THE SPORT REVIEW

COLLEGIATES DEFEATED CADETS IN JUNIOR RUGBY GAME.

By 17 to 11—McGill Will Send Three Football Teams to Kingston for Games on Saturday—Notes on Rugby and Other Sports.

The rugby team of the Kingston Collegiate Institute defeated the second team of the Royal Military College at Queen's athletic grounds on Wednesday afternoon to the tune of 17-11, in the junior intercollegiate series. The winners sprung quite a surprise, as the cadets had "put it over" Queen's All, both times they met, in the same series, the first time piling a very large score. However, there were a number of changes in the red and white line-up.

The weather was by no means ideal for playing, as a light rain fell during the first half, with a wind blowing across the field. By three-quarters time it was quite dark, but the teams played on. During this period the collegiate boys won out.

There was a tendency to roughness on both sides during the game. Morphy, playing on the wing for cadets, was penalized three times and Toland, on collegiate wing, went off for three minutes, with him once. The cadets had the heavier team. In the last quarter Hiseock replaced W. Evans, who was injured on the K.C.I. half.

The collegiate team worked in a snappy manner, displaying in its first scheduled game the fruits of the coaching of J. W. Kelly, and the

watdful eye of Principal E. O. Slicer, coach of Queen's senior outfit. During the first period it was thought that the collegiates would not stand the pace the sturdy cadets would set in the second half. And during the third quarter it appeared that the cadets would pile up a very comfortable lead.

C. Stewart, on the wing, proved himself a valuable fixture to the collegiates, his tackling and following up being good. Brownfield was the most spectacular player on the field, and a decided acquisition to the high school half backs. He is plucky, and a rather difficult man to tackle. W. Evans played a steady game as a "side partner" to Brownfield, and did most of the booting for his team. But he "fell short" in one thing—kicking too close to the scrimmage, and into it several times. These errors counted seriously against his team. Cooke is a small, but good man.

The R.M.C. team played a steady game throughout, and will, no doubt, put up a strong argument when the two teams meet again on Saturday. Grey, on the half, did the major part of the kicking for the red and white, and his superior judgment of placing his kicks to that of the high school boys, was obvious. Flisak, at full, was seen again in creditable style, and Drummond was the "telling" man on the line.

After about five minutes' play, Collegiates opened up the scoring and forced Cadets to rouse twice in quick succession, and then followed up with a touch. From a scrimmage, Evans kicked over Cadets' line. C. Stewart followed up, and forced Flisak, who secured to ball, to rouse. From the face-off, this was repeated, the same three participating. Then, in a minute, from a scrimmage on R.M.C. five-yard line, on Collegiate second down, Brownfield caught a pass from Cooke, and was bucked over for a touch, which Stewart failed to convert. Before the second quarter was called Evans kicked a nice touch-in-goal, which left the score: K.C.I., 8; R.M.C., 0.

In the next quarter Cadets were aggressive, and forced the play onto Collegiate line, constantly. From the second down, Evans kicked into the scrimmage, and the ball rebounded over Collegiate line. Cooke made a desperate attempt to secure it, but Drummond was too quick for him, and secured the first score—a touch for his team. Grey did not convert it. Before half time Grey kicked for another point on his team's last down. Score: K.C.I., 8; R.M.C., 6. The R.M.C. action at this point was criticized. Their chances looked good to buck over for a touch.

In the second half R.M.C. scored three times before the high school boys appeared to have warmed up. The first was a kick of Grey to McKenzie, whom Drummond forced to rouse. R.M.C. kicked for another point, and Grey followed this up with a drop. Score: R.M.C., 11; K.C.I., 8. Before the last quarter the blue and white boys added a safety touch to their tally, and with the play mostly in R.M.C. quarters, he kicked into rouse. K.C.I., 11; R.M.C., 11.

The excitement ran high at this time, and the individual players were distinguished with difficulty. Hiseock replacing Evans, McKenzie came into the line-up, and with the play mostly in R.M.C. quarters, he kicked into rouse, which was followed up by R. Stewart, and the touch made sure of this. This was preceded by the Cadets being down for a rouse. Score: K.C.I., 17; R.M.C., 11.

