

The Biggest Burroughs

Hardly a month passes that this Company does not produce something new that makes adding machines do more than they have ever done before; that shortens accounting work, increases office efficiency, all at a price that can be saved in the course of a year.

If you have not seen the new 17-bank Burroughs, you have not seen the very latest thing in the way of adding machine development in size. This is the machine that the United States Census Department used in handling its big figures.

HISTORY TEXT BOOKS

SEVERELY CRITICIZED BY PROF. J. L. MORISON.

Who Declares That History is Universally Badly Taught—Too Little Energy and Inventive Skill Used in Teaching It.

That the educational system has got away from the real meaning of the word, that certain text books are absolutely waste paper, and that the mind of the child should be trained to think for itself, and not mentally receive a stated number of imparted facts, were opinions voiced by eminent authorities on the subject at the session of the teachers' convention in Montreal, Friday night.

"I regard text books," said Prof. J. L. Morison, Queen's University, "if not as the devil himself, at least as one of his chief products, from the point of view of education. I am prepared to say the average text book on history is absolutely waste paper. If we were to have history properly taught, we must be careful of the text books, and then we must use it only as a peg on which to hang real teaching. It should not be a substitute for teachers' ideas. In teaching of history, it is the man himself who is the text book."

"History is almost universally badly taught. It is perplexing to know how to deal with students coming to Queen's who are absolutely hindered rather than helped by what they have learned about history."

"None of the energy and inventive skill has been given to the teaching of history in school or college. History has been served out only as dry facts."

Prof. Morison advised a limited field of history in Canadian schools, based on British history. The effect of studying Canadian history before British history was to nullify the effects of both the human and imaginative elements which should be brought out more strikingly than dates.

Events at Folger.
Folger, Oct. 4.—Mr. and Mrs. J. Burke gave a party to their friends on Monday evening in honor of their guests, Mrs. W. Young, of Cloyne, Mrs. William Marion, Mississippi and Mrs. C. Craig, Clyde Forks.

Messrs. Grewcock and Hickson have finished cutting lumber here, and have moved their mill to Calabogie. Mrs. H. Grewcock has gone to Toronto. W. Burnham has gone to Fallbrook. Mr. and Mrs. N. A. Stewart spent the past week with friends in Ontario. S. Benson is here shipping lumber. Rev. Mr. Haß, Plevea, conducted service Saturday last. A trustee meeting was held here Saturday evening last to attend to church affairs.

Visitors.—Robert Simpson and little daughter called on his friends here recently. Miss Nina McGonigal, at J. Burke's; Miss A. M. Craig, Clyde Forks, at M. Simpson's; Mr. G. Crawford, Clyde Forks, at his son's, A. Crawford. The family of Mrs. Margaret Simpson held a reunion last week. Those present were Messrs. Robert, Andrew and Morley and Mrs. J. Burke, Mrs. W. Burnham, Mrs. C. Craig, Clyde Forks; Mrs. William Marion, Mississippi; and Mrs. William Young of Cloyne.

Mrs. Nell Morrow, Snow Road, spent the past week with her sister, Mrs. J. Manion. H. Ogden, at A. Simpson's; Mrs. Watson and family at A. T. Stewart's.

The Flurry in the Balkans.
New York World.—The little Balkan nations which mean to Turkey aspire to nothing that they ought not to have. Greece ought to have Crete. Servia ought to have Bosnia and Old Serbia. Montenegro ought to have what he has. Bulgaria's demand of home rule for Macedonia is just and humane. Of course she hopes to annex the Bulgarian districts later, and that also is reasonable.

So far as Turkey is concerned, these nations, which seem to have shown dawning wisdom by pooling issues, could probably get away with it. Bulgaria has the finest little army in the world. The Montenegrin mountaineers have set Turks at defiance before now. In Venezuela, Greece has found a man. Even the Serbian army is now no sham. Turkey cannot send troops by water because of the Italian war, and a couple of single track railroads with few sidings are a discouraging transport. Macedonia bristles with guerrillas. The Porte has no money. The selfishness of the big nations is the obstacle.

The Quebec Way.
Henri Bourassa, the well-known French-Canadian, has figured in a number of cases politically, but here is a story concerning him that is of an entirely different character. A friend who had known him as a member of the House of Commons, and had often jollied him over the fact that he was not married, happened to meet him recently after the lapse of a few years. After an exchange of courtesies, the friend jokingly said:

"Bourassa, you never got married. Why don't you pick up a charming wife?"

With that happy smile which characterizes the clever French-Canadian, he replied:

"You have forgotten. I was married six years ago, and am expecting now my fifth baby."

After the friend had recovered his surprise he remarked: "Well, you're certainly going home in the family line."

"Yes," said Bourassa, "that's the Quebec way."

