

THE SHAKE-UP IN THE CANADIAN MILITIA

COL. V.A.S. WILLIAMS WHO BECAME ADJUTANT GENERAL

MAJ. GEN. W.H. COTTON, NEW INSPECTOR GENERAL

MAJ. GEN. W.D. OTTER WHO RETIRES

BUILDING IN KINGSTON

YEAR NEARING A CLOSE WAS A BANNER ONE.

Up till December 1st Work Was Valued at \$635,309, an Increase of One Hundred Per Cent Over Year 1911—Amount for Month of November Reached \$83,185.

The records at the city engineer's office certainly go to show that Kingston has had a building boom this season.

It has been one of the greatest years for building in some time. The amount of building for this year, up till December 1st, shows an increase of one hundred per cent over the same period of last year, and that is certainly going some.

The figures were made known at the city hall to-day, and they show that the amount of building for the month of November of this year amounted to \$83,185, and for the same month a year ago \$13,029.

The total amount for the year 1912, up till December 1st, was \$635,309, while for the year 1911, for the same period, it was \$311,274.

This is, without doubt, one of the best signs of the progress of the city, and it means a great deal. One has only to take a walk around the city to see the improvements which have been made. New houses have been erected here and there, and the year round the noise of the hammer and saw, have been heard on all sides. A Whig representative, who made a tour of the upper end of the city, recently was greatly attracted by the number engaged in erecting houses.

The next season promises to be just as good—and perhaps it will be better. This year some of the contractors had to refuse contracts, as they were so busy they could not look after them. This fact was shown not long ago, when tenders were called for the erection of a wholesale warehouse, and it was found necessary to do the work by day labor, as all the contractors had their hands full.

He who takes his own time generally takes other people's, too. The man who can bottle up his wrath at all times is a corker.

BRIG. GEN. F.L. LESSARD, WHO WILL COMMAND AT TORONTO

The first day of December brought important changes among the senior officers of the Canadian militia. Major General W. D. Otter, C.B., chief of staff, retired after fifty years' service, while still far from the end of his career. He had earned the title of Grand Old Man of the Canadian militia service. Major General Cotton, who goes from Toronto to succeed General Otter, has been on the headquarters staff at Ottawa before Brigadier-General Lessard, who takes command at Toronto, was former adjutant-general of the Royal Canadian Dragoons in the South African war. Colonel Van Williams, who recently commanded the R.C.D., was inspector of cavalry. He becomes adjutant-general of Canada.

LULU GLASER'S AFFINITY.

Wife is Suing Actress for \$50,000 Damages.

Pittsburg, Dec. 4.—"We can prove our charge," said Rody F. Marshall, attorney for the plaintiff, in discussing the \$50,000 alienation suit brought against Lulu Glaser by Mrs. Bertha Richards, wife of Thomas Richards, Miss Glaser's partner on the vaudeville stage. "We had Miss Glaser and Richards followed. They have been under the espionage of detectives for months. My information is that Miss Glaser said to her husband, Ralph Herz: 'I am through with you. I love this man. He is my affinity.' Mrs. Richards says her husband said to her: 'I am done with you. You are a millionaire about my neck?'"

When the average man does make an honest confession he makes it in strict confidence to himself.

TWO OTHER REGIMENTS

CELEBRATE SEMI-CENTENNIAL NEXT YEAR

Along With the 14th of Kingston—They are the 15th of Belleville and the 16th of Picton.

With the 14th Regiment, P.W.O. Rifles attaining the fiftieth year of its organization in January next, at the same time other regiments in the third division reach the half century mark.

On the same date as the Kingston rifle regiment (January 16th, 1913), the 15th Regiment, Argyll Light Infantry, of Belleville, completes fifty years of organization, and the 16th Prince Edward Regiment, a month later, celebrates its semi-centennial.

