KINGSTON, ONTARIO, SATURDAY, AUGUST 31, 1912.

LAST EDITION.

ROAD PAVING TENDER ACCEPTED ON CONDITION

That the Company Guarantee Construction

THE BOARD OF WORKS

WILL ACCEPT TENDER FOR BLOCK PAVEMENT.

And Hopes to Have the Work Done This Fall—It Will Open Negotiations With Street Railway Company Regarding the Paving of Princess Street.

"That we accept the tender of the Ontario Asphalt Block Paving Company, through J. F. Reid, provided there is a guarantee, suitable to the engineer, the paving to be done this year."

The above resolution was passed by the board of works at a meeting, on Friday afternoon, which shows that although it is getting quite late in the season, paving may be done this year.

This means the paving of five blocks as formerly decided upon, Clarence street, from King to Bagot street; Bagot street, Clarence to Princess street; Brock street, Bagot to Wellington street; Wellington street, Clarence to Brock street. The tender of the company is to lay a two and a half inch asphalt block pavement, on a four-inch base, for \$2.95 a square yard; straight curb and gutter, 47c; circular curb and gutter, 55c; a lineal foot; Standard catch basin, \$2.00.

The company stated that if the work was to be undertaken this fall, no guarantee could be given, but if started in the spring, a guarantee would be given, and bonds to cover the same.

It might be stated that the price for this pavement is twenty-one cents a yard higher than the amount paid by the city for the pavement put down last summer, the figures last year being \$2.74 a square yard.

Ald. Elliott, the chairman, presided at the meeting and the other members present were Ald. Hart, Peters and Couper, and all were in favor of allowing the contract to be awarded to the company mentioned, providing the necessary guarantee was given. It was left that if the guarantee was not given, the guarantee was an expenditure.

The question of paving Princess street was also taken into consideration, and it was decided to open negotiations with the street railway company, to see what arrangements could be made regarding the company's portion of the work. The chairman and the engineer were appointed a committee to wait on the railway company in regard to the matter.

Wood Block Negotiations.

A communication was read from E. S. Clements, agent for the United States Wood Preserving Co., New York, in which it was stated that the company regretted that the city could not guarantee to take 60,000 square yards of the company's two-inch crooked wood blocks, inside of two years, at \$1.87 1/2 a square yard, because the company's property on the water front, at the same price given the North American Smelting company, also to guarantee free taxes and railway privileges.

"We cannot enter into a contract with you at present, the latter read, "as the Canadian company is not yet incorporated, so it will be useless for an officer of our company to come to Kingston at present. Later, if the city desires us to locate our plant, and if then, we are incorporated there, we would enter into a contract, on the basis mentioned, providing every thing is equal to the other offers. We will have to let the matter stand as it is at present, until the Canadian company is incorporated, and then take it up again. In the meantime, it would be to your advantage to give us an order for 7,200 yards of paving which is a small order."

Dealing with this communication, the board, on motion of Ald. Peters, passed the following resolution:

"We regret, as a committee, that negotiations should not have been carried to a successful issue at the present time, but the committee will be pleased, at any future time, to open negotiations with you, regarding the establishment of your works in Kingston, which has many advantages for the location of a works which you propose to establish."

Other Business.

The board received a letter from the Grand Trunk railway company, asking for the privilege of removing some trees and a portion of sidewalk near the hay market, where it has purchased property for the erection of freight sheds, and it was decided to grant the request, subject to the approval of the engineer.

H. W. Robertson wrote regarding the crossings on Earl street between Bagot and Barrie streets. The matter was laid over, as it is the intention

HON. L. P. PELLETIER, Canadian Postmaster-General, who announces coming reductions in cable rates.

The board to look after these crossings as soon as possible.

The Canadian Locomotive company wrote, asking for permission to erect a wall or fence at the foot of William street, necessitated by the re-arrangement of the tracks. The request will be granted, provided the work-meets with the approval of the engineer.

The chairman, who recently made a trip to purchase the new steam roller for the city, reported in detail, the result of his trip, which was most satisfactory. The chairman was accompanied by an expert, and they succeeded in securing the best possible roller for the money. The roller was purchased from a Buffalo firm, and will reach here on Tuesday next.

COMMISSIONER WALDO ROBBED

Thief Took Wallet From Pocket of New York Officer.

New York, Aug. 31.—Police Commissioner Rhineland Waldo was robbed of a wallet containing important papers and a considerable sum of money on the subway train between Ninety-sixth street and Forty-second street last Tuesday night. In spite of the commissioner's efforts to keep the matter secret, the fact became known last night.

