### THE DOCTOR'S QUESTION

Much Sickness Due to Bowel Disorders.

A doctor's first question when consulted by a patient is, "are your bowels regular?" He knows that ninety-eight per cent. of illness is attended with inactive bowels and torpid liver, and that this condition must be removed gently and thoroughly before health can be restored.

Revall Orderlies are a positive, pleasant and safe remedy for constipation and bowel disorders in general. We are so certain of their great remedial value that we promise to return the purchaser's money in every case when they fail to produce entire satisfaction.

Revall Orderlies are eaten like candy, they act quietly, and have a soothing, strengthening, healing influence on the entire intestinal tract. They do not purge, grip, cause nausea, flatulence, excessive looseness, diarrhoea or other annoying effect. They are especially good for children, weak persons or old folks. Two sizes, 25c. and 10c. Sold only at our store.

The Retail Store, G. W. Mahood.

Cancelled books, 25c. "Gibson's."

Read every page of the Whig. Interesting news will be found. The advertisements should also be thoughtfully considered.

A decidedly interesting letter on "The Navy Question," from the pen of Dr. S. A. Aikroyd, will appear in Wednesday's issue.

Last week, two cases of contagious diseases were reported to the medical health officer. They were diphtheria cases from Collins Bay.

Buttercotch, 2 for 75c. "Gibson's." George B. Loward and James Martin, two local painters, have left for St. Catharines, where they have secured employment.

Gibson's Red Cross Cold Tablets are guaranteed to cure a cold.

Frank Palmer, Kingston, will pursue a course of study in the chemical department of Armour Institute of Technology, Chicago.

Red Cross Cold Tablets, "Gibson's." The ladies will be interested in the fashion page on page twelve of today's issue. The fashions shown are practical and timely.

The wind blew quite a hurricane around the city last night. One citizen declares that large sized pebbles were picked up and thrown around.

Buy after-dinner mints, "Gibson's." Guy Talbot who has been confined to the county jail for some time on remand, was removed to the asylum having been pronounced insane.

In conjunction with the regular meeting of the sergeants' mess of the R.C.H.A., on Monday evening, an oyster supper was held, and games enjoyed.

Boys in the vicinity of O'Kill and George streets, are acting disorderly, according to a report from that section of the city. The boys will be given attention by the police.

Gay Talbot who has been confined to the county jail for some time on remand, was removed to the asylum having been pronounced insane.

The Canadian Freeman remarks that Henry O'Brien, Randolph hotel clerk, has been in the hotel business nearly half a century. Surely "Hank" is not seventy years of age.

Lawrence Welch has resigned his position in connection with the head office of the C.M.B.A. in this city, to accept the management of the Capital Life Insurance association for this district.

A startling tale was brought to the notice of the Whig, on Tuesday, of two young Kingstonsians sleeping in a barn in the last section of the city. Both come from good families, but the young men have been drinking lately.

**PRONOUNCES HIM SANE.**

Chester French, of Westbrook, of Sound Mind.

Chester French of Westbrook, an aged resident who threatened to kill his wife at that place a few weeks ago, and who was remanded to the county jail, waiting examination, was examined by Dr. I. G. Doherty, who has pronounced him of sane mind. What will be done with the old man is hard to say, as he takes bad turns at times, and it is not safe to leave him alone with his wife. Some months ago he fell while in engaged in doing some painting at his home, and injured his head.

**Xaver Scharwenka.**

Scharwenka, the Polish pianist and composer, who plays in the city hall Monday, Nov. 11th, is well known. He is a player of splendid technical equipment with an unusual dramatic outfit, and is that friend of pianists, a player without mannerisms. His Beethoven interpretation is almost faultless. His rendering of "Appassionata" sonata is a warm and highly colored reading of a mighty worker. It would be hard to conceive any more dramatic conception of the powerful climaxes of the gigantic finale. The group of Scharwenka's own compositions are played with the utmost brilliancy and naturally the Polish dance that has made his name a household word comes in for a tremendous reception.

He will be absent for several months. The society will place another man to fill the vacancy, and his name will be announced in a few days. He is an outsider. Mr. McConachie lived in Kingston for a time, and has some interesting experiences.
