"A NEW EPOCH IN LIFE INSURANCE"

to quote the Toronto Star, was inaugurated in the incorporation of the

POLICY-HOLDERS' MUTUAL LIFE INSURANCE CO.

And to quote a leading insurance expert of Ontario, "The Company is bound to be a huge success as soon as the public understands its system." This prediction is fast coming true, as the years move on. Life insurance—safe, sound and economical—is the guiding principle of the directors. Their motto: "The Policy-holder must be protected." You'll be interested in our booklet, "Just a Comparison"—free.

Policy-Holders' Mutual Life Insurance Co. HEAD OFFICE: TEMPLE BUILDING, TORONTO.

FACTS THAT MEAN MONEY

BRANDON is the Banking Centre. BRANDON is the Wholesale Centre. BRANDON is the Educational Centre. BRANDON is the Retail Centre. BRANDON is the Railway Centre. BRANDON is the Wheat Centre.

THE HALLS OF QUEEN'S WILL BE BEST EVER

ATHLETIC COMMITTEE WANTS CONTROL OF THE RINK.

And Asks the Board of Trustees to Grant it—The Students Have Found That the Rink Has Been a Very Paying Proposition.

A copy of the following resolution, formulated by the athletic committee, has been sent to each member of the finance committee of the board of trustees at Queen's:

"The athletic committee of Queen's university, supported by the unanimous opinion of the student body, as expressed in the Alma Mater Society, hereby requests the trustees to revoke the lease granted for the skating rink. The students are unanimously of the opinion that the athletic committee should have control of the rink this year, if possible, in accordance with the agreement made between the athletic committee and the finance committee last spring. The students can see no reason why this agreement should not have been carried out. Owing to the nearness of the skating season the matter should be settled at once."

Information has come to light that the gross earnings of the rink last year amounted to \$7,500, with a net profit of \$4,000, which proves that the rink would be a valuable asset to the university, especially as a means of paying off the \$14,000 debt on the gymnasium and of affording revenue to improve the athletic grounds, \$4,000 being required for that purpose.

Reorganization meetings of both the French and German clubs were held recently and the programme outlined for the season. The aim of the clubs is to cultivate a taste for and facility in the "foster mother tongue" and to supplement the modern language courses.

The programme committee of the French class includes Miss Price, Miss Sinclair, Mr. Shaw and Mr. Weber (convenor). That of the German club comprises the following: Miss Stocks, Miss Goodwin, Miss Chown, Messrs. Girdler, Rielly and Weber (convenor).

At the Arts Society meeting, on Tuesday afternoon, a communication was received from Guy McFarlane, resigning from the office of captain of the arts faculty rugby team, owing to the fact that he was disqualified, by having played on the first rugby team.

The Arts Dinner committee was appointed. The convenors are: Invitation, Mr. Pilgrim; reception, S. Rutledge; dinner, Mr. Willis; decoration, D. Chown; programme, J. W. Forder.

It was decided to have an arts dance after the New Year. S. Rutledge was appointed as general convenor and was given power to choose other sub-convenors to work with him.

The monitor of the arts reading room was granted an increase of \$15, making his salary \$50 per annum.

Arts '15 defeated arts '16 in an interesting game of rugby in the match series, on Tuesday afternoon, on the lower campus, by a score of 15 to 2. The half time score was 8 to 0 for '15. Mackenzie and White starred for '15, and Elliott for '16. Referee Pound and Umpire Burkett handled the game impartially.

Mr. Lee, arts '15, has returned to college, to resume his studies in arts. He spent the summer on a mission field in the west.

Prof. Jordan delivered another of his lectures to the class in Bible study, on Tuesday, at 4 p.m. The subject taken was "Cain and Abel."

Prof. Gwillim gave a most interesting lecture on the subject, "Some Aspects of Nature," to the Philosophical Society, on Monday, at 5 p.m.

The medical dance committee held its final meeting last night, to settle the accounts and prepare its report for the Aesculapian Society, as well as receive the reports from the different committees. From all indications the dance was financially a success and credit is due to G. N. Urie and the committee for the able way in which the affair was managed.

The McEment cup, the object for which all the much-talked of games in association football have been played, is in view in the secretary of athletic's office. The cup, presented by Professor McEment, is a very neat and pretty, composed of a wide ebony base for the winner's shields and a silver cup of classic style having engraved on its side the seal of the university, inscribed "Queen's University Inter-faculty Association Football."

The gymnasium at the college is greatly appreciated by the students this year and the voluntary classes well attended. However, the old trouble of insufficient locker accommodation is preventing many from attending and although last year a number of lockers were added and this year fifteen more still there is a demand. The lockers which are usually intended for one student in many cases are used by three students.

Lectures in materia medica have been discontinued until Dr. Ross returns from Toronto.

AN ODD ACCIDENT.

Mishap to a Headlight Delayed a Train.