The thief slashed Waldo's trousers on the right side close to his hip pocket with a sharp knife, and then removed the wallet without being detected. Waldo was furious when he discovered his loss. He knew there had been hold-ups in the city recently, but he did not suppose there was one hold enough now to rob the best police commissioner New York has had this year.

DIED UNDER CHINESE DOCTOR

American Sculptor Was Being Treated for Skin Disease.

Seattle, Washington, Aug. 31.—Louis Potter, thirty-nine years of age, of New York, a noted sculptor, died in great agony in an obscure hotel on Fifth avenue, here, after undergoing ten days' treatment at the hands of a Chinese physician for a skin disease which he had been afflicted with almost since birth.

The exact cause of Potter's death has not been determined, although the coroner is convinced that it was not blood-poisoning as at first believed. An autopsy was held, but nothing definite discovered. A chemical analysis of the stomach will be made and the Chinese doctor will be examined to learn the exact nature of the treatment.

YOUNG MAN MURDERED BY COBDEN FARMER

Grant Appleby Stabbed to Death in Front of His Father's Farmhouse.

Cobden, Aug. 31.—Grant Appleby, aged twenty-seven, a student in attendance at the Ontario Veterinary College, Toronto, who was spending his vacation with his parents, Mr. and Mrs. Appleby, Ross township, county of Renfrew, two miles from here, was murdered last night in front of his father's house, being stabbed twice in the heart by "Wild Pete" Collins, a farmer of the district. Collins made his escape and, although posses have been out for hours, no trace of him has yet been found. From what can be learned, it appears that the murder was the direct result of a quarrel which occurred last night in front of the village post office.

Senator Stricken in Woods.

Milwaukee, Wis., Aug. 31.—A dispatch from Escanaba, Mich., says United States Senator Isaac Stephenson, of Wisconsin, was stricken with heart disease in the northern woods. A special train with doctors was sent to his assistance. Senator Stephenson was on a fishing trip fifty miles north of Escanaba, and his camp is fifteen miles from a telegraph station.

Kaiser and Kaiserine at Berlin.

Cassel, Germany, Aug. 31.—The German emperor and Empress left Wilhelmshöhe castle, yesterday, for Berlin. Both their majesties appeared to be in excellent spirits. They were accompanied by their daughter, Princess Victoria Louise.

Alaskan volcano disturbances are held indirectly responsible for the shortage of whales off the North Pacific coast.

BI-LINGUAL SCHOOLS.

Ontario Department of Education to Help Out Teachers.

Toronto, Aug. 31.—In its efforts to secure competent teachers for the English-French schools of the province, the department of education has announced that it will pay the railway fares and \$3 per week towards the board of teachers in training who will attend the English-French model school at Ottawa and the English-French model school at Ottawa Falls. At Ottawa the English-French model school will be used by the department for the purpose of observation by the teachers in training and the bi-lingual Roman Catholic separate schools both for the purpose of observation and for practice teaching by teachers in training and for the teaching of model lessons by the staff of the model school.

At Sandhill, Sturgeon Falls and Vanhook Hill, the English-French model schools will be used both for observation and practice teaching.

Candidates for admission to these model schools must have certificates of having passed a model school examination or the English-French model or the French d'École Académique examinations of Quebec.

MILK DEALERS ON STRIKE.

Port Hope Purveyors Object to a New By-Law.

Port Hope, Aug. 31.—The local milk dealers went on strike, yesterday, and Port Hope, as a result, is milk-dry. The dealers, in a published statement, announce that they cannot furnish milk under the present standard as set by the recently passed milk law, namely 12.5 per cent. solids, of which 4.5 per cent. shall be butter fat. They intimate that service will be resumed as soon as the town council repeals the by-law and lowers the standard to twelve per cent. solids, of which three per cent. shall be butter fat.

The White Star liner Olympic has sailed from Southampton, Eng., with one of the largest lists of cabin passengers ever carried by a trans-Atlantic liner.

Miss Sybil Mackay, a resident of Kinardine, lost her life, Friday, in a boating accident at Bruce Beach, a summer resort four miles from Kinardine.

THE ROMAN CHURCH TO FIGHT SOCIALISM

New York Labor Demonstration on Sunday Preliminary to Organizing Workmen.

