LEAVING FOR WEST
DAVID T. ROWSE REMEMBERED BY HIS FRIENDS.
 Former Customs Collector at Bath Presented With Umbrella and Address—Presentation to Miss Rowse.
 David T. Rowse, for many years a resident of Bath, and for fourteen years customs collector at that port, is leaving on Tuesday next, with his wife and daughter, Miss Harriet M. Rowse, to reside, for a time, in the west, where they will stay with their daughter, Mrs. W. A. Guy, at Regina. Before going on to Regina, they will first spend some time in Toronto and Winnipeg.
 Mr. Rowse looked after his duties in an able manner, and was well liked both by liberals and conservatives, and a number representing both sides waited upon him, and presented him with a fine gold-handled umbrella, the gift being accompanied by an address, on the occasion of his leaving Bath. The umbrella bears the initials of the recipient, and upon it is also engraved, "Bath, 1912."
 D. H. Robinson made the presentation, while Dr. H. S. Northmore read the address, which follows:
 Dear Mr. Rowse:
 As the time approaches for your leaving, we feel more keenly the loss which we suffer by the removal from our midst, of one of our old and respected citizens. We, the undersigned, feel especially the loss of an esteemed friend, whose place will be difficult to fill.
 We sincerely hope that it will not be long before you return, and again take up residence with us. In presenting this small token to you, we extend to both you and Mrs. Rowse, our best wishes. May you have a very pleasant temporary residence in our Canadian west. May you both be long spared to prosper and soon come home again to friends in dear old Bath. Yours sincerely—(Signed) Dr. H. S. Northmore, D. H. Robinson, Max Robinson, C. R. Hoffman, Overton Ball, Robert Stevenson, H. A. Lewis, Robert Mott and Norman Bixley.
 Mr. Rowse, in reply, tendered his sincere thanks for the kind remembrance from his friends, and stated that he would never forget the pleasant days he has spent among friends at Bath.
 Another pleasant event at Bath was a presentation made to Miss Harriet M. Rowse, by the members of the St. John's church, where for some time she acted as organist, and where she has been a most faithful worker. The members presented Miss Rowse with a Chippendale clock, the gift being accompanied by a nicely-worded address, which was read by Dr. Northmore. The pastor, Rev. A. L. McTear, made the presentation.

REV. DONALD ROSS, D.D.
 Acting Principal of Queen's Theological College.
 Rev. Donald Ross, D.D., acting principal of Queen's theological college, is now entering upon his thirtieth year as professor in that institution. He was born at Martintown, Ont., and educated at Queen's, receiving the degree of B.A. with honors, in 1880, M.A. with honors, in 1882, and B.D. in 1883; was ordained 1885 and was Presbyterian minister at Chatham and La-

hire, Que. He is an honorary graduate of the Presbyterian College, Montreal.
 In 1883, his ability as a theology teacher was recognized by his appointment to Queen's as professor of apologetics and New Testament exegesis, which position he has held ever since. Last spring, when Queen's was released from the control of the Presbyterian church, the provisional board appointed by the general assembly to take charge of the theological college, appointed Dr. Ross, who for years was dean of that faculty of the university, to the position of acting principal, and upon his duties pertaining to that important post. To Dr. Ross, therefore, belongs the honor of being the first principal of the new college.

HELD UP BY TRAIN WRECK.
 Son of Late Mrs. A. Fahland Late in Arriving Here.
 A very sad feature occurred in connection with the death of Mrs. A. Fahland of Clamb Falls, Wis., who died as a result of injuries received in a wreck, on the Bay of Quinte railway.

A son of deceased, Allan Fahland, was hastily summoned to his mother's bedside, as it was feared she would not survive, but owing to a wreck on the railway his train was held for several hours, and he did not arrive in the city until after his mother was dead.
 Mrs. Fahland sprang from the wreck while she was dying, and was very much disappointed because she could not see him.

A CLAIM IS MADE
 That Railway Commission Should Investigate Accident.
 "The railway commission should be asked to investigate the recent wreck on the Bay of Quinte railway, near Sydenham Road," said a citizen to the Whig, in speaking in the morning of the sad fatality, which caused the death of two women and injured several others.
 He gave it as his honest opinion that such action should be taken. The evidence at the coroner's inquest showed that the train had been in bad condition, but still he felt that there must have been some cause for the train jumping the track, and that the railway commission should investigate, in the interest of the travelling public.

Wrecked Cars Brought to City.
 The Bay of Quinte wreck of Wednesday last was cleared away from the side of the tracks, near the Sydenham Road, on Sunday. The large crane belonging to the Canadian Northern railway was brought to the scene and commenced work in the morning, at about eight o'clock, and had the cars back on the tracks by seven o'clock in the evening. The damaged cars were brought to the Kingston and Pembroke round-house and will be repaired and placed into commission again. A very large crowd from the city was at the scene watching the men at work.

Sale of Old Lady's Quilt.
 A pleasing little affair took place at the home of William Grimshaw, Wolfe Island, last week, when the piece of quilt and cushion made by Mrs. A. S. Grimshaw was sold by draws, in aid of the Presbyterian cemetery. The quilt was won by Mrs. C. A. Grimshaw, Rochester, N.Y., and the cushion by Mrs. Frank Horne, Wolfe Island. The party spent a pleasant time and congratulations were extended to Mrs. Grimshaw, who had done the work. Mrs. Grimshaw is eighty-five years of age, but still quite brisk and hearty.