In 1867, three years after the three above-mentioned regiments were organized, two rifle and five infantry regiments were organized. They were the 49th Hastings Rifles, September 14th; 41st Brockville Rifles, 40th Northumberland Regiment, 42nd Lanark and Renfrew Regiment, October 5th; 45th Victoria Regiment and 46th Durham Regiment, November 16th; and the 47th Frontenac Regiment on November 30th. The 56th Grenville Regiment, Lisgar Rifles, and the 57th Peterboro Rangers were "born" in 1867, on April 12th and May 3rd respectively. The 59th Stormont and Glengarry Regiment followed in '68, and last, but by no means least, the 63rd Regiment of Ottawa, the Duke of Cornwall's Own Regiment, was organized in 1881.

The city regiments of the division are the 32d of Ottawa, 57th of Peterboro, 15th of Belleville, 41st of Brockville, and the 14th of Kingston. The rural infantry corps are the 18th, with company headquarters at Picton, Black River Bridge, Allisonville, Rosemore, Northport, Wellington, Bloomfield; the 40th, with company headquarters at Cobourg, Campbellford, Brighton, Norwood, Grafton, Colborne, Castleton; the 42nd, with company headquarters at Almonte, Carleton Place, Perth, Smith's Falls, Renfrew, Pembroke, Lanark, Balderston; the 45th, with company headquarters at Cameron, Lindsay, Omenes, Norland, Tory Hill, Woodville, Bobcaygeon; the 46th, with company headquarters at Port Hope, Lakeshield, Orono, Millbrook, Barton, Campbellcroft, Janetville, Haylen; the 47th.

BREAKS A COLD NEEDS NO HELP

Pape's Cold Compound Cures Colds and Grippe in a Few Hours—Tastes Nice—Acts Gently.

It is a positive fact that a dose of Pape's Cold Compound, taken every two hours until three consecutive doses are taken, will end the Grippe and break up the most severe cold, either in the head, chest, back, stomach, limbs, or any part of the body.

It promptly relieves the most miserable headache, dullness, head and nose stuffed up, feverishness, sneezing, sore throat, running of the nose, mucous, catarrhal discharges, sore, stiff and rheumatic twinges. Take this wonderful Compound as directed, with the knowledge that there is nothing else in the world which will cure your cold or end Grippe misery as promptly and without any other assistance or bad after effects as a 25c. package of Pape's Cold Compound, which any druggist can supply—except no substitute—contains no quinine. Belongs in every home. Tastes nice—acts gently.

with company headquarters at Inverary, Sydneyham, Fermoy, Napanee, Verona, Tamworth, Odessa, Arden; the 39th, with company headquarters at Cornwall, Morrisburg, Alexandria, Finch, Osnabrock Centre, Williams-town, Lancaster and Maxwell.

There are two rural rifle corps, namely, the 49th, with company headquarters at Belleville, Stirling, St. Peter, Tyendinaga, Trenton, Bancroft, Marmora, and the 56th, with company headquarters at Prescott, Merrickville, Metcalfe, Lynn, Kempsville, Spencerville, Algonquin.

Whether these corps will in some way mark their semi-centennial, as the 14th has planned to do, is not known.

FACE DISTORTED BY FEAR.

Finding of Body of Wealthy Young Englishwoman.

New Quay, Wales, Dec. 4.—Authorities here declared yesterday that events have gone far towards clearing up the mystery surrounding the death of Mrs. Sidney Nowell, thirty-four, the handsome wife of a Sheffield manufacturer, who disappeared from the Atlantic Hotel here Nov. 23rd.

Curiously in accordance with the Cornish tradition that a drowned body rises on the ninth day, two fishermen at low tide yesterday discovered the body in a cove at the bottom of a cliff. Mrs. Nowell's disappearance was followed in dramatic manner by the suicide of James A. Delay, retired solicitor, and admirer of the woman.

The theory that she was accidentally drowned seems to have been shattered. Her face was distorted with fear and there were many indications of a struggle.

The mystery as to why Mr. Delay committed suicide, or why Mrs. Nowell died has not been declared. The theory of suicide in the woman's case is not believed from the position of the place where the body was found.

KINGSTON PAPER BOX CO.

Referred to by the Paper Trade Journal, New York.

