

A Vest-Pocket Camera Which Makes Postcard Size Pictures

This camera—the 'ENSIGNETTE'—is different from any other. With an ENSIGNETTE you make clear pictures, postcard size—and yet the camera is so compact that it slips into a vest pocket. The process is just the same as with an ordinary camera, but the ENSIGNETTE is a marvel of construction. All built of metal—very compact and complete in every detail.

Ask to see some of the work made with an ENSIGNETTE. The camera sells at \$7.00 and upwards. Make a point of seeing the ENSIGNETTE. EXPERT DEVELOPING AND PRINTING OF FILMS. R. UGLOW & COMPANY 141 Princess Street Agents for Kingston

HAPPY THOUGHT

PERFECT BISCUIT BAKING NEED NOT BE DIFFICULT

It all depends on the heat your oven gives. Ranges with slow ovens are all right for some kinds of biscuits. But an oven that is chronically slow simply ruins others, and it is useless for many purposes. Other stoves burn uniformly on one side and not on the other. So you can never depend on them.

DR. AND MRS. GARRETT SCHOONER RAN ASHORE

WERE GIVEN A SURPRISE BY THEIR FRIENDS

On the Occasion of Their Silver Wedding Anniversary, Saturday Evening—Presented With Silver Tea Tray.

Many of the friends and relatives of Dr. and Mrs. R. W. Garrett took advantage of the occasion of their silver wedding anniversary, on Saturday, the 14th inst., to give them a truly genuine surprise party, and in person to give the genial doctor and his wife their heartiest congratulations, and wish them many happy returns of the day.

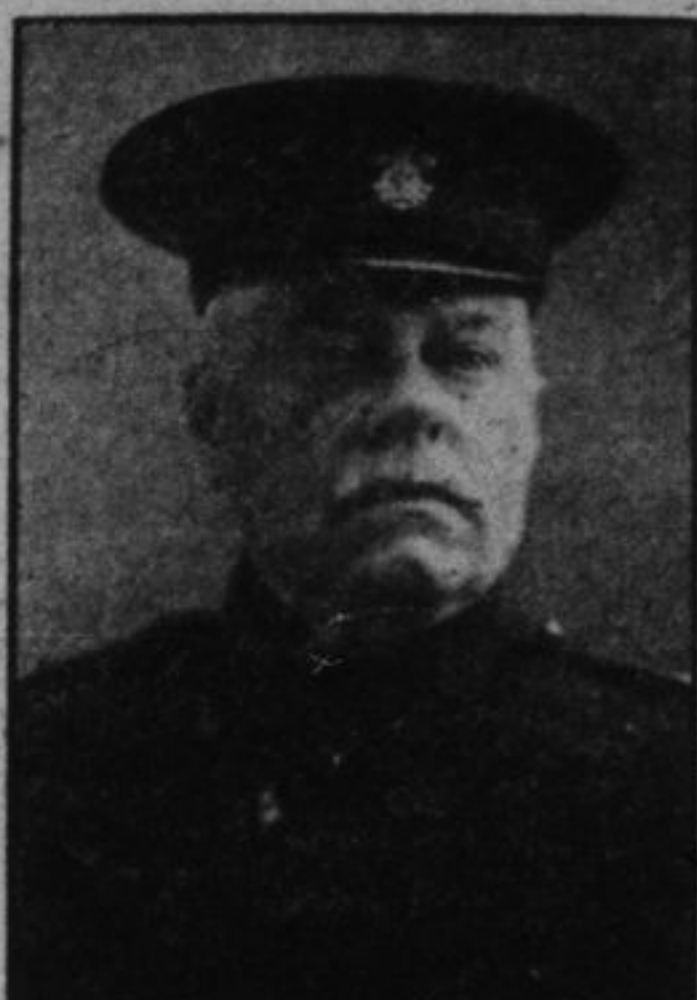

The party, numbering about thirty-five, gathered at the house of Mrs. Alexander Kirkpatrick, at about eight o'clock, and proceeded to the residence of Dr. Garrett. When the doors were opened the involuntary host and hostess with great heartiness, welcomed the "angels unawares." After the general excitement and laughter had a little subsided, Col. H. R. Smith stepped to the front and in his well-known suave manner made a speech referring to Dr. Garrett's years of faithful, cheerful service in his profession given in such unstinted measure and also to his service in the 14th Regiment, and then read a short address. OLIVER MOWAT AGROUND NEAR YORKSHIRE ISLAND.

Went on Monday Morning During a Fog—Steamer Donnelly to the Scene—The Steamer Caspian Has Been Released—Notes of Marine.

The schooner Oliver Mowat, of Bowmansville, went ashore, at York-shire island, the Ducks, during Monday night. The Mowat cleared from Swift's on Sunday afternoon, after unloading coal, and was light, on her way to Oswego, when she ran aground. It is understood that there was a heavy fog at this end of the lake, at the time. Water was let in, to steady the schooner, and the steamer Donnelly of the Donnelly Wrecking company, went to her assistance, Tuesday morning. Capt. Peacock, of Port Hope, who is part owner of the vessel, was in charge.

The steamer Caspian, which went aground at Presque Isle, Brighton, Sunday night, was released by the Calvin company's steamer, Cornwall, about eight o'clock, Monday morning. The damage was very slight to the excursion steamer, and she proceeded on her trip to Charlotte, N.Y. Some of the schooners, which

behalf of Dr. and Mrs. Garrett's friends, then presented a magnificent silver tea tray as a mark of their regard.

Dr. Garrett, in his usual happy manner, thanked those assembled, and spoke of the many close friends that he and Mrs. Garrett had made both before and during their married life. After a delicious supper which had mysteriously made its appearance, Miss Garrett and Miss Carrie Waldron sang very charmingly. The guests then took their leave, after reiterating their good wishes for many more years of married life, and hopes that the doctor would long continue in the active pursuit of the noble profession he had so well adorned.

Not all or even a small fraction of Dr. and Mrs. Garrett's friends were able to be present, but of those who joined in showing their friendship were Col. and Mrs. G. H. Ogilvie, Mr. and Mrs. J. B. Carruthers, Lieut. Col. and Mrs. H. E. Kent, Mr. and Mrs. W. H. Marice, the Bishop of Ontario and Mrs. Lennox Mills, Col. H. R. Smith, Major and Mrs. J. N. S. Leslie, Mr. and Mrs. P. C. As is too often the case, on all rail roads, a young man was discovered "stealing a ride" on the G.T.R. train coming east at two o'clock on Monday morning.