Melba's Newsboy.
When Madame Melba was getting into her carriage in Belfast a newsboy, who was standing by, gallantly spread out his papers to make an impromptu carpet for the great prima donna to walk on, so that she would not soil her dainty shoes. Melba was so impressed by this charming compliment that she sent five pounds and a diamond-encrusted tiara to the newsboy. He, with true Irish gallantry, had to be bought with the money a gramophone and a record of the great singer's rendering of "Home, Sweet Home," which he listens to nightly before retiring to his well-earned rest.

THE TRIUMPH OF QUEEN'S OVER OTTAWA COLLEGE.

(Continued from page one.)
the ball being dead before the Ottawa raper. But one sufficient for any person who knows anything about the game, is that the referee had blown his whistle. Then it should be as "dead as a door-nail."

Mr. Sitter told the Whig that he had been following intercollegiate football for a number of years. To say the least of it, he is astonished at the manner in which the management of the Ottawa team, the players and some of the spectators acted, in the disputes. Queen's certainly had "them going," brilliant plays being pulled off. When the score stood 20 to 14 for Queen's, Ottawa College was beginning to swallow the bitter dose. It was here that Ottawa made the touch on which Queen's protested.

The Teams.
Ottawa College—Full-back, Corneliier; halves, Sheehy, McCormack and Quilty; quarter, Killian; outside, Nagle and Gilligan; middles, McCarthy and Harrington; insides, Murray and O'Leary; scrum, Gillespie, Chantel and Lajoie. Queen's—Full-back, Macdonnell; halves, Hazlett, Pound and Erskine; quarter, Reid; outside, Rodden and P. Kennedy; middles, Pilgrim and O. Kennedy; insides, Dunlop and McLaughlin; scrum, Ellis, McLeod and McLaughlin.

Referee. D. Stuart Forbes, McGill; umpire, Dr. R. B. Malcolm, McGill.

The First Half.
At the kick-off the ball went to College 45-yard line and was returned to be scrimmage at centre. The play went to the Queen's end, and Corneliier was downed and hurt. On the first down, Corneliier ran it out again. On the second down College kicked and Hazlett was hurt. College lost the ball on their own 35-yard line. Queen's kicked behind the College line and Sheehy ran out seven yards. O'Leary was ruled off and Killian was downed for a rouse, after Hazlett kicked on the first down. Queen's 1, Ottawa College 0.

College kicked from the ten-yard line, and Hazlett ran it twenty yards before being downed. Hazlett kicked into touch on the first down. Corneliier kicked to Hazlett, who returned to Killian. Hazlett and O'Leary are ruled off. On the first down Corneliier attempted to kick. The ball hit the scrimmage, but Killian fell on it. College ball on the 40-yard line. Sheehy was hurt and the game delayed. Corneliier failed to kick, but Sheehy recovered. Corneliier kicked to Erskine, who returned to Killian. College got ten yards on a foul. Corneliier kicked to Pound, who was downed by Gilligan. Sheehy Nagle downing Pound for a rouse. Queen's 1, College 1. In a few moments Queen's gained another point on a kick. Queen's 2, Ottawa 1. Queen's ball on their two-yard line. The visitors kicked to Killian, who secured and went over for a touch. He failed to convert. College 2, Queen's 2. Queen's bucked over for a touch, which was converted by Erskine. Queen's 3, College 2. Corneliier kicked in to touch on the first down and then kicked it over the fence. Queen's 3, College 2.

Killian dropped a beautiful goal from 30 yards out. College 11, Queen's 4.

Queen's kicked off from centre. Corneliier secured on College ten-yard line. On the first down Corneliier ran it out five yards. Half time. Score: College 11, Queen's 4.

During half-time the Rooters' Club of 500 paraded round the grounds and cheered the Ottawa team.

The Second Half.
McCarthy kicked off. Hazlett returned. College given ten yards on an offside. After an exchange of punts College secured the ball on Queen's 35-

yard line, and Killian kicked to Pound who was downed by Sheehy for a rouse. Score: Queen's 3, College 12.

Play in College territory. Corneliier kicked into the scrimmage. Queen's secured the ball on the College 15-yard line. On the second down Erskine went over for a touch, which he failed to convert. Score: Queen's 13, College 12.

After five minutes' play Corneliier was laid out, and had to be carried off the field. Berney Hayes replaced him. Gillespie was also hurt and Kent went in his place. In the absence of Corneliier, Nagle did the booting. Queen's secured the ball at centre. Hazlett kicked sixty yards. Killian returned and it is Queen's first down on College 45-yard line. Lajoie sprained his ankle and was replaced by O'Brien. Erskine kicked behind the College line and Killian roused. Score: College, 12; Queen's, 14.

After the kick-off Queen's secured the ball and Erskine kicked to the College goal, Nagle being downed for another rouse. Score: Queen's, 15, College, 12.

Third quarter over. Queen's failed to secure their yards, and on the first down Killian kicked to the Queen's 35-yard line. Pound was downed heavily and failed to rouse. On resumption of play College got the ball on an off-side. Killian kicked for a touch-in-goal. Queen's, 15, College, 13.

