Smoke of Herbs Cures Catarrh

A Simple, Safe, Reliable Way and It Costs Nothing to Try.
This preparation of herbs, leaves, flowers and berries (containing no tobacco or habit-forming drugs) is either smoked in an ordinary clean pipe or smoked into a specially prepared tube, and by drawing the medicated smoke into the mouth and inhaling into the lungs or sending it out through the nostrils in a perfectly natural way, the worst case of Catarrh can be eradicated.

It is not unpleasant to use, and at the same time it is entirely harmless, and can be used by man, woman or child.

Just as Catarrh is contracted by breathing cold or dust and germ-laden air, just so this balmy antiseptic smoking remedy goes to all the affected parts of the air passages of the head, nose, throat and lungs. It can readily be seen why the ordinary treatments, such as sprays, ointments, rinses, liquid or tablet medicines fail—they do not and can not reach all the affected parts.

If you have catarrh of the nose, throat and lungs, choked, stopped-up feeling, colds, catarrhal headaches; if you are given to hawking and spitting, this simple yet scientific treatment should cure you.

An illustrated book which goes thoroughly into the whole question of the cause, cure and prevention of catarrh will, upon request, be sent you by Dr. J. W. Blosser, 158 Spadina avenue, Toronto, Canada.

He will, also, mail you five days' free treatment. You will at once see that it is a wonderful remedy, and as it only costs one dollar for the regular treatment, it is within the reach of everyone. It is not necessary to send any money—simply send your name and address and the booklet and free trial package will be mailed you immediately.
