LIVINGSTON'S BROCK STREET

BOSTON RED SOX WON

THE FOURTH OF THE WORLD'S BASEBALL SERIES.

The Teams Hoped It Would Rain and Cause a Postponement of Day—Giants' Pitchers Better, But Their Fielders Faulty.

R.H.E.A. BOSTON 010100001—3 8 1 NEW YORK 000000100—1 9 1

New York, Oct. 11.—The weather was threatening here this morning and it was said that both teams would favor old Jupiter. Pluvius carrying out his threats and making things so wet that no game could be played to-day. If there was a postponement to-day, Saturday's game would be played here and that would mean much larger gate receipts. Also Boston would like another day in which to rest up her great hope, "Joe" Wood. However, the bleacher fans took no chances and there was a line up of some thousands at the Polo grounds before daylight.

W. A. Hewitt, Canadian sporting writer, after viewing three games, says this morning that no man should be rash enough to prophesy the ultimate winner of the series. So far it is shown that the teams are very evenly matched. The New York pitchers have shown better form than Boston but this has been offset by the erratic fielding of the Giants.

"Boston got the start on us," said Manager McGraw, "but we caught them and now we will go to the front. The Giants have learned much of the Boston's style of play in the last three games and they will profit by it."

Manager Stahl remarked that thing did not break right for the Red Sox yesterday, but he took the defeat cheerfully.

All world's series records for attendance and receipts and consequently for the players' share of the money, are practically certain to be broken in the present series of games. The total receipts for the first three games of the present series is a record, being \$196,638, as compared with \$195,911 last year.

The total attendance for the first three games, however, falls short of the record for these games of about 1,200. The figures are 100,502 this year, 101,283 last season.

Thirty-five thousand people were present this afternoon when the Giant and Red Sox entered the field for the game, with the count even.

TWO FOREIGNERS FIGHT

On Kingston and Pembroke Station Platform on Thursday.

Two foreigners somewhat under the "influence" got into a fight in front of the Kingston and Pembroke railway station at one o'clock on Friday afternoon. Both were short men, but the shorter was, as is often the case, most chesty, and thirsty for the matter. They were calling each other names, likely "cussing," in their own language, when they clashed. They rolled around on the pavement for a short time until one of the clerks from the Bank of British North America crossed the street, and taking hold of one man's leg, tried to pull them apart. But the smaller scrapper (for that was who the banker had secured), hung to his partner, and that were dragged down along the pavement. One of the local newspapers' men came along at the time, and pulling the other man also by the leg, broke the grip. Sergt Snodden crossed from the police station and took the two foreigners in charge. He led the less aggressive one and the other followed the big officer to the station.

COAL SUPPLY SHORT

ONLY SIXTY PER CENT ALLOWED TO LOCAL DEALERS.

Strike in the Lackawanna in the Spring Responsible—American Dealers Must be Supplied First.

The average citizen will have a cool time this winter if something does not turn up in the coal supply. Within the last few days, notice has been received from the large coal sources that no more coal will be shipped. The embargo in Scranton coal coming across the border has been declared by the Delaware, Lackawanna and Western, the Delaware and Hudson, the Lehigh Valley coal companies. It is said that the large coal companies are allowing Canadian firms only sixty per cent of their usual supply. Some of the local firms are getting coal from the Ontario and Western coal company. Some of the local dealers have cut off their supply from their customers and are already turning away business in order to save enough to fill their present contracts.

A large manufacturer told the Whig on Friday that he could not get coal anywhere, and he had been notified not to send any boats to Oswego as no more coal would be shipped. All summer the coal barges have been busy, but they will have to lay up now. The cause of the shortage is said to be the strike of two months duration in the spring which allowed a smaller portion of coal to be mined. The American dealers demand that their supply be looked after first.

Paving Held Up.

The street paving work on Clarence street was held up on Friday all day by the breakdown of the steam roller on Thursday night. On its way over from the job on Barrie street, one of the gears broke, and as the cement could not be laid before the street was rolled, the work on that block at a standstill. The cement mixer is on the job and ready for business. It is expected to have the roller working on Saturday.

TOOK TURKISH FORCE

MONTENEGRINS MAKE AN IMPORTANT CAPTURE.

