

UGLOW'S

THE QUITTER

When you're lost in the wild, and you're scared as a child, and death looks you bang in the eye, And you're sore as a boil, it's according to Hoyle, to cock your revolver and die.

But the Code of a Man says: "Fight all you can," and self-discipline is barred.

Buck up! do your damndest and fight. It's the plugging away that will win you the day, So don't be a piker, old pard!

Just draw on your grit; it's so easy to quit. It's the keepin'-your-chin-up that's hard.

DOING A GRAND WORK

GOOD RESULTS ACCOMPLISHED BY SCHOOL NURSE.

Reports Adopted by the Board of Education—Inspector Stuart on Excessive Enrollment in Grade Classes.

At the meeting of the Board of Education, on Thursday night, reports were presented by the Management and Property committee, and with the exception of one clause, in the report of the Management committee, both were adopted. The Management committee asked that Principal Hoffer, of Victoria school, be given permission to leave his class each day, at noon, during the January-Kaster term, to attend classes at Queen's University, his class in the afternoon to be taken by Mr. Maxwell, the latter to be paid by Principal Hoffer.

On motion of Trustee Meek, this recommendation was referred back to committee. Trustee Meek objected to the clause on the ground that it was not right for the principal to neglect his class, and he was backed up by Trustees Elliott, Lambert, Peters and Lockett. Trustee McLean, chairman of the Management committee, said his committee favored granting the request, and gave it as his opinion that there was nothing to be gained by sending the class back to committee, but the board ruled otherwise. The Management committee's report also recommended:

That the resignation of Miss Elva Greenless as kindergarten director be accepted. That Miss Laura Mills be appointed kindergarten director for Macdonald school, under the rules and regulations of the board, her duties to begin after the Christmas holidays, when, as per decision of the Board, a new Part I class will be opened. That the Central school be used for practice purposes by the teachers in training at the Model school. The committee recommended—that paper towels and soap be placed in each of the schools for the use of pupils. The cost of the towels will be about \$12 per dozen rolls of 500 towels each. Inspector Stuart waited on your committee and advised that these articles be furnished so that emergency cases could be dealt with without it being necessary for pupils to leave the buildings. That an eight-drawer cabinet be purchased for the office of the public school inspector. That the teacher J. G. Edinger, for blinds for the class-room windows of Macdonald school being the lowest be accepted. The figure is \$1.55 per window.

Trustee Macnee was unable to be present, and his report of the Property committee was presented by Trustee Lockett. A communication was received from R. F. Greenless, asking for an increase in salary. He advocated fixing the salary of the principal of the public schools at \$1,400. A request was also received from J. E. Edinger, for an increase in salary. Both requests will be dealt with by committee.

Inspector J. R. Stuart submitted a report, bringing to the notice of the board, the excessive enrollment per teacher in the grade classes. He stated that the average attendance per teacher in the public schools of the cities of Ontario, appeared, by the most recent report, to be about thirty-five per teacher. In the Kingston grade classes, this was thirty-nine for the year 1911, forty during May last, forty-one in June, and for the last month, forty-two. These figures relate to attendance. The enrollment per teacher is, of course, larger. In eleven classes, this is from fifty to fifty-eight. If the attendance per teacher was reduced to the average of the cities of Ontario, it would be necessary to engage nine additional teachers. Recent official visitors had commented against the excessive enrollment at Victoria and Central schools. The inspector recommended that the matter of additional accommodations be considered, and that, with the exception of special cases, beginning pupils be received only at the opening of each school term, this rule, of course, not to apply to children previously registered in other schools. Enforcement of this rule would give relief in the primary classes.

The report of the inspector will be taken up by committee. Inspector Stuart reported the school attendance for October as follows: Total enrollment, 2,340; increase of 109 over a year ago; exclusive of Orphans' Home and kindergarten the number was 144 greater; average daily attendance, 2,141; increase, 204; kindergarten enrollment, 183.

The report of Principal Slites, of the Collegiate Institute, for October, was as follows: Number on roll, 411; increase, 35; average daily attendance, 386; increase, 33. It was reported that 42 non-residents were in attendance. Although the Collegiate is filled there is no marked overcrowding in any of the rooms. A report was also received from the school nurse, Jean McCallum, as follows: Pupils inspected, 890; instructions given, 107; consultations with parents, 37; home visits, 45.

After hearing the report Trustee Meek stated that he thought the report should be taken up by the management committee and commented upon when the question of the appointment of a nurse had first been taken up he had been somewhat opposed to such an appointment, but now he was of the opinion that the nurse was doing a grand work. In fact, too much could not be said in favor of the work which was being accomplished, the reason for this was considered that it was but right that the management committee should take up the matter. Citizens who were behind the board in the work could understand clearly that the work was meeting with great success and was growing from day to day.

Chairman Walker said that the suggestion of Trustee Meek was a good one. Trustee Elliott also spoke of the great value derived from medical inspection. At the recent convention of the Ontario Educational Association the matter had been taken up and at that time he had referred to the good work which was being accomplished. One great point to be considered was that of the number of days saved the children for school

attendance. The prevailing ill of children were checked by the school nurse and this resulted in a great saving of time. He considered it would be a good move to have the management committee report on the work.

