LAST EDITION.

OVERWHELMING VICTORY FOR WOODROW WILSON

Democrat Elected President of United States

TAFT AND ROOSEVELT

WERE SWEPT ASIDE IN THE AVALANCHE.

Wilson Has Four Times as Many Votes in the Electoral College as Both of Them Combined—Sulzer Governor of New York State.

The apparent standing this morning is:—
Wilson 432
Roosevelt 136
Taft 73
The new congress is decidedly overwhelmingly democratic.

New York, Nov. 6 (2 a.m.)—The election of Governor Wilson, of New Jersey, as president, and Woodrow Wilson, of Indiana, as vice-president, by a safe majority of electoral votes, and by an overwhelming popular vote, was made certain by incomplete returns received from the country at large up to one o'clock this morning.

With Pennsylvania, Indiana, Ohio, and other large states represented by only meagre reports, the success of the democratic ticket in a majority of the heavily populated states was certain.

The early returns gave to Governor Wilson the "Solid South," embracing all democratic states south of the Potomac, and Connecticut, Delaware, Kentucky, Maine, Maryland, Massachusetts, New York, and apparently West Virginia, Indiana and Missouri.

Roosevelt's victory in Illinois, conceded early last evening by the democratic leaders, promised to carry with it a plurality greater than 100,000.

New Hampshire, Rhode Island and Vermont had apparently given a majority to Taft, on the basis of fairly comprehensive reports.

Returns from twenty states gave Wilson an electoral vote of 270, a majority in the electoral college of five. This total comprises the following electoral votes:

Alabama, 12; Arkansas, 9; Connecticut, 7; Florida, 6; Georgia, 11; Indiana, 15; Kentucky, 13; Louisiana, 10; Maine, 6; Maryland, 10; Massachusetts, 18; Mississippi, 10; New York, 35; North Carolina, 12; South Carolina, 9; Tennessee, 12; Texas, 20; Virginia, 12; Missouri, 18; New Jersey, 14; total, 270.

The total electoral vote is 531; necessary to a choice, 266.

Partial returns indicate Wilson will also carry Michigan, 15 votes; Wisconsin, 13, and West Virginia, 8.

Wilson Was Succeeded.

Princeton, N.J., Nov. 6.—President-Elect Wilson retired at one o'clock this morning with the request that his rest be not disturbed till ten o'clock to-day, but the hilarious students of Princeton university, having been granted a half holiday, were serenading the Wilson residence at sun-up. Princeton students take great pride in the fact that their man is victor in a sort of a triangular gridiron contest, for Roosevelt is a graduate of Harvard and Taft of Yale.

Wilson was expected to issue a short statement of his policy some time to-day. Special interest to Canada is a special pronouncement on reciprocity or other tariff measures, also on the Panama canal situation.

Unofficial returns this morning indicate that California has gone democratic by a small plurality over Roosevelt, who was confidently expected to carry this state. This means thirteen more electors for Wilson.

It is believed that Wilson will take a long rest before undertaking the herculean task of selecting a cabinet from the host of capable democrats in sight.

Governor-Elect Sulzer.

New York, Nov. 6.—New York state will cast its forty-five electoral votes for Governor Woodrow Wilson for president.

Congressman William Sulzer was elected governor by a large majority.

