NEWBRO'S HERPICIDE SAVES WORRY, SAVES MONEY, SAVES THE HAIR

If you want to free your head of dandruff and stop falling hair, you must sooner or later resort to Newbro's Herpicide. By using Herpicide first you save yourself worry, which is desirable, you save money, which is a consideration, and you save your hair, which is the most important of all. Why not profit by the experience of Mrs. S. A. Lee, of 110 South 4th St., Richmond, Va., who writes: "Four years' residence in India ruined my hair until it was but two inches long and very thin. I tried everything in Europe and America without benefit until I was induced to use Herpicide. My hair is now long, soft and silky and natural color, while before it was quite gray. My friends never tire of admiring my hair."

Mrs. Lee's story is a typical history of hair troubles. After everything else fails Newbro's Herpicide brings relief. It would be just as effective if used first. Newbro's Herpicide kills the dandruff germ and prevents falling hair. It stops itching of the scalp almost instantly. No matter what the cause of other hair troubles, Herpicide is the only genuine original dandruff germ destroyer. Applications at good barber shops. Send 10c for sample bottle to The Herpicide Co., Dept. R., Detroit, Mich. Newbro's Herpicide in 50c. and \$1.50 sizes sold by all dealers, who guarantee it to do all that is claimed. If you are not satisfied your money will be refunded. J. B. McLeod and L. T. Best, special agents.

Health and Beauty Answers BY MISS MARY MARTYN.

Cura E. As your hair is short and thin and you have so much trouble to make it stay up and look neat, try shampooing with a teaspoonful of cantharid dissolved in a cup of hot water. This shampoo is the one generally used by the best hairdressers to make the hair look thicker and lustrous. It produces an abundant lather, dries quickly and not only cleans the hair and scalp well, but also the scalp and gives the scalp a feeling of cooling freshness. Cantharid makes a delightful shampoo and will make your hair grow thick and fluffy. You will have little trouble then to make your hair look nice and never use another hair tonic, as it makes the hair brittle, harsh and takes away the glossy look. COUNCIL IS OPPOSED CITY COUNCIL SESSION

TO ABOLISHING THE MARKET FORESTALLING BY-LAW. THE BUSINESS TRANSACTIONS ON MONDAY EVENING.

Report of Property Committee Ruled Out of Order—Most of the Aldermen Seem to be Opposed to Raising This Market Restriction. It does not look as though the city council of 1912 has any sympathy with the proposal to abolish the market foreclosing by-law. At the council meeting Monday evening a report was presented, signed by the majority of the members of the city property committee, recommending the abolition of this market measure, but the discussion that ensued showed that the feeling of the council was against the removal of the restriction which prevents merchants and hawkers purchasing goods on the market before ten o'clock. However, it was eventually discovered that the property committee had no right to bring in a report upon the matter as there was no quorum at its meeting. Therefore the report was ruled out of order by Mayor Hoag.

When the report was read Ald. Stroud declared himself opposed to the abolition of the by-law, which was in the interests of the housekeepers. It should remain, he declared. Ald. Givens said there were two sides to the question, of course. However, he claimed that the force of the by-law was crippled by the fact that a farmer can go to any store-keeper he wishes and sell his produce before ten o'clock in the morning. The by-law applied only to the market place. Ald. Givens would not say whether he was in favor of abolishing the by-law or not. Ald. Cooper declared that the foreclosing by-law was just a farce. He was a grocer of thirty-five years experience and he pointed out that the by-law did not affect him for in these days of telephones all a grocer had to do was to telephone to farmers the afternoon or evening before and order all he wanted. That constitutes a contract. The farmers always held that the by-law was a hardship. Ald. Cooper held that the citizens did not get their produce any cheaper by retaining the foreclosing by-law for they can purchase cheaper in the stores than on the market.

Ald. Cooper said that he had been defending the by-law for eighteen years and he wanted to say that it would be a mistake to abolish it. He held that the bulk of the people looked upon the by-law as a protection. Ald. Elliott was a little surprised at the attitude of Ald. Givens, who was very faint-hearted over the matter. He would advise him to keep the by-law as it is. Ald. Kent remarked that just at this time when the cost of living is increasing so much everything that would tend to reduce that cost should be retained, and the foreclosing by-law should be kept in force as a protection to the people. The only argument he heard in favor of the abolition of the by-law was that the farmers had to stand so long on the market. Why do they come to market so early? Ald. Kent asked. The housewife could not get to market much before nine o'clock. Let them come to town later. Ald. Cooper said the farmers came early in order to get a good place on the market. Ald. Kent replied that any place on the market was a good place. Ald. Turkington stated that he had been reported in the press that he had seconded the resolution to abolish the by-law. His constituents would be after his scalp the next morning, and he had a hot time of it. He wished to say that there had been a mistake as he was not even a member of the property committee. Further, he favored retaining the foreclosing by-law.

Ald. Bailey remarked that out in Victoria ward the ladies were asking who was the chairman of the property committee. He advised Ald. Givens to let the by-law stand and avoid trouble. The mayor ruled the report of the committee out of order as there was not a quorum present when the matter was considered.
