

The Children's Christmas BOOKS FOR PRESENTS

And what is Christmas? Why, it is the happiest time of the year. It is the season of mirth and cold weather. It is the time when Christmas Boxes and jokes are given, when mistletoe and red berried laurel, and soups, and sliding, and school boys prevail; when the country is illuminated by fires and bright faces; and the town is radiant with laughing children.

A BRANCH ORGANIZED IN SPORTING CIRCLES

OF THE ST. JOHN AMBULANCE ASSOCIATION. INDOOR BASEBALL MATCH AT THE ARMOURIES.

Its Purpose is to Instruct People in the Rudiments of "First Aid"—I. W. Wheatley was Elected President.

A local branch of the St. John Ambulance Association was organized in the city on Thursday evening, and officers elected. The meeting was held in the Y.M.C.A. building, at which Mayor Hoag presided, and was attended by a goodly number, both ladies and gentlemen.

Colonel G. C. Jones, director general medical services, Ottawa, with Major R. J. Birdwhistell, general secretary of the Canadian branch of the association, Ottawa, were present, and with the assistance of lantern slides, explained what the association was, its aims and methods.

Colonel Jones showed a picture of the association's headquarters at London, Eng. The origin of the association traces back to the time of the Crusades, but was founded in 1877 by the Order of the Hospital of St. John of Jerusalem in England, and the charter granted in 1888 entitles a full recognition of the St. John Ambulance Association as the ambulance department of the order.

Views were shown of accidents illustrating need and workings out of the objects of the association. Its aim is to instruct persons in the rudiments of "first aid" to the injured, in order that they may be prepared to intelligently render this aid before the time of the arrival of the doctor. Also the transportation of the sick or injured. Other objects are: The instructions of persons in the elementary principles and practice of nursing and also of hygiene and sanitation, especially in the sick room.

The manufacture and distribution of ambulance material and the formation of ambulance depots in mines, factories, and other centres of industry and traffic.

The organization of ambulance, invalid transport and nursing corps. And generally the promotion and instruction and carrying out works for the relief of the suffering, of the sick or injured in peace or war, independent of class, nationality or denomination.

The different phases of the work were pointed out: The railroad, which the C.P.R. has especially furthered; fires and accidents. St. John Ambulance Association has recently decided to take charge of public relief in case of any disaster, and the work has been developed into the handing of its graduates into brigades, of which Sir Henry Pellatt is commissioner.

A resolution endorsing the association's work and favoring the formation of a local branch was moved by E. E. Horsey, and speeches were made by Lieut.-Col. H. R. Duff, Dr. A. E. Ross, M.P.P., and others. Classes will soon be organized, with competent instructors in the different lines. It is desired that all classes of citizens shall take advantage of the opportunity to become adept in these necessary lines. A. W. Wheatley, general manager of the Canadian Locomotive company, who was elected president of the local centre, has shown his sympathy in the work by offering a cup for competition of factory teams.

The officers elected were: Patron—Mayor Hoag, Colonel T. Benson, W. F. Nickle, K.C., M.P., Dr. A. E. Ross, M.P.P., J. M. Farrell, President—A. W. Wheatley, Vice-president—Miss M. Brownfield, Secretary—Dr. F. Eberington, Treasurer—George E. Hargus.

Maple Leaf Hockey Club Meets—J. T. Sutherland to Attend the O.H.A. Executive Meeting in Toronto on Monday.

The Frontenacs will have their first work-out on Friday night after the indoor baseball at the armouries. Every man who wants to be in hockey is invited to be out at this practice.

Maple Leaf Hockey Club. The Maple Leaf hockey club held its annual meeting this week and the election of officers resulted: President, C. Baiden; secretary-treasurer, J. Cruise; manager, A. Cruise; captain, S. Toland.

The boys who played in the junior juvenile hockey league last winter are anxiously waiting for a meeting to be called so as to arrange for this coming winter.

Y.M.C.A. Sporting Matters. The young men of the Y.M.C.A. are this winter going into hockey and will in all probability enter a team in the city league. A meeting is to be called for Saturday evening.

On Thursday evening an interesting game of basketball was played in the gymnasium when two of the group teams known as the Argonauts and the Boosters met, the former winning out by a score of 42 to 4.

To Attend O.H.A. Meeting. James T. Sutherland, who is in London on business, will attend the meeting of the O.H.A. executive in Toronto on Monday evening, before coming home. At this meeting the conveners will be appointed for the various districts, and arrangements made for sub-dividing the league.

IN MARINE CIRCLES. Movements of Vessels Reported Along the Harbor.

The steamer Bickerdike, arrived at Richardson's elevator, with a cargo of grain, from Fort William.

The steamer Keyport arrived from Montreal, and will be laid up for the winter.

The steamer Sowards is in port, from Bath, after discharging coal there and will clear during the day for Oswego.

The steamer Eastwood arrived from Montreal. The vessel is going into winter quarters here.

The steamer Rhodes passed on her way from Montreal to Fairhaven, to load coal for Toronto.

Capt. Alexander Potter of the steamer Robert Anellin, has returned home, from Ottawa, Capt. Potter was for some time connected with the Folger line of boats.