The Paper Trade Journal, of New York and Chicago, in its November issue, has the following kind reference to a local industry:

"The Kingston Paper Box company, a comparatively new industry, situated at the junction of Lake Ontario and River St. Lawrence, has been taken over by the British Whig Paper company. At the present time the company has fifty hands employed, under the charge of J. G. Brown, a paper-maker of wide experience, and who holds patents on a folding box. All designs and sizes of boxes are being turned out in the heaviest and largest local trade, and to meet orders from all parts of Canada. It is expected that one hundred hands will be engaged by the beginning of the New Year."

MOUNTED POLICE SALARIES.

Premier Has Given Notice of Resolution for Increase.

Ottawa, Dec. 4.—Premier Borden has given notice of a government resolution providing for an increase in pay by twenty-five cents per day to Royal Northwest Mounted Police constables, and also for general increases to superintendents, inspectors and other members of the force. The new rate of pay for constables will be \$1.25 per diem. Further provision is made for special constables and scouts, or plain clothes men, at a salary of \$2.50 per day. These will constitute a new branch of the force.

Miss Phyllis Welch's Success.

The Little Minister, the organ of the Windsor Avenue Congregational church, Hartford, Conn., in a recent issue, has the following reference: "Miss Phyllis Welch, who has won a reputation as an elocutionist of merit in Hartford, presented the play, 'Sweethearts,' in Hilby's hall, on Friday evening, November 5th, for the benefit of the ladies' auxiliary. Miss Welch, with marked histrionic ability, charmed her audience."

Miss Welch was formerly of Kingston, a daughter of Mrs. Flood Welch, at one time well-known pianist of Kingston. She moved to Hartford about three years ago.

Pensioned; Dies Next Day.

Mount Holly, N. J., Dec. 4.—Having reached the age limit of seventy years, Joseph Grooms, for many years fireman at the busy Washington street crossing of the Pennsylvania railroad here, was retired and placed on the pension list.

The next afternoon the old man tripped at the head of the stairs in his home in King street, and plunging to the bottom, broke his neck. He was dead when picked up.

In the years of his watchful care of the railroad crossing Grooms had saved many lives and averted many serious accidents.

Many a man who howls for justice would probably try to sneak up an alley if he saw it coming.

THE SPORT REVIEW

'T WAS A SLUGGING GAME AND NOT RUGBY.

What the Toronto News Says the R.M.C. Cadets Were Up Against in Hamilton—Notes on Rugby and Hockey.

A staff correspondent of the Toronto News, who witnessed the R.M.C. Rough Rider game in Hamilton, last Saturday, writes:

During the first half of the game the play was very even and the Royal Military College looked a good deal the best on account of their pretty passing game behind the line, which netted them two touch-downs, and Barron's good booting added six single points. Rough Riders were putting up a hard battle and Manson's kicking, with muffs by McAuley, on the R.M.C. back division, kept the game close, but when the teams came off the field at half-time, with the score 16 to 15 in favor of the Cadets, they easily looked the best team.

Just at half-time a frog-for-all took place, in which nearly all the players, three or four reserve men, and a few spectators, joined in, and for a while it was feared that the game would not be finished. The Rough Riders, or "Ruff-necks," as their chief rooters in the stand called them, had handed out many a punch during the half, and after the R.M.C. scored a touch-down one of the Rough Riders took a punch at the man on the ground, and in a minute they were all at it. Whether it was the effect of the fight or the rough usage during the first half, but the Rough Riders simply swamped the Cadets on the defensive all through. A couple of bad muffs by McAuley gave the Hamilton team two more touch-downs and R.M.C. never had a chance.

Roberts, of R.M.C., had his shoulder dislocated in the first quarter and the brand of football put up by the Rough Riders did not spare men, and their credit even if they did "punch out a victory." They used their fists on the Cadets at all times and it was nothing to see a man knocked out after he had booted the ball. Myles, at inside wing for the Rough Riders, should be in a prize ring, as a football field is no place for him.

In Hockey Circles.

When the Pacific Coast League wants a player it simply wires and gets him. Pitic is the only one who escaped the long purse of the Patricks.

