IN SPORTING CIRCLES

CITY LEAGUE BASEBALL GAMES ON SATURDAY.

Queen's Rugby Team Will Not Get Cornellier, of Ottawa — Toronto Baseball Team Won and Lost on Wednesday.

The City Baseball League will provide as usual two games on Saturday afternoon at the cricket field. The senior game will be between Athletics and Victorias, and judging from the way Athletics started in at C.L.C.'s last Saturday, there seems to be a fair chance of their winning from Vice Muckler's hand. It is rapidly improving, and he will probably be in the box on Saturday. Spencer pitches good ball as long as his arm stays good, and if Muckler is not good for the whole game, he can count on a couple of innings' help from Spencer.

There will be some interest in the junior game also, which starts at 2:30 p.m. Ponies are slated to meet Tecumseh and a lively meeting is expected.

Lacrosse Practices.

The lacrosse sticks are out every night, now that the cool weather has set in, and some of the boys are becoming quite proficient with the nets. There were upwards of eight fellows out several times last week, and Wednesday evening the players were out in fairly good form. They will form the nucleus of a team next year.

Went to Cape Vincent.

The members of the Victoria Baseball Club went over to Cape Vincent, on the early boat Thursday morning. They will play a game at the Cape Vincent fair, with a team from Watertown.

New Ottawa Coach.

In the absence of "Marty" Walsh, the Ottawa Football Club is looking for a coach, and there is a big possibility that the position will be offered to Frank Shaughnessy, of the Fort Wayne club and part owner of the Senators, who knows both American and Canadian games.

Brockville Rugby Club.

At a meeting of the Brockville Rugby Club, the opinion being unanimous that membership in the Quebec Rugby Union would further the sport, it was decided to place a team in the intermediate series with Ottawas, M.A.A.A. and Westmount.

A committee was appointed to enquire into the condition of the Fulford athletic grounds and also another to provide electric lights for night practice for the accommodation of a number of the players who will find it impossible to attend the afternoon turn-outs. The first practice is called for Monday. The following officers were elected: Honorary president, Mayor MacLean; president, W. C. MacLaren; vice-president, F. I. Ritchie; secretary-treasurer, J. C. McLean; coach, Dr. Carroll; manager, Dr. Williams.

Gun Club Shoot.

The Kingston Gun Club held its weekly shoot on Wednesday afternoon. The final for the Dupont fob trophy were shot off between F. J. Todd and E. Webster, the latter winning out. The scoring was: Webster, 14; Todd, 10.

The spoon shoot was won by E. Roberts. The scoring out of a possible 25 was: Roberts, 20; Todd, 15; Webster, 14.

There is a shoot of the Ogdensburg Gun Club on Labor day, but the local club will not go down. Instead it will hold a meet at its own grounds, to which any interested in trap shooting are to be invited.

Barbers' Baseball Team.

The barbers are preparing for a hot game of baseball with the masons on the morning of Labor Day. They have given out the following list of probabilities for the team which will not be known until they step on the diamond. The little shavers who may play are: F. Robbs, "Joe" Lawrence, "Joe" Elmer, Fred Elmer, George Lennox, Herbert Ainslie, F. Smith, T. Killingbeck, P. Lawless, W. Christley, "Jim" Lee.

The barbers have a dark horse whose identity is a profound secret, who is to be put lathering in some barber shop on Saturday, where he will qualify to play on Monday. He is said to be a sort of white pearl, and the masons are warned to look out for him. "Jim" Lee promises some new features on the coach line.

Sport Notes.

The bowlers took a "night off" on Wednesday and there were no games on the green in the evening. A senior game in the Sunday school baseball league will be played on the cricket field at 6:15 o'clock Thursday evening, between Queen and Bethel.

Other Rugby News.

An Ottawa despatch says: Rev. Father Stanton has returned from Buffalo, where he spent his vacation, and will call the roll on Tuesday next when the fall term will re-open. There is no danger of P.H. Cornellier going to Queen's. He was elected manager of the Ottawa College team last winter and has signified his intention of getting right down to work next week. Cornellier will again play on the college back line. One of his brothers is also coming, and if, as "Phil" says, he can kick better than his elder, well, there'll be something doing when Ottawa and Queen's clash in the intercollegiate series. Silver Quilty has graduated and is up at his home in Killaloe. He will enter the Montreal seminary and study for the priesthood. "Jim" Kennedy, the star swimmer of last year's college team, is in the city and may take a post-graduate course, in which event he would be again available. Nearly all the other members of last year's team will be back. So Father Stanton's prospects look brighter than for several seasons' past. "Jerry" Harrington will again captain the Ottawa university team.