The teams:
K.C.I.—Full-back, W. Evans; half-backs, Brownfield, McKenzie, Cooke; quarter, J. Evans; scrummage, H.H. Ferguson; Booth; inside wings, R. Stewart, Lyons; middle wings, Young, Britnell; outside wings, Toland, C. Stewart.
R.M.C.—Full-back, Flisak; half-backs, Armour, Grey, Lovelace; quarter, Greenwood; scrummage, Drummond, Fyke, Dennison; inside wings, Morphy, Peterson; middle wings, Hale, Stratford; outside wings, McDonald, Hay.

Referee, Cadet Ryerson; umpire, A. T. Hatch.

Queen's Shipping Up.
Queen's senior football team had a light work-out on Wednesday but the turn-out was not large. The players are still a little bruised up after Toronto and Hamilton games. They are practicing morning and afternoon now, and are carefully preparing for the McGill game here on Saturday. McGill is reported to be in excellent shape. Queen's has been through the mill but has learn-

ed some things and will be able to make a good showing against McGill on Saturday.

McGill to Storm Kingston.

McGill University will be well represented at Kingston on Saturday as three football teams and a harrier team will make the trip. The first and second rugby teams, as well as the soccer team will play with Queen's. The soccer game and the intermediate rugby match will be played in the morning, while the senior will play in the afternoon. Coach Shaughnessy is not underrating Queen's team.

There has been no agreement reached regarding the officials. Queen's suggested a number of men, but they were not acceptable to McGill and others have been suggested by the Montreal students. McGill would rather come to an agreement than have a referee appointed and will leave it until the latest possible time before asking for appointments.

The intermediate and soccer players will leave Montreal Friday night and the seniors will come Saturday morning, when an excursion will be run.

Rugby Notes.
If Queen's had a back division like other varsity or McGill it would be the Presbyterians for the championship, says the Toronto News.

The Sarnia collegiate institute team by defeating Petrolia high school at Petrolia on Saturday by 12 to 1 are now champions of the Border counties and also claim the high school and collegiate championship of western Ontario.

Argos wanted to use "Red" McKenzie, the Parkdale half, against Ottawa but the big four rules prevent the use of a player who has participated in the games of another union in the same season.

Toronto Globe—Queen's seems to have control of the intercollegiate senior situation. McGill and University of Toronto must beat Queen's on the latter's field to remain in the running. The game played here by the Presbyterians last Saturday is enough to give the others a scare.

Toronto News—Apparently the only difference between the Canadian and American game is the fact that plays that we consider illegal are legal under the United States rules. Without interference the American game would be a burlesque. It is not much else anyway.

General Sport.
Young Jack O'Brien outpointed One-Round Hogan in six rounds at Philadelphia.

Ad Volgaist has gone to New Orleans to prepare for his twenty-round battle with Joe Mandot on November 8th.

The Athletics left Philadelphia yesterday for Cuba, where twelve baseball games will be played. Among those who will make up the team are Bender, Coombs, Flank, McInnes, Collins, Barry, Baker, Strunk, Oldring, Murphy and Lapp. Bombardier Wells, the British heavyweight champion, wants a \$5,000 guarantee to fight Palmer or any other white man in the Garden in December. Wells has been notified that he can have 25 per cent. of the gross or remain idle if he comes here.

The Australian cricketers defeated British Columbia in a three-day match by 452 runs. In their second innings the visitors amassed 258, and in reply the British Columbians could only reach the total of 88. The Australians sailed Wednesday for home.

Hermann, chairman of the National baseball commission, proposes to limit the shares of the world's series games to \$1,000 to each player on the winning team, \$750 to the losers, distributing the rest among the other 12 major league teams.

As a reward for his mastery handling of the Senators this year, the Washington club has increased the salary of Manager Clark Griffith to \$10,000 for next season. The Washington club, by the way, is said to have made \$150,000 this year, a new record in that city.

Jack Stahl, the Boston Red Sox manager, cleaned up \$35,000 on the season just closed. He received a salary of \$10,000, also a percentage of the profits. He took down more than \$4,000 as his share of the world's series money, in addition to pay for the use of his name for advertising purposes and the newspaper.

work. He received a \$6,000 automobile, too.