Doc Boherty, the former Renfrew man, has signified his intention of playing with the Torontos in the N. H.A.

Bruce Stuart, the well-known veteran hockey player of Ottawa, has completed arrangements whereby he will manage and probably play with the Quebec team this winter.

Frank Heffernan, who played football at Toronto in the Ontario Union, will return to Ottawa College next week. He will play hockey and football with Father Stanton's team in the Interprovincial and Intercollegiate of Ontario Union.

Percy Lesueur, the Ottawa captain, says that the N.H.A. should do something at once to strengthen the two Toronto teams. "Those men they have been signing up will never do," commented the Ottawa captain. "Why, there isn't a real top-notch-er in the bunch. The Toronto clubs should have been prepared to lose about \$10,000 each this season. They would have got it all back next year."

The Ottawa Hockey Club has issued a denial to the story that "Hamby" Shore had signed to play with the Quebecs some time ago and accepted an advance on this season's salary before the Patrick raid commenced.

Saskatoon expects to have a great amateur hockey season, says a report from that city. The professional game is dead there. At first it was expected that Saskatoon, Prince Albert, North Battleford and Old Battleford would inaugurate a "Big Four" professional league, but Prince Albert decided to go in for amateurism and Saskatoon followed.

The Patricks have evidently changed their minds about not raiding the Montreal Wanderers. They have taken Ernie Johnson to the coast. It was said that they would take players from every team in the H. A. except the Wanderers, their idea being to make a one-team race of the National association.

At the annual meeting of the New Edinburgh Hockey club, Ottawa, it was decided not to press their case for the Allan cup. "As a rule, but to insist on a single season of games in the Ottawa section of the Interprovincial union, and to challenge again in the spring if successful in retaining the championship of the east."

Rugby Notes.

Ottawa Citizen: Look out for Queen's next year. "Tut" Leckie will be with the Presbyterian university again.

Games will join the Hamilton Alerts when his Toronto university days are over. The new champions may get back at the O. R. F. U. by resigning now.

Toronto Telegram: The Cadets attribute their defeat to the fact that they had not had a game in a three weeks. They asked for the bye in the championship draw, but it does not seem to have proven satisfactory.

The Ottawa Citizen says: The result of the morning game at Hamilton means "good night" to Kingston's chances of placing another team in the Intercollegiate union. After that catastrophe the Cadets wouldn't draw a corporal's guard when pitted against Varsity, McGill or Queen's.

The Hamilton Rough Rider team who defeated the Cadets on Saturday are practically the same team who represented the Tiger club in 1910, when they won the junior Canadian championship.