A rather odd accident occurred while the Bay of Quinte train was pulling out of the local yards, on Tuesday afternoon. Just as the train reached the Queen street crossing, something went wrong with the headlight and it blazed furiously, evidently caused by a leak. The train was stopped, and one of the trainmen secured a pall of water, and threw it upon the headlight, extinguishing the blaze. Then the train proceeded on its way.

Delicious candy, home-made cakes, specialties in fancy work. All at attractive prices. Tea and sales. Sydenham street Methodist church, Tuesday, 3.30 p.m.

BIG CONVENTION OF DAIRYMEN HERE IN JANUARY.

T. A. Thompson, Secretary, Arranging for Annual Gathering Eastern Ontario Dairymen's Association—Meetings Will be Held in City Hall—Several Hundred Delegates Expected.

T. A. Thompson, of Almonte, secretary of the Eastern Ontario Dairymen's Association, is in the city, making arrangements for the annual convention of this association, which will be held in Kingston on Jan. 8th, 9th and 10th. He was met by Joseph McGrath, one of the directors of the association, and a leading member of the Frontenac cheese board.

"We expect the convention here in January will be the best in the history of the association," said Mr. Thompson, to a representative of the Whig. Mr. Thompson is busily engaged in arranging the programme for the meetings. Some of the best speakers on the dairy question will be present, and the sessions will be of great value to all engaged in the dairy business.

Arrangements have been made for the meetings to be held in the city hall and the delegates will be welcomed by the mayor. It is expected that several hundred delegates will be attracted to the city.

The dairymen of this district have been trying for some years to get this convention for Kingston. Every year there is keen competition for it but this year a strong deputation, headed by Mayor Hoag, attended the meeting of the executive of the association held in Toronto, in September last, and succeeded in landing the convention. Mayor Hoag had with him on the deputation Anthony Rankin, M.P.P., Frontenac county, G. G. Publow, chief dairy instructor, and Joseph McGrath.

The deputation able put forth the claims of Kingston and the surrounding district, with the result that the invitation extended to the association to convene here was accepted.

Endorses Hallock Theory.

Mme. Mary Hallock, who plays at the Grand Opera House Monday, November 25th, must be reckoned among the greatest of her calling. Her playing is pronouncedly individual and in it her Oriental ancestry is clearly revealed for it is intinct with poetry and warmth, and characterized by a remarkable psychic power.

The pianiste has also gained fame by her various writings on musical and verbal rhythm.

No less an authority than the American Medicine Magazine says: "A new and interesting dependence of the rhythm of human and animal life upon the physiologic pulse has been suggested by Mary Hallock, the Philadelphia pianiste. Music is an almost perfect illustration of the direct creative effort of the human brain, and Mme. Hallock has opened up a valuable field of study."

The performer's explanations of her programme are so simple that listeners are hardly conscious of the fact that they are hearing a philosophy which required years of concentration and hard work to evolve. Plan open at the box office Thursday morning, November 21st.

Preacher "Quarried Out."

Rev. John Webster, pastor of Brook Street Methodist church, made amusing reference to his boyhood home and early religious instruction, in Princess Street Methodist church, on Tuesday evening. He said, in part, that he would like to see the early Methodist preachers, who travelled in the saddle and ministered to his community when he was a youth. He believed that if he had not been a Methodist he would have been a heathen, because there were no other preachers in that part of the country. He declared that a number of lawyers and doctors had been "quarried out" of that part of the country, but more preachers than any others have been the fruits of the quarry operations.

WHEN YOUR CHILD GETS CONSTIPATED

Cleanse It's Little Stomach, Liver and Bowels With "Syrup of Figs."

Look at the tongue, mother! If coated, it's a sure sign that your little one's insides, the stomach, liver and thirty feet of bowels are clogged up with putrifying waste matter and need a gentle, thorough cleansing at once.

When your child is listless, drooping, pale, doesn't sleep soundly, or eats heartily or is cross, irritable, feverish, stomach sour, breath bad; has stomach-ache, diarrhoea, sore throat, or is full of cold, give a few hours, all the foul, constipated waste, undigested food and sour bile teaspoonful of Syrup of Figs, and it will gently move on and get of its little bowels without nausea, griping or weakness, and you surely will have a well, happy and smiling child again shortly.

With Syrup of Figs you are not dragging your children, being composed entirely of luscious figs, senna and aromatics it cannot be harmful, besides they dearly love its delicious taste.

Mothers should always keep Syrup of Figs handy. It is the only stomach, liver and bowel cleanser and regulator needed. A little given to-morrow will save a sick child to-morrow.

Full directions for children of all ages and for grown-ups plainly printed on the package.

Ask your druggist for the full name, "Syrup of Figs and Elixir of Senna," prepared by the California Fig Syrup Co. This is the delicious, soothing, reliable. Refuse anything else offered.

WOULD DRIVE THE TURKS

Out of Europe—View of Rev. Dr. Ryckman.