Queen's ran the ball up, and Kennedy went over the College line for a touch. Erskine failed to convert. Queen's 20, College, 13.

Sheehy went over for a touch, which was disputed.

Just before time was called Ottawa College secured a rouse.

Queen's Quarter Injured.
After the game "Gib" Reid, Queen's crack quarter, ran off the field with the ball. Ottawa, not usually over-scrupulous as to right or wrong, made an onslaught on Reid and beat him up badly, taking the ball away from him, and leaving him in a bad condition. There was a free fight and "Gib" was finally pulled out of the melee. He is at home now and confined to his bed, thanks to the ill-white sportsmanship of Ottawa.

Ottawa College authorities severely criticized the officials for the weak way in which they handled the game.

President Coughlin, of Ottawa, has called a meeting of the Intercollegiate union executive for Wednesday to settle Queen's protest.

That such weak and incapable officials should be appointed for the game is the general comment at Queen's.

James Bews Statement.
The statement of James Bews, physical director of Queen's, who was one of the timekeepers, is as follows:

"The officials were off the field, on the center track, at the time, mostly all the players being bunched together on the field, when the referee was giving a decision on Macdonnell's alleged off-side. I asked D. S. Forbes, the referee, if the play was stopped, and he assured me that it was. I asked the Ottawa timekeeper if his watch was stopped, and he answered in the affirmative."

It was then that the Ottawa man was prompted by the idea that the ball was not dead, and he went down for a touch. This was tried and converted by two of the Ottawa men, without officials even being on hand to place or see that everything was O.K.

Other Rugby Games.
Varsity defeated McGill in the intercollegiate series in Toronto, on Saturday afternoon, by 25 to 15. McGill led at the quarter time by 7 to 1, but was outplayed afterwards, particularly in the second half.

At Hamilton, in the Interprovincial Union, the Ottawa Rough Riders defeated the Tigers by 21 to 17. At half time the score was 6 to 6. Tigers led at the quarter time by 13 to 6. Ottawa played a scoring game in the last quarter, and won out.

Argonauts downed Montreal on the latter's grounds by 20 to 17. The Toronto team led all the way.

HEADACHY, CONSTIPATED, BILIOUS TAKE DELICIOUS "SYRUP OF FIGS."

REMOVES THE SCUM FROM THE TONGUE, SWEETENS A SOUR, GASSY, BILIOUS STOMACH; CLEANSSES YOUR LIVER AND 90 FEET OF BOWELS WITH OUT GRIPE OR NAUSEA.

If headachy, bilious, dizzy, tongue coated, stomach sour and full of gas, you belch undigested food and feel sick and miserable, it means that your liver is choked with sour bile and your thirty feet of bowels are clogged with effete waste matter not properly carried off. Constipation is worse than most folks believe. It means that this waste matter in the thirty feet of bowels decays into poisons, gases and acids and that these poisons are then sucked into the blood through the very ducts, which should suck only nourishment to sustain the body.

Most people dread physic. They think of castor oil, salts and cathartic pills. They shrink from the after effects—so they postpone the dose until they get sick; then they do this liver and bowel cleansing in a heroic way—they have a bowel

washday—that is all wrong. If you will take a teaspoonful of delicious Syrup of Figs to-night, you will never realize you have taken anything until morning, when all the poisonous matter, sour bile and clogged-up waste will be moved on and out of your system, thoroughly but gently—no gripping—no nausea—no weakness. Taking Syrup of Figs is a real pleasure. Don't think you are drugging yourself; it is composed entirely of luscious figs, senna and aromatics, and constant use can not cause injury.

Ask your druggist for "Syrup of Figs and Elixir of Senna," and look for the name, California Fig Syrup Company on the label. This is the genuine—old reliable. Any other Fig Syrup offered as good should be refused with contempt. You'll be imposed upon.

Vicious Sea Bathing.
Woodrow Wilson, at a dinner at Spring Lake, said of the multi-millionaire:

"After all, most of his wealth is superfluous. When I think of a multi-millionaire's millions I am reminded of a story about Gobsa Golbe.

"I have four English men servants," said Gobsa Golbe, on the terrace of his marble cottage at Newport—four English men servants whose sole duty it is to look after my sea bathing.

"He cleared his throat pompously, and continued:

"The first has charge of my bathing suits, the second takes care of the bath-house and the showers, and the third, in a small boat, acts as a kind of life-guard to me."

"But the fourth—what does the fourth do?" a listener asked.

"Oh, he takes my bath. Sea bathing always has a depressing effect on my heart."

The Cold Hand.
Cold hands or feet indicate more than poor circulation; they are signs that vitality is lacking and that serious results are apt to follow.

This watery condition of the blood should not be allowed to exist. There is no need of them. Wade's Iron Tonic Pills (Laxative) are a sure cure for all anemic conditions.

They are a great nerve strengthener and blood maker. In boxes, 25c, at McLeod's Drug Store, 53 Brock street, one door above King street. Money back if not satisfactory.