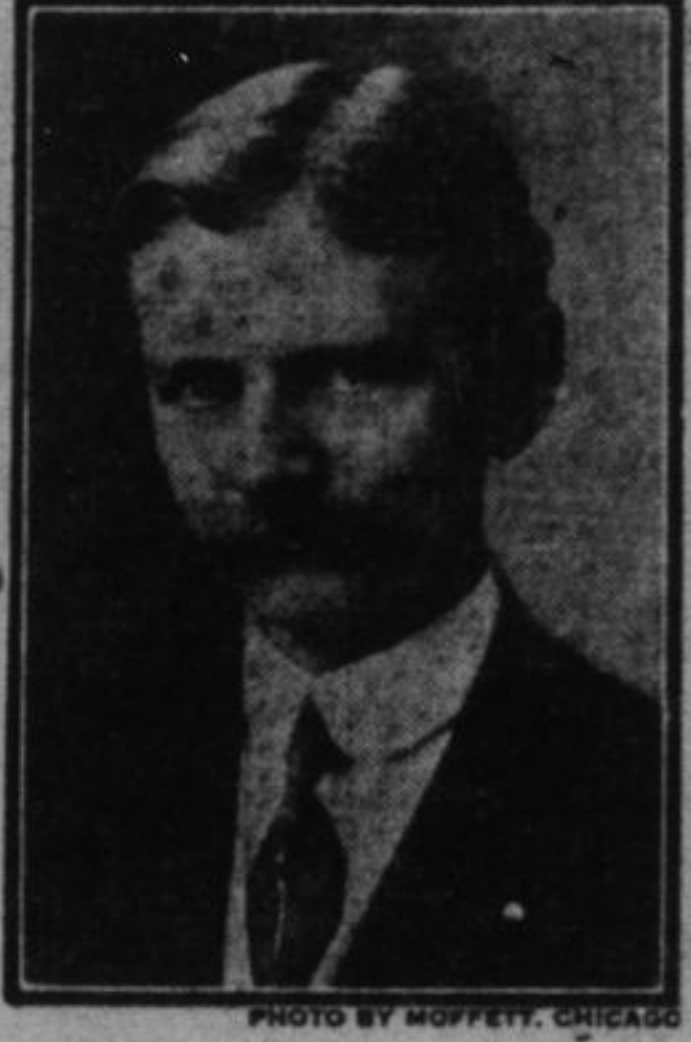

Governor-elect Sulzer sent telegrams to Governors Wilson and Marshall, extending best wishes and sincere congratulations. Commenting upon the result in the state, Mr. Sulzer said: "This is a victory for the people and good government. Of course I am grateful, but I realize the responsibilities entailed and now I want to see democratic make good. The opportunity is there."

New York State Returns.

The city of New York complete, with eighteen election districts missing, gave Wilson, 309,333; Taft, 124,551; Roosevelt, 186,625.

Returns from 2,540 districts out of 3,933 in New York state, outside New York city, give Taft 271,223; Wilson, 285,494; Roosevelt, 169,387. The same districts in 1908 gave Taft 472,009; Bryan, 321,842.

Returns for governor from 1,715 election districts, out of 3,933 in New York state, outside New York city.

THOMAS H. MARSHALL, The democratic governor of Indiana elected vice-president of the United States.

gave: Hedges, 188,326; Sulzer, 202,316; Straus, 114,101. The same in 1910 gave: Stimson 245,517; Dix, 228,638.

Six hundred election districts out of 1,730 in the city of New York gave Sulzer, 282,656; Hedges, 103,078; Straus, 175,774.

Democrats Carry Cape Vincent.

Cape Vincent, N.Y., Nov. 6.—The result of the election in Cape Vincent was: Wilson, (Dem.), 184; Taft, (Rep.), 132; Roosevelt, (Prog.), 33; Chalm, (Pro.), 5; Deha, (Soc.), 7.

Bryan Secretary of State.

New York, Nov. 6.—Leading democrats here think William Jennings Bryan is practically certain to be appointed secretary of state, the most important cabinet position at Wilson's disposal.

The Revised Returns.

Washington, D.C., Nov. 6.—The latest revised figures of the electoral college vote to-day are: Wilson, 396; Roosevelt, 123; Taft, 24. This gives Illinois to Roosevelt. It was claimed last night, by the democrats, but only two-thirds of the polling places were heard from, Wilson may yet get it.

Returns to date show that the make-up of the next House of Representatives will be as follows: Democrats, 296; republicans, 124; progressives, 15.

Notes of the Election.

Governor Foos was re-elected by an increased plurality in Massachusetts. Taft had a majority in Watertown, N.Y.

Woman suffrage was defeated in Wisconsin. Wilson carried Arkansas by about 60,000 majority.

C. D. Hoard, democrat, elected mayor of Ogdensburg, N.Y., by 125 majority.

Wilson carried Tennessee by a large plurality, with Roosevelt in second place.

Spunker Champ Clark, of the house of representatives, has been elected to congress for the ninth time.

