FATHER TOOK HIS DAUGHTER From Chinese Laundry to Prevent Her Marriage.

It does not look as though the wedding between the Division street Chinese laundryman and a sixteen-year-old uptown girl will take place, on account of the father of the girl interfering.

The wedding had been arranged to take place in the city last evening but the father went to the laundry on Friday afternoon and caused quite an exciting time for a while.

For the past few days the girl has been living with the Chinaman and has helped with his work. The father heard that a wedding was shortly to take place and determined to put a stop to it.

The Chinaman in question is a very bright young man. Recently he went into the laundry business, having carried on a restaurant for some time, and it is understood that he made money. It is scarcely likely any minister in the city would wed the couple.

LIVING CHEAPER IN CALGARY Than it is in Kingston, Outside of Rents.

Thomas J. Pollio, of Calgary, Alta., a former Kingstonian, is here on a visit after being out in the west for more than five years. Mr. Pollio says with regard to the cost of living that having rents the cost of living is cheaper in Calgary than it is in Kingston. Rents in Calgary, he says, are enormous. People there are obliged to live in much smaller quarters than they do here.

In connection with the subject of the real estate boom out west Mr. Pollio says that there is a bigger boom in Kingston over Edmonton and Calgary real estate than there is in those cities. The country round about those cities is divided into town lots for \$4,000 out and this stuff is all being marketed in the east.

The Love of Money. I've just made a discovery. I have always been inclined to rebel at the idea that "money is the root of all evil." It was scripture, however, and I am old-fashioned enough to like to stay by scripture.

But in this up-to-date world, one cannot get along very well without money. It brings us half the blessings we enjoy, and enables us to help along the other fellow as well.

Now I find that scripture is right after all. But it doesn't say that money is the root of all evil, but that "Love of money is the root of all evil." There is a big difference in the two.

I believe that lack of money is accountable for much more of the evil of the world than the overabundance of it. I believe that the ideal system of society is when all of us have enough to supply all of our normal wants.

The thing that makes so many people narrow is not money, but the love of it, and even then the greedy grasping which many do to add to their little hoard, is due more to the fear of poverty than the love of money.

The incident that inspired me to bring out these somewhat incoherent remarks was an article that I have just read supporting the present system of society with all its injustices to working men and farmers, on the grounds that did we have a more equal distribution of wealth and put more money into the hands of the laboring men, that it would simply debase them. Part of them would get greedy and grasping for more, others would die just the opposite extreme and live lives of over-indulgence.

We want to remember that money is one of the grandest things in the world, because of what it will do. Let all of us have a competency there would be less of vice and more of comfort in this old world. —"The Philosopher."

WAS A GREAT SUCCESS. The Plowing Match Held at Lennox This Week.

Great success marked the first plowing match, held at Lennox, on Tuesday. It was held at Henry Hunter's farm, north of the Grand Trunk tracks, and the soil was good.

CHIMNEY ISLE SO'D

FORMERLY OWNED BY THE LATE JOHN D. FLOWER.

Mrs. Ira A. Kipp Sells Site—Old Club House Property. Long in the Flower Family, is Purchased by Theodore L. Cross, of Utica.

The portion of Carleton Island near Cape Vincent, N. Y., lately owned by Mrs. Ira A. Kipp of New York, daughter of the late John D. Flower, former resident of Watertown, has been sold to Theodore L. Cross of Utica.

At one time a number of wealthy Utica people formed an association for the purchase of the island and it was well known as a summer resort. The president of the association was Stephen O'Sullivan of Buffalo, who was a native of Utica, and the rest of the stockholders were residents of Utica.

The association went out of active existence many years ago and not many of the members are now living. Finally the property passed into the hands of the late John D. Flower and As Mrs. Kipp is the wife of his daughter, and more beautiful summer home farther down the St. Lawrence river, was approached by Mr. Cross in regard to a sale.

Mr. Cross now becomes the owner of the club property and he also owns the historic Chimney Point. Mr. Cross considers that he has purchased one of the beauty spots of the St. Lawrence river.

Carleton Island is rich in history. Formerly known as Beer Island it was a depot for Quebec traders, in the revolution it was planned to send an expedition from this island to Orwego and move down the Mohawk Valley, and St. Leger, the British commander, camped there ten days. A fort was later built on the island, named Fort Haldimand. It was on this island that the bloody massacres of Jerry Valley and Wyoming were planned; it was the home of Joseph Brant, the noted Indian chief, and here the redskins gathered to receive their ammunition before starting on their bloody raids. At the breaking out of the war of 1812 the fort was burned by a band of Americans.