While Saturday's meeting of the N.H.A. at Quebec did nothing in the way of settling the hockey commission or the return to seven-man hockey, it is pretty generally understood that the National association will go back to the old style of play this winter. Both the commission and the question of returning to the seven-man style of play will be finally dealt with on Nov. 29th, at the annual meeting in Montreal.

SAYS SHE'S BECKER'S WIFE.

Shipped to Europe Shortly After Rosenthal Murder.

London, Oct. 31.—The woman claiming to be Mrs. Mary Becker, the wife of the convicted New York police lieutenant, Charles Becker, and who applied to the magistrate in the Old Street police court, asking for assistance in order to return to New York, appeared in court to-day. No action was taken in her case and, pending inquiries, the Salvation Army, which aided her some time ago, is again assisting her.

The woman, who claims to have been married to the former police lieutenant in 1905, was interviewed by a correspondent and in answer to a question, stated that her marriage certificate and other belongings are in New York. She said that she knew nothing of any other wife of Becker.

"Becker's faults," she told the interviewer, "were overcarelessness and overconfidence in women."

"Shortly after Rosenthal was killed," she continued, "I went to police headquarters in New York to see my husband. I was directed to the chief inspector's office, from where I was dumped into the steamship California with nothing except what I stood up in. I did not know what to do. Upon my arrival in Glasgow on the steamship California an official of the Anchor line put me on a train going to London. After my arrival here the American society refused to assist me."

"Mrs. Becker" stated on Saturday that she sailed from New York last July.

NOT A CENT IN 38 YEARS.

Preacher Sued for Divorce Charged With Queer Cruelty.

Pittsburgh, Oct. 31.—The divorce suit of Mrs. Celia C. Porter of Downsville, Pa., against her husband, the Rev. Robert B. Porter, a prominent Presbyterian minister, came to an end yesterday, so far as the presentation of the evidence was concerned in common pleas court.

Mr. Porter is over sixty years of age, his wife is fifty-eight. She charges him with locking her in a room without fire, not supplying her with sufficient food and clothing; not permitting her to manage her household; not providing common household necessities, such as bed linen.

"We had no sheets on the bed," said the wife. "He would not provide them. I slept on the kitchen floor because he would not allow me to go into the room where he was. I wanted to nurse my daughter when she was ill, but he kept me out of the sick room."

Porter admitted that he had not given his wife a cent in thirty-eight years, as she was only a grown up child.

GREAT CHINESE TYPHOON.

Hundreds of Lives Lost and Millions of Dollars Damage.

San Francisco, Oct. 31.—The Pacific mail liner Manchuria, from the Orient, brings the first details of a typhoon off the China coast late in September, which is believed to have destroyed millions of dollars worth of property.

The names of seven hundred persons, it is said, were posted as missing at Keelung, Formosa, where the harbor was fringed with wreckage. Hundreds of houses had also been levelled by the gale, which blew at 77 miles an hour. Two Japanese torpedo boats were swept to the rocky shore, and all except two sailors were drowned.

The 15,000-ton vessel, Dacca Castle, was impaled so firmly on the pinnacle of a rock that it withstood the assault of the gale, and no one was drowned.

Weakness and Failure.

Human interest is almost unlimited in its power. Energy comes from rich, vital blood. Weakness and failure result when blood is weak and impure. Have almost mental and muscular energy by enriching and vitalizing your blood with Wade's Iron Tonic Pills (Laxative). They help almost at once.

They are a great nerve strengthener and blood maker. In boxes, 25c. Sold at McLeod's Drug Store, 53 Brock street, one door above King street. Money back if not satisfactory.

Christen Aitken's Son.

London, Oct. 31.—Sir Max Aitken's second son will be christened on Monday next by Rev. Dr. Fleming, at St. Columbus Presbyterian church. The boy will be named after Rudyard Kipling, who, with Bonar Law, will be godfathers.

They Have Won Their Place.

Would White Swan Yeast Cakes have such an enormous sale in Canada if they did not make the best bread? Your grocer sells White Swan Yeast Cakes for 3-5c. Free sample from White Swan Spices & Cereals, Limited, Toronto, Ont.

Now Dean of Durham.

London, Oct. 31.—Canon Hanson, of Westminster Abbey, who recently visited Canada, and is one of the most popular Anglican clergies, has been appointed Dean of Durham.