Baseball on Wednesday.

International league—Toronto, 9-0.

MEXICAN INTERVENTION

IS LIKELY TO COME AT AN EARLY DATE.

Alarming Reports Reach Washington Concerning the Situation in the South of the United States Republic.

Washington, Aug. 29.—Reports from South Mexico, so alarming as to make the danger of American intervention in that country greater than ever before have been received in Washington. So serious has the situation appeared to President Taft that in discussion with the members of the cabinet and others, recently he has expressed the gravest fears of necessity for far more drastic action on the part of the United States than has yet been taken in Mexico.

It is stated that while the operations of General Orizco and his men in Northern Mexico near the United States border are exasperating to a degree and injurious to American interests, the most serious phase of the situation lies in the conditions existing in Southern Mexico. In the southern states Zapata is the recognized rebel leader. His bands have been operating continuously for many months and have so far the upper hand in the southern states that the authority of the federal government has almost disappeared.

Robbery and pillaging are going on constantly in the southern states with practically nothing done to put a stop to it. Crimes of the most fiendish nature are being practised by the outlaws and the government forces alike. The most horrid tales are being told of butcheries, mutilations and tortures, few of which are reaching the general public either in Mexico or the United States.

After nearly two years of turmoil the Mexican officials are said to be showing a coldness and indifference to the situation in which the government is placed, which has proved shocking and amazing to all Americans, officials and private citizens alike. The policy of the Huerta government in the south of Mexico is declared to be neither aggressive nor energetic. It is the inaction of the part of the government which is causing concern in the Washington administration.

It is not believed, however, that the situation in Southern Mexico, bad as it is, will come to such a pass in a month, or two at the most, as to move the president to consider measures for intervening to protect the life and property of citizens.

A How Over Paving.

Ogdensburg, N.Y., Aug. 29.—Contractor King, who is in charge of the paving on Canton street, tried to prevent the starting of a gas extension on that street by men from the gas company yesterday. There was a lively row between the contractor and the manager of the gas company, which culminated in the contractor withdrawing. He claimed that the work, started at this late date would interfere with his carrying out his contract with the street but as the public service board had ordered the extension made on the petition of taxpayers the contractor realized that he would have to give in. After the argument was over, the diggers began to make the dirt fly.

Potato War Begun.

Calgary, Aug. 29.—A potato war is on here between the farmers and merchants. Increased at what they won of the discrimination against Alberta-grown potatoes in favor of the British Columbia product, a number of farmers have organized and opened a local market, shaving the price of tubers about one-third, as compared with the price asked by local grocers. The farmers are using space in the local newspapers and doing a rushing business.

Spent the Afternoon on the Water.

Saturday, 2:30 p.m., steamer America makes her last tour of the lakes, 50c.

Men's \$3.50 waterproof boots, \$2.75.

Dutton's. London's champion woman swimmer, Miss Smith, went from Dover to Ramsgate, a distance of nearly twenty miles, on Wednesday, in six and a half hours. Miss Smith will try to swim the English channel next week. Great value. See our \$1.50 suit case, Dutton's.

At Gouverneur, N.Y., Thomas Smith, a weaver at the International Lace Manufacturing company plant, had his left leg taken off by coming in contact with a cog drive of the machine.

Trunks and suit cases, cheap. Dutton's.

Thousands fainted in the enormous crush of spectators lining the funeral route of the late General Booth in London, and many dropped out of the line exhausted.

\$1.24 umbrellas, \$1; others, 50c. Dutton's.

At a convention of Ogdensburg city democrats, Charles H. Board was nominated for the office of mayor and David H. Goreoran for city recorder.

Armand Trudel, barrister, Montreal, has been appointed law clerk in the public works department, Ottawa.

Good strong boots for women, cheap. Dutton's.

Importation of deadly narcotics largely increased in the first four months of the fiscal year. Cocaine alone exceeds the entire last year's import.

Timothy Murphy, of Ottawa, was fatally injured while drilling a well. Children's strong school boots, cheap. Dutton's.

Andrew Magee was drowned in the Toronto Island lagoon.

Hood's Sarsaparilla

Acts directly and peculiarly on the blood; purifies, enriches and revitalizes it, and in this way builds up the whole system. Take it. There is no "just-as-good" medicine. Insist on having Hood's. Get it today.