Ugly Pimples Have All Gone

Face a Slight, But a Short Time Stuart's Calcium Waters Worked Wonders.

Many an otherwise pretty girl is disgraced with her appearance. Poor girl! She doesn't yet know that Stuart's Calcium Waters will quickly transform her into a perfect dream of loveliness. And many a young man with tender skin just growing a bristly beard is also a sight to behold.

All the face creams in the world are nothing but makeup. They do not overcome pimples, but merely ally surface irritation.

Skin-health must come from within. Skin-tissue is made from the blood, and as it is a tendency of nature to throw off a good share of impurities through the skin, naturally impurities gather on the surface in the form of pimples, blotches, blackheads and other eruptions. But Stuart's Calcium Waters have a remarkable activity in the blood which seeks the skin as an outlet for its impurities. These are known as invisible mist or gas, are consumed in the oxygen of the air and in a few days all imperfections of circulation and of skin health are overcome.

All blemishes disappear and the skin becomes as clear and smooth as a baby's. Go to the drug store today—any druggist can supply them—and get a box of Stuart's Calcium Waters for trial. They will cost you only 50 cents but are really worth many dollars to you if your face is marred by ugly pimples, blotches, blackheads, etc. Conviction forced by actual test that Stuart's Calcium Waters are the most effective blood and skin purifiers in the world.

"THE THIRD DEGREE"

Will be the Event at the Grand Tonight.

Charles Klein, the author of "The Lion and the Mouse," is responsible "The Third Degree," his latest play, which comes to the Grand tonight. This play deals with a number of pre-eminent conditions that exist in large cities. The scenes are laid in New York, the characters being in the predominant social set.

For the first time in the history of the stage in "The Third Degree" will be portrayed the methods of the New York police department, which in many instances have rivalled the acquisition for baronary and cruelty.

Mr. Klein has handled the subject deftly and adroitly in a most convincing manner and as a result this play should invite a large audience.

"Everywoman," Monday and Tuesday.

Surpassing in size and magnificence anything which has heretofore been offered to the public by a travelling organization, Henry W. Savage's immense production of "Everywoman," which will be seen at the Grand on Monday and Tuesday, October 21st and 22nd, stands alone.

No manager other than Mr. Savage would attempt to present in a travelling organization a spectacle so large and so completely equipped. Not a feature which was used with this production during its two year's run in New York has been eliminated for the hundred and fifty people which are required in the production to work the mechanical and scenic effects, an entire symphony orchestra is carried by the company.

The organization carries three carloads of scenery and costumes. "Everywoman" is, in fact, a compinging of the more attractive features of opera, comedy drama and spectacle.

"The Senator Keeps House."

William H. Crane is booked for Wednesday, Oct. 23rd at the Grand when he will be seen in the central character of Martha Morton's comedy, "The Senator Keeps House." The play was introduced last season at the Garrick Theatre, New York City, where it remained for a successful run of four months.

Mr. Crane will bring his original production and the metropolitan cast with him for his local visits.

"Excuse Me."

"A clear track to fun" is the way a critic described "Excuse Me," the farcical success that Henry W. Savage will offer at the Grand on Saturday, Oct. 26th, matinee and night. The company comes direct from the Gaiety Theatre in New York and the Studebaker of Chicago.

Mr. Savage is said to have furnished a really remarkable company of actors for the play. The action of the play all takes place on the Pullman cars of an Overland Limited train.

A Genuine Service.

"I believe," says an old subscriber, "that every time The Youth's Companion enters a home it does that home a genuine service." That describes the purpose of the publishers, exactly. The paper is not filled with mischievous or idle thoughts to fill an idle hour. It provides healthy pastime, recreation that builds up. It is to the minds of eager and impressionable young people what sound athletics are to their bodies.

At a cost of less than four cents a week The Youth's Companion opens the door to a company of the most distinguished men and women in America and Europe. Whether they are revealing the latest discoveries in science, or describing great industrial achievements, or telling of their wanderings in strange corners of the world, or feeding the imagination with rare stories, they are giving Companion readers the best of themselves.

Seven serials at least will be published by The Companion in 1913, and nearly 200 other complete stories. In addition to some 50 special contributions, and a treasure box of sketches, anecdotes, expert advice as to athletic sports, ideas for handy devices round the house, and so forth—long hours of companionship with the wise, the adventurous and the entertaining. Announcement for 1913 will be sent with sample copies of the paper to any address on request.

Every new subscriber who sends \$2.25 for the fifty-two weekly issues of 1913 will receive as a gift The Companion Window Transparency and Calendar for 1913, the most exquisite novelty ever offered to Companion readers; also, all the issues of The Companion for the remaining weeks of 1912, free.