President Taft carried Vermont by 924 votes. Complete returns show the following result: Taft, 23,247; Roosevelt, 22,323; Wilson, 15,297.

At Pottsville, Pa., Anthony Bell, 62-year-old, cast his twentieth ballot for a president of the United States. He was taken to the polling place in an automobile and helped into the booth, where he voted a straight democratic ticket.

Governor Wilson's strength in Boston exceeded that of Colonel Roosevelt and President Taft combined, the latter two almost evenly dividing the vote received by Taft four years ago. The democratic nominee made a slight gain over the vote given Bryan in 1908.

ANOTHER "BOY WIZARD" RULES WALL STREET

Ira C. Kringle Controls Company With \$2,000,000 Assets.

New York, Nov. 6.—Another "boy wizard of finance" has come to the front in Wall street in the person of Ira C. Kringle, who has obtained control of the Manhattan Life insurance company at 66 Broadway.

Kringle at 35 years old owns the capital stock of the company, with \$5,000,000 of outstanding insurance contracts, \$100,000 capital and total assets of \$2,000,000.

Kringle, who has rivaled the step of Thomas F. Ryan in buying the Equitable Life insurance society from James Hagan Blyden, has his office in the financial district as a corporation note broker, by no means a spectacular employment.

"I have had this option for about sixty days," he said yesterday, "and have just completed the deal. I have bought the stock for my own account. Further than that I will not say."

ONTARIO MAN SHOT.

Acheson, a Brakeman, Murdered by Hold-up Man.

Vancouver, B.C., Nov. 6.—Charles Acheson, a railway brakeman, was killed at Kamloops Sunday night by a revolver shot from an unknown hold-up man. Acheson's parents live at Edgely, Ont.

FLEES TO WED.

Convict Was Captured and Returns to Jail.

Chicago, Nov. 6.—Elmer Lewis, an escaped federal prisoner, who crawled five blocks through a fifteen-inch iron sewer pipe to get free and be married, has started back to Fort Leavenworth penitentiary in care of detectives, after having been taken from his bride, from whom he had concealed his criminal career.

Lewis was serving an eight years' sentence for blowing open the safe in a Washington (D.C.) postal sub-station. He was once a pugilist, having fought as a middle-weight under the name of "Kid" Meyers. He is said to have shot and killed a policeman in Baltimore several years ago.

Lewis got out of the prison by hiding in a catch basin. He made his way into the sewer pipe and for several days his mode of escape was not discovered. He was married in Chicago under the name of Gaughan. His bride fainted when she learned that he was a convict. Lewis had served four years of his sentence.

A JILDED LOVER

He Ruined Finery of Girl Who Wedded Another.

Sterling, Ill., Nov. 6.—Almond Frick is in jail on a warrant sworn out by Genevieve Reilly, his former sweetheart. The particular offense with which Frick is charged is that of stealing his former fiancée's wedding trousseau and destroying it by sprinkling it plentifully with indelible ink. Reilly and Frick were sweethearts for years, until a few months ago, when Elwood Macomber arrived from Chicago and entered business. He met Miss Reilly and their friendship soon ripened into love. Reilly gave up her former sweetheart.

Frick is said to have entered the Reilly residence, stolen the entire wedding outfit, and taken them to his home, where he bespattered them with indelible ink, after which he threw them back into the Reilly yard. The wedding took place, although the bride was attired in a borrowed gown.

A WOMAN FORGETS HER HUSBAND'S NAME

Philadelphian, 65, Married to Man, 33, Unable to Tell Surrogate Identity.

Philadelphia, Nov. 6.—Mrs. Ellen Huber, aged 65, has forgotten the name of her 33-year-old husband, whom she married two weeks ago, much against the wishes of her four children.

So bitter was the opposition that her children insisted that she transfer her property, consisting of several nice farms in New Jersey, to them. She finally consented and went to the office of the surrogate in Woodbury to record the transfer. So bewildered was Mrs. Huber that she was unable to tell the name of her husband.

The surrogate was in a quandary, but he finally, by means of the long distance telephone, ascertained that the husband is Alfonso Gluck, a baker, of Williamstown, N. J.

SHORTAGE IN CARS.