New York, Aug. 31.—A labor demonstration is to be held in St. Patrick's cathedral, tomorrow evening, to inaugurate the fight the Roman Catholic church intends waging against socialism as it affects the workingman.

If Cardinal Farley's health permits he will attend the meeting and address it. The Right Rev. Mgr. Lavelle will speak on the rights and duties of workingmen and launch what purports to be an ecclesiastical school for their education in matters relating to capital and labor.

It appears from the statements made by the promoters that the cardinal has in mind a college of labor, and that he has concluded that the workingman should be educated, and his mind trained to handle the labor cause intelligently. The cardinal has let it be understood that he has reached a solution of the labor problem in this country.

About a year ago "a school of social science" was opened in this city to train Roman Catholic men to lecture on socialism.

THREE WERE KILLED

By a Collision of Two Trains at North Bay.

North Bay, Aug. 31.—Thomas Duncan, conductor and Wallace, brakeman, both of North Bay, and Ellerton Dial, of Ottawa, were all killed and several others hurt seriously when a fast freight plunged into a work train, through a misplaced switch, Engineer James Casey and his fireman jumped, and were saved.

TO CALL A CONFERENCE

In Hope of Ending the War in Tripoli.

Berlin, Aug. 31.—Diplomats of all the big European nations, here, today, are calling a conference of the powers which signed the treaty of Tripoli to see if something cannot be done under that treaty to bring Turkey and Italy to an agreement and cease the disastrous war in Tripoli.

Becker's Wife Shadowed.

New York, Aug. 31.—Becker's wife is being constantly shadowed by detectives. Mrs. Becker's visits to banks wherein her husband kept much of his money have been recorded, and a sharp watch is being kept on Becker's bank account. Mrs. Becker cannot be compelled to testify against her husband in the murder trial, but she can be called before the John Doe inquiry to tell what she knows of police craft conditions. Detectives are watching in various foreign ports for the possible arrival of "Lefty Louis," Rosenzweig, and Harry Horowitz, otherwise known as "Gyp the Blood."

Fog Signal Device.

London, Aug. 31.—A successful demonstration has been made in Liverpool of an invention for the use of ships, particularly in time of fog, to show the direction of sounds, such as those of sirens of other ships. The apparatus, which is the invention of two brothers, named Hodgkinson, consists of a drum to receive the sound waves and an indicator.

Labor Day Trip.

Among the Thousand Islands, by steamer North King, passing all points of interest on both American and Canadian channels. Fare 50c.

A resolution asking the governments of Canada and the United States to pass stringent measures regarding the recording of certificates that thoroughbred cattle are free from tuberculosis, was adopted by the American Veterinary Medical Association in convention at Indianapolis, Ind.

Capt. Theodore Carl Lorenz Moller, of Toronto, faces an action for \$20,000, as a result of his alleged failure to keep his promises made to Mrs. Victoria Mulford, a young widow from Buffalo, N.Y., whom he met while adjusting compasses on steamers at Port Colborne.

A CHORUS GIRL SHOT BY ANGRY HUSBAND

She Was in Company With Chicago Broker, in Automobile Near Toronto.

Hamilton, Aug. 31.—Agnes Cartello, who recently finished an engagement as chorus girl with the Zigfield Moulin Rouge company, was brought to Dr. Hopkins' surgery yesterday by a man in an automobile, who told the doctor that the woman had been shot while riding to Hamilton from Toronto. The man, who said he was David Gillespie, a Chicago stock broker. The woman was wounded in the left breast. An examination showed that a bullet had struck her corset steel and been deflected upwards. The corset steel probably saved her life.

Mrs. Cartello said the shooting was done by her husband, Clarence Albert, a confidant, who followed her to Toronto. They were married in Chicago some years ago, but she never lived happily. After she agreed to visit the Toronto exhibition with Gillespie she said she received a wire from Toronto, Ind., from her husband, who said he would kill her. Gillespie told her not to worry, and accompany him.

"It appears that it was in a dark spot just beyond Bronte that Gillespie's car was passed by another large automobile, which had its hood up. It was travelling very rapidly, and just as it was about to pass them, the man fired the second time, and hit the woman, who became unconscious.

Gillespie and the girl have gone on to Buffalo, she not being in a dangerous state.

NO WHITE WOMEN FOUND

In the Chinese Resorts of the City of Montreal.

