TAYLOR-REID WEDDING A SCHEDULE ARRANGED

CELEBRATED IN ST. ANDREW'S CHURCH, GANANOQUE.

Mock Trial Held Under the Auspices of Gananoque High School—Employee Lost Part of a Finger.

Gananoque, Oct. 24.—A pretty wedding took place at 12.45 p.m. yesterday, at St. Andrew's church, when Miss Clair Reid, youngest daughter of Mrs. D. J. Reid, Tanner street, was united in marriage to Howard Taylor, son of Mrs. C. W. Taylor, Church street. The ceremony was performed by Rev. Henry Gracey, pastor of St. Andrew's church, before a large gathering of relatives and friends. The bride was attended by her sister, Miss Florence Reid, and was given in marriage by her brother-in-law, H. A. Crooks, of Paris, Ont. The groom was unattended. After the ceremony the bridal party repaired to the home of the bride's mother, Mrs. D. J. Reid, where a dainty dinner was served. Mr. and Mrs. Taylor left during the afternoon for a honeymoon trip east, and on their return will locate in Gananoque. Mr. Taylor is one of the office staff of the Ontario Wheel company, and also owner of the Palace Theatre.

Under the auspices of Gananoque high school and conducted by Col. A. Newton, the lawyer, lecturer of Worcester, Mass., a mock court trial was held in the opera house last evening and drew a full house. Miss Hazel Wright, the plaintiff, through her attorney, Col. Newton, entered an action against George Welsh, who was defended by his lawyer, William Wing. The action being for trifling with her affections. Police Magistrate W. B. Carroll, as judge, heard the case; R. Johnston, Jr., acted as clerk; Chief of Police E. J. Ryan, as court officer, and F. Loughton, clerk. The following witnesses gave evidence: Miss H. O'Connor, Miss Viola Crawford, Messrs. C. J. Wilson, C. Sine and Dr. J. P. Sinclair. The following jury was duly empanelled: Dr. J. A. Black, Dr. A. H. Malce, Messrs. James Donovan, H. J. Reid, Joseph Frail, Freeman Britton, J. H. O'Connor, W. J. Wilson, Philip Conlin, George A. Robinson, W. W. Bennett and C. K. Wright.

William Nurse, Jr., an employee in the works of the Steel company of Canada, last part of a finger while operating a press there on Monday afternoon. Medical aid was at once summoned and his injuries dressed, which are sufficiently serious to lay him up for some time.

Two young lads playing with a sharp knife, at the King street school yesterday afternoon, resulted in one of them getting a nasty gash in his hand, between the thumb and index finger. Medical aid had to be summoned.

A Royal Understudy.
Prince Arthur of Connaught who went to Japan to represent the King at the funeral of the Mikado, must be well accustomed by this time to deputizing for his Majesty.

He once laughingly suggested that he should add to his visiting cards the line "Monarchs understudied on the shortest notice." Most people would be inclined to think that there are worse businesses than understudying monarchs, though, of course, this profession has a certain amount of risk attached to it. Still, the pay is good, and the accommodation provided generally first rate.

Prince Arthur is very popular with his—Royal relatives, and is, of course, a welcome figure in society. When the Prince of Wales has finished his studies, and is thus free to take up public duties, Prince Arthur's occupation as an understudy of the King will be gone. Still he will find plenty to occupy his time, for he is very interested in soldiering.

Prince Arthur is a bachelor, and in view of his relationship to the throne much speculation has been aroused from time to time as to his matrimonial intentions. He himself has declared that he does not intend to marry, so that gossip has as usual, proved a-lying jade.

Reports from the Balkan state capitals intimate that their troops all won decisive victories.

Home Treatment For Sallow, Wrinkled Skin

A.E.C. asks: "What should I do for my sallow complexion, and how can I get rid of my wrinkles?" Sallowness is best removed by removing the skin itself. This is effectually accomplished by the use of ordinary mercurized wax, which causes the offensive outer skin gradually to peel off, in fine particles scarcely noticeable to the naked eye. Within a week or so you will have an enviable complexion, the new skin exhibiting a beautiful, youthful tint incomparable with artificial coloring. Get an ounce of this wax at your drug store, apply at night like cold cream, and don't rub it in. Wash it off in the morning with warm water.

For your wrinkles try a solution of salicylic acid, one ounce dissolved in a half pint witch hazel. Bathe your face in this every morning for awhile. The result will surprise you.

TASTE, SMELL AND HEARING RESTORED

A Simple, Harmless Remedy Quickly Relieves Catarrhal Deafness.

The thousands who suffer the miseries of colds and catarrhs claim they have never found a cure, can get instant relief by simply anointing the nostrils with Ely's Cream Balm.

Unlike internal medicines which upset the stomach, or strong snuffs which only aggravate the trouble, this cleansing, healing, antiseptic Balm instantly reaches the seat of the trouble, stops the nasty discharge, clears the nose, head and throat, and brings back the sense of taste, smell and improves the hearing. More than this it strengthens the weakened and diseased tissues, thus protecting you against a return of the trouble. This remedy will cure a cold in a day, and prevent its becoming chronic or resulting in catarrh.

Nasal catarrh is an inflammation of the membrane lining the air passages, and cannot be reached by mixtures taken into the stomach, nor can it be cured by snuffs and powders, which only cause additional irritation. Don't waste time on them. Get a fifty-cent bottle of Ely's Cream Balm from your druggist, and after using it for a day you will wish you had tried it sooner.

Mothers should give the children Ely's Cream Balm for colds and croup. It is perfectly harmless and pleasant to take. Agent, G. W. Mahood.

On October 7th, Ellsworth Leeman and Charles Ross, of Smith's Falls, left in a gasoline launch, along with a camping outfit and dog. On October 14th, they were heard from in England, since then no tidings of the couple can be gained. It is feared that the boat has gone down with the men. A watch is being kept along the shores of Lake Ontario.