May Result Seriously to Potato Crop in Dakota.

Chicago, Nov. 6.—Railroads are responding to the Inter-State Commerce commission's demand that something be done to avert a serious threatened car shortage. Northwestern lines reported difficulty in getting refrigerator cars to handle the potato crop and declared that their cars were returned to them very slowly.

The shortage of cars on the different railroad lines in Minnesota and North and South Dakota may result seriously to the bumper potato crop, which must be removed by a steady weather sets in. Three thousand cars are needed to ship the potatoes ready for the market in the northwestern states.

"STRONGEST MAN" IS DYING.

Louis Cyr, a French-Canadian, Made World's Records.

Montreal, Nov. 6.—Louis Cyr, once known as the strongest man in the world, is dying at the home of his son-in-law, Dr. Amont, in this city. Cyr was born at St. Cyrpin, Quebec, forty-nine years ago. He started his career in 1862, and in 1891 the millionaire New York sportsman and publisher, Richard Fox, took him under his management and produced him in all the European capitals.

In London Cyr established a then unequalled record by lifting with his shoulders a platform bearing a weight of 3,855 pounds. In 1895 he beat his own record in Boston by lifting a platform carrying eighteen men, weighing in all 4,200 pounds.

Cyr retired from the stage in 1901, after having given exhibitions all over America.

No Liberal to Run.

Montreal, Nov. 6.—Sir Wilfrid Laurier has written to Severis La Tourneau, the liberal organizer in Hochelaga, advising him not to run a candidate against Hon. Louis Gouin, the new secretary of state. Sir Wilfrid said it would be inadvisable to do anything until the naval policy was known. Sir Wilfrid's advice will likely be taken.

Will of Mrs. Clara Barton.

Worcester, Mass., Nov. 6.—Written in last pencil, the will of Mrs. Clara Barton, founder of the Red Cross, was filed in the probate court here. An estate valued at \$200,000 is to be divided among relatives. Mrs. Barton named a committee to write her biography.

CHINAMAN HAS FAILED TO GET A CLERGYMAN TO MARRY HIM

To a Kingston White Girl—Rev. John Webster Said He Would Have to First See the Girl's Parents.

K. F. Sam, proprietor of the Division street Chinese laundry, called on Rev. John Webster at his home on Wednesday morning, and asked the pastor if he would marry him to a white girl, who has been keeping company with him for some time. The celestial's visit proved fruitless, as the pastor stated he would not marry him unless the parents of the girl were willing and he would give to see them before he could give him an answer.

A few days ago the celestial went to a place to procure a marriage license and, as he was not sure that he could be married, he had the proprietor telephone Rev. T. W. Neal, but the pastor refused, and so the celestial thought that he had better try another minister. It is believed that the minister will marry the couple, as some people who know the girl, state that she is under age.

The celestial in question is a former restaurant keeper having for sometime kept a restaurant on Wellington street, and gave up that business to go into the laundry business, at which he is doing well. For some little time the girl has been working in the laundry.

Later—the celestial secured a marriage license from R. J. Rodgers' office on King street. At first he presented a note from the girl's father who consented to the wedding. He was refused a license on this document, but when the father of the girl returned with the license was issued. Rev. John Webster was interviewed by the mother of the girl, who objected to her daughter's marriage, saying that she was under age. Mr. Webster told the Whig that he would not marry the couple.

Eganville, Nov. 6.—Miss Martha Cybulskie, a domestic in the home of Mrs. M. Maloney, was very seriously burned on Saturday evening. Before retiring the maid went down to look at the furnace, and put some wood on the coal. Not burning rapidly enough she threw some coal oil on and an explosion instantly followed, setting fire to the girl's clothes. Mrs. Maloney, with great presence of mind, wrapped her in an overcoat, extinguishing the flames, but not before the girl was terribly burned on the arms, neck and breast. Doctors Reeves and Galligan were on the scene almost immediately and dressed the burns. Miss Cybulskie is still in a very precarious condition.

ACTIONS FOR DIVORCE PASS ALL RECORDS

Dominion Cabinet has its Legislation for Coming Session Well Under Way.

