THE LABOR DAY PICNIC

HELD AT LAKE ONTARIO PARK ON MONDAY.

A Big Crowd Was in Attendance—Victorias Defeated Athletics, and Ponies Won From Park Nine—The Barbers Lost.

The labor men of the city "held forth" at Lake Ontario park on Monday. Needless to say, the rain at periods, or perhaps the scowling of the weather man during the day, kept what would have been a record labor picnic attendance away. Still the street car company handled a very large crowd to and from the park.

The Barbers and Masons "lathered it up" at baseball in the morning on the park diamond. And, again in the afternoon, four teams, Ponies and Park Nines, and Victorias and Athletics responded to the umpire's "Play ball."

A number of the labor men "engineered" the races and sports besides the ball-field in the afternoon. Dancing was indulged in at the park pavilion afternoon and evening. Salisbury's orchestra supplied the music. The "baby show" was held in which a number of the mammas shone to perfection. Good moving pictures were shown in the pavilion during the evening.

Unions Defeated Barbers. The Barbers were "baked at bat and ball" at Lake Ontario Park. The score was 7 to 1 in favor of the union unions. There were many hard hits, many home runs and strike outs to numerous to mention. The coaching of "Jim" Lee for the Barbers and Sam Connolly for the Unions on the home line, was very effective. The sensation of the day was "Reach" Stagg, who played first base for the unions. No ball was too high or too wide for him to catch and he could touch his man out at first from the pitcher's box. The line-ups were:

Unions—Stagg 1b, Connolly 3b, Villard cf, G. Bews p, McCarty ss, J. Bews 2b, Richards rf, Potter, H. James 1b, C. Bews c. Barbers—Hagerman 3b, F. Elmer ss, Lawless 1b, Robbs p, Lewers cf, Caines rf, Christley, L. J. Elmer 2b, Fritzie c.

Victorias, 7; Athletics, 0. After playing nine innings at the Park on Monday afternoon the Victorias left the field with seven runs to their credit as compared with none for the Athletics. A number of changes were made in the teams. G. Dick's place was filled by Ray, while Muehlen twisted for the losers. Up until the sixth inning, neither team had been able to score. At this point of the proceedings Walsh had gotten his base and was followed at bat by Gillespie and McCammon, who both went out. With two out and one on base, it was up to Nicholson to do something, but as luck would have it "Nick" walked. With two on bases, H. Dick came up and hit to infield. While the ball was being fielded and thrown to first, both men on bases got home. Athletics claimed that Dick was out on first, but Referee Sullivan called him safe so he stayed there. Whether the close decision disheartened the Athletics or not, they did not seem to play as hard as Vics scored five more runs in the next four innings. In the seventh which is always looked upon as Vics poor innings, Cotman and Ray scored making the tally 4 to 0. In the eighth, the Vics rallied again and three more runners got home, Summerville, Pound and Cotman. Both pitchers threw a good game and the

BARGES IN COLLISION

BARGE HURON RAN INTO BARGE A.D. AND SUNK.

Huron Was Loaded With 28,000 Bushels of Wheat From Richardson's Elevator on Way to Montreal—Accident Occurred at Pine Tree Point Below Iroquois—Heavy Fog Delays Vessels.

The barge A. D. of the Hackett company, Quebec, collided with the large barge of the Montreal Transportation company, at Pine Tree Point, below Iroquois, Saturday afternoon, and the barge Huron was sunk. She was loaded with 28,000 bushels of wheat, from Richardson's elevator, 3 A. time had the barge Huron, Bella and Hamilton in tow, on the way to Montreal, luckily no person was hurt. All the members of the crew were able to make their escape, on the barge Hamilton. The cabin of the large Huron was completely destroyed and the barge otherwise suffered serious damage.

Quite a scare was given, in marine circles, on Monday noon, when a message was received from Watertown, asking for particulars about the burning of the steamer Kingston, on Lake Ontario, on Sunday night. The Kingston did not meet with any accident whatever, making her usual trip to Rochester and Toronto, and report from the latter place stated that the big steamer arrived there at 10 o'clock. However, rumor got around there the Kingston had been burned is not known.

The steamer Sowards arrived from Oswego, Sunday night, with coal for Crawford's, and cleared again, Monday night, for another cargo. The schooner Maize arrived from Oswego, with coal for Crawford's. The schooner Keewatin is at the penitentiary, with coal, from Oswego.

A heavy fog set in on Monday night, and caused much delay to the vessels. The steamer Noble, loaded with 77,000 bushels of wheat, from F. A. Williams, is due to arrive at the Montreal Transportation company's elevator during this afternoon. The vessel has been delayed by the fog. The tug Bronson arrived from Montreal, with the barge Calvin, loaded with pulp wood for the Calvin company; the tug Hall from Montreal, three light barges.

The Calvin and Donnelly wrecking companies, which have been working, in connection, in endeavoring to release the steamer Britannic, which is stranded at Weaver's Point, below Morrisburg, have given up their present plan of operations, and their steamers have returned to the city. In consultation with the owners of the coal steamer, it has been decided to sink a barge, with stone above her, and try to release her in that way. The water has receded over a foot, owing to the north and east winds, which interfered seriously with trying to pull her off with cables.

The steam yacht Nelford arrived in the city on Sunday night with her owner, Frederick Fraser, of Syracuse, N.Y., and a party.

The schooner Ketchum is at Swift's Point, below Morrisburg, and is being used for a coal steamer. There is more catarrh in this section of the country than all other diseases put together, and with the last few years was supposed to be incurable. For a great many years doctors prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Science has proven catarrh to be a constitutional disease, and therefore a constitutional treatment. Hair's Catarrh Cure, manufactured by J. C. Cheney, of Toledo, Ohio, is the only constitutional cure on the market. It is taken internally in doses from 10 drops to 30, according to the character of the system. COMPLAINED TO THE POLICE. Two Women Out After Their Hobbies on Sunday.

"Tell your troubles to the policeman," is an old saying and a great many people follow this advice. Two Kingston women were callers at police headquarters on Sunday and they both complained their hobbies. One claimed that she had been assaulted by her husband, who had been drinking, and the other claimed that her husband had not been "treating her right," as she put it.

Although they had a complaint to register, neither of the women would make a charge, so the police could not act. But gave the advice that the two women "make up" with their husbands, and turn the house of too much trouble into one of happiness.
