We are selling a big range of

Winter Coats at Half Price.

R. WALDRON

SKIPS WERE ELECTED THE SUM OF \$2,337.48

AT A MEETING OF THE KINGSTON CURLING CLUB.

The Recommendations of the Committee Appointed to Devise Better Methods of Selecting Rinks to Play Foreign Matches—Limit to Membership.

At a very largely attended meeting of the Kingston Curling Club, held in the rink Tuesday evening, several very important matters were dealt with.

It was decided to fix the annual fee at \$10, instead of \$8, as in the past. The membership of the club will be limited to one hundred and fifty members, exclusive of students.

The committee appointed, to devise better methods of selecting the rinks, to play in the foreign matches, made the following report:

We recommend that ten skips be selected to play in the following foreign matches, viz.: Ontario Tankard, District Cup Central Ontario Curling league senior series, and Rockwood Tankard.

That for this season, these ten skips be selected, by the club members at the adjourned annual meeting, and the remaining skips at an adjourned meeting, to be held one week later, the skips for the foreign matches, to choose the players by the present method, during the week between the adjourned meeting.

That in future, these ten skips be selected by the skips of the previous year, at a meeting to be held between the annual meeting in October, and the adjourned meeting, which is usually held the first week in December, and that these skips choose their players before the adjourned meeting, by the present method of choosing club rinks and no member to be chosen on two rinks.

That the ten skips selected to play the foreign games constitute a club series to play for the "Whig" trophy, and that the remaining rinks be divided into a series to play for the club trophy, the players on the club trophy, to be chosen from the remaining members of the club, by the present method. The skips for the foreign matches to arrange among themselves who shall play the foreign matches.

That the skip for the junior series of the Ontario Curling league, be elected this year, and the second adjourned meeting, and that in the future, and the adjourned annual meeting, that they be selected from the skips playing for the club trophy.

The following ten skips were selected: W. B. Dalton, L. W. Gill, R. Laird, J. F. McDonald, E. Lyons, W. R. Sill, T. Sitter, E. O. Sitter, W. P. Spalding, R. D. Sutherland.

INVITED ELSEWHERE

May be That Minister May Not be Transferred.

Although there has been announcement that Rev. T. W. Neal, pastor of Sydenham Street Methodist church, will go to Toronto, next June, to the charge to which he has been called, there are doubts that the transfer can be arranged. If such should be the case, Mr. Neal could not be transferred. However, he has accepted the call, and Sydenham street church is in a position to call another pastor. It is understood that there have been other developments, and Mr. Neal has been approached by the board of the largest charge in the Montreal conference as to his occupying the pastorate, which will be vacant next year.

WILL BE DEPORTED.

Couple Who Stole Door Mats to Purchase Liquor.

Tuesday afternoon, the couple sentenced for theft, were taken to the jail. The husband will serve three months and the wife one month. After they have served their time, steps will be taken to have the couple deported. They came out from the old land, just a short time ago, and their love for strong drink has got them into a great deal of trouble. The three children are being cared for by the Children's Aid Society.

GROUND FELDSPAR.

The First Shipment Was Made From Mines at Parham.

There has just passed through Kingston, on its way from the mines at Parham, the first shipment of ground feldspar, on its way to the Ideal Manufacturing company, at Port Hope. This is the first shipment made in Canada. Among other things the ground feldspar is used in the manufacture of bath tubs. It is stated that the product promises to be a great success.

Holding Meetings.

The stock judging course conducted at Harrowsmith, on Tuesday, was very successful. A large audience was present and the discussions were productive of a great deal of information on the judging of horses and cattle. Mr. McCallum, of Brant county, led the discussion on dairy cattle, and R. B. Smith, of Columbus, Ontario county, that on horses, in the afternoon. The course will be continued at Inverary on Thursday and Friday.

May Buy British-American.

It is understood that again negotiations are pending for the acquiring of the British-American property by a company, the majority of the members of which are citizens. The purpose is the same as formerly, to raise the present building, or at least most of it, and construct a fine modern hotel. It is learned that an offer has been made for the property, and that there may be early developments.

Animated Weekly.

At the King Edward to-night and Thursday. It circles the globe. This snappy, sparkling, scintillating up-to-the-minute weekly with all the latest world happenings. Also 2,000 feet of the best drama and comedy. Usual admission.

Red Cross Cough syrup, Johnson's.

DRUNK CAUSED TROUBLE.

Wanted to Buy Tobacco in a Millinery Store.

So drunk that he could not tell a millinery store from a tobacco shop, a man got stranded in a store on Wellington street, Wednesday afternoon, and Police Constable "Nick" Timmerman had to come to the rescue, and take the man to the lock-up. He will be given a chance to explain his conduct in police court Thursday morning. The ladies in the store tried to convince the man that he was in the wrong store for his smoking tobacco, but he thought they were trying to put one over on him, and he strongly objected when asked to leave. When the law appeared on the scene, however, he had to go.

ALD. BAILEY HAS STARTED

To Canvass the City for the Mayoralty.

Alderman S. R. Bailey has started on a canvass of the city. He recognizes the wisdom of doing this. Three years ago in his aldermanic contest in Victoria ward he made a house to house canvass with good results. He is then supported by some liberal and conservative campaigners, and this accounted for his good organization. These gentlemen, he says, are with him to-day and he expects they will give a good account of themselves in the mayoralty contest.

GRAIN AND COAL

Received at Port of Kingston During the Season.

The amount of grain received at the port of Kingston during the season of 1912 was 14,108,595 bushels. Of this amount, 13,225,195 bushels went to Montreal, via the St. Lawrence. There were 173 cargoes via the Welland canal to this port. Coal received here amounted to 46,227 tons; flour, 1,026 tons; merchandise, 159 tons. There were 275 cargoes out of Kingston en route to Montreal during the season.

Vital Statistics.

The vital statistics registered with the city clerk during November were: Births, 28; marriages, 23; deaths, 21.

Dr. Ren'son, of Hamilton, who will give an address at the Laysmen's Missionary banquet at St. George's hall this evening, has arrived in the city. Peter Sherry, a widely-known Ingersoll man, died suddenly, aged sixty-five years. More than two million electrical horsepower is used throughout Colorado every day.

Fine Towelling for those wishing to make up

special towels.

John Laidlaw & Son.

What the Bishop Knew.

On one occasion when travelling along the west coast of Africa with an old skipper who had known many missionaries, but "did not see the use of them," a well-known bishop was obliged to endure a string of taunting questions, such as, "What is the length of an alligator's tongue?" "What do missionaries know, anyway?"

At last the bishop could stand it no longer. Turning to the skipper, he said:

"I know you are an expert. Can you tell me the length of an alligator's tongue?"

"Certainly," was the reply, "but it depends on the length of the alligator."

"Very well, then, say an alligator fifteen feet long. What would be the length of its tongue?"

"Three feet," was the answer.

But the bishop, who had kept alligators and watched their ways, knew better. "It is evident that you are an authority on the west coast of Africa," he said, "but it is also evident that some people see more in ten minutes than others in twenty years. Let me tell you that an alligator has no tongue."

More new books added to Laidlaw Inn library at "Gibson's."