Capt. Charles Lawrence, Brock street, first mate on the large steamship, Western Star, is home for the winter.

Capt. Joseph Leduc, of the barge Lapwing, has laid up the barge here for the winter. Capt. Leduc is a brother of the late Capt. Leduc, who with eleven others, lost his life when the steamer Cecelia went down, on Lake St. Louis, last month. Capt. Joseph Leduc lives at Valleyfield, and left for that place, to-day.

The lake barge, Burma, of the Catin company, was docked at the shipbuilding company's dock on Thursday afternoon.

The steamer Simla, of the Calvin company, was due up from Montreal on Friday, to go into winter quarters.

BRILLIANT LECTURE
Will be Given in Grant Hall on Tuesday.

Miss Forbes-Robertson, who appears in Grant Hall on Tuesday evening, Dec. 10th, under the auspices of the Alumnae Association of Queen's University, in aid of the Women's Residence fund, is a niece of the distinguished actor of the same name, and is herself an actor of international reputation.

Appearing with her with Sir Henry Irving, she has since acted with Sir Herbert Tree, Sir Charles Wyndham and Sir John Hare besides playing Ophelia and Desdemona with Forbes-Robertson. She first came to America in 1907 with Ellen Terry. Last season she was heard in brilliant lectures on the drama, illustrated by readings from the plays discussed, and was invited twice and three times to the same city.

Miss Forbes-Robertson has a very musical and well-trained voice. In face and figure she is especially winsome and graceful, which, with her knowledge of dramatic values in pose and gesture makes her always a very interesting and striking figure.

Portland, Me., Press. The plan is now open at Uglow's.

Objects to the Treatment.
A resident of Sydenham writes regarding the statement which appeared in the Whig, on the 3rd inst., that several boys were expelled from Sydenham high school on account of bad conduct. He thinks the principal of the school dealt with the boys in a most unfair manner. The offence was minor and timely warnings should have been given if the conduct was repeated they might expect something. He also thinks that the boys were not deserving of the punishment they received, and that they were expelled on suspicion of doing things outside of school hours. He regrets that there is a reign of terror in the school.

Crossings are Terrible.
Some of the street crossings are in terrible shape. The mud is knee deep on some of them, and all day to-day doing things outside of school hours. He regrets that there is a reign of terror in the school.

SAFE REMEDY ENDS CATARRH MISERIES

Gives Instant Relief, Cures and Prevents Catarrh and Cold in the Head.

The quickest, best and safest way to cure catarrh or a cold in the head is by using a remedy that will "touch the spot" and do its work quickly without leaving any bad effects. Ely's Cream Balm, which is applied to the nostrils or rubbed on the throat or chest, gets right at the root of the trouble and instantly relieves even the worst case of catarrh or cold. A few minutes after applied you can feel a loosening up in the head, the pain and soreness are gone, the sense of taste, smell and hearing come back, and you feel like a different person.

Ely's Cream Balm cleanses, heals and strengthens the inflamed membranes, takes away that stuffed-up feeling and dull pain in the head, relieves the throat soreness and stops the nasty discharge which is the cause of the disgusting hacking, spitting, blowing of the nose, and foul breath. Hay fever victims who are made miserable by fits of sneezing, coughing and wheezing get instant and permanent relief by the use of this simple remedy.

Don't suffer another minute. Ely's Cream Balm will relieve you immediately, and a 50 cent bottle will more than likely work a complete cure. All druggists sell it. G. W. Mahood, agent.

QUEEN'S DRAMATIC CLUB.

Repeated "You Never Can Tell" on Thursday Night.

George Bernard Shaw's drama, "You Never Can Tell," was repeated, by request, on Thursday night, at the Grand, to a smaller but not less appreciative audience than that which greeted the efforts of Queen's Dramatic Club on Tuesday. This play, so full of subtle situations and meaning, was again handled with credit by the amateurs, who showed no small amount of natural ability. The parts were taken as on Tuesday night: The suffragette mother, Mrs. Clanton, Miss Cooley; her promising daughter, Gloria, Miss C. Watt; the vivacious one, Dolly, Miss B. Gilhooly; parlor maid, Miss F. Wright; the self-centred father, Ferguson Crampston, George Clark; Phil Clanton, the light-hearted son, G. B. McCallum; the modern wooper, Valentine, H. L. Spankie; Bolern A. C. the powerful pacifier, H. M. Spankie; his father, the waiter, C. A. Girdler, jr.; assistant waiter, T. L. D. Kinton; cook, T. G. Loudon.

The university orchestra supplied an excellent programme between the acts under the leadership of B. Webb.

COLONEL GOT HIS CALLS to educate the people in sanitation and hygiene.

Dr. A. E. Ross, M.P.P., took exception to Colonel Jones' statement. The member stated that with the water in as bad a condition as Dr. Maloney, the medical health officer for the district, says it is, and the back yards in as filthy a state as Colonel Jones contends, he was surprised that the health of the citizens is as good as it is. Dr. Ross went further and said if he had the opportunity of accompanying Colonel Jones on an inspection tour of the yards of the city, he was sure the officer would change his mind as to their unsanitary state, as a whole.
