business in  
Detroit. In the early nineties he rode  
a number of times at the old King-  
ston motorcycle club races.

DEAFNESS CANNOT BE CURED

by local applications, as they cannot  
reach the diseased portion of the ear  
and the only way to cure deafness  
is by constitutional remedies. Deafness is caused by an  
inflammation of the mucous lining  
of the tube connecting the nose and  
ear. This tube is inflamed when you have  
a cold, resulting in imperfect hearing.  
Deafness is the result and unless the  
inflammation can be taken out and the  
tube restored to its normal condition  
it cannot be cured. There are nine cases out of ten that are caused by  
Cataracts which is nothing but an in-  
flamed condition of the mucous sur-  
face.

We will give One Hundred Dollars  
for any case of Deafness caused by  
Cataracts. Send to Dr. J. P. CHENEY & CO.

## IDENTITIES BODY AS OWN.

Deserted Wife Arrives in Time to  
Expose Witness.

Joplin, Mo., Aug. 29.—Coming to  
Joplin in the expectation of finding  
her husband, John F. Daniels, dead,  
Mrs. Jessie Cesna Daniels, of We-  
lington, Kan., this morning, came face  
to face with him as he was testifying  
at the coroner's inquest in the case  
of a man killed in a fall from a street  
car.

Daniels, who was testifying that the  
body was that of a John F. Daniels,  
who had married a Jessie Cesna at  
Wellington, did not notice his wife,  
who entered through a rear door and  
whose face was shadowed by a wide  
black blot, draped with a veil. The  
wife's grief quickly turned to fury  
when she saw her missing husband  
still alive, and tears gave way to bitter  
words as she, rushed to his shoulder,  
accused him of deserting her and then  
trying to give testimony that would  
lead her to believe he was dead.