ARBITRATION BOARD SAT

To Consider Request of School at Snyder Settlement.

A board of arbitration, with Dr. W. Spankie, school inspector for Frontenac, presiding, sat at the court house on Thursday morning to consider the petition for a new school at the Snyder Settlement, township of Portland. No decision was announced for lack of necessary data.

The other arbitrators were M. Trousdale, of Portland, and R. B. Howes, of Hinchinbrooke. Thomas Kerr and G. A. Smith, clerks of Portland and Hinchinbrooke respectively, were also present.

Mr. Walroth spoke principally for the Portland ratepayers and the petition was presented. For the formation of the proposed school, the ones now at Hinchinbrooke and Portland (Nos. 1 and 11, the union school) and Bellrock, No. 11, would have to be drawn from.

It is understood that there are now seventeen children and fifteen more "nearly eligible," for whom the school is asked, many of whom now walk from two and a half to three and a half miles to school. On the other hand the expenses objected to, \$300 yearly, to be drawn from a considerable assessment.

The meeting is discussing the elimination of the Petworth dam and the deepening and widening of the river which would drain about 12,000 to 14,000 acres of land in Camden and Portland and of about 4,000 acres in Hinchinbrooke. The land if drained will be very valuable and be of great benefit to the county as its value is estimated at about \$100,000. The meeting was again in session Thursday and up till the present has reported no resolution.

STEAM ROLLER PURCHASED.

Expected That It Will be Delivered Here Next Tuesday.

The much-talked-about steam roller for the city engineer's department has at last been purchased, and it was stated to-day, that it was expected that it would be delivered in the city on Tuesday next.

The roller was purchased from the Buffalo Steam Roller company, at a cost of \$3,000. It will be remembered that at the last meeting of the council, the board was given the power to purchase the roller. The engineer has been held up for a long time with his work, on Bay street, to simply because there was no roller for the work.

BOARD OF WORKS CALLED.

What Will be Done on the Pavement Question?

A meeting of the board of works was called for Friday afternoon, at four o'clock, for general business, but it is not likely that the pavement question will again come up for discussion, although it is now out of the question to do any work this season.

The recent proposition on foot was to use crooked bricks but this has evidently been dropped. Just what will be done by the board is hard to tell.

Y.W.C.A. Girls' Outings.

The Merry-makers' Club of the Y.W.C.A. has been enjoying a series of pleasant outings this summer. They have had frequent trips to Carleton Place, Wolfe Island and Lake Ontario Park, where an outdoor lunch usually added zest to an afternoon's fun. At the park these little parties were usually made on Mondays and Fridays, when the Y.W.C.A. had the use of the bathing houses and made the best sort of use of them. The Fellowship Girls' Club are arranging to enjoy one of these trips on Saturday, when they will make the trip among the Thousand Islands.

The Late Mrs. Hackett.

The death occurred of one of Kingston's oldest residents on Thursday morning at seven o'clock, when Mrs. Sarah Hackett, Barraek street, wife of the late William Hackett, of this city, passed away. The deceased lady had been ailing for some time. She was born in Ireland and came to this city when very young, and was married. Her husband predeceased her some years ago. She leaves one brother and two sisters, Joseph and Mrs. Wylie, of this city, and Mrs. S. Davie, of Toronto. The deceased lady was a member of St. Andrew's church. The remains will be placed in Cataract cemetery.

Will Meet Here.

The royal commission, appointed to hear complaints of dairymen, regarding the weighing of cheese, etc., will meet at Kingston on Thursday next at 10 a.m. Dr. J. W. Edwards, who was instrumental in having this commission appointed, waited on the Frontenac cheese board, on Thursday afternoon, and asked that as many of the dairymen as possible be present at the meeting.

Wedded at Sydenham.

A quiet house wedding took place on Wednesday, at eight o'clock, in the evening at the home of the bride's parents, Mr. and Mrs. D. W. Boyce, when their only daughter, E. Spray, was united in marriage to William E. Shales, Rev. Douglas Laing, of Kingston, was the officiating clergyman. Immediately after lunch, the bride and groom left by auto for Kingston. Valuable gifts were received by the bride from friends and relatives.

Had Leg Amputated.

Maitland Newman, 213 William street, underwent a serious operation, in the general hospital, Monday morning, when he had his leg amputated. He is doing as well as can be expected.