A Street Railway Presentation.
 A pleasant affair took place, at the street car office, on Saturday evening, when the busboys gave Mrs. A. S. Grimshaw a presentation to B. K. Woods, who for the past three years has been in the employment of the company, and is shortly to be married. The presentation, which consisted of a list of silver, was made by A. E. Oakes, on behalf of the employees.

Your Corn Troubles.
 All corn troubles cease when Peck's Corn Salve is used. It removes all sorts of corns, quickly, surely, and without pain. In big boxes, 15c., at McLeod's Drug Store, 53 Brock Street, one door above King Street.

A scheme seldom pays any one with the possible exception of the seller.

\$6.00, \$5.50, \$5.00, \$4.50, \$4.00

AT THE GRAND:
 "The Red Rose" Drew Several Fair Houses.
 The musical comedy, "The Red Rose" was presented twice on Saturday before fair audiences. The plot was fairly good with a few bright passages in which the brightest spirits were Charles Clear as the Hon. Lionel Talboys who could not check his love for the American heiress, and Walter Chatter as Ralph Spiegel, a picture dealer who went on a honeymoon. The leading lady was not as fascinating as was anticipated. The dancing was good and the scenery really fine.

"The New Barmaid."
 A musical comedy which has broken all records for its class, in every English-speaking country except North America, "The New Barmaid," comes to the Grand on Tuesday, Oct. 8th with a company of forty people including Alexander Loftus in his original part of "Bertie White" (as played by him at the first production in the Avenue Theatre, London, W.) Miss Edna Mollon as "Dora," and Miss Lillie Leslie as "Ethel Joy, the New Barmaid."

"The Blindness of Virtue."
 At the Grand on Wednesday, Oct. 9th, The London Little Theatre Company will be seen in the sensational play "The Blindness of Virtue." The play is a brilliantly written and splendidly acted indictment of certain social conditions and strikes directly into the heart of every family.

May Robson.
 "A Night Out" is the promising title of a new comedy by May Robson and C. T. Dazey, and deals with the results of hereditary influence in a humorous way. In developing this serious theme for a comedy, Miss Robson and Mr. Dazey have developed a series of extremely ludicrous situations with resultant complications. Miss Robson has a world-wide recognition of her perfect genius for portraying eccentric characters, developing the humor and pathos of the character, alternately, and so naturally that it is more than impressive. It is realism. The play will have an elaborate production at the Grand on Thursday, Oct. 10th.

She Got Revenge.
 A well-known broker was strolling on Yonge street one day when his beautiful young wife stole up behind him, threw her arms around his neck, and kissed him heartily.
 "Tut! Tut!" the man said, hurriedly, straightening his hat. "Tut! Tut! This sort of thing, my dear, is most unbecoming."
 His wife dropped her eyes and answered demurely:
 "Oh, excuse me, John—I didn't know it was you."
 Many a man's best friends are those who know him least.

Science Understands the Stomach
 Treating Indigestion With Stuart's Dyspepsia Tablets is an Exact Science—They Give Quick Relief.
 Medical men have learned more about the stomach than perhaps any other vital organ. They have discovered why the stomach rebels at certain conditions—what causes the formation of gases—what causes flatulency, heartburn, dyspepsia, burning sensation, brash, and all the other disorders of the stomach.
 They have gone further. They have found remedies for all these afflictions, these results of improper digestion. They have learned that pepsin, hydrochloric acid and fruit salts are powerful digestants that relieve quickly and surely all the troubles to which the stomach is subject. They have discovered that one grain of these properties will digest 3,000 grains of food. Stuart's Dyspepsia Tablets are not a medicine. They are a scientific compound that supplies the stomach with the digestive agents which it is itself unable to provide. When your stomach is sick and not working right—when it fails to give out enough of the digestive juices to properly take care of the food you eat, these tablets will make up the deficiency. You will have no indigestion. Your food will digest thoroughly.
 You never can tell just when your stomach is going back on you. It gives no warning. If you eat a big meal, if you eat hurriedly, take one of these little tablets. You will avoid a lot of pain and misery.
 You never can tell just when your stomach is going back on you. It gives no warning. If you eat a big meal, if you eat hurriedly, take one of these little tablets. You will avoid a lot of pain and misery.
 Some of the most prominent men carry these tablets in their vest pockets when they attend banquets, etc., and never fail to take them.
 Stuart's Dyspepsia Tablets are sold by all druggists, at 50c. a box.

WEIGHING OF CHEESE.
 A Cheese Maker Gives His Views on the Matter.
 Kingston, Oct. 5.—(To the Editor): I have had fourteen years experience as a cheese maker and during that time my whole interest has been in the cheese business, and for the welfare of the farmer. I never liked to be "docked" in weights on cheese, for I always gave one and a quarter pound on every box of cheese and I have been "docked" one pound a box, on the whole shipment four pounds on five boxes, three pounds on five boxes, one pound on five boxes, and during that time I had the scales open to test the scales and found them O.K. I have weighed nearly everything I got from the stores, and different kinds of grain for the farmers, and my scales were all right. I happened to come along one day when they were taking cheese off the cars, and weighing them before they went into cold storage and I noticed that if they called it back one pound. I thought they had good weight in the factory's weight—Yours truly,
 CHEESE MAKER.