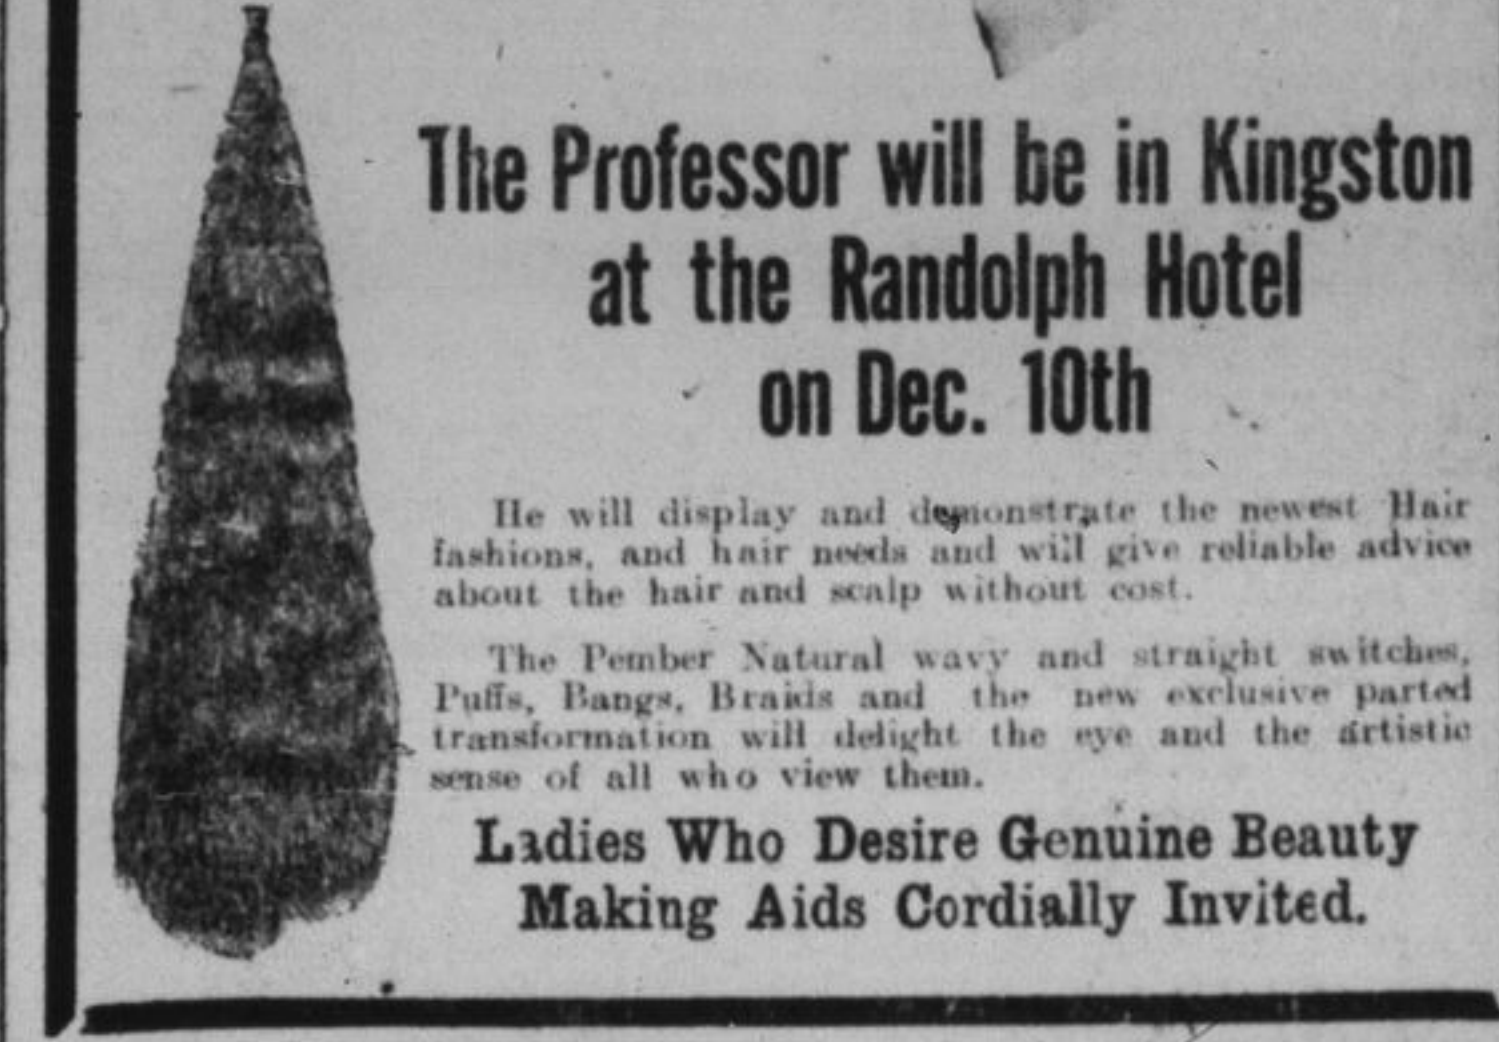

The Hamilton Alerts stand suspended by the Ontario Rugby Football union, a resolution having been passed at a recent meeting that the suspension should go into effect after the final for the Canadian championship. A motion to expel Alerts will be considered at the annual meeting on the 14th of December.

Genius finds its own road and carries its own carbide illuminant.