Montreal, Aug. 31.—Upon receipt of a communication from Rev. Dr. T. Albert Moore, general secretary of the Social and Moral Reform department throughout Canada, through Rev. T. E. Bourke, secretary of the United Methodist Social and Moral Reform committee of Montreal, to the effect that the employment of white women by Chinese constitutes a grave social and moral menace to the country, Chief Detective Carpenter sent a detective throughout the Chinatown of Montreal on a quiet investigation of the matter. Detective Gorman visited about a dozen Chinese restaurants and a number of Chinese laundries, but in none of the places were women employed, and for the most part the only women found patronizing the places were escorted.

COBDEN MURDERER ARRESTED.

Found in His Home Praying for Forgiveness.

Cobden, Aug. 31.—Peter Collins, who stabbed to death his neighbor, Grant Appleby, last night, and plunged the whole neighborhood into a uproar, was arrested early this morning by county constables, without resistance. When the officers approached his home they heard him praying to God for forgiveness. His statement said he was on his way along the road when the Appleby boys attacked him. He had a knife in his hand, cutting tobacco at the time, and said he had to use it for self-protection. Heuben Appleby, the surviving brother, denies this. Says Collins, without provocation, struck his brother in the face. As both families are well-known, the affair has caused tremendous excitement.

Warmer in the West.

Winnipeg, Aug. 31.—Rain fell in many parts of Manitoba and Saskatchewan last night. In Winnipeg district a heavy rain fell all night. It is generally bright and warm, today, in the west. In Alberta, there is no frost and things are drying up well.

PREMIER BORDEN WINS ENGLAND'S GOODWILL

Has Won a Place Among Foremost Empire Builders of our Generation

Toronto, Aug. 31.—A special cable to the Star says: Premier Borden has left England amid universal expressions of good will. He has won a place among the small group of overseas statesmen, Sir Wilfrid Laurier, Sir Alfred Deakin and Sir Louis Bouché, whose visits have definitely impressed the mother country.

The Pall Mall Gazette says: "He departs for home with a place amid the foremost empire builders of our generation."

The Westminster Gazette declares: "His visit, we have no sort of doubt, will prove to have been of signal importance to the organization of the empire."

SOLDIER WENT CRAZY.

Killed Six and Escaped to the Mountains.

Romanshorn, Switzerland, Aug. 31.—Frenzied, a Swiss soldier, went suddenly insane here last evening, seized his rifle and before he reached to his own house and barricaded himself in, he killed six persons and wounded eight. Finally he escaped from the town and is now in the mountains, still armed and crazy.

"Council of War" Held.

London, Aug. 31.—A "council of war" of the Salvation Army at which seven hundred of the leading foreign and provincial officers met under the presidency of General and Mrs. Bramwell Booth, was held yesterday at Congress hall, Clapton.

The chief purpose of the meeting was to give the new general an opportunity of meeting his principal colleagues in the organization.

Miss Eva Booth, commander-in-chief in America, sent a message saying that the American Salvation Army felt it had in the new general the man it wanted.

On Sunday every Salvation Army corps in the world is to hold a memorial service at which the "Dead March" will be played.

Shooting at Ottawa.

Ottawa, Aug. 31.—The Kingston competitors at the D.R.A. saw an interesting shoot off, Saturday morning. The winners of the governor-general's match are: Gold medal and \$200, Sergt. Guthaus, Ottawa; 2nd silver medal and \$150, Lieut. Anderson, 8th R. R., Quebec; 3rd, \$100, Lieut. Gibson, 13th Regiment, Hamilton. The three were tied at 194 points at the thousand yards of the match.

For Sale.

WARNING TO A CITY TO MOVE WITHOUT DELAY

AARON S. WATKINS, Candidate for vice-president of United States on the prohibition ticket.

SEVENTY-FIFTH ANNIVERSARY

Of Rev. Dr. Macgillivray's Induction Into Chalmers.

A joint meeting of the session and the board of managers of Chalmers Presbyterian church was held on Friday evening, when it was decided to celebrate the twenty-fifth anniversary of the induction into the pastorate of Chalmers church, Dr. Macgillivray was inducted on September 13th, 1887, in the old church edifice on Earl street, coming here from Perth. A committee was appointed to make arrangements for a congregational gathering on the evening of September 13th, when Dr. Macgillivray will be the guest of his people. He will return from his trip to England and Scotland on Monday.

Successes at the D.R.A.

The two most successful Kingstonians at the D.R.A., Ottawa last week were T. M. Asselstine, secretary of the Kingston R. A., and Sergt. W. H. Hake, R.C.E.

