LOCOMOTIVE COMPANY COMMITTEE APPOINTED

HELD ITS ANNUAL MEETING ON WEDNESDAY MORNING.

Report of the President Showed That the Past Year Was Most Successful—Addition to the Works Proceeding.

A satisfactory year from all standpoints was the "verdict" of the first annual general meeting of the Canadian Locomotive Company, held in the offices of the works, here, on Wednesday morning.

The directors were re-elected as follows:—Aemilius Jarvis, Toronto, president; A. W. Wheatley, Kingston, vice-president; K. Hobson, Hamilton, James Redmond, Montreal; W. Y. Soper, Ottawa; F. G. Wallace, Pittsburgh, Pa.; J. L. Whiting, Kingston.

Executive officers—A. W. Wheatley, Kingston, general manager; J. J. Harty, Kingston, secretary; J. L. Birrell, Kingston, treasurer.

The directors present at the meeting on Wednesday were: Aemilius Jarvis, A. W. Wheatley, Robert Hobson, W. Y. Soper, F. G. Wallace, J. L. Whiting.

During the morning the directors were conducted through the works by Mr. Wheatley and witnessed the work of locomotive building and construction of the extensions.

The annual report showed that the net earnings from operations and interest received and investments are \$326,380.43. The fixed assets, real estate, buildings, plant equipment and good will, amount to \$4,054,218.27. Capital stock amounting to \$3,500,000 is divided into 35,000 shares of \$100 each. The dividend paid quarterly on the preferred stock, as announced, is 1 1/2 per cent.

The president, in the statement to the shareholders, announces that following up the policy of enlargement outlined last summer, the directors entered upon the construction of a new works, and purchased the machinery to increase the output of the company from five (as with the old company) to eighteen locomotives a month.

Mr. Jarvis also noted the difficulties Mr. Wheatley, the general manager, had worked under since he "took the reins" of the company. A stranger in the city, to keep up his schedule of output, and push forward the enlargement of the plant, was a problem. He was faced with the shortage of skilled and ordinary labor. And further, when they were secured, the housing problem in the city was conflicting. The president was glad, however, to report to the directors and shareholders, that at the recent meeting of the board of trade, a syndicate was formed by citizens, to erect a number of mechanics' houses. This will relieve the difficulty, but when the plant is completed it will employ double the number of men, and they must be housed in the city.

At present the company is working at full capacity, and the contracts in hand will keep the works busy for over a year. With the completion of the new works, it is hoped in the early months of 1913, the output and earnings will be considerably increased. The weather during the summer months has interfered greatly with the construction of the enlargements. The general manager is given credit for having met each difficulty, with resource and energy, and with the application of common sense. This and his energy has enthused the whole staff.

President Jarvis explained that \$326,380, shown in the statement, as the amount of this year's operations, included an amount of \$105,000, which had been put into the company by these financial referred to, the amount that would have been earned during the period mentioned would have considerably exceeded this \$105,000.

PLEADED NOT GUILTY

To the Charge of Murdering Herman Rosenthal.
New York, Sept. 18.—Lefty Louie Rosenberg and Gyp the Blood Sorowitz, two alleged murderers of Herman Rosenthal, arraigned before Justice Goff in the criminal court to-day, pleaded not guilty, and were hustled back to the Tombs. They asked for trial immediately, but will probably be arraigned not before November.

BUNDLE WAS EXPLOSIVE

Indian Who Threw It Against a Tree May Die.
Fortage la Prairie, Man., Sept. 18.—John Fobrain, an Indian from the Long Plain reserve, picked up a bundle at the foot of a tree and threw it against a rock. A terrific explosion resulted, the Indian being set on fire. He may die. No explanation of what the contents of the bundle were has been secured.

Quantity Large; Quality Impaired.
Winnipeg, Sept. 18.—To-day the weather reports shows fair weather in most districts and threshing proceeding merrily. Grain dealers, discussing the crops here say the indications are that the quantity will be a record-breaker, but the quality will be impaired owing to the rainy season.

January Session Probrate.

Ottawa, Sept. 18.—The fact that many of the ministers are going away during September and that in consequence full cabinet councils will not be possible, strengthens the opinion that parliament will not assemble till January.

FORGET TO MAKE PEACE

With Hon. L. P. Pelletier is the Latest Report.

Ottawa, Sept. 18.—There is a report from Montreal that Hon. L. P. Pelletier is to meet Sir Rodolphe Forget, and that an offer is to be made to patch up the difficulties besetting the conservative party in their Quebec district.

It appears that Senator Landry also declined to attend the banquet. Levesque, stating that, in view of the charges he made at the dinner given to Hon. F. D. Monk at the Garrison Club a few weeks ago, he could not see his way clear to be present. The senator specified his accusations against Hon. Mr. B. later and asked that a committee be appointed, alleging that if the charges were not proven, he might be classed as a provocator all the rest of his life. A copy of the document was also sent Premier Borden.

HALF HOLIDAY IN WINNIPEG

For the Parade of Thirty Thousand Oddfellows.

Winnipeg, Sept. 18.—With a ball helmet, proclaimed George, their bonny, and flags and bunting decorating the streets everywhere, thirty thousand Oddfellows from all parts of America paraded the streets to-day. It was one of the greatest demonstrations in the history of Oddfellowship. All reports submitted in the business sections so far show extraordinary progress and prospects in the order.

Canada Exporting Peaches.

Ottawa, Sept. 18.—Canada has become an exporter of peaches. A carload of selected fruit from Ontario is being sent each week to England. The greatest care is given to picking at the proper time and to packing, and the result is that the demand in England for this Canadian fruit is growing. The flavor is said to be very highly relished.

James Brice, of Hamilton, charged with the murder of Rose Zeigler, was committed for trial, to-day, by Police Magistrate Jaffe.