COMFORT SOAP

The Oftener You Use It—The Better You Like It. POSITIVELY the LARGEST SALE in CANADA. "IT'S ALL RIGHT" COMFORT SOAP. The Professor will be in Kingston at the Randolph Hotel on Dec. 10th. He will display and demonstrate the newest hair fashions, and hair needs and will give reliable advice about the hair and scalp without cost. The Professor Natural wavy and straight switches, Puffs, Bangs, Braids and the new exclusive parted transformation will delight the eye and the artistic sense of all who view them. Ladies Who Desire Genuine Beauty Making Aids Cordially Invited.

PEACE CELEBRATION

ONTARIO AND QUEBEC WILL ASK FEDERAL COMMISSION.

Naval Demonstration on the St. Lawrence Suggested, With International Festivities at Various Cities—Hope Expressed That King Might Come.

Toronto, Dec. 4.—The celebration of one hundred years of peace between Canada and the United States, which is to be observed next year, in both countries, promises to out-rival the Champlain tercentenary at Quebec in 1908. The deputation representing the Ontario government, consisting of Hon. James S. Duff, Hon. J. O. Reame, W. K. McNaught, M.P.P., and George H. Gooderham, M.P.P., which interviewed the Quebec government, has returned, and states that the province of Quebec will heartily co-operate with Ontario in promoting the scheme.

It was decided that a deputation representing the two governments should proceed to Ottawa on Saturday and interview the Dominion government with the view of having the celebration nation-wide on the one hand and international on the other. Following the line of the Quebec tercentenary, the federal government will be asked to appoint a commission to take charge of the entire matter and invite co-operation of the imperial government as well. It is understood that similar organization will be established in the United States, and the two bodies will work in harmony. So far as Canada is concerned, as Ontario and Quebec are the parent provinces of the dominion, and were most involved in the war of 1812, the celebration would be largely confined to eastern Canada. As at present outlined it would extend from Quebec city on the east, the ancient capital of Canada, to Niagara on the west, the capital of upper Canada at the time of the war. A naval demonstration at Quebec, participated in by the fleets of Britain and the United States, is suggested as the outstanding feature on the St. Lawrence, with another demonstration on Lake Champlain or Lake George. Military reviews and fraternal festivities between cities on the great lakes are also suggested.

MOVING PICTURE FILM.

Thomas A. Edison Was Not the Inventor. Washington, Dec. 4.—Thomas A. Edison was held not to have been the inventor of the moving picture film, by the court of appeals of the District of Columbia, which reversed a decision of a lower court in Edison's assignment against a film company of Chicago. The court held that moving picture films were neither discovered nor produced by Edison, but by a manufacturer of photographic supplies, and that Edison's work in the development of motion picture lies solely in the camera apparatus.

Warning Pan Fires Bed.

St. Louis, Dec. 4.—Grant, seven-year-old son of Judson H. Boughton, president of the National Light and Power company, awoke at 12.15 a.m. in his home to find the coverlets at the foot of the bed on fire. The child's cries aroused Boughton, who carried him downstairs, and then put on the blaze with a fire extinguisher. The fire started from an overheated electric warming pan, and the damage was \$25.

Cleveland's Baking Powder

Adds wholesomeness to the food. A plain cake, made with Cleveland's Baking Powder, is better than a pound cake costing twice as much made with an alum powder. Cleveland's Baking Powder is pure, clean and wholesome, and with less trouble and concern makes the cake lighter, sweeter, purer, more appetizing and beautiful and assuredly wholesome. Take every precaution to avoid alum baking powders, as alum in food is deleterious. They may be known by their lower price.

My goodness, you don't mean to tell me that little can costs Fifty Cents? Makes about 100 cups? Well, that's different. Let's see, that's about half a cent a cup. And you say it's in powder, and a little over half a teaspoonful stirred in a cup of hot water makes Postum instantly, and with a perfect flavour? Well, that surely would be a comfort. Oh yes, some members in most every family have stomach or nervous trouble with tea and coffee, and it's fine to have a snappy beverage like Postum that don't break down the nerves. I'm glad you brought to my attention this

INSTANT POSTUM

Thanks."