Military Aviator Killed.

Munich, Bavaria, Oct. 31.—A military aviator belonging to the Bavarian army, named Lieut. Maritz Hamburger, was killed by a 200 foot fall.

BUSINESS TALKS

To the Readers of the Whig
by the Advertising Department

Kingston Housewives!

Don't Buy By Mail.

Why should you when Kingston stores can offer you better quality, personal selection and lower prices?

Just figure out the cost of buying goods by mail! The firm you do business with generally prints a large catalogue, which you must pay for. They employ help to select and pack mail order goods which YOU must pay for. Then they tax YOU for express charges and postage. Of course, they don't put all these expenses on the bill, but, don't forget, they are included in the PRICE.

Even then you can't have the satisfaction of selecting the goods personally like you can if you buy them at any of our local stores.

Kingston dealers can sell you practically everything you need for yourself, your family and your home.

The quality is always better, and if you watch their advertisements in the British Whig you will soon see by comparison the great saving you can afford by buying at home. Keep the money in Kingston—it will employ more help and keep the town growing.

"The British Whig"

Eastern Ontario's Greatest Newspaper

THEY ARE HELD UP.

Hundred Thousand Persons in Grip of "Loan Sharks."

New York, Oct. 31.—Money lenders in this city do an annual business of \$20,000,000; more than 100,000 persons, including 30,000 municipal employees, are in the clutches of money lenders and state courts are the unwitting instruments through which usury is collected, according to a report made public by investigators for District Attorney Whitman.

Other facts set forth in the report are that "loan sharks" have been responsible for a great many suicides, defalcations and petty thefts, that thousands of employees, private and city, have been made inefficient through mental distress, and that scores of big business interests have discharged workers upon complaints of lenders—unfairly, the investigators think, instead of co-operating with their employees to eradicate the evil.

It is recommended that the city establish a civil bureau to defend victims against whom lenders bring civil action, and that the corporation counsel give an official opinion whether garnishee orders based upon confessions of judgment fraudulently obtained are valid.

In this connection, the report states, many borrowers are led to sign confessions of judgments obtained in upstate courts when they believe they are signing applications for loans.

SHIP GRAIN SOUTHWARD.

Rate to Minneapolis and St. Paul For Grain.

Moose Jaw, Oct. 31.—Starting on November 8th grain will be shipped to Minneapolis and St. Paul at the same rate that it is now shipped to Fort William and Port Arthur.

This means such to southern Saskatchewan, for grain will be shipped to the Minneapolis mills from here and from points east of here in large quantities. This will mean greatly increased business for the C. P. R., for navigation on the great lakes will soon be at an end, and then this will be a second outlet for the crop of the Canadian northwest.

Millions of bushels of grain which otherwise would be shipped east to Fort William and stored there for the winter, will be sent south and the terminal elevators will have a better opportunity to accommodate all the grain sent there which is too late for shipment east. The car congestion is already serious in the southern portion of this province and in Alberta.

LOSING WEIGHT, GETS DIVORCE

Husband's Treatment Worried Her Beyond Endurance.

Wilkesbarre, Pa., Oct. 31.—Four years of married life produced so much worry for Mrs. Harriet C. Washburn, aged twenty-three years, that she lost fifty pounds in weight and used this as grounds upon which to demand a divorce from John J. Washburn, formerly of this city, but now of Detroit, Mich. The decree was granted by Judge John M. Garman.

Mrs. Washburn asserts that her husband came home and ordered food set upon the table and then ordered it removed just for the fun of seeing her work. He called her names and boxed her ears occasionally, she also declares. She worried under this treatment until her weight was reduced from 176 to 126 pounds, and she then decided to seek a divorce.

Big Vote Will be Polled.

Washington, Oct. 31.—Approximately 15,315,000 men and 630,000 women in the United States will cast ballots in the presidential election on November 5th. This estimate was made especially for the United Press by the census bureau and represents as close an approximation as is possible to make in advance of the election itself. The number of votes cast in the presidential election in 1908 was 14,588,442.

Gales Sweep Lake Superior.

Sault Ste. Marie, Ont., Oct. 31.—For the past fifteen hours heavy north-west gales have been sweeping over Lake Superior and the St. Mary's river, accompanied by snow

bursts.