Turkish Students Demand War and No Surrender—The Powers Still at Work to Prevent War.

Buda Pest, Oct. 11.—The Montenegro captured a large Turkish force after two days' fighting. A skirmish between armed Bulgarian peasants and Turkish frontier guards occurred on Tuesday, at Yuletpepe, near Kirk Kilisseh, to the northeast of Adrianople. Fifteen hundred Turkish soldiers were wounded.

Austria Mobilizing.

St. Petersburg, Oct. 11.—Novoe Vremya states that Austria has begun the mobilization of four army corps, which undoubtedly are intended for operations in the Balkans. Russia, at the first sign of Austrian intervention, will move eighty regiments. The government has placed a large amount of money at the disposal of the Russian banks in order to prevent a financial panic.

Powers Still at Work.

Constantinople, Oct. 10.—More energetic intervention by the powers in order to prevent the outbreak of hostilities on the part of Bulgaria, Serbia and Greece, and to bring about a cessation of the war with Montenegro, is said to be contemplated. Shots are reported to have been exchanged between the Turkish and Bulgarian troops occupying advanced posts on the Turco-Bulgarian frontier at Timrush and Klissura.

May Not Declare War.

Sofia, Bulgaria, Oct. 11.—The Bulgarian premier and minister of foreign affairs, L. E. Guechev, declared this morning that he did not yet despair of war being averted at the last moment. The council of ministers had not reached any decision, and the exchange of views with the cabinets at Belgrade and Athens was continuing. As Montenegro had begun hostilities against Turkey, she naturally had no more to say in the matter.

Greeks in Battle?

London, Oct. 11.—Heavy losses were inflicted by the Turkish troops on a band of Greeks numbering one thousand men, who yesterday attacked a Turkish frontier post near Dhisikata. They were driven back over the frontier, according to a news agency despatch from Saloniki.

War and No Surrender.

Constantinople, Oct. 11.—A violent storm of opposition has been aroused by the Turkish government's decision to grant reforms in Macedonia. Some 2,000 students, armed with revolvers, marched to the porte, clamoring for "war and no surrender."

On the way they met the minister for war, to whom they shouted, "We want war." The minister for war replied: "Nobody wants peace."

Arriving at the porte where the ministers were sitting in council, the students, whose numbers had meanwhile swollen to over 5,000, broke the windows of the grand vizierate, of which the gates were closed. They shouted: "We will not have the treaty of Berlin!"

FLOPERS WERE CAUGHT.

At Gananoque, and Man Taken Back to Iroquois.

Gananoque Journal. Last Friday evening, October 4th, Chief Iyan received a telegraph message from Iroquois asking him to be on the look out for a man and woman with a horse and buggy on the steamer Britannic, the man being James Crossman, wanted in that village for wife desertion.

The chief learned from the captain of the boat that the man and woman had been on board the boat and had got off here, when the boat called at noon on her way to Kingston. The chief then made a search of the different hotels and boarding houses and found that the pair had been to a number of them trying to get board but were unable to do so for various reasons. The chief was unable to locate them that night.

On Saturday he spotted the pair driving down street. He detained the man and notified the magistrate at Iroquois. It appears that the man does a picture business trafficking from town to town. It is alleged that he deserted his wife eight weeks ago in Montreal and took up with the other woman who is said to hail from Prescott. When taken in charge by the police it was learned that after coming here he had deposited \$225 in the bank of Toronto. This he put up as bond that he would be on his way when his wife arrived on the afternoon train and was allowed his freedom.

Instead of his wife coming an officer of the law came by afternoon train with a warrant and placed Crossman under arrest, taking him to Iroquois by the night train. The woman is said to have gone to Toronto she not being molested as there was no charge against her.

Excursion to Montreal.

Over 150 people went from the city to Montreal, Friday noon, on Queen's football excursion. Three teams went down to the Canadian metropolis—Queen's I., R.M.C. I., and Queen's soccer line-up. All were confident of playing in a manner that would keep the McGill footballers on the run every week was not sure of the other three gunning out victors.

See our corsets for 50c. Dutton's. Frank Eames, town collector, of Gananoque, has received from the government a cheque for \$407, covering the back taxes on the drill shed for 1909-1910.
