There are more ZU TOO tablets for headache sold in this country than all other remedies combined. Think how good these tablets must be to have such an immense sale.

LIKES WOMEN LIBRARIANS.
Said to be More Competent and Courteous Than Men.

Some of the prejudices against the employment of women in responsible executive posts in London libraries is being broken down. The borough of Wandsworth is beginning to blaze the trail through the ranks, undergrowth of prejudices that so far has debarred women from appointments in the large libraries, in spite of the fact that they are doing useful work in the smaller institutions. Eight out of nine metropolitan libraries in Wandsworth, where women are employed have declared in favor of women assistants, and the borough council now intends to appoint women to vacancies as they occur in their various libraries.

Monica: You hardly need such a list of cosmetics as you mention. Ordinary mercerized wax will help you more than any or all of them. It will gradually absorb the withered, discolored complexion, and you will soon have new, youthful and healthy-looking skin. You needn't get more than an ounce of the wax, which will cost you little, at any druggist's. Apply nightly, like cold cream, washing it off mornings.—Woman's Realm.

Or the dusty pave of the city.
There'll be divers for it galore.
If you are a girl—and pretty.

Denver Republican.

If you've been joy riding with Some Sue or Arabeller,
Don't trouble to inform your wife,
There'll be a dozen tellers.

If you happen to catch a cold
It's easy to endure it.
When compared with being told
A million ways to cure it.

About Women.
Women, says de Maule in Claviers, are not so frail as people are pleased to say. They are frail only when they wish to be.

It was in the manufacture of textiles that woman first appeared in industry outside of the home.

In China women carry their children from baskets that hang from a bar that crosses the mother's shoulders. Twins are desirable as preserving the balance of weight, if not for other reasons.