The management committee will, no doubt, act on the timely suggestion.

MEETING OF TEMPLARS.

An Enjoyable Event Held on Wednesday Evening.

On Wednesday evening the Hope of Kingston lodge, I. O. G. T., moved into its new home at the Sons of England hall, where it will meet on every second and fourth Wednesday in the month. Wednesday night was given over to a birthday party given by the chief templar, Bro. E. J. Allen (Fellow of the Templars' Institute, England).

In spite of the inclement weather a fair number attended and spent a most enjoyable time. Songs were rendered by Bro. Juff, M. Bro. Morgan, secretary, and Sister Eastwell, senior V. T. A humorous recitation was given by Bro. Gilbey. Short addresses were given by Bros. Juff, Norman and Beal. Bro. Beal, L.D., in tendering a vote of thanks and good wishes to the chief templar, said that Bro. Allen had spent many years in the order and he hoped that he would be spared to spend many more in the good work.

Bro. Allen, P. T., in responding, said that while he was not quite as old as Bro. Juff, tried to make out he had spent twenty-three years in the order, and if spared hoped to spend two or three more "23's." The rest of the evening was given over to parlour games and consuming the refreshments provided by Bro. Allen.

The lodge continues to gain strength, fresh initiations taking place each week. The next meeting will be on Wednesday, November 21, in tendering a vote of thanks and good wishes to the chief templar, said that Bro. Allen had spent many years in the order and he hoped that he would be spared to spend many more in the good work.

THE BOARD OF WORKS

To Acquire Ellerbeck Street From Davidson to Union.

D. M. McIntyre, city solicitor, brought up the question of the acquiring of the section of Ellerbeck street, from Davidson to Union streets, at the meeting of the board of works on Thursday afternoon. It was explained that this section of this street, through which the street railway has been running, was the property of the Roman Catholic Episcopal corporation of the diocese of Ontario. According to agreement, the Roman Catholic corporation is willing to hand this over to the city. The board will recommend council to acquire this street. This portion of Ellerbeck street is only used by the railway, no road being run through.

The fountain, adjacent to the McRae property, at the junction of Brock and Clarence streets, again came up for consideration. Acting upon the request of N. O'Connor, the owner of the property, it was decided to move the fountain about forty feet toward Clarence street, at the last meeting of the board of works. But since, it has been discovered that the city has a 99-year lease on the ground on which it stands, 77 years of which are still to run. Will the council cancel the lease and move the fountain or leave it remain until Mr. O'Connor is ready to make renovations to the property? is the question.

A petition was received for a tile sewer on Chatham street, from Fifth to York streets. It was granted, I properly signed.

IN MARINE CIRCLES.

Movements of Vessels Recorded at This Port.

The steamship Navajo, is loading grain, at Richardson's elevator, for Montreal.

The steamship Jeska arrived, from Oswego, at Richardson's elevator, for Montreal. The Jeska had quite a rough passage over.

The schooner Britton was in port and cleared for Oswego, to load coal for Gananoque.

The steamship John Randall arrived from Montreal, and is at the Davis dry dock, undergoing some repairs.

The steamer Buena Vista loaded grain at Kingston for Washburn.

Quite a large consignment of feldspar is being shipped by rail from Kingston to Port Hope, and taken across the Susquehanna by the M.T. Co's elevator. The steamer Stormont, grain laden, from Fort Colborne, is due to arrive on Saturday, to discharge; the barge Hamilton was towed to Montreal, loaded with grain, from Port Colborne.

The steamer Majestic passed down on Friday morning.

The steamer Altha was down and up on Friday.

The steamer Simla was up, on Friday, light, from Montreal, for Port Colborne.

The steamer Egan cleared, from Swift's, with the schooner Rob Roy, on Thursday afternoon, for Creely.

WEDDING AT ELGINBURG

Of Rev. F. W. Danby and Miss Ida J. Smith.

A quiet wedding was solemnized at Elginburg, on Thursday evening, when Miss Ida J., only daughter of Charles Smith, merchant, became the bride of Rev. F. W. Danby, B.A., Methodist minister at that place. Rev. T. W. Neal, chairman of the Kingston Methodist district, officiated, the ceremony taking place at the home of the bride's father, in the presence of relatives and intimate friends of the contracting parties.

After a brief holiday in the east, and a visit at the home of the bridegroom's father, in North Augusta, Rev. and Mrs. Danby will reside in Kingston during the university term. In addition to his circuit work, Mr. Danby is studying at Queen's. Not as yet received into full connection with the Methodist church, the Montreal conference granted him permission to marry. Mr. Danby has been most successful and highly regarded in his fields of work, and a large circle of friends and acquaintances join in wishing these bright and talented young people happy and successful lives.

R.C.H.A. BAND CONCERT

IN GRAND OPERA HOUSE ON THURSDAY EVENING.

The Band Gave a Splendid Programme and Delighted the Audience—It is a Fine Musical Organization.

