THE SPORT REVIEW

HAMILTON WILL NOT GET INTO THE O.H.A.

If it Imports a Whole Hockey Team—City Baseball Championship Between Victorias and C.L.C.

If Hamilton thinks it is going to scoop up a hockey team from various parts throughout the province and gain entry into the Ontario Hockey Association, it is very much mistaken, as it will find out when it applies for admission to the big Ontario body. From what the Whig can learn the city of Hamilton's proposed senior team will not be admitted into the O.H.A. company. It is well known that hockey organization, which has fostered amateur sport, would be admitting the thin edge of the professional wedge. Other places would follow in Hamilton's footsteps, and O.H.A. would be in a position to receive a severe jolt. If Hamilton cannot find enough hockey players in the vicinity of its own mountain, it will have to find membership in some other organization besides the O.H.A. The Ontario professional league is the one to which it should apply.

It is to be regretted that several of the Kingston Frontenacs saw fit to respond to the temptations of the Ambiguities City, for all of them, with the exception of Nicholson, have lost their Kingston permanent residence should they decide to return here later and wish to play in the O.H.A. Continuous residence from the first of August is the requirement. Nicholson is the only one of the Frontenacs team who went away and returned who can play with the Kingston team next winter unless the O.H.A. executive gives special sanction.

C.L.C. or Victorias? Saturday's game between C.L.C. and Victorias gave a surprise to a great many fans. C.L.C. were looked upon by many as a back number and now they have a string on the championship. The race is now between them and Victorias unless Athletics win out this coming Saturday. Athletics are making a bold bid to win this game and judging by the way they handled Cummins' delivery the next time they meet they have a fair chance of putting it over the Locomotive team again.

Ontario Street Baseball. Two teams of Ontario street baseball hopefuls took a trip to Barrfield commons on Monday where a "sudden death" game of baseball was played. The hits were too numerous to mention and the errors were greater than the hits. The teams played sixteen innings to break the tie, and finally Ontario No. 1 forged ahead by one run, the score being 24 to 23. These boys will be heard from later in baseball circles.

Inter-City Baseball League. The Watertown Standard says that as a result of the visit to that city of the C.L.C. baseball team, of Kingston, an international inter-city baseball league may be formed, to consist of Watertown, Cape Vincent, Antwerp, Oswego, Ogdensburg and Carthage. Sunday games would be a feature, but not in Kingston, of course, for baseball on the Sabbath is prohibited on this side of the line. A meeting is to be called later in the fall to further the project.

Baseball Record. National League—New York, 27; Brooklyn, 12. International League—Newark, 11; Providence, 5. Jersey City, 8; Baltimore, 7. Buffalo, 5-4; Rochester, 2-2.

Sport in General. "Freddie" Welch, the English light weight, who lost the title to "Matt" Wells last year, has arrived in New York, and has announced his willingness to take Wolgast's place in a fight with McFarland.

The Ottawas haven't yet entered the O.H.A., and will not do so unless the western clubs can show that they have the players and that the league will be made a success. The long jumps and heavy travelling expenses form the chief barrier.

It is planned to play the opening

BELIEVES IN ADVERTISING. Ald. Ross Has a Scheme to Boost the City at Toronto Fair. Ald. Ross is a firm believer in the old saying, "It pays to advertise," and he told the members of the city council so on Monday night, when he brought forth a scheme for the consideration of the council, to boost the city. Ald. Ross made the suggestion that the city secure space at the Toronto exhibition, and that this space be utilized for the showing of exhibits from Kingston's industries. He is of the opinion that the scheme would be a good one. In addition to having the exhibit, Ald. Ross says it would be a good thing to have the members of council attend in a body, for at least one day of the exhibition, and look after the exhibit. Mayor Hoag regarded the scheme as a good one, but no action was taken. At the request of the department of education, photos of schools and other institutions in the city will be secured by Ald. Shaw, chairman of the industrial committee, for the inspector-general of schools of the educational department of West Australia. Ald. Shaw brought the matter before council, and his recommendation to comply with the request was adopted. This will mean advertising for the city. TO FORM EPWORTH LEAGUE. In Queen Street Methodist Church—Provincial Organization. Thirty-five of the young people of Queen street Methodist church met at the pastor, Rev. G. J. Campbell, in the school room on Monday evening, for the purpose of organizing an Epworth League of Christian Endeavor. There was an encouraging attendance and all present signified their intention of joining such an organization. Mr. Campbell reviewed the situation, and showed the great lack of a league in the church. He also spoke on the topic, "Why and how to improve the mind." A committee was appointed, composed of the Messrs E. Ross, F. Donaldson and E. J. Lake, and Messrs. S. Joyce, J. Bennett and A. Pettigrew, to look over the ground and take steps towards formal organization. The constitution will be discussed at a meeting in the near future. The young people's societies of the city congratulate the Queen street young Methodists on the step they have taken under the inspiration of their new pastor.