The former shot very consistently throughout the meet, but, unfortunately, did not enter for the governor-general's match, which undoubtedly robbed him of his Bisley chances. The latter has the honor of being the only Kingstonian in the grand aggregate, and with good luck on Saturday he ought to make the Bisley team for 1913.

70 Locomotives for C.N.R.

Two locomotives, No. 2,138 and 2,139, for the Canadian Northern railway, left the local works on Friday afternoon. The locomotives are of a very heavy type, weighing about 110 tons, without the tank being full of water. The water tank will hold 6,000 gallons. The locomotives will be taken up to Winnipeg.

On Their Way Home.

Sergt. Robert Nesbitt, who has been spending the past two months abroad, visiting England, Ireland and Scotland, is expected to arrive back in Kingston early next week, accompanied by his two daughters and Edward Anderson, who made the trip with him.

Campers Returning Home.

The cold weather of the past few days has been the means of driving many of the campers down the river home. It is far better for the campers to be at home during weather such as the weather here has been serving up this week.

WOMAN MAKES APPEAL TO HAVE LIFE ENDED

She Asks New York Legislature to Have Her Terrible Sufferings Ended.

New York, Aug. 31.—Mrs. Sarah Hogan, aged thirty, who has been a patient for years in the Audubon Sanitarium, completely paralyzed except in her faculties of speech and vision, has appealed to New York state legislature for a law which will permit her physicians to end her terrible sufferings by death. This is a moral and legal issue of outlandish nature to be revived.

American Couple Wedded.

A quiet wedding took place at the parsonage of St. John's Street Methodist church, on Saturday morning, when Miss Catherine Cray, of Antwerp, N.Y., was united in marriage to Hugh S. Bates, of Watertown, N.Y. The ceremony was performed by Rev. T. W. Neal.

Principal Gordon Returns.

Rev. Principal Gordon of Queen's University, who left Kingston three months ago for Australia, returned home on Saturday afternoon.

Wedded on Friday.

On Friday afternoon, the marriage took place of Miss Lena Turner and Frederick Brice, both of this city. Rev. W. F. Fitzgerald officiated.

Buckley Guaranteed Hats.

The other leading makes are to be had in Kingston only at Campbell Bros., the leaders in men's hats.

\$1.65, Watertown and Retpns. \$1.65 Good going Saturday or Sunday, returning up to Monday night.

Guadalajara Located on Crater of Volcano.

IT WILL BE DESTROYED

WITHIN A YEAR IS THE PREDICTION.

Evidence of Volcanic Activity is Shown—High Temperature, Sulphurous Fumes and Hot Springs Believed to Spell Disaster.

Guadalajara, Mex., Aug. 31.—Warning has been issued to this, the second city in the republic with a population of 150,000, that it is to be destroyed by a volcano.

The warning is given in all seriousness by the Mexican government through the seismographic branch of the national observatory at Mexico City.

Seven scientists who spent the latter part of July and the first week of August here, have issued a report following the 340 earthquakes which have shaken Guadalajara in the past three months that the town is built on the crater of a slumbering volcano.

Increasing temperature, sulphurous fumes escaping from fissures torn in city streets by the quakes and the bursting out of several hot springs led to the investigation which showed that 300 feet beneath the surface of the earth there is a seething crater, whose last eruption was about 1,800 years ago.

The men from the observatory cannot state when the eruption will take place, but they believe it will be within a year.

Their report urges that the city be vacated and they suggest a movement to Juannacatlan, a town about forty miles from here on the banks of the Santiago river. A ridge of hills intervenes and it is stated that the effects of the volcanic upheaval, if it is of the magnitude they expect, will not reach to Juannacatlan. The centre of the crater beneath this city is located approximately under the state palace, which is in the heart of Guadalajara.

Government papers have been removed from the palace to Mexico City for safety and a mass meeting will be held here the first Sunday in September to decide whether this city is located in a warning and move or wait and see what happens.

Government officials are a unit in supporting the report of the men from the national observatory and the warning for a removal contained therein.

This is the first time in history when a city has been warned of danger from a volcano.

Ho! For Rochester.

Take steamers North King or Canadian, on Aug. 30th, 31st, or Sept. 1st, for Rochester. Tickets good for return until Sept. 3rd, only \$2.50. Time to visit Buffalo and Niagara Falls. J. P. Hanley, agent.

Fell From Balloon; Killed.

Flint, Mich., Aug. 31.—A fourteen-year-old boy became entangled in a wadding balloon, then dropped 400 feet, and was killed.
