**"Fruit-a-tives Cured Him"**

**CHRISTVILLE, ONT., Jan. 25th 1911**  
"For over twenty years, I have been troubled with Kidney Disease, and the good, and that I would be a sufferer for the rest of my life.  
I doctored with different medical men and tried many advertised remedies, but none of them suited my case. Nearly a year ago, I tried "Fruit-a-tives". I have been using this fruit medicine nearly all the time since, and am glad to say that I am cured.  
I give "Fruit-a-tives" the credit of doing what the doctors said was impossible. I am now seventy-six years old, and in first class health."  
GEO. W. BARKLEY.  
In all the world, there is no other remedy that has cured so many cases of so-called "incurable" kidney disease, as "Fruit-a-tives".  
This famous fruit medicine acts directly on the kidneys—helping and strengthening them—and ridding the system of the waste matter that poisons the blood. 50c. a box, 6 for \$2.50, trial size, 25c.  
At dealers on receipt of price by Fruit-a-tives Limited, Ottawa.

**"PAPPE'S DIAPESPIN" GIVES INSTANT RELIEF AND THE RELIEF LASTS.**  
Every year regularly I see than a million stomach sufferers in the United States, England and Canada take Pape's Diapespin, and realize not only immediate, but lasting relief.  
This harmless preparation will digest anything you eat and overcome a sour, glassy or out-of-order stomach five minutes afterwards.  
If your meals don't fit comfortably, or what you eat lies like a lump of lead in your stomach, or if you have heartburn, that is a sign of indigestion.  
Get from your pharmacist a 50c. case of Pape's Diapespin and take a dose just as soon as you can. There will be no sour risings, no belching of undigested food mixed with acid, no stomach gas or heartburn, fullness or heavy feeling in the stomach, nausea, debilitating headaches, dizziness or intestinal griping. This will all go, and, besides, there will be no sour food left over in the stomach to poison your breath with nauseous odors.  
Pape's Diapespin is a certain cure for out-of-order stomachs, because it takes hold of your food and digests it just the same as if your stomach wasn't there.  
Relief in five minutes for you at any drug store.  
These large fifty-cent cases contain more than sufficient, but thoroughly pure almost any case of dyspepsia, indigestion or any other stomach disorder.

**Money Rates High in West.**  
The Winnipeg manager of the Western Canada Investment Company, and English corporation, reports: "The demand for money keeps up and 8 per cent. can be obtained on smaller city loans and western farm business. Rates for discounts on agreements for sale are stiffening somewhat, and there is no reason, so far as we can see, to expect any drop in the mortgage rate in the near future."

**Record U.S. Corn Crop.**  
Indications are that the corn crop of the United States, which has been more abundant than any other, will be good deal closer to 3,000,000,000 bushels than the trade expected early in the season. A yield of 28 bushels per acre would give 2,924,000,000 bushels, and it is not out of line with present expectations that the yield will equal that figure.

**International Nickel.**  
The new stock of the International Nickel Co., in which Canadians are largely interested, is quoted around 137, which makes the market value of the old stock about 330 per share. Within the last year International Nickel common has scored an advance of very close to 100 points.

**BISHOP WAS MOBBED**  
When He Tried to Eject Woman From Cathedral.

Rome, Sept. 4.—Monsignor Liviero, Bishop of Citta di Castello, on the Tiber, was administering confirmation yesterday in the cathedral there when he noticed a girl wearing a shirtwaist with sleeves which he considered far too short. He interrupted the ceremony and called on her to withdraw.  
As his advice was not followed, and as the girl remained in the cathedral after service, the Bishop walked up to her and attempted to eject her. Several young men, including the son of an Italian deputy, at once took the girl's part, and the Bishop retired to the sacristy.  
In the evening a demonstration took place before the episcopal palace, and when Mgr. Liviero appeared at a window, intending to address the populace, he was pelted with tomatoes and other vegetables.

**Mon. Wm. Harty Tender Hearted.**  
Toronto Star Weekly.  
Hon. William Harty, of Kingston, who has lived through a stormy political career and amassed a fortune in business, has a side to his nature which his closer friends may guess at but as never entirely forthcoming. This is manifested chiefly in a hatred of physical cruelty. He is a hard fighter in a political campaign, but the infliction of suffering in any form, whether it affects man or animal, is his most bitter abhorrence, and he will go far to prevent it. This humane tendency is carried even to the extent of refusing to go fishing, entailing as it would the sacrifice of living creatures for the sake of sport. Such a strange characteristic is not the result of any kind of some personal code, but is a natural outcome of a high sensitiveness to pain.