Ottawa, Nov. 6.—With the date for the opening of the session drawing near the cabinet is rapidly preparing its legislation and government measures promise to be in such a shape that there will be little delay.

The important measures at least will be introduced shortly after the opening. The most important, of course, is the naval bill which overshadows everything else this coming session.

The Bank Act is now being finally revised and along with it a bill or the regulation of private banks. Present indications are that private legislation will not be very heavy. An exception, however, is the divorce cases which number 39 so far, and pass all records.

THE EMERGENCY BRAKES ON HIGH COST OF LIVING

Will Likely be Used by Woodrow Wilson

TO TAKE OFF DUTIES FROM CANADIAN PRODUCTS IS DEMOCRATIC PLAN.

It Will be No Humiliation to United States to do That if It Will Tend to Lessen the Cost of Living.

Washington, Nov. 6.—Will- President Woodrow Wilson put the emergency brakes on the high cost of living problem in the United States by an early application of free trade for the promotion of Canadian farms and some manufacturers, irrespective of Canada's reciprocating.

It is the opinion of prominent fiscal experts attached to the government departments that he will and this feeling is backed up by the fact that a strongly democratic congress will be overwhelmingly free trade. During the campaign Wilson and his supporters have avoided discussing Canadian reciprocity, fearing antagonizing the United States farmers, it is known here, however, that many leading democrats in the new government will consider it no humiliation to the United States to take the duties off Canadian products, if it will tend to lessen the cost of living.

London, New York and Canadian stock markets, seemingly relieved of the uncertainty of the United States election, displayed unusual buoyancy, although the democrats were never considered great favorites of invested capital.

A Canadian Elected.

Passaic, N. J., Nov. 6.—Robert G. Brenner, formerly of Dufferin county, Ontario, was elected to Congress from New Jersey by an unprecedented majority. His victory is all the more astonishing because the last republican legislative representative of the district so that it was supposed to be safely republican by over five thousand votes. Mr. Brenner is one of Governor Wilson's closest personal friends and one of his most trusted political advisers. Governor Wilson re-elected the last night of the campaign to speak for Brenner.

Election Notes.

In 1904 the electoral vote for Roosevelt, which was then the largest record, was 212. President Taft's electoral vote in 1908 was 221 and Bryan's 162.

A suggestion that probably will not be answered for several days is: "Who will control the United States senate after March 1913?" It is probable that the Democratic landslide of yesterday following that of two years ago will give the democrats control of the senate as well as of the house of representatives, but this is by no means certain.

May Hasten Terms.

Princeton, N.J., Nov. 6.—President-elect Wilson, to-day, dictated a short message to the newspapers in which he intimated that no man whose business is conducted in a free and open competition need fear interference from the coming administration. From this it is thought that Dr. Wilson will get after the trusts as they have never been got after up-to-date.

Xaver Scharwenka.

Scharwenka is one of the few great living pianists who have contributed valuable additions to musical literature. His open "Matawintha" has been successfully performed in Berlin, Weimar and New York. It is a composition for the piano that Scharwenka most interests us. Aside from numerous smaller works for the instrument he has written four piano concertos, and his performance of No. 4 in E minor, Op. 82, will be one of the distinctive features of his forthcoming tour and, indeed, of the musical season of 1912-13; for the appearance of such a famous artist and marked personality as Xaver Scharwenka, cannot fail to interest all lovers of piano music. He will play in Kingston Monday evening. Plan at Uglow's.

A number of the ladies of Cooke's Presbyterian church gathered at the home of Mrs. M. Claxton, Aberdeen street, on Tuesday evening and took steps to provide gowns and mortar boards for the choir. THE POWERS REFUSE APPEAL OF TURKEY

For Mediation in Balkan War—Public Opinion Favors Division of Territory.

London, Nov. 6.—Foreign is giving attention to the diplomatic situation arising from the hostilities in the Balkans. Although all the powers have not yet replied to Turkey's appeal for mediation, it is known that it has nowhere received a very warm reception.

A more definite request from Turkey to the Powers to put an end to the war which she is expected to make in view of the French reply to her first application is likely to receive more consideration. Even then, however, the powers will be unable to overlook the oft-repeated demand by the allied Balkan nations that