The first attempt of the R.C.H.A. band at an indoor concert proved a grand success, at the Grand Opera House on Thursday evening. Not only as a band but individually, the bandmen showed themselves to be real musicians. The band had been brought to a high state of perfection under the training of Bandmaster Light, who, all through the concert last evening, showed an easy control of the band and a taste in bringing out the shading of the pieces. The concert received splendid support from Miss Hazel Masie and Arthur Craig, who gave vocal selections.

The band opened with a Spanish march and gave as its second selection Wagner's overture from "Tannhauser." The audience was captivated by the excellent rendering of Schubert's "Serenade." The cornet solo in this was taken by Band Sergeant J. Huberland.

Miss Masie sang three songs, "Morning" (Oley Speaks), "Mamma's Song" (Harriet Ware), and "The Daw" (Ashford).

The second part of the programme opened with a splendid rendering of the "William Tell" overture, by Rossini. The solos in this work were taken by Corporal Berry, Bombardier Leary and Bandmaster Secker. This followed one of the best selections of the evening from Gounod's "Faust." The beautiful airs of "Once Again," "All Hail Thou Dwelling Pure and Lowly," and others followed one another beautifully, and the grand triumphal close in the "Soldiers' Chorus" was splendidly done.

Arthur Craig sang "Stand Fast," patriotic song, and was called to the footlights for an encore.

The band gave two descriptive pieces in closing, one "Home, Sweet Home," and the other a paraphrase on "You Gotta Quit Kickin' My Dawg Around."

NO BLAME IS ATTACHED

To the Kingston Post Office Regarding Delayed Letters.

Postmaster Stewart, in discussing the complaints made with regard to letters being delayed in transmission, said he was pretty sure the local office was not to blame, for the greatest care was taken here. The postmaster is quite right. The complaint did not refer to his office, whose staff is one of the best in the country. When delays do occur, it is found that the letters have gone out of here on time. The trouble is found to be in the mail service on the trains or at "the other end." Postmaster Stewart says that oftentimes letters are held up here because they bear no postage stamps. The rule is to hold such letters, and people are to blame themselves if delays occur through their own negligence in not stamping their missives.

A SPARKLING COMEDY

Will be Seen at the Grand on Saturday.

A comedy of many complications, sparkling with wholesome and unflinching merriment, by a capable company, handsomely gowned and artistically staged, in "The Arrival of Kitty," which will be seen on Saturday, November 16th, matinee and night, at the Grand. The fun is due to the fondness of "Coll Bell" for "Kitty Henderson," a vaudeville artist, who for sufficient reasons he dares not introduce in his household. Billy Brown, a college boy, learns the fact and takes advantage of it; he masquerades as Kitty, makes love, engages himself and gets everything topsy turvy.

"The Arrival of Kitty" further complicates matters and incidentally gets Billy in bad with his best girl. It all ends happily in a triple wedding. During the action of the comedy ten musical numbers are introduced.

The Bohemian Girl.

The Aborn Opera company's extraordinary production of "The Bohemian Girl" will be seen at the Grand on Wednesday, November 20. This organization is said to have a remarkable grand opera cast of principals, immense chorus, and corps de ballet, in all numbering upwards of one hundred people, besides which the Messrs. Aborn promise an elaborate and massive scenic environment which, while built from the same models as last season's productions, are entirely new. The "bigness" of this organization may best be realized when it is learned that it requires a seven-car train to transport the company, scenery and accessories. Occasional difficulty was experienced last season with local orchestras, because of fearfulness of rehearsal, to get satisfactory support. This season as the special orchestra is a part of the Aborn company, this fault is rendered impossible.

Cook's Colton Koot Compound.

The great Uterine Tonic, and only safe medicinal Monthly Regulator on which was a case record. Sold in three strengths of strength—No. 1, \$1.00; No. 2, 50 cents; No. 3, 25 cents. Sold by all druggists, or sent prepaid on receipt of price. Free pamphlet. Address: The Cook Medicine Co., Toronto, Ont. (Incorporated in England)

NAMES OF TWO BOYS

Who Broke Glass in Box Factory Secured.

The boys who are breaking the windows and causing general mischief at the plant of the Kingston Box factory, King street west, have about run the "length of the string." The firm has been put to the expense of replacing a large number of windows, which these boys have, during the evenings, for some time past, broken. It is understood that, through a little bit of "Sherlock Holmes" work, the names of two of the offenders have been secured, and trouble will follow with the reputation of the "fun" as no doubt the boys judge it. Glass was broken in the home of William Wash, next to the factory, on Thursday evening.

"Kingston the Good."

Kingston again qualified for the title of "Kingston the Good," Friday night, in all numbering upwards of one hundred people, besides which the Messrs. Aborn promise an elaborate and massive scenic environment which, while built from the same models as last season's productions, are entirely new. The "bigness" of this organization may best be realized when it is learned that it requires a seven-car train to transport the company, scenery and accessories. Occasional difficulty was experienced last season with local orchestras, because of fearfulness of rehearsal, to get satisfactory support. This season as the special orchestra is a part of the Aborn company, this fault is rendered impossible.