Rev. Dr. Ryckman, Sydenham street, takes a keen interest in the topics of the day, as he displayed, when speaking at the thanksgiving supper at Princess Street Methodist church, on Tuesday evening. And, of course, through the newspapers, he follows what is of most striking interest—the war in the east.

The venerable preacher declared, during his address, that he hopes with all his heart that the allied powers will drive the Turks from European soil. In spite of the terrors and ravages of war, he was glad these powers—Bulgaria, Serbia, Montenegro and Greece—had at last taken up arms to gain their liberty.

The doctor has travelled in these countries and conversed with the people. In every domain where Turkey holds sway, he has found general dissatisfaction and the same oppression of the poor. The speakers cited many examples of the tyranny of the Turks, displaying a vast grasp of conditions. He declared, in almost every case where he had enquired, the remedy for the conditions, the answer was that some power should intervene, and that—Great Britain. The doctor said the British rule and transformation in Egypt was an object lesson to the east. He believed that Constantinople will be the only possession, in the end, retained by the Turks.

TO ESTABLISH A BRANCH

Of the Seventh Day Adventists in Kingston.

From the meetings of the Seventh Day Adventists, this past summer, in the tent on the lot at the corner of Princess and Frontenac streets, has developed what is expected the formation of a congregation of this sect in the city. Elder Johnston is the preacher and chief mover, and he told the Whig, on Tuesday, that it was his purpose to establish a branch of his church here.

It will be remembered that some of the ministers and people, especially in the vicinity of Williamsville, were, at the time of the tent meetings, greatly disturbed regarding some of the elder's utterances, and one of the officials of the Lord's Day Alliance, of Toronto, was, one Sunday evening, implicated. But gradually the "storm" subsided, and after some weeks' meetings the tent was removed. Since that time the Adventists have been gathering in a hall over Sargent's drug store, Princess street.

Have Gone to Toronto.

The Bishop of Ontario, accompanied by Mrs. Lennox Mills, left, to-day, for Toronto, where he will attend the corporation meeting of Trinity College, and at the meeting of the Literary committee, in connection with the revision of the prayer book.

Weather Notes.

Pressure is now lowest over Manitoba, and highest in the North Pacific states. Fine weather prevails generally in Canada with the temperature gradually everywhere much above the seasonal average.

GRAND OPERA HOUSE.

"The Bohemian Girl" the Bill for Wednesday Evening.

It is said that the most sensational success of last season was scored by the Bohemian Girl, in its modernized version of Balfe's opera, "The Bohemian Girl," which is under production at the Grand Theatre.

The beauties of the ballads, for which the opera is justly famous, should be, and were for nearly seventy years, sufficient to keep it in high favor with all music lovers, but Milton and Sargent Abor thought that new charm could be added to it, without slighting the music in the least, advantage could be taken of the splendid opportunity offered by Balfe's work for spectacular treatment. With this purpose in view they engaged Edward P. Temple, who staged all the Hippodrome shows for the first three seasons of its career, and his genius was never better shown than in the realistic touches he has given to this production of "The Bohemian Girl," so it is claimed.

Irish Comedy Drama.

One of the prettiest stage pictures ever produced will be seen at the Grand on Saturday, November 23rd, matinee and night, when Bernard Daly appears in his popular Irish comedy drama, "Dion O'Dare."

The scene represents the exterior of Dion's home, with the mountains in the background. It is just twilight and little Gillie, a waif, that has been adopted by Dion, begs for one song before bedtime. Dion finally puts her up on a log-saw, and, sitting there with the moonlight breaking over the hills, sings the little one to sleep. It invariably brings forth round after round of applause.

Mr. Daly will render many popular songs during the action of the play, among which are, "Many Years Ago," "Rose Scramble," "See-Saw," "Call of the Wind," "Macaulay," and the latest composition, entitled, "The Road of Yesterday" and "Love is Like a Steady Ski."

Electric Restorer for Men

For sale at Mahood's drug store.

IDENTIFIED THREE MEN

Who Committed Assault on Him Monday Night.

On Tuesday afternoon, Robert Fulton, the young batteryman, who was assaulted on King street, Wednesday night, identified three men who attacked him, and to-day he had his police issue a summons against each one. The case will be heard in a few days, possibly on Friday.

Further particulars in regard to the case were learned to-day. It appears that one of the men who committed the assault, was acquainted with the young lady, Fulton accompanied home, and that he stepped up to her and wanted to escort her to her home, earlier in the evening, but was refused. Fulton was on Princess street on Tuesday afternoon, and identified the men. It is understood that the three do not deny being in the mix-up, but claim that they had no intention of doing any harm to Fulton.

Father Meehan Promoted.

Rev. Father J. A. Meehan, the popular curate of St. Michael's church, Belleville, has been promoted to the parish of Morrisburg, Ont., and will take up his new duties on the first Sunday in December. Rev. Father J. J. Keeley will be his successor at Belleville.
